Scottish Highlands Luath Press Ltd

In 1995 the National Trust for Scotland acquired Mar Lodge Estate in the heart of the Cairngorms. Home to over 5,000 species, this vast expanse of Caledonian woodlands, subarctic mountains, bogs, moors, roaring burns and frozen lochs could be a place where environmental conservation and Highland field sports would exist in harmony. The only problem was that due to centuries of abuse by human hands, the ancient Caledonian pinewoods were dying, and it would take radical measures to save them. After 25 years of extremely hard work, the pinewoods, bogs, moors and mountains are returning to their former glory. Regeneration is the story of this success, featuring not only the people who are protecting the land and quietly working to undo the wrongs of the past, but also the myriad creatures which inspire them to do so. In addition, it also tackles

current controversies such as raptor persecution, deer management and rewilding and asks bigger questions about the nature of conservation itself: what do we see when we look at our wild places? What should we see?

44 Scotland Street Cicerone Press Limited

The dramatic story of Scotland - by charismatic television historian, Neil Oliver. Scotland is one of the oldest countries in the world with a vivid and diverse past. Yet the stories and figures that dominate Scottish history - tales of failure, submission, thwarted ambition and tragedy - often badly serve this great nation, overshadowing the rich tapestry of her intricate past. Historian Neil Oliver presents a compelling new portrait of Scottish history, peppered with action, high drama and centuries of turbulence that have helped to shape modern Scotland. Along the way, he takes in iconic landmarks and historic architecture; debunks myths surrounding Scotland's famous sons; recalls forgotten battles; charts the growth of patriotism; and explores recent political developments, capturing Scotland's sense of identity and celebrating her place in the wider world.

Black History Walks McFarland

A follow-up to *The Scottish Bothy Bible* (50,000 copies sold) this photo travel guide this walking companion will share 28 of the best bothy experiences. Using the bothy as the reference point Geoff Allan guides the reader on a mix of day walks and multi-day adventures to his favourite bothies highlighting the incredible wildlife, geography, history and culture that you will find along your walk. Each walk contains an informative description of the route and bothy, a map highlighting the points of interest along the route and detailed route descriptions. Supported by beautiful photographs of the bothy, route and points of interest along the way.

In this book, Alistair Moffat brings vividly to life the story of this great nation, from the dawn of prehistory through to the twenty-first century. Ambitious, richly detailed and highly readable, *Scotland: A History From Earliest Times* skilfully weaves together a dazzling array of fact and anecdote from a vast range of sources. The result is an imaginative, informative, balanced and varied portrait of Scotland, seen not just through the experience of the kings, saints, warriors, aristocrats and politicians who populate the pages of conventional history books, but also through that of ordinary people who have lived Scotland's history and have played their own important part in shaping its destiny. *Ian Rankin* Birlinn

Today, Scotland's history is frequently associated with the clarion call of political nationalism. However, in the nineteenth century the influence of history on Scottish national identity was far more ambiguous. How, then, did ideas about the past shape Scottish identity in a period when union with England was all but unquestioned? The activities of the antiquary Cosmo Innes (1798-1874) help us to address this question. Innes was a prolific editor of medieval and early modern documents relating to Scotland's parliament, legal system, burghs, universities, aristocratic families and pre-Reformation church. Yet unlike scholars today, he saw that editorial role in interventionist terms. His source editions were artificial constructs that powerfully articulated his worldview and agendas: emphasising Enlightenment-inspired narratives of social progress and institutional development. At the same time they used manuscript facsimiles and images of medieval architecture to foreground a romantic concern for the texture of past lives. Innes operated within an elite associational culture which gave him access to the leading intellectuals and politicians of the day. His representations of Scottish history therefore had significant influence and were put to work as commentaries on some of the major debates which exorcised Scotland's intelligentsia across the middle decades of the century. This analysis of Innes's work with sources, set within the intellectual context of the time and against the antiquarian activities of his contemporaries, provides a window onto the ways in which the 'national past' was perceived in Scotland during the nineteenth century. This allows us to explore how historical thinkers negotiated the apparent dichotomies between Enlightenment and Romanticism, whilst at the same time enabling a re-examination of prevailing assumptions about Scotland's supposed failure to maintain a viable national consciousness in the later 1800s.

The valuable books and mss. of Sir Gregory Page Turner

Weidenfeld & Nicolson

Ian Rankin is considered by many to be Scotland's greatest living crime fiction author. Most well known for his Inspector Rebus series--which has earned critical acclaim as well as scores of fans

worldwide--Rankin is a prolific author whose other works include spy thrillers, nonfiction books and articles, short stories, novels, graphic novels, audio recordings, television/film, and plays. This companion--the first to provide a complete look at all of his writings--includes alphabetized entries on Rankin's works, characters, and themes; a biography; a chronology; maps of Rebus' Edinburgh; and an annotated bibliography. A champion of both Edinburgh and Scotland, Rankin continues to combine engaging entertainment with socio-political commentary showing Edinburgh as a microcosm of Scotland, and Scotland as a microcosm of the world. His writing investigates questions of Scottish identity, British history, masculinity, and contemporary culture while providing mystery readers with complex, suspenseful plots, realistic character development, and a unique mix of American hard-boiled and procedural styles with Scottish dialects and sensibilities.

The Later Proterozoic Torridonian Rocks of Scotland Verso Books

Taking an original look at pedestrian activity in Scotland throughout the ages, this book begins the journey with the Roman legions and early Christian missionaries and pilgrims, before moving on to the exploits of the Jacobite and Hanoverian armies.

Garnethill YouGuide Ltd

44 SCOTLAND STREET - Book 1 The residents and neighbors of 44 Scotland Street and the city of Edinburgh come to vivid life in these gently satirical, wonderfully perceptive serial novels, featuring six-year-old Bertie, a remarkably precocious boy—just ask his mother. Welcome to 44 Scotland Street, home to some of Edinburgh's most colorful characters. There's Pat, a twenty-year-old who has recently moved into a flat with Bruce, an athletic young man with a keen awareness of his own appearance. Their neighbor, Domenica, is an eccentric and insightful widow. In the flat below are Irene and her appealing son Bertie, who is the victim of his mother's desire for him to learn the saxophone and Italian—all at the tender age of five. Love triangles, a lost painting, intriguing new friends, and an encounter with a famous Scottish crime writer are just a few of the ingredients that add to this delightful and witty portrait of Edinburgh society, which was first published as a serial in *The Scotsman* newspaper.

Essays and Nature Studies Full Court Press

Denise Crown's eye opens up profound connections with the natural world around us. As W.H. Auden once said of E. M. Forster, she "trips us up like an unnoticed stone" as we stumble through the unaware routines of our lives. "Look " she says, coaxing us to see more deeply and rewardingly into the comradeship of the woods—and she does so in a manner more than merely visual: Her insight operates on a spiritual plane, hinting at richer meanings in these connections. And she offers compelling remarks from other men and women, as diverse as Vincent van Gogh and Albert Einstein, who have understood the wisdom of nature to further deepen the emotional impact of her compelling photographs—now yours to enjoy.

Includes detailed public transport information for all access points. Practical information for all budgets what to see, where to stay, where to eat : pubs, hotels, B&B, camping, bunkhouses, hostels. Plus - Glasgow city

guide : with full practical details ; Glasgow to Milngavie walking guide : walk from the city centre to the official start of the Way ; Ben Nevis guide: climb Britain's highest peak.

West Highland Way Springer

"In the *Footsteps of Sheep* details the completion of a mission the author, a Welsh-born Scot, set for herself: to travel and camp throughout Scotland, find cast off tufts of wool from 10 Scottish sheep breeds, then spin the wool on her spinning stick while walking (or waiting for ferries), and finally design and knit one pair of socks to represent each breed ... all the while writing about her adventures and taking plenty of photographs. Debbie has written beautifully about her journey; the hills, shorelines, and bogs explored; the sheep and people she met along the way; weather both foul and fair, and a particularly exciting chapter about the intriguing St. Kilda archipelago and its feral Soay and Boreray sheep. The eleven sock patterns, one at the end of each chapter, are a bonus and, for those of us unable to gather and spin our own fleece, all were test-knitted with commercial wool. The designs are knitted from top to toe with different motifs, among them color-patterns, cables, spirals, stripes, Kilt Hose with top-turnovers, and a pair of baby booties."--Provided from Amazon.com.

Catalogue of the London library. [With] Random House Shortlisted for the Edward Stanford Travel Writing Awards In *The Hidden Ways*, Alistair Moffat traverses the lost paths of Scotland. Down Roman roads tramped by armies, warpaths and pilgrim routes, drove roads and rail roads, turnpikes and sea roads, he traces the arteries through which our nation's lifeblood has flowed in a bid to understand how our history has left its mark upon our landscape. Moffat's travels along the hidden ways reveal not only the searing beauty and magic of the Scottish landscape, but open up a different sort of history, a new way of understanding our past by walking in the footsteps of our ancestors. In retracing the forgotten paths, he charts a powerful, surprising and moving history of Scotland through the unremembered lives who have moved through it.

Walking in the Scottish Borders Routledge

Offering a beguiling view of the history of walking, *Wanderers* guides us through the different ways of seeing—of being—articulated by ten pathfinding women writers. "A wild portrayal of the passion and spirit of female walkers and the deep sense of 'knowing' that they found along the path."—Raynor Winn, author of *The Salt Path* "I opened this book and instantly found that I was part of a conversation I didn't want to leave. A dazzling, inspirational history."—Helen Mort, author of *No Map Could Show Them* This is a book about ten women over the past three hundred years who have found walking essential to their sense of themselves, as people and as writers. *Wanderers* traces their footsteps, from eighteenth-century parson's daughter Elizabeth Carter—who desired nothing more than to be taken for a vagabond in the wilds of southern England—to modern walker-writers such as Nan Shepherd and Cheryl Strayed. For each, walking was integral, whether it was rambling for miles across the Highlands, like Sarah Stoddart Hazlitt, or pacing novels into being, as Virginia Woolf did around Bloomsbury. Offering a beguiling view of the history of walking, *Wanderers* guides us through the different ways of seeing—of being—articulated by these ten pathfinding women.

The West Highland Way Sandstone Press Ltd

'This is travel writing at its best.' Katherine Norbury, *Observer* An *Observer* Book of the Year His father Brian taught Rory Stewart how to walk, and walked with him on journeys from Iran to Malaysia. Now they have chosen to do their final walk together along 'the Marches' - the frontier that divides their two countries, Scotland and England. Brian, a ninety-year-old former colonial

official and intelligence officer, arrives in Newcastle from Scotland dressed in tartan and carrying a draft of his new book *You Know More Chinese Than You Think*. Rory comes from his home in the Lake District, carrying a Punjabi fighting stick which he used when walking across Afghanistan. On their six-hundred-mile, thirty-day journey - with Rory on foot, and his father 'ambushing' him by car - the pair relive Scottish dances, reflect on Burmese honey-bears, and on the loss of human presence in the British landscape. On mountain ridges and in housing estates they uncover a forgotten country crushed between England and Scotland: the Middleland. They cross upland valleys which once held forgotten peoples and languages - still preserved in sixth-century lullabies and sixteenth-century ballads. The surreal tragedy of Hadrian's Wall forces them to re-evaluate their own experiences in the Iraq and Vietnam wars. The wild places of the uplands reveal abandoned monasteries, border castles, secret military test sites and newly created wetlands. They discover unsettling modern lives, lodged in an ancient land. Their odyssey develops into a history of nationhood, an anatomy of the landscape, a chronicle of contemporary Britain and an exuberant encounter between a father and a son. And as the journey deepens, and the end approaches, Brian and Rory fight to match, step by step, modern voices, nationalisms and contemporary settlements to the natural beauty of the Marches, and a fierce absorption in tradition in their own unconventional lives.

Walks Through Bath Jacaranda

This comprehensive book is an excellent planning resource for those who wish to venture into the Scottish mountains. Whether you are planning a walk, scramble, climb or ski tour this larger format guide has all the information the independent mountain lover needs. The guide covers all the mountainous areas of Scotland from south to north, divided into seven regions. Each regional chapter covers individual glens important for mountaineers, groups of hills that form coherent massifs and individual hills of significance. However, this is not a route guide and detailed descriptions are not provided. The aim of the book is to inspire and entertain as well as inform; to show first-time visitors just what the Scottish mountains have to offer and provide a new perspective for those who have been before. In the descriptions author Chris Townsend has given his opinions as to the relative qualities of the walks, glens, lochs, mountains and the landscape in general and highlighted those he thinks are the best the area has to offer. Includes: Descriptions of all the Scottish mountains, area-by-area from south to north, to help you identify the best locations for hill walking, mountaineering, climbing and ski touring Classic ascents and walks described, from scrambles up Ben Nevis to ski tours in the Cairngorms A planning tool for long-distance treks

In the Footsteps of Sheep Wild Things Publishing

Covers eighty-one hills in the Scottish Highlands Detailed maps in the classic Trailblazer style including tricky trail junctions walking times and points of interest Plus places to stay places to eat and a full-color flora identification section

Dictionary of National Biography Reaktion Books

Mental breakdown survivor Maureen is about to end her affair with a married man when she discovers his body in her living room, his throat slit. Suspected of murder, Maureen must act fast - before the real killer comes after her.

Dictionary of National Biography Canongate Books

This book, fully updated in 2018, describes a popular week-long walk running for 79 miles (127 km) along some of Scotland's finest lochs and glens, using historic footpaths, a cycle route, forest tracks and some minor roads. Many places are linked with Scotland's most famous outlaw, Rob Roy MacGregor (1671-1734). The Rob Roy Way offers superb scenery, and gets you away from

the crowds following the West Highland Way.
