 misery to man -- The
 runaway brain -- Daddy's
 little helper -- The
 helicopter view -- Long
 live lobotomy -- Politics
 and prejudice -- A new
 dimension -- Final
 thoughts.
One Dog Happy Simon
 and Schuster
 Sexual contact between
 humans and animals,
 commonly known as
 bestiality, has long been
 condemned by the
 conventions of society.
 Despite the dread and
 loathing usually
 associated with such
 conduct, the incidence of
 bestiality, especially in
 rural communities, is not
 as rare as most people
 assume. The Horseman is
 a completely candid,
 sometimes graphic,

sexual autobiography of
 one man's struggle to
 come to terms with the
 private demon of
 bestiality. Mark Matthews
 traces his obsession with
 horses through his teen
 years, troubled marriage,
 his experiences as a
 parent, and his eventual
 divorce. The underlying
 problem and his attempt
 to deny it led him to drug
 abuse, self-loathing, and
 the brink of suicide,
 before he finally came to
 accept himself as he is
 and to leave guilt behind.
Never Trust a Tiger
 Routledge
 Now, for the first time,
 Mira Grant's complete
 New York Times
 bestselling NEWSFLESH
 trilogy is available in a
 single volume. "Alive or
 dead, the truth won't rest.
 My name is Georgia
 Mason, and I am begging
 you. Rise up while you
 can." The year was 2014.
 We had cured cancer. We
 had beat the common
 cold. But in doing so we
 created something new,
 something terrible that no
 one could stop. The
 infection spread, virus
 blocks taking over bodies
 and minds with one,
 unstoppable command:
 FEED. Now, twenty years
 after the Rising, Georgia
 and Shaun Mason are on
 the trail of the biggest
 story of their lives —the

dark conspiracy behind
 the infected. The truth will
 out, even if it kills them.
*Love, Violence, and
 Sexuality in Relationships
 Between Humans and
 Animals* Read Books Ltd
 Once upon a time in rural
 Maine, a big black bear
 found a briefcase under a
 tree. Hoping for food, he
 dragged it into the woods,
 only to find that all it held
 was the manuscript of a
 novel. He couldn't eat it,
 but he did read it, and
 decided it wasn't bad.
 Borrowing some clothes
 from a local store, and the
 name Hal Jam from the
 labels of his favorite foods
 he headed to New York to
 seek his fortune in the
 literary world. Then he
 took America by storm.
 The Bear Went Over the
 Mountain is a riotous,
 magical romp with the
 buoyant Hal Jam as he
 leaves the quiet, nurturing
 world of nature for the
 glittering, moneyed world
 of man. With a pitch-
 perfect comic voice and
 an eye for social satire to
 rival Swift or Wolfe,
 bestselling author William
 Kotzwinkle limns Hal's
 hilarious journey to New
 York, Los Angeles, and the
 great sprawling country in
 between, where a bear
 makes good despite his
 animal instincts, and
 where money-hungry
 executives see not a hairy

beast with a purloined novel, but a rough-hewn, soulful, media-perfect nature guy who just might be the next Hemingway. By turns sidesplittingly funny, stingingly ironic, and unexpectedly tender, *The Bear Went Over the Mountain* captures the zeitgeist of the 1990s dead-on, in a delicious bedtime story for grown-ups.

Sinners and Citizens

Penguin

Outrages: Sex,

Censorship, and the

Criminalization of Love

Cows City Lights Books

In 1796, as revolutionary fervor waned and the Age of Reason took hold, an eighty-five-year-old Massachusetts doctor was convicted of bestiality and sentenced to hang. Three years later and seventy miles away, an eighty-three-year-old

Connecticut farmer was convicted of the same crime and sentenced to the same punishment. Prior to these criminal

trials, neither Massachusetts nor

Connecticut had executed anyone for bestiality in over a century. Though there are no overt connections between the two episodes, the similarities of their particulars are strange and striking. Historians

Doron S. Ben-Atar and Richard D. Brown delve into the specifics to determine what larger social, political, or religious forces could have compelled New England courts to condemn two octogenarians for sexual misbehavior typically associated with much younger men. The stories of John Farrell and Gideon Washburn are less about the two old men than New England officials who, riding the rough waves of modernity, returned to the severity of their ancestors. The political upheaval of the Revolution and the new republic created new kinds of cultural experience—both exciting and frightening—at a moment when New England farmers and village elites were contesting long-standing assumptions about divine creation and the social order. Ben-Atar and Brown offer a rare and vivid perspective on anxieties about sexual and social deviance in the early republic.

Better Girls Rowman &

Littlefield Publishers

Alexa Tsoulis-Reay's

Finding Normal is an author's up close tour of people who are using the

Internet to challenge the boundaries of what's taboo and what it means to be normal. *Finding Normal* explores how people are using the internet to find community, forge connections, and create identity in ways that challenge a variety of sexual norms. Based on a highly candid interview series conducted for New York magazine's human science column—"What It's Like"—each story in *Finding Normal* intimately immerses the reader in the world of a person who is grappling with a unique set of circumstances relating to sexuality. *Finding Normal* at once celebrates the power of our evolving media landscape for helping people rewrite the script for their lives and offers a warning about the danger of that seemingly limitless freedom. Tsoulis-Reay shows the enduring power of the search for belonging—for humans and society. Like happiness of life purpose, finding normal is perhaps the definitive human struggle.

The Care and Feeding of

Griffins Barefoot Books

An examination of the difficulties in fundamentally differentiating humans

from all other animals.

Bestiality in Men and Women Vintage Books

Canada

Praise for the first edition:

"...a brave and fascinating exploration of an area that has so far been rather neglected by both historical and literary critics. The *Beast Within* provides extremely valuable information on the legal and cultural background of the human-animal relationship..." --

Studies in the Age of Chaucer This important book offers a unique exploration of the use of and attitude towards animals from the 4th to the 14th centuries. The *Beast Within* explores the varying roles of animals as property, food and sexual objects, and the complex relationship that this created with the people and world around them. Joyce E. Salisbury takes an interdisciplinary approach to the subject, weaving a historical narrative that includes economic, legal, theological, literary and artistic sources. The book shows how by the end of the Middle Ages the lines between humans and animals had blurred completely, making us recognise the beast that lay within us all. This new edition has been brought

right up to date with current scholarship, and includes a brand new chapter on animals on trial and animals as human companions, as well as expanded and updated discussions on fables and saints, and a new section on 'bestial humans'. This important and provocative book remains a key work on the historical study of animals, as well as in the field of environmental history more generally, and also provides crucial context to ongoing debates on animal rights and the environment.

University of Iowa Press
Taryn MacTavish found the egg in a pile of wet leaves on a camping trip when she was only nine years old. A nine-year old believes in a lot of things-- killer snipes, flying dragons, magical powers and fantastic worlds--but the woman that Taryn has become is firmly rooted in the real world...until the egg she has safely kept all these years hatches into a baby griffin. Now she must make a choice: Abandon Aisling and lead a normal life, or follow a mysterious singing gypsy out of Earth and into Arcadia, where wizardry is very real and each new day brings unimaginable

new dangers. The first installment of R. Lee Smith's *Lords of Arcadia* series, *THE CARE AND FEEDING OF GRIFFINS* tells a fast-paced suspenseful story that takes the reader right to the edge of the darkest thrills. Look for *Lords of Arcadia: Book II THE WIZARD IN THE WOODS*
[The Beast Within](#) Reaktion Books

In this award-winning debut collection, Molly McNett couples laugh-out-loud dialogue and wry observation reminiscent of Flannery O'Connor with disquieting strains of dashed hope, troubled sexuality, and disillusionment. The adults in these stories can seem as hapless and helpless as the younger characters. Two neglected daughters use the language of clothes to cope with their parents' divorce and their father's mail-order bride. A young girl's bizarre sexual fantasies help her gain control over the chaos of her family life. A gang of teenagers accuse a farmer of bestiality. A divorced father tries to create a pony-filled world that might appeal to his daughters. In the title story, Mr. Bob, the minister's housesitter, loses a dog but finds

someone to believe in. And in "Helping," the darkest story in this amazing collection, Ruthie's anger conquers her religious faith when she takes care of a severely disabled child. We meet McNett's endearing, often foolish characters at a point when their minds are open to manipulation by the people and events around them, and the conclusions they draw are heartbreaking: I am not allowed weakness; life treats people unequally; perhaps there is no God. Yet throughout they find quiet moments of possibility, courage, and a return to faith and comfort.

Bestiality and Zoophilia
University of Pennsylvania Press

Helena and her boyfriend are deeply in love, but he is always out of town on business. He truly cares for her and worries about her safety when he is gone for days at a time. His concern increases with the rising number of break-ins in the area as of late. In order to keep her safe, he offers her an adult guard dog, that instantly becomes part of the family. However, the dog becomes overly friendly and, to Helena's surprise, the animal isn't

only what it appears to be...

Outrages University of Chicago Press

This is a book about people who have sexual relations with animals, a behavior known as "bestiality", and people (known as "zoor") who are sexually and emotionally attracted to animals, a condition known as "zoophilia".

The Confessions of Rick James St. Martin's Press

Winner of the Governor General's Award for Fiction.

Loving Animals

Macmillan

Bestiality and Zoophilia: Sexual Relations with Animals is a special issue of *Anthrozoös*, the journal of the International Society for Anthrozoology -- a multi-disciplinary journal of the interactions of people and animals.

Four Typescript Porn Stories Houghton Mifflin Harcourt

Rick James is a pop-culture icon, unforgettable for his outrageous style, drug and legal problems who passed away in 2004 after being blessed with new cool in an infamous sketch by comedian Dave Chapelle.

Mohave Zoophilia
Feminist Press at CUNY
"Carefully considered,

successful instances of experimental fiction" disrupt gender, genre, and identity in this deranged, otherworldly collection (Literary Hub). A woman metamorphoses into a giant slug; another quite literally eats her heart out; a wasp falls in love with an orchid; and hair starts sprouting from the walls. These stories slip and slide between genres—from video games to fan fiction, body horror to choose-your-own-adventure—as characters cycle through giddy changes in gender, physiology, species, and identity. Collapsing boundaries between bodies and forms, these fictions interrogate the visceral, gross, and absurd. "This book is fucking weird," wrote Brit Mandelo in 2015. It's only gotten weirder since. *Slug and Other Stories* is a revised and expanded edition of a contemporary cult classic. Finally back in print, this collection is a testament to the messy anti-logic of queer feelings by a revelatory new voice.

The Animal-human Boundary Berg

Sex with animals is one of the last taboos but, for a practice that is generally regarded as abhorrent, it is remarkable how many

books, films, plays, paintings, and photographs depict the subject. So, what does loving animals mean? In this book the renowned historian Joanna Bourke explores the modern history of sex between

humans and animals. Bourke looks at the changing meanings of “bestiality” and “zoophilia,” assesses the psychiatric and sexual aspects, and she concludes by delineating an ethics of animal loving.

Abortion to Zoophilia

Doubleday

Twenty-five-year-old Steven faces a bleak life with a sadistic mother and a job at a slaughterhouse where he is confronted with extreme violence and death.
