Willie Nelson, Joe Ely, Marcia Ball, Tish Hinojosa, Stevie Ray Vaughan, Lyle Lovett...the list of popular songwriters from Texas just goes on and on. In this collection of thirty-four interviews with these and other songwriters, Kathleen Hudson pursues the stories behind the songs, letting the singers' own words describe where their songs come from and how the diverse, eclectic cultures, landscapes, and musical traditions of Texas inspire the creative process. Conducted in dance halls, dressing rooms, parking lots, clubs-wherever the musicians could take time to tell their stories-the interviews are refreshingly spontaneous and vivid. Hudson draws out the songwriters on such topics as the sources of their songs, the influence of other musicians on their work, the progress of their careers, and the nature of Texas music. Many common threads emerge from these stories, while the uniqueness of each songwriter becomes equally apparent. To round out the collection,

Hudson interviews Larry McMurtry and Darrell Royal for their perspectives as longtime friends and fans of Texas musicians. She also includes a brief biography and discography of each songwriter.

Jimmy Harris is back, and his life is spiralling out of control. Compelled to decide between two beautiful women, he manages to alienate them both. His career is in ruins, too, following a fracas at the car dealership where he had been in contention to become top salesman. And Jimmy's ideas about starting a dealership of his own have also hit trouble now that his best mate and business partner has got cold feet. It's just as well, then, that our hero has won millions playing the lottery. With all that money, allied to his natural charm and guile, surely he'll soon have his life back together. Or will he? Might Jimmy actually make things worse as only he can? Fault on Both Sides is the concluding episode in the Jimmy Harris story, and describes Jimmy's roller-coaster ride to put right the things he did wrong in his earlier adventure, All These Nearly Fights.

How to be a hero when you're feeling anything but super Despite all the superhero hype, the problems and pain in our world aren't going away. In fact, it often feels like the threats just keep coming. But the good news is that God has placed you here for such a time as this. And the even better news? You don't have to get rid of your anxiety, debt, speech impediment, extra weight, health issues, disability—or any other weakness—to be used by God. What this world actually needs is less-than-super people making small but significant differences in their own corners of the world. Through inspiring stories from the Bible and his own life, Dan Stanford demonstrates that with God availability is more important than ability. Losing the Cape is an invitation to start making the world a better place through your ordinary, everyday presence.

Extraordinary things happen when we least expect them. Tiny, Lu, Will and Nathaniel used to be best friends. Then life-defining events the summer before high school tore them apart. Now, three years later, they hardly talk anymore. Nathaniel has become obsessed with winning the prestigious science scholarship that his genius older brother once won. But fate weaves their lives together again the night before the SATs, during a wild thunderstorm that threatens to shut down New York City. And lightning strikes. Before they know what's hit them, the four teens embark on an epic all-night adventure to follow their dreams, fall in and out of love, reconcile the past, and overcome the fears that have been driving them since that one lost summer.
