### Vocal Warm-ups Scarecrow Press

Basics of Vocal Pedagogy is a comprehensive introductory text for vocal pedagogy classes at the college and university level. Though written primarily for prospective teachers of singing, vocal music educators, choir directors, voice coaches and intermediate to advanced level singers will also find the text useful as a textbook, training manual, and general reference book.

### Foundations in Singing Alfred Music

What choral conductor or soloist has not looked around for new ideas for warming up the voice? Here are 200 suggestions all at once! And these creative exercises do more than just warm up the voice: they help to relax the body, train the ear and develop an awareness of dynamics and rhythm. "Klaus Heizmann's collection is a wonderful new resource of ideas and techniques: practical, varied, challenging, relaxing and stimulating. I am always looking for new ideas, as I like to use a different set of warm-ups at every rehearsal with my choirs, and I tend to choose specific exercises to suit the repertoire for the day. This collection gives us 200 excellent "tools-of-the-trade"; they are clearly labeled, intelligently set out, well-designed and extremely useful." (Simon Carrington, Director of Choral Activities, New England Conservatory since 2001; Director of Choral Activities, The University of Kansas 1994-2001; Founder and co-director of the King's Singers 1968-1993)

### Foundations in Music Psychology MIT Press

Voice and Speech for Musical Theatre is the first book to combine traditional actor vocal training with musical theatre training, offering support and guidance for performers seeking to train their spoken voice specifically for singing and performing in musical theatre. Performers in musical theatre are working harder than ever. The shifting and extreme nature of the modern musical theatre repertoire requires performers capable of mastering musicianship, singing and dancing while at the same time providing convincing and clear performances as actors. Voice and Speech for Musical Theatre will help train musical theatre performers in the longer modes of voice needed to create convincing and moving performances. Ideal for the triple-threat performer, Voice and Speech for Musical Theatre features exercises for performers, tips for teachers and online video resources, allowing for a focused and outcome-oriented training of vocal techniques for musical theatre performers.

### Foundations in Singing WCB/McGraw-Hill

A complete how-to guide for "non-singers" or beginning singers

who wish they could sing, or fearful singers who long to bring singing back into their lives. Includes Audio Tracks and Videos on Companion Website! Singing is a skill that can be learned, just like any other skill. However, because singing is so primal and meaningful to us as human beings, when we are discouraged, we are discouraged to the core. Our confidence and self-esteem are affected. Most would-be singers stop singing completely, no questions asked. But many who "can't sing," on some level wish they could.... Singing is your birthright. It's never too late to get started! With the Fear of Singing Breakthrough Program You'll: Discover the power of the body-voice connection Learn simple ways to use your breath to support your voice Harness a variety of singing techniques that work with your learning style Demystify basic music theory for singing Start learning how to sing in tune and understand rhythm Learn how to blend in so you can sing with friends and in groups You'll Find: Powerful fear-busting exercises Ice-breakers to get you singing right away Exercises for learning to listen better and match pitch Step-by-step lessons on how to approach any song Real-world suggestions for starting to sing with other people Inspirational ideas about art, courage and self-expression Even if your goals are modest (you're not planning to perform on Broadway or become a professional), feeling comfortable about singing the Happy Birthday Song, or singing around the campfire or at church can make all the difference in the world. In this fun, supportive program you will be guided through techniques to get past your fear, and be taught the foundations of learning how to sing. Tap into the transformative power of singing to experience more confidence, self-expression and joy. Don't let the outdated idea that you are a "non-singer" stop you from joining in one of the healthiest, most expressive and rewarding activities life has to offer. Visit [www.FearOfSinging.com](http://www.FearOfSinging.com) What People Are Saying... "For those just beginning to step bravely into the world of singing this book provides a clear, comprehensive and supportive guide toward getting over internal doubt and fear and making the journey into the transformative possibilities of the human voice." - Mary Knysh, Founder of Rhythmic Connections Teacher/Trainer for Music for People "With kindness, playfulness, and heart, Nancy will help you explore your voice and reclaim the joy and courage we all had singing as children." - Shendl Diamond, LikeMinds Press "Salwen's writing is from the heart, and her knowledge is experiential; her range of teaching and singing experience shines through in this approachable and interactive book. Those who love to read a book from cover to cover will find lots of useful information, and those who prefer to jump right in and try things will find handy lists, exercises and tips. Salwen breaks down the skills of singing and helps readers recognize the skills they already have." - Dr. Irene M. Feher, D.Mus. Professor of Voice,

### Concordia University

#### Applied Music Fundamentals Oxford University Press, USA

A sequential sight-singing curriculum for all choirs. Each of the six units (containing four lessons each) clearly introduces new music reading concepts, reinforces those concepts with several rhythm and pitch exercises, motivates students with helpful hints and challenge exercises, and concludes with fun-filled review games and "Evaluating Your Performance" questions. The helpful "Getting Ready" pages (which precede each unit) are filled with music fundamentals, and for choirs who have never read music before, an optional "Before We Begin" chapter opens the book. And it's all a neatly laid out publication and a perfect fit for your students. From whole notes to sixteenth-note patterns, seconds to sevenths, key signatures, dynamics, articulations, and tempo markings; it's all here, and it's all logically ordered to insure student success! Spend just a few minutes a day with this book and your choir, too, will learn to "Sing at First Sight!"

#### Foundations in Singing John Wiley & Sons

Voice Work: Art and Science in Changing Voices is a key work that addresses the theoretical and experiential aspects common to the practical vocal work of the three major voice practitioner professions - voice training, singing teaching, and speech and language pathology. The first half of the book describes the nature of voice work along the normal-abnormal voice continuum, reviews ways in which the mechanism and function of the voice can be explored, and introduces the reader to an original model of voice assessment, suitable for all voice practitioners. The second half describes the theory behind core aspects of voice and provides an extensive range of related practical voice work ideas. Throughout the book, there are a number of case studies drawn from the author's own experiences and a companion website, providing audio clips to illustrate aspects of the text, can be found at [www.wiley.com/go/shewell](http://www.wiley.com/go/shewell).
