Death in Mud Lick Beyond The Page
Five twists on classic fairy tales from five mesmerizing authors—including "Taken in Death," a Lieutenant Eve Dallas story from #1 New York Times bestselling author J. D. Robb. Once upon a time, in a world far removed from the days when fairy tales were new, five bestselling authors spin versions that take the classic stories into a new dimension. You'll recognize Hansel and Gretel, Cinderella, Sleeping Beauty, and other enduring characters, but they'll exist in realms beyond your imagination, where the familiar is transformed into the extraordinary and otherworldly. Find happily ever after with... MIRROR, MIRROR

Rapture in Death National Geographic Books

Lieutenant Eve Dallas must immerse herself in her billionaire husband Roarke's world of big business to uncover the identity of a hit man in this thriller in the #1 New York Times bestselling In Death series. On Manhattan's East Side a woman lies dead at the bottom of the stairs, stripped of all her valuables. Most cops might call it a mugging gone wrong, but Lieutenant Eve Dallas knows better. A well-off accountant and a beloved wife and mother, Marta Dickenson doesn't seem the type to be on anyone's hit list. But when Eve and her partner, Peabody, find blood inside the building, the lieutenant knows Marta's murder was the work of a killer who's trained, but not professional or smart enough to remove all the evidence. But when someone steals the files out of Marta's office and the killer's violent streak begins to escalate, Eve knows she has to draw him out, even if it means using herself as bait...

Delusion in Death Macmillan

NYPSD lieutenant Eve Dallas must contend with an admirer who proves his devotion by killing repeatedly.

J.D Robb IN DEATH COLLECTION books 30-32 St. Martin's Press

An exclusive J.D. Robb short story. Lieutenant Eve Dallas doesn't believe in ghosts. But everyone else is spooked by the supposedly haunted abandoned nightclub where a very recent corpse has just shown up - alongside the bones of the famous missing singer, Bobbie Bray. As grandson of the original owner, Radcliff C. Hopkins was planning to reopen the nightclub and cash in on its notoriety. But his grandfather is rumoured to be the one who killed Bobbie. Did Bobbie's ghost finally get her revenge, or is there a more earthly explanation? Set between Memory in Death and Born in Death.

The Pine Barrens Stratagem Penguin

The New York Times bestselling coauthor of *Sex at Dawn* explores the ways in which "progress" has perverted the way we live—how we eat, learn, feel, mate, parent, communicate, work, and die—in this "engaging, extensively documented, well-organized, and thought-provoking" (Booklist) book. Most of us have instinctive evidence the world is ending—balmy December days, face-to-face conversation replaced with heads-to-screens zomboidism, a world at constant war, a political system in disarray. We hear some myths and lies so frequently that they feel like truths: Civilization is humankind's greatest accomplishment. Progress is undeniable. Count your blessings. You're lucky to be alive here and now. Well, maybe we are and maybe we aren't. Civilized to Death counters the idea that progress is inherently good, arguing that the "progress" defining our age is analogous

to an advancing disease. Prehistoric life, of course, was not without serious dangers and disadvantages. Many babies died in infancy. A broken bone, infected wound, snakebite, or difficult pregnancy could be life-threatening. But ultimately, Christopher Ryan questions, were these pre-civilized dangers more murderous than modern scourges, such as car accidents, cancers, cardiovascular disease, and a technologically prolonged dying process? *Civilized to Death* “will make you see our so-called progress in a whole new light” (Book Riot) and adds to the timely conversation that “the way we have been living is no longer sustainable, at least as long as we want to the earth to outlive us” (Psychology Today). Ryan makes the claim that we should start looking backwards to find our way into a better future.

Concealed in Death Hachette UK
 A New York Times Critics’ Top Ten Book of the Year * 2021 Edgar Award Winner Best Fact Crime * A Lit Hub Best Book of The Year From a Pulitzer Prize-winning investigative reporter at the Charleston Gazette-Mail, a “powerful,” (The New York Times) urgent, and heartbreaking account of the corporate greed that pumped millions of pain pills into small Appalachian towns, decimating communities. In a pharmacy in Kermit, West Virginia, 12 million opioid pain pills were distributed in just three years to a town with a population of 382 people. One woman, after losing her brother to overdose, was desperate for justice. Debbie Preece’s fight for accountability for her brother’s death took her well beyond the Sav-Rite Pharmacy in coal country, ultimately leading to three of the biggest drug wholesalers in the country. She was joined by a crusading lawyer and by local journalist, Eric Eyre, who uncovered a massive opioid pill-

dumping scandal that shook the foundation of America’s largest drug companies—and won him a Pulitzer Prize. Part Erin Brockovich, part Spotlight, *Death in Mud Lick* details the clandestine meetings with whistleblowers; a court fight to unseal filings that the drug distributors tried to keep hidden, a push to secure the DEA pill-shipment data, and the fallout after Eyre’s local paper, the Gazette-Mail, the smallest newspaper ever to win a Pulitzer Prize for investigative reporting, broke the story. Eyre follows the opioid shipments into individual counties, pharmacies, and homes in West Virginia and explains how thousands of Appalachians got hooked on prescription drugs—resulting in the highest overdose rates in the country. But despite the tragedy, there is also hope as citizens banded together to create positive change—and won. “A product of one reporter’s sustained outrage [and] a searing spotlight on the scope and human cost of corruption and negligence” (The Washington Post) Eric Eyre’s intimate portrayal of a national public health crisis illuminates the shocking pattern of corporate greed and its repercussions for the citizens of West Virginia—and the nation—to this day.

A Calculated Whisk Hachette UK
 Lieutenant Eve Dallas returns in a fast-paced new novel from #1 New York Times bestselling author J. D. Robb. Nature versus nurture... The shots came quickly, silently, and with deadly accuracy. Within seconds, three people were dead at Central Park’s ice-skating rink. The victims: a talented young skater, a doctor, and a teacher. As random as random can be. Eve Dallas has seen a lot of killers during her time with the NYPSP but never one like this. A review of the security videos reveals that

the victims were killed with a tactical laser rifle fired by a sniper, who could have been miles away when the trigger was pulled. And though the list of locations where the shooter could have set up seems endless, the number of people with that particular skill set is finite: police, military, professional killer. Eve's husband, Roarke, has unlimited resources--and genius--at his disposal. And when his computer program leads Eve to the location of the sniper, she learns a shocking fact: There were two--one older, one younger. Someone is being trained by an expert in the science of killing, and they have an agenda. Central Park was just a warm-up. And as another sniper attack shakes the city to its core, Eve realizes that though we're all shaped by the people around us, there are those who are just born evil...

Calculated Loss Penguin

Lieutenant Eve Dallas returns in *Dark in Death*, by J.D. Robb, the #1 New York Times bestselling master of suspense, and takes on a case of death imitating art... It was a stab in the dark. On a chilly February night, during a screening of *Psycho* in midtown, someone sunk an ice pick into the back of Chanel Rylan's neck, then disappeared quietly into the crowds of drunks and tourists in Times Square. To Chanel's best friend, who had just slipped out of the theater for a moment to take a call, it felt as unreal as the ancient black-and-white movie up on the screen. But Chanel's blood ran red, and her death was anything but fictional. Then, as Eve Dallas puzzles over a homicide that seems carefully planned and yet oddly personal, she receives a tip from an unexpected source: an author of police thrillers who recognizes the crime—from the pages of her own book. Dallas doesn't think it's coincidence, since a recent strangulation

of a sex worker resembles a scene from her writing as well. Cops look for patterns of behavior: similar weapons, similar MOs. But this killer seems to find inspiration in someone else's imagination, and if the theory holds, this may be only the second of a long-running series. The good news is that Eve and her billionaire husband Roarke have an excuse to curl up in front of the fireplace with their cat, Galahad, reading mystery stories for research. The bad news is that time is running out before the next victim plays an unwitting role in a murderer's deranged private drama—and only Eve can put a stop to a creative impulse gone horribly, destructively wrong. From the author of *Echoes in Death*, this is the latest of the edgy, phenomenally popular police procedurals that *Publishers Weekly* calls “inventive, entertaining, and clever.”

Thankless in Death Penguin

Lieutenant Eve Dallas delves into the world of virtual reality gaming to stop a sadistic killer in this *In Death* novel from #1 New York Times bestselling author J. D. Robb. They died with smiles on their faces. Three apparent suicides: a brilliant engineer, an infamous lawyer, and a controversial politician. Three strangers with nothing in common—and no obvious reasons for killing themselves. Police lieutenant Eve Dallas finds the deaths suspicious. And her instincts pay off when autopsies reveal small burns on the brains of the victims. Was it a genetic abnormality or a high-tech method of murder? Eve's investigation turns to the provocative world of virtual reality games—where the same techniques used to create joy and desire can also prompt the mind to become the weapon of its own destruction...

Elantris Penguin

In the third novel in the #1 New York Times bestselling In Death series, Lieutenant Eve Dallas uncovers a world where technology can create beauty and youth, but passion and greed can destroy them... She was one of the most sought after women in the world. A top model who would stop at nothing to get what she wanted—even another woman's man. And now she was dead, the victim of a brutal murder. Police Lieutenant Eve Dallas put her life on the line to take the case when suspicion fell on her best friend, the other woman in the fatal love triangle. Beneath the façade of glamour, Eve found that the world of high fashion thrived on an all-consuming obsession for youth and fame. One that led from the runway to the dark underworld of New York City where drugs could be found to fulfill any desire—for a price...

Creation in Death Berkley

Retired soldier Damiskos and his lover Varazda have been living together in Boukos for a month, and their future is beginning to look bright. Then Damiskos receives a letter summoning him home to PHEME—where his parents are deeply in debt, his brother is being hunted by loan sharks, and an unwanted arranged marriage looms. And that's before Damiskos is charged with murder. Fortunately, he's not alone. Old friends are back in PHEME. And Varazda—eunuch, sword-dancer, and spy—has solved mysteries before. But saving his lover from execution and from marriage will take time, and with only days until Dami's trial, time is running out. *Strong Wine* is the third book in the *Sword Dance* trilogy, the conclusion of Dami and Varazda's story from *Sword Dance* and *Saffron Alley*. This time with fake fortunetellers, real courtroom drama, and ... fertilizer?

Seduction in Death Penguin

An exclusive J.D. Robb short story. Apprentice in Death Penguin

The incomparable J. D. Robb presents the latest moving and suspenseful novel in the #1 New York Times–bestselling Eve Dallas series. In a decrepit, long-empty New York building, Lieutenant Eve Dallas's husband begins the demolition process by swinging a sledgehammer into a wall. When the dust clears, there are two skeletons wrapped in plastic behind it. He summons his wife immediately—and by the time she's done with the crime scene, there are twelve murders to be solved. The place once housed a makeshift shelter for troubled teenagers, back in the mid-2040s, and Eve tracks down the people who ran it. Between their recollections and the work of the force's new forensic anthropologist, Eve begins to put names and faces to the remains. They are all young girls. A tattooed tough girl who dealt in illegal drugs. The runaway daughter of a pair of well-to-do doctors. They all had their stories. And they all lost their chance for a better life. Then Eve discovers a connection between the victims and someone she knows. And she grows even more determined to reveal the secrets of the place that was called The

Sanctuary—and the evil concealed in one human heart.
