According to the Second Vatican Council, "We ought to try to discover a new reverence for the Eucharistic mystery. Something is happening that is greater than anything we can do. The magnitude of what is happening is not dependent on the way we perform it, but all our efforts to perform it aright can always be at the service of the great act that precedes our own and that we cannot achieve for ourselves... The liturgy is the summit toward which the activity of the Church is directed; at the same time it is the font from which all her power flows." This profound statement about the Eucharist stands at the center of this book by Cardinal Ratzinger. In these previously unpublished texts, the Prefect of the Congregation for the Doctrine of the Faith and a scholar of international repute, leads the reader into the heart of the Christian faith and its central mystery. Cardinal Ratzinger compellingly shows us the biblical, historical, and theological dimensions of the Eucharist. The Cardinal draws far-reaching conclusions, focusing on the importance of one's personal devotion to and adoration of the Blessed Sacrament, for the personal reception of Communion by the individual Christian, as well as for the life of the Church. For Ratzinger, the drive toward any transformation of the world on the social plane also grows out of the celebration of the Eucharist. He beautifully illustrates how the omnipotent God and Creator comes intimately close to us in the Holy Eucharist, the Heart of Life. Book jacket. We are living in a cultural shift: digital communication has reshaped the way we interact with one another, form and maintain relationships, and gain knowledge and understanding. How might we go about communicating the Good News of Jesus Christ in the midst of these changes to an emerging culture shaped by digital media? This question addresses the whole church, from the baptized faithful to pastoral ministers and the institutional structures that serve the church locally and globally. In *Connected toward Communion*, Daniella Zsupan-Jerome traces the Roman Catholic Church's contemporary thought and practice of social communication,

from *Inter Mirifica* of the Second Vatican Council to the church's approach to communicating faith through social networking today. Throughout, a key question forms a common thread: how might we form pastoral ministers today for serving the church in the digital age and beyond?

**Communion** Ignatius Press  
First Holy Communion day is the most important and memorable day in the life of a Catholic child. Eucharist is the ineffable gift, and Holy Communion is the fusion between us and Jesus. Children start longing to receive Holy Communion at an early age but have to wait till they reach the age of discernment. In preparation, they attend a yearlong classes and training, either

through the Catholic School or the Sunday School Faith Formation classes. At the end of this lengthy preparation, we still ask the same question: Are we really ready? Family is the domestic church, and parents are the primary catechism teachers. Knowledge is power and education is empowerment. Being involved actively in faith formation, in Holy Communion preparation, being a teacher and director of religious education for the past several years, answering the parents and reassuring them again and again, I thought of putting it together, hence this book, *Preparing Your Child for Holy Communion: A Guide for Parents. **The Roman Catholic Daily Missal, 1962** Harper Collins

Mark Allen found no suitable published book to prepare his son for First Holy Communion. First Holy Communion in the Roman Catholic Church is something of the greatest significance equivalent to confirmation in the Church of England or Bar Mitzvah for Jewish children. A lot of

the material published is trite and worst of all tends to patronise the children for whom it is intended. To help parents and teachers answer questions about the ceremony Mark Allen offers readings and background from scripture and catechism. Children can be hard-headed tend to like stories and facts. The narrative of the Bible provides facts, events which happened, and along with them the objective truths of revelation. The Mass is our sacramental encounter

with the person of Jesus. Preparation therefore should be based on him and on the Gospel story of His life. The preparation should reflect the unity of the mass, its liturgy of the Word and the Eucharistic Rite, the mystery of Christ in our community as Church. Routine is the key aid to progress. The course provided in this book is based on a series of half hour sessions for parent and teacher with the child. It is thus both practical and down to earth.
