The National Book Award Finalist and New York Times bestseller that became a guide and balm for a country struggling to understand the election of Donald Trump "A generous but disconcerting look at the Tea Party. . . . This is a smart, respectful and compelling book." —Jason DeParle, *The New York Times* Book Review When Donald Trump won the 2016 presidential election, a bewildered nation turned to *Strangers in Their Own Land* to understand what Trump voters were thinking when they cast their ballots. Arlie Hochschild, one of the most influential sociologists of her generation, had spent the preceding five years immersed in the community around Lake Charles, Louisiana, a Tea Party

stronghold. As Jedediah Purdy put it in the *New Republic*, "Hochschild is fascinated by how people make sense of their lives. . . . [Her] attentive, detailed portraits . . . reveal a gulf between Hochschild's 'strangers in their own land' and a new elite." Already a favorite common read book in communities and on campuses across the country and called "humble and important" by David Brooks and "masterly" by Atul Gawande, Hochschild's book has been lauded by Noam Chomsky, New Orleans mayor Mitch Landrieu, and countless others. The paperback edition features a new afterword by the author reflecting on the election of Donald Trump and the other events that have unfolded both in Louisiana and around the country since the hardcover edition was published, and also includes a readers' group guide at the back of the book.

Cases, Problems, and Materials on Contracts is distinguished among other texts by its excellent organization and thorough coverage of the basic themes of contract law. The accessible, straightforward text begins with clear introduction to each section or concept. Carefully selected cases have been tightly edited for the best effect. Using an engaging problem-oriented approach, students learn contract doctrine by applying their knowledge to short, well-conceived hypotheticals. Offering a flexible organization, the book starts with "Offer and Acceptance" and moves on to "Consideration," however, the book is designed so courses can easily start with "Consideration" or "Remedies." Its flexibility allows for use in courses in which professors are required to teach sales, yet can also be adapted to avoid teaching the UCC. A manageable length accounts for the book being used in courses of 4, 5, and 6-hour length. The authors have worked closely on all chapters to deliver a seamless revision to this

popular text. Key Features of the New Edition: The seventh edition begins with a new chapter containing an expanded introduction to the study of contracts law. Every chapter now includes new introductory material. All chapters, with the exception of chapter one, end with an "Assessment" section, which consists of multiple choice questions and answers, designed to help the students review the material just learned.
