The Book of Five Rings Illustrated David De Angelis

This reference brings Sun-tzu's classic study of war strategy to an audience that may have no prior knowledge of the subject. An introduction on the relevance of Sun-tzu's teachings, historical background, and a bibliographical essay are included.

Das Buch der fünf Ringe (Gorin no Sho) Anchor Canada

Used for centuries by Japanese businessmen and studied by many of Silicon Valley's warriors of today's wired world, The Book of Five Rings by samurai swordsman Miyamoto Musashi has provided a powerful, practical approach to achieving competitive dominance. Now, in The Book of Five Rings for Executives, Donald Krause has enriched and simplified the original material of this ancient classic of competitive tactics and strategy into a set of seven clearly defined and easily applied business principles.

Das Buch der fünf Ringe (Gorin no Sho) – Über die Kampfkünste der Samurai – Ein Strategie-Ratgeber für alle Lagen Columbia University Press

"The authors have made classic samurai wisdom accessible to the modern martial artist like never before." - Goran Powell, award winning author of Chojun and A Sudden Dawn "It's fascinating stuff!" - Steve Perry, New York Times bestselling author "The precepts offer priceless advice to anyone." - Kate Vitasek, University of Tennessee "The five point perspective inspired deep introspection. I have been elevated to higher and deeper levels of personal and professional growth by reading this book." - Laela Erickson, Senior Business Development Executive Miyamoto Musashi (1584 - 1645) was arguably the greatest swordsman who ever lived, a legendary figure whose methods of thought and strategy have been studied and adopted across a wide spectrum of society, from martial artists to military leaders to captains of industry. The iconic sword saint of Japan was clearly a genius, yet he was also a functional psychopath-ruthless, fearless, hyper-focused, and utterly without conscience. Shortly before he died, Musashi wrote down his final thoughts about life for his favorite student Terao Magonojo to whom Go Rin No Sho, his famous Book of Five Rings, had also been dedicated. He called this treatise Dokkodo, which translates as "The Way of Walking Alone." The book you hold in your hands is the definitive interpretation of Musashi's final work. Readers are oftentimes subject to a single perspective about what some famous author from the past had to say, yet we are more holistic here. This treatise contains Musashi's original 21 precepts of the Dokkodo along with five different interpretations of each passage written from the viewpoints of a monk, a warrior, a teacher, an insurance executive, and a businessman. Each contributor has taken a divergent path from the others, yet shares the commonality of being a lifelong martial practitioner and published author. In this fashion you are not just reading a simple translation of Musashi's writing, you are scrutinizing his final words for deeper meaning. In them are enduring lessons for how to lead a successful and meaningful life.

Roverandom Shambhala Publications

The classic samurai novel about the real exploits of the most famous swordsman. Miyamoto Musashi was the child of an era when Japan was emerging from decades of civil strife. Lured to the great Battle of Sekigahara in 1600 by the hope of becoming a samurai—without really knowing what it meant—he regains consciousness after the battle to find himself lying defeated, dazed and wounded among thousands of the dead and dying. On his way home, he commits a rash act, becomes a fugitive and brings life in his own village to a standstill—until he is captured by a weaponless Zen monk. The lovely Otsu, seeing in Musashi her ideal of manliness, frees him from his tortuous punishment, but he is recaptured and imprisoned. During three years of solitary confinement, he delves into the classics of Japan and China. When he is set free again, he rejects the position of samurai and for the next several years pursues his goal relentlessly, looking neither to left nor to right. Ever so slowly it dawns on him that following the Way of the Sword is not simply a matter of finding a target for his brute strength. Continually striving to perfect his technique, which leads him to a unique style of fighting with two swords simultaneously, he travels far and wide, challenging fighters of many disciplines, taking nature to be his ultimate and severest teacher and undergoing the rigorous training of those who follow the Way. He is supremely successful in his encounters, but in the Art of War he perceives the way of peaceful and prosperous governance and disciplines himself to be a real human being He becomes a reluctant hero to a host of people whose lives he has touched and been touched by. And, inevitably, he has to pit his skill against the naked blade of his greatest rival. Musashi is a novel in the best tradition of Japanese story telling. It is a living story, subtle and imaginative, teeming with memorable characters, many of them historical. Interweaving themes of unrequited love, misguided revenge, filial piety and absolute dedication to the Way of the Samurai, it depicts vividly a world Westerners know only vaguely. Full of gusto and humor, it has an epic quality and universal appeal. The novel was made into a three-part movie by Director Hiroshi Inagai. For more information, visit the Shopping area

The well-known ancient Chinese oracle and sourcebook of Asian wisdom--now in a Shambhala Pocket Library edition. The I Ching (The Book of Change), the oldest of the Chinese classics, has throughout Chinese history commanded unsurpassed prestige and popularity. Containing several layers of text and given numerous levels of interpretation, the I Ching has been venerated for more than three thousand years as an oracle of fortune, a guide to success, and a source of wisdom. The underlying theme of the text is change and how this fundamental force influences all aspects of life—from business and politics to personal relationships. To understand and act in accordance with this inexorable law of the universe is wisdom indeed. Complete instructions for consulting the I Ching are included. This book is part of the Shambhala Pocket Library series. The Shambhala Pocket Library is a collection of short, portable teachings from notable figures across religious traditions and classic texts. The covers in this series are rendered by Colorado artist Robert Spellman. The books in this collection distill the wisdom and heart of the work Shambhala Publications has published over

50 years into a compact format that is collectible, reader-friendly, and applicable to everyday life.
The Japanese Art of War Kodansha International

Bei der Lektüre dieser Zusammenfassung werden Sie die Grundsätze eines der größten Samurai Japans, Miyamoto Musashi, des Gründers der Zwei-Schwert-Schule, entdecken, die Strategie, Philosophie und Spiritualität miteinander verbinden. Sie werden auch entdecken, dass : die Handhabung des Schwertes eine Kunst ist; ein Krieger auch ein Philosoph und ein Künstler sein kann; Technik, Disziplin und Spiritualität zum Sieg führen. Durch die fünf Stufen seiner Lehre gibt der Samurai Miyamoto Musashi seinen Schülern die Schlüssel zu einer wahren Lebensweise. Die "Abhandlung über die fünf Räder" lädt den heutigen Leser zur Meditation und zu einer Form der Weisheit ein.

The Ring of Water (Young Samurai, Book 5) HarperCollins

After fleeing the authorities in the Imperial city of Altdorf, Felix Jaeger swears a drunken oath to dwarf Gotrek Gurnisson to record his death saga. In the cold light of day, Felix's worst fears are confirmed as he learns that Gotrek is a Trollslayer - a dwarf doomed to seek out a heroic death in battle to atone for an unknown personal disgrace. Their travels throw them into a string of extraordinary adventures as Felix tries to survive his companion's destiny.

The Thief Lord Penguin UK

The Samurai Series brings together three of the most important books dealing with the Samurai path and philosophy into one deluxe, illustrated hardcover volume. The Book of Five Rings was written by Miyamoto Musashi, a Samurai of legendary renown, about 1645. It is a masterpiece of simple exposition written by a master swordsman, who, near the end of his spectacular life, tried earnestly to explain the essentials of individual combat and the essence of being a Samurai. His book is widely considered to a cornerstone of the philosophy of Bushido. Hagakure - The Way of the Samurai, which means: "Hidden by Leaves," was composed from dialogs by the famous Samurai Yamamoto Tsunetomo, by a scribe, Tashiro Tsuramoto, about 1716 AD. It explains the major ideas and philosophy that are essential to the "way of the Samurai", by which is meant the "way of dying". It contains numerous tales of various Samurai and their deeds which illustrate their philosophy and practice. Bushido - The Soul of Japan by Inazo Nitobe was first published 1899. It is an extremely literate presentation by a Japanese intellectual who wished to present Japan and its fundamental philosophy in a way that could be understood by Westerners. It describes how the Shinto religion and Buddhism are the underpinnings of the essentially militaristic view of honor and life that are inherent in Bushido, the Samurai code. Excerpt from The Book of Five Rings. Reprinted by permission. All rights reserved. The Gaze in Strategy The gaze should be large and broad. This is the twofold gaze, "Perception and Sight". Perception is strong and sight, weak. In strategy, it is important to see distant things as if they were close, and to take a distanced view of close things. It is important in strategy to know the enemy's sword, yet not be distracted by insignificant movements of his sword. You must study this. The gaze is the same for single combat and for large-scale strategy. It is necessary in strategy to be able to look to both sides without moving the eyeballs. You cannot master this ability quickly. Learn what is written here; use this gaze in everyday life and do not vary it...

From the Country of Eight Islands Digital Pulse Publishing

The third in the internationally bestselling series from Russian author Sergei Lukyanenko Three years have passed since the events of The Day Watch. His wife and daughter spending the summer on a dacha not far from Moscow where Anton is working when his boss Gesser reveals he has received an anonymous note. An Other has exposed the truth about their kind to a human, and now intends to convert that human into an Other. The note has been sent to Zebulon and to the Inquisition's offices in Berne - a place whose address only the highest level of mages and sorcerers know. Now cooperating, the Night Watch and the Day Watch, along with an Investigator from the Inquisition, seek to unmask the culprit. Anton will represent the Night Watch, while the Day Watch is sending High Vampire Kostya Saushkin, once Anton's teenage neighbour. Installed in the apartment complex to which the letter writer has been traced, Anton begins to investigate the residents one by one. Reviewing the dossiers of the building's inhabitants, Anton comes across a familiar - albeit much younger - face. Could Gesser be trying initiate his son as an Other?

Trollslayer Arcturus Publishing

Gabimaru is a ninja on death row with one chance to see his wife again—by finding the elixir of immortality on a supernatural island and delivering it to the shogun. Standing in his way are his fellow convicts and the fearsome beasts that roam the island, devouring or killing anyone they encounter. As Gabimaru and his executioner explore the island, they come under attack from creatures that resemble gods but behave like devils. Is this the holy land or hell itself? -- VIZ Media

The Essential Art of War Random House

If you're an experienced programmer interested in crunching data, this book will get you started with machine learning—a toolkit of algorithms that enables computers to train themselves to automate useful tasks. Authors Drew Conway and John Myles White help you understand machine learning and statistics tools through a series of hands-on case studies, instead of a traditional math-heavy presentation. Each chapter focuses on a specific problem in machine learning, such as classification, prediction, optimization, and recommendation. Using the R programming language, you'll learn how to analyze sample datasets and write simple machine learning algorithms. Machine Learning for Hackers is ideal for programmers from any background, including business, government, and academic research. Develop a naïve Bayesian classifier to determine if an email is spam, based only on its text Use linear regression to predict the number of page views for the top 1,000 websites Learn optimization techniques by attempting to break a simple letter cipher Compare and contrast U.S. Senators statistically, based on their voting records Build a "whom to follow" recommendation system from Twitter data

Eragon and Eldest Omnibus Vertical, Inc.

Miyamoto Musashi (1584-1645) is the most famous Samurai who ever lived. His magnum opus, the Go-Rin-Sho or Book of Five Rings is a classic that is still read by tens of thousands of people each year--Japanese and foreigners alike. Alex Bennett's groundbreaking new translation of The Book of Five Rings reveals the true meaning of this text for the first time. Like Sun Tzu's The Art of War, Musashi's book offers unique insights, not just for warriors, but for anyone wanting to apply the Zen Buddhist principle of awareness to achieve success in their endeavors. This book sheds new light on Japanese history and on the philosophical meaning of Bushido--the ancient "code of the Japanese warrior." Unlike other translations that are based on incomplete and inaccurate versions of Musashi's

work, Bennett's is the first to be based on a careful reconstruction of the long-lost original manuscript. Capturing the subtle nuances of the original Japanese classic, the result is a far more accurate and meaningful English version of The Book of Five Rings text. Richly annotated and with an extensive introduction to Musashi's life, this version includes a collection of his other writings-- translated into English for the first time. A respected scholar, as well as a skilled martial artist, Bennett's understanding of Musashi's life and work is unparalleled. This book will be widely read by students of Japanese culture, history, military strategy, and martial arts. It sets a new standard against which all other translations will be measured.

Musashi Lone City Trilogy

The Way of the Living Sword is the final installment in D.E. Tarver's popular Warrior Series. It stands beside The Book of Five Rings by Miyamoto Musashi as one of the greatest writings of the warrior mind. In The Way of the Living Sword, Munenori gives an in-depth explanation of the connection between physical martial arts and the mental process of Zen. While Munenori and Musashi were both avid students of Zen, Munenori was more fascinated by the academic aspects of the philosophy. Munenori stretches the consciousness of even the most enlightened martial artist. Martial arts devotees will experience many flashes of revelation as Tarver explores the various aspects of Munenori's approach. Read and grow!

Lord of the Flies eClassica

The Book of Five Rings is a text on kenjutsu and the martial arts in general, written by the Japanese swordsman Miyamoto Musashi around 1643.

Das Buch der Fünf Ringe (Übersetzt) Anaconda Verlag

Violet Lasting is no longer Lot 197; she has escaped surrogacy and is on the run in the Lone City. In this sequel to The Jewel, Violet and her friends are fighting for survival. Nowhere is safe - and never will be - unless Violet can help Lucien destroy the royalty. Perfect for fans of The Hunger Games and Matched, this is the second book in the Lone City trilogy, following on from Amy Ewing's shocking and compelling debut novel, The Jewel. Violet, Ash and Raven have escaped the palace of the Duchess of the Lake, but Regimentals are hunting for them across the city. Nowhere is safe, and they are dependent on Lucien and his secret society for survival. If they can reach the safety of the White Rose then Violet may be able to help Lucien in his plan to rescue more surrogates. For one surrogate, however, it is already too late. Violet's best friend, Raven, is pregnant. And in the Jewel, surrogates cannot survive giving birth.

Book of Five Rings BoD - Books on Demand

Zwei klassische Texte der japanischen Kriegerkultur in einem Band Musashi war ein berühmter Samurai des 17. Jahrhunderts, für den der Sieg im Kampf nicht nur von technischer und körperlicher, sondern vor allem von der geistigen Überlegenheit des Kriegers abhing. Sein »Buch der fünf Ringe« ist ein Klassiker zum Thema Konfliktbewältigung und Strategie. Ergänzend widmet sich Munenoris »Buch der mit der Kriegskunst verwandten Traditionen« den ethischen und spirituellen Einsichten des Taoismus und Zen, sofern sie speziell den »bushi-do« (Weg des Kriegers) berühren. Clearys Einleitung und Kommentar liefern entscheidende Hintergrundinformationen.

The White Rose Shambhala Publications

The words of the ancient Chinese sages are as timeless as they are wise. IBPA Benjamin Franklin
