Explore with children and for yourself why we celebrate the Eucharist. Breaking bread with others is central to our faith. This book is an invitation to learn and wonder about why we worship and celebrate the Holy Eucharist. Although grounded in the Episcopal liturgical tradition, it is an accessible and inviting introduction to worship for children and families of many Christian traditions. While learning what occurs during worship and the Holy Eucharist, readers of all ages will be guided through the sacramental and communal aspects of the celebration and how in the breaking of bread we are called into the world. The beautiful full-color illustrations reflect the diversity of God's people, and a dedication page encourages personalization. A family section offers questions and suggests ways for all ages to engage in worship and family rituals. Reflecting some of the spirit, beauty, and vocabulary of the Episcopal liturgy, this will be a treasured volume for parents, godparents, grandparents, and other important adults in the life of a child who is wondering about worship.

Knowledge of the cosmic significance of Christ and his mission, once experienced intuitively, has faded over the centuries. As theologians and historians of the Church critically scrutinized the Gospel records, their focus shifted from a gnostic vision of Christ to the human figure of 'the simple man', Jesus of Nazareth. In these enlightening lectures, Rudolf Steiner shows how 'the Mystery of Golgotha' (his term for the Crucifixion and Resurrection of Christ) can be understood as the pivotal event in human history, and the Gospels as 'initiation documents' that can serve to guide us on a path of spiritual development. He contrasts elements of the religious thinking of Jesuitism with Rosicrucianism – particularly in relation to the effect on human

will – and discusses the characteristics of the two Jesus children in the contrasting accounts by Luke and Matthew. Steiner demonstrates how the great religious traditions of Zarathustra and Buddha helped prepare the way for the events of Palestine. In the process he clarifies controversial topics in Christian theology, such as the resurrection of the physical body of Jesus Christ. The emphasis throughout these lectures is on rediscovering the esoteric path to Christ and awakening to a new revelation manifesting in our time: Christ as the 'Lord of Karma'. This edition features a revised translation and is complemented with editorial notes and appendices by Frederick Amrine and an introduction by Robert McDermott. Eleven lectures, Karlsruhe, Oct. 1911, GA 133
