Interrupting Chicken and the Elephant of Surprise Scholastic Paperbacks

Surprise! The little red chicken is back — and as endearingly silly as ever — in David Ezra Stein’s follow-up to the Caldecott Honor-winning *Interrupting Chicken*. It’s homework time for the little red chicken, who has just learned about something every good story should have: an elephant of surprise. Or could it be an element of surprise (as her amused papa explains)? As they dive in to story after story, looking for the part that makes a reader say “Whoa! I didn’t know that was going to happen,” Papa is sure he can convince Chicken he’s right. After all, there are definitely no elephants in “The Ugly Duckling,” “Rapunzel,” or “The Little Mermaid” — or are there? Elephant or element, something unexpected awaits Papa in every story, but a surprise may be in store for the little red chicken as well. Full of the same boisterous charm that made *Interrupting Chicken* so beloved by readers, this gleeful follow-up is sure to delight fans of stories, surprises, and elephants alike.

The Creepy Case Files of Margo Maloo Penguin

The hilarious, genre-bending novel from bestselling author Adam Rex that inspired the blockbuster feature film Home -- fully illustrated with "photos," drawings, newspaper clippings, and comics sequences. When twelve-year-old Gratuity ("Tip") Tucci is assigned to write five pages on "The True Meaning of Smekday" for the National Time Capsule contest, she's not sure where to begin; when her mom started telling everyone about the messages aliens were sending through a mole on the back of her neck? Maybe on Christmas Eve, when huge bizarre spaceships descended on Earth and the aliens -- called Boov -- abducted her mother? Or when the Boov declared Earth a colony, renamed it "Smekland" (in honor of glorious Captain Smek), and forced all Americans to relocate to Florida via rocketpod? In any case, Gratuity's story is much, much bigger than the assignment. It involves her unlikely friendship with a renegade Boov mechanic named J.Lo; a futile journey south to find Gratuity's mother at the Happy Mouse Kingdom; a cross-country road trip in a hovercar called Slushious; and an outrageous plan to save the Earth from yet another alien invasion.

In 1977, Claire Lake, Oregon, was shaken by the Lady Killer Murders: Two men, seemingly randomly, were murdered with the same gun, with strange notes left behind. Beth Greer was the perfect suspect—a rich, eccentric twenty-three-year-old woman, seen fleeing one of the crimes. But she was acquitted, and she retreated to the isolation of her mansion. Oregon, 2017. Shea Collins is a receptionist, but by night, she runs a true crime website, the Book of Cold Cases—a passion fueled by the attempted abduction she escaped as a child. When she meets Beth by chance, Shea asks her for an interview. To Shea's surprise, Beth says yes. They meet regularly at Beth's mansion, though Shea is never comfortable there. Items move when she's not looking, and she could swear she's seen a girl outside the window. The allure of learning the truth about the case from the smart, charming Beth is too much to resist, but even as they grow closer, Shea senses something isn't right. Is she making friends with a manipulative murderer, or are there other dangers lurking in the darkness of the Greer house?

But when the lights go out, suddenly his new big rabbit underwear glows in the dark. A ghoulish, greenish glow. If Jasper didn't know any better he'd say his undies were a little, well, creepy. Jasper's not scared obviously, he's just done with creepy underwear. But after trying everything to get rid of them, they keep coming back!

The True Meaning of Smekday Simon and Schuster

In September of 2004, Dr. Charles Marsh arrived at the Kriegmoor Psychiatric Institute in Bayfield, Wisconsin, anxious to take on his new duties, eager to distance himself from the scandal that had forced him to resign his previous post. Among the patients assigned to Marsh at this time was a young woman named Kari Hansen, a college student who had suffered a nervous collapse during a school-sponsored anthropology dig a year previously. Subsequently, Ms. Hansen began experiencing what hospital records referred to as "a series of vivid hallucinations;" her own words described visions of an "alien" intelligence, a heretofore unknown kind of life form which appeared to her as shadows, often of indeterminate shape, occasionally taking on the form of man. Dr. Marsh came to believe these shadows were real. Shadows in the Asylum collects, for the first time anywhere, Ms. Hansen's patient records, as well as records belonging to a number of Dr. Marsh's other patients and the related historical evidence that led the doctor to his astonishing conclusions to present a bizarre story of insanity that blurs the line between fact and fiction.
