For millennia, tattoos have documented the history of humanity one painful mark at a time. They form a visual language on the skin, expressing an individual's desires and fears as well as cultural values, family ties, and spiritual beliefs on the surfaces of the body. The Indigenous peoples of Asia have created some of the world's oldest and most distinctive tattoos, but their many contributions to body art and practice have been largely overlooked. *Tattoo Traditions of Asia* is the first single volume dedicated to the anthropological study of an ancient cultural practice and artform that spans many countries and societies, ancestral lands, and contemporary communities across the continent and its islands. This richly illustrated survey combines the author's twenty years of fieldwork, interviewing hundreds of Indigenous tattoo bearers and contemporary tattoo practitioners, with painstaking research conducted in obscure archives throughout the region and elsewhere to break new ground on one of the least-understood mediums of Indigenous Asian expressive culture—a vital tradition to be celebrated, an inspirational story told in skin and ink.

Examining representations of the tattoo and tattooing in literature, television, and film from two periods of tattoo renaissance (1851-1914, and 1955 to present), this study makes an original contribution to understandings of crime and detective genre and the ways in which tattoos act as a mimetic device that marks and remarks these narratives in complex ways.

Winner of the Edna Staebler Award for Creative Non-Fiction Finalist for the Hilary Weston Writers' Trust Prize for Nonfiction *Red Star Tattoo* is Sonja Larsen's unforgettable memoir of a young life spent on the move, from hardscrabble Milwaukee to dreamy Hawaii, from turbulent Montreal to free-spirited California. At the age of 16, Sonja joins a cult-like communist organization in Brooklyn--unaware of the dark nature of what awaits her. A small, skinny 8-year-old girl holding a teddy bear stands by the side of a country road with a young man she barely knows. They're hitchhiking from a commune in Quebec to one in California. It is 1973 and somehow the girl's parents think this is a good idea. Sonja Larsen's is a childhood in which family members come and go and where freedom is both a gift and a burden. Her mother, thrown out of home as a pregnant teenager by her evangelical preacher father, is drawn to the utopian ideals and radical politics of communism. Her

aunt Suzie is gripped by schizophrenia, her behaviour so erratic she eventually loses custody of her daughter. And then there is her cousin Dana, shunted back and forth long-distance between her parents--Dana, whose own need to escape leads to tragedy. Looking for a sense of family, searching to belong, to have your life mean something--this is what all these girls and young women share. As a teenager, Larsen moves to Brooklyn, embedding herself with an organization known publicly as the National Labor Federation and privately as the Communist Party USA Provisional Wing. Over her three years at the organization's national headquarters, Larsen works sixteen-hour day, eager to prove herself. Noticed and encouraged by the Old Man, the organization's charismatic leader, he makes her one of his "special girls," as well as the youngest member of the organization's militia and part of its inner circle. But even as she and her comrades count down the days on the calendar until the dawning of their new American revolution, Larsen's doubts about the cause and the Old Man become increasingly difficult to ignore. *Red Star Tattoo* explores the seductions and dangers of extremism, and asks what it takes to survive a childhood scarred by loss, abuse and the sometimes violent struggle for belonging.

"In this provocative work full of intriguing female characters from tattoo history, Margot Mifflin makes a persuasive case for the tattooed woman as an emblem of female self-expression." —Susan Faludi *Bodies of Subversion* is the first history of women's tattoo art, providing a fascinating excursion to a subculture that dates back into the nineteenth-century and includes many never-before-seen photos of tattooed women from the last century. Author Margot Mifflin notes that women's interest in tattoos surged in the suffragist 20s and the feminist 70s. She chronicles: * Breast cancer survivors of the 90s who tattoo their mastectomy scars as an alternative to reconstructive surgery or prosthetics. * The parallel rise of tattooing and cosmetic surgery during the 80s when women tattooists became soul doctors to a nation afflicted with body anxieties. * Maud Wagner, the first known woman tattooist, who in 1904 traded a date with her tattooist husband-to-be for an apprenticeship. * Victorian society women who wore tattoos as custom couture, including Winston Churchill's mother, who wore a serpent on her wrist. * Nineteenth-century sideshow attractions who created fantastic abduction tales in which they claimed to have been forcibly tattooed. "In *Bodies of Subversion*, Margot Mifflin insightfully chronicles the saga of skin as signage. Through compelling anecdotes and cleverly astute analysis, she shows and tells us new histories about women, tattoos, public pictures, and private parts. It's an indelible account of an indelible piece of cultural history." —Barbara Kruger, artist

The Nineties Harper Design

"This book is as seductive as the phenomenon that it explores. With courage, love, and joy, Frueh crosses into unexplored terrains of beauty and pleasure, where she finds a grotesquely captivating creature: *Monster/Beauty*. By illuminating her journey with thoughtful insight and engaging prose, she encourages readers to join her in her quest to articulate fresh ways of thinking about the aesthetic and the erotic and of theorizing the flux of lived experience." —John Alan Farmer, senior editor of *Art Journal* "*Monster/Beauty* is a daringly provocative experiment in personal and erotic writing and an important book for anyone interested in breaking normative codes of beauty, pedagogy, and authorial methodology. In a richly self-revealing text, Frueh proposes nothing less than a Rabellaisian re-ordering of aesthetic embodiments within social relations." —Mira Schor, author of *Wet: On Painting, Feminism, and Art Culture* "Giving new meaning to "embodied writing," this book goes farther than any other toward getting the body into the text. Joanna Frueh is a performance artist first—she is also an art historian, a singer, a poet, a bodybuilder, a professor, an academic celebrity of modest fame, but her performances collapse these distinctions. Frueh's intensely personal, intensely physical prose brings an aura of presence to the book that rivals the effect she achieves on stage." —Robyn Warhol, co-editor of *Feminisms* "This book is monstrous—full of gorgeous hypermuscular women, step-mothers, and vampires; full of ravishing muscular sex, classroom erotics, splendid aging. It is a performance in which Frueh explores and celebrates her body, its powers and beauties, and those of her friends and lovers." —Alphonso Lingis, author of *Excesses, Abuses, and Dangerous Emotions* "A welcome voice in contemporary feminist theory, Frueh's *Monster/Beauty* reminds us of the pleasures of thinking, teaching and creating in wholly embodied, sensual and passionate acts. Frueh poetically enacts the self as an aesthetic/erotic project, affirming the many different and beautiful selves we can become. It is a joy to read." —Marsha Meskimmon, author of *We Weren't Modern Enough: Women Artists and the Limits of German Modernism* "Joanna Frueh is a hero. I sleep better knowing she's out there writing and thinking." —Michael Cunningham, author of *The Hours*

High Voltage Tattoo is a graphic perspective on today's global tattoo culture by Kat Von D, star of *The Learning Channel's* *L.A. Ink* and one of the most talented and popular artists working today. Designed in a style that is reminiscent of a handmade Gothic journal with its red padded cover, ornate typography, and parchmentlike pages, it throws the door wide open to tattooing culture in the way only an insider like Kat can. *High Voltage Tattoo* traces Kat's career as an artist, from early childhood influences to recent work, along with examples of what inspires her, information about the show and her shop, her sketches, and personal tattoos. The book goes deep into tattoo process and culture: readers can see up close the pigments, the tools, and the making of complex, even collaborative, tattoos. With a foreword by Mötley Crüe's Nikki Sixx, the book features images and stories about celebrities, rockers, pro skaters, and everyday citizens, including Slayer's Kerry King, Anthrax's Scott Ian, Margaret Cho, Jackass' Bam Margera, David Letterman, and many others. It profiles and showcases the work of artists Kat has selected from all over the world, her interviews with people who have compelling tattoos and stories, and amazing images of extraordinary tattoo work. Numerous portfolios throughout the book showcase a range of relevant subjects, from the black and gray portrait work for which Kat is famous to a popular tattoo theme, such as the rose or biblical images. There is a knockout ten-page full-body spread of Kat—clad in a yellow bikini and seven-inch, rhinestone-studded red stilettos—that catalogs in detail all her personal tattoos on her front, back, left, and right sides—even her hands and head.

This anthology examines the multiple facets of daughterhood in South Asian American families. The voices in this volume reveal how a Good Girl is trained to seamlessly blend professional success with the maintenance and reproduction of her family's cultural heritage. Her gratitude for her immigrant parents' sacrifices creates intense pressure to perform and embody the role of the "perfect daughter." Yet, the demand for such perfection can stifle desire, curb curiosity, and make it fraught for a Good Girl to construct her own identity in the face of stern parental opinion. Of course, this is not always the case. Certain stories in this collection uncover relationships between parents and daughters that are open and supportive while also being exacting. Many of the essays, however, dig into difficult truths about what it is to be a young woman in a world of overbearing cultural expectation. *Good Girls Marry Doctors* is filled with honest stories, difficult and joyous, heartbreaking and hilarious, from a diverse array of powerful women. These narratives combine to expose struggles that are too often hidden from the public eye, while reminding those going through similar experiences that they are heard, and they are not alone—Publisher's description.

Convict Tattoos Random House

At least thirty-seven per cent of male convicts and fifteen per cent of female convicts were tattooed by the time they arrived in the penal colonies, making Australians quite possibly the world's most heavily tattooed English-speaking people of the nineteenth century. Each convict's details, including their tattoos, were recorded when they disembarked, providing an extensive physical account of Australia's convict men and women. Simon Barnard has meticulously combed through those records to reveal a rich pictorial history. *Convict Tattoos* explores various aspects of tattooing—from the symbolism of tattoo motifs to inking methods, from their use as means of identification and control to expressions of individualism and defiance—providing a fascinating glimpse of the lives of the people behind the records. Simon Barnard was born and grew up in Launceston. He spent a lot of time in the bush as a boy, which led to an interest in Tasmanian history. He is a writer, illustrator and collector of colonial artifacts. He now lives in Melbourne. He won the Eve Pownall Award for Information Books in the 2015 Children's Book Council of Australia's Book of the Year awards for his first book, *A-Z of Convicts in Van Diemen's Land*. *Convict Tattoos* is his second book. "The early years of penal settlement have been recounted many times, yet *Convict Tattoos* genuinely breaks new ground by examining a common if neglected feature of convict culture found among both male and female prisoners." Australian "This niche subject has proved fertile ground for Barnard—who is ink-free—by providing a glimpse into the lives of the people behind the historical records, revealing something of their thoughts, feelings and experiences." Mercury "The best thing to happen in Australian tattoo history since Cook landed. A must-have for any tattoo historian." Brett Stewart, Australian Tattoo Museum

This book explores the narratives of girlhood in contemporary YA vampire fiction, bringing into the spotlight the genre's radical, ambivalent, and contradictory visions of young femininity. Agnieszka Stasiewicz-Bieñkowska considers less-explored popular vampire series for girls, particularly those by P.C. and Kristin Cast and Richelle Mead, tracing the ways in which they engage in larger cultural conversations on girlhood in the Western world. Mapping the interactions between girl and vampire corporealities, delving into the unconventional tales of vampire romance and girl sexual expressions, examining the narratives of women and violence, and venturing into the uncanny vampire classroom to unmask its critique of present-day schooling, the volume offers a new perspective on the vampire genre and an engaging insight into the complexities of growing up a girl.

#1 New York Times Bestseller "Amy Schumer's book will make you love her even more. Now, Amy Schumer has written a refreshingly candid and uproariously funny collection of (extremely) personal and observational essays. In *The Girl with the Lower Back Tattoo*, Amy mines her past for stories about her teenage years, her family, relationships, and sex and shares the experiences that have shaped who she is—a woman with the courage to bare her soul to stand up for what she believes in, all while making us laugh. Ranging from the raucous to the romantic, the heartfelt to the harrowing, this highly entertaining and universally appealing collection is the literary equivalent of a night out with your best friend—an unforgettable and fun adventure that you wish could last forever. Whether she's experiencing lust-at-first-sight while in the airport security line, sharing her own views on love and marriage, admitting to being an introvert, or discovering her cross-fit instructor's secret bad habit, Amy Schumer proves to be a bighearted, brave, and thoughtful storyteller that will leave you nodding your head in recognition, laughing out loud, and sobbing uncontrollably—but only because it's over.

The Girl with the Lower Back Tattoo Chronicle Books

An instant New York Times bestseller! From the bestselling author of *But What if We're Wrong*, a wise and funny reckoning with the decade that gave us slacker/grunge irony about the sin of trying too hard, during the greatest shift in human consciousness of any decade in American history. It was long ago, but not as long as it seems: The Berlin Wall fell and the Twin Towers collapsed. In between, one presidential election was allegedly decided by Ross Perot while another was plausibly decided by Ralph Nader. In the beginning, almost every name and address was listed in a phone book, and everyone answered their landlines because you didn't know who it was. By the end, exposing someone's address was an act of emotional violence, and nobody picked up their new cell phone if they didn't know who it was. The 90s brought about a revolution in the human condition we're still groping to understand. Happily, Chuck Klosterman is more than up to the job. Beyond epiphenomena like "Cop Killer" and Titanic and Zima, there were wholesale shifts in how society was

perceived: the rise of the internet, pre-9/11 politics, and the paradoxical belief that nothing was more humiliating than trying too hard. Pop culture accelerated without the aid of a machine that remembered everything, generating an odd comfort in never being certain about anything. On a 90's Thursday night, more people watched any random episode of *Seinfeld* than the finale of *Game of Thrones*. But nobody thought that was important; if you missed it, you simply missed it. It was the last era that held to the idea of a true, hegemonic mainstream before it all began to fracture, whether you found a home in it or defined yourself against it. In *The Nineties*, Chuck Klosterman makes a home in all of it: the film, the music, the sports, the TV, the politics, the changes regarding race and class and sexuality, the yin/yang of Oprah and Alan Greenspan. In perhaps no other book ever written would a sentence like, "The video for 'Smells Like Teen Spirit' was not more consequential than the reunification of Germany" make complete sense. Chuck Klosterman has written a multi-dimensional masterpiece, a work of synthesis so smart and delightful that future historians might well refer to this entire period as Klostermanian.
