"Sex, Lies, & Family Vacations made me laugh, then cry...then laugh until I cried! Leslie Langtry creates characters that are so relatable and yet so humorous that you'll want to re-visit them again and again." - Gemma Halliday, New York Times bestselling author Laura Smith is the mom of two adorable children, the wife of a successful businessman...and the unappreciated shadow of the woman she once was. Somehow, her family never seems to notice that the laundry gets done, the house is picked up, dinner mysteriously appears on the table, and then cleans up after itself. Instead of being her children's idol and her husband's lover, she's become a funny little footnote in her own life. That is until she takes her children on vacation to Disneyworld in sunny Florida, where she just happens to end up in a hotel room right next to her college flame, Alan James. Old passions ignite and new excitement sparks as Laura and Alan bring new meaning to "The Most Magical Place on Earth." But when Laura and Alan's spouses unexpectedly show up in Florida, a comedy of errors ensues, and only one thing is for certain: Laura's life will never be the same again. Note: This book was formerly published under the title The Adulterer's Unofficial Guide to Family Vacations. What critics are saying about Leslie Langtry's books: "Mixing a deadly sense of humor and plenty of sexy sizzle, Leslie Langtry creates a brilliantly original, laughter-rich mix of contemporary romance and

suspense." ~ Chicago Tribune "Langtry gets the fun started from page one with a myriad of clever details." ~ Publishers' Weekly "Darkly funny and wildly over the top, this mystery answers the burning question, 'Do assassin skills and Girl Scout merit badges mix...' one truly original and wacky novel!" ~ RT BOOK Reviews "Another wicked blend of action, romance, mystery and dark humor, Guns Will Keep Us Together gives readers bullets, buff guys and bad boys...I hope the Bombay family continues on with their deadly misadventures. ~ News and Sentinel

Waiting to Be Arrested at Night Simon and Schuster

Winner of the National Book Critics Circle John Leonard Prize, awarded to the best first book of the year Named one of the best books of the year by: THE NEW YORK TIMES • THE WASHINGTON POST • THE ECONOMIST • TIME A poet's account of one of the world's most urgent humanitarian crises, and a harrowing tale of a family's escape from genocide One by one, Tahir Hamut Izgil's friends disappeared. The Chinese government's brutal

persecution of the Uyghur people had continued for years, but in 2017 it assumed a terrifying new scale. The Uyghurs, a predominantly Muslim minority group in western China, were experiencing an echo of the worst horrors of the twentieth century, amplified by China's establishment of an all-seeing high-tech surveillance state. Over a million people have vanished into China's internment camps for Muslim minorities. Tahir, a prominent poet and intellectual, had been no stranger to persecution. After he attempted to travel abroad in 1996, police tortured him until he confessed to fabricated charges and sent him to a re-education through labor camp. But even having endured three years in the camp, he could never have predicted the Chinese government's radical solution to the Uyghur question two decades later. Was the first sign when Tahir was interrogated for hours after a phone call with a fellow poet in the Netherlands? Or when his old friend was sentenced to life in prison simply for calling for Uyghurs' legal rights to be enforced? Perhaps it was when the police seized Uyghurs' radios and installed jamming equipment to cut them off from the outside world. Once Tahir noticed that the park near his home was nearly empty because so many neighbors had been arrested, he knew the police would be coming for him any day. One night, after Tahir's daughters were asleep, he placed by his door a sturdy pair of shoes, a sweater, and a coat so that he could stay warm if the police came for him in the middle of the night. It was clear to Tahir and his wife that fleeing the country was the family's only hope. *Waiting to Be Arrested at Night* is the story of the political, social, and cultural destruction of Tahir Hamut Izgil's homeland. Among leading Uyghur intellectuals and writers, he is the only one known to have escaped China since the mass internments began. His book is a call for the world to awaken to the unfolding catastrophe, and a tribute to his friends and fellow Uyghurs whose voices have been silenced.

Did you ever have someone in your life who made a negative impact on you? What about the person who made a positive impact and changed your life completely? This book helps guide parents, grandparents, teachers, and anyone who interacts with children how to leave a positive impact on their lives. You can help raise a child with Christian values, combining a healthy balance of being strict and giving them freedom. Throughout my teaching experiences, I have had many parents ask advice on how to handle certain situations. Most of the same questions came from many different parents, so those questions are all answered in this book to help those who desire it. I encourage parents-to-be, or those who desire to be parents in the future, to read this book and get a head start!

I'm Just Happy to Be Here WaterBrook

"A refreshingly raw, contrasting perspective on the foolproof idea of motherhood." -- POPSUGAR "By turns painful and funny... A searingly candid memoir." -- Kirkus "Far from your cookie-cutter story of addiction . . . [I'm Just Happy to Be Here] describes Hanchett's journey to recovery and sobriety in imperfect and unconventional ways." -- Bustle In this unflinching and wickedly funny memoir, Janelle Hanchett tells the story of finding her way home. And then, actually staying there. Drawing us into the wild, heartbreaking mind of the addict, Hanchett carries us from motherhood at 21 with a man she'd known three months to cubicles and whiskey-laden domesticity, from judging meth addicts in rehab to therapists who "seem to pull diagnoses out of large, expensive hats." With warmth, wit, and searing B.S. detectors turned mostly toward herself, Hanchett invites us to laugh when we probably shouldn't and to rejoice at the unconventional redemption she finds in desperation and in a misfit mentor who forces her to see the truth of herself. A story of ego and forced humility, of fierce honesty and jagged love, of the kind of failure that forces us to re-create our lives, Hanchett writes with rare candor, scorching the "sanctity of motherhood," and leaving beauty in the ashes.

Every thought you have creates or reinforces already-created negative or positive beliefs in your heart. These beliefs are the main controllers of our thoughts, words, and actions, which in turn form our emotions. The key to having a high-quality life is to create beliefs within your heart that control your behavior. In this workbook, Dr. Gary Smalley presents how-to steps, engaging questions, practical exercises, and fun activities to help the whole family memorize and meditate on key Scriptures.

Memories from Cherry Harvest Trafford Publishing

In 1964, as the first B-52s took flight in what would become America's longest combat mission, an old Air Force base on the plains of Kansas became Schilling Manor -- the only base ever to be set aside for the wives and children of soldiers assigned to Vietnam. Author Donna Moreau was the daughter of one such waiting wife, and here she writes of growing up at a time when The Flintstones were interrupted with news of firefights, fraggings, and protests, when the evening news announced death tolls along with the weather forecasts. The women and children of Schilling Manor fought on the emotional front of the war. It was not a front composed of battle plans and bullets. Their enemies were fear, loneliness, lack of information, and the slow tick of time. *Waiting Wives: The Story of Schilling Manor, Home Front to the Vietnam War* tells the story of the last generation of hat-and-glove military wives called upon by their country to pack without question, to follow without comment, and to wait quietly with a smile. A heartfelt book that focuses on this other, hidden side of war, *Waiting Wives* is a narrative investigation of an extraordinary group of women. A compelling memoir and domestic drama, *Waiting Wives* is also the story of a country in the midst of change, of a country at war with a war.

Five Minutes to Post Brindle and Glass

In her compelling memoir, Kaye Kimbro Rosenthal pulls back the curtain on her life in order to allow future generations to glimpse an unforgettable time through her eyes. Richly illustrated with photographs and evocative of the period in history, Rosenthal shares the story of her sometimes turbulent, often joyful journey through life and the subsequent lessons she learned. A passionate artist and photographer, Rosenthal infuses her memoir with sincerity, wit, and an honest writing style that encourages others to look at their own lives with a new perspective. She begins by detailing her childhood in rural Kentucky, where she played by day in back of the horse barn and at night read by the light of an oil lamp. Time moved slowly for Rosenthal as she grew up, but it was not long before she entered adulthood without abandon, eventually relocating to Washington, DC, where she soon learned that love has a will of its own. *Waiting* chronicles the poignant journey of a wife and mother as she navigates through life and ultimately learns how to love unconditionally, forgive, and heal from even the deepest and most painful wounds.

Three generations of women struggle with oppression in this prize-winning historical saga from "a natural born storyteller" (Julia Alvarez). When I remember Russia, I ache with longing for the village of my birth, where the beloved grandparents magically produced candy in a handshake and told stories of long ago when God spoke to humans and enchantments filled the world . . . Two Jewish sisters, born in Russia shortly before the Communist Revolution, are forced to flee the pogroms and persecution and travel with their parents to British-occupied Palestine. The girls' parents befriend a widower with two children and join forces, creating a blended family. When the girls are teenagers, World War II tears the family apart, sending the girls separately to France and America. Their lives unfold in tandem: babies are born, friendships forged, and cherry pies baked—despite the brutal backdrop of the Holocaust. As the family grows into the next generation, one of the daughters, an artist drawn to a bohemian lifestyle, surrounds herself with a multicultural circle of friends the likes of which her ancestors could not have imagined. Subsequently, the artist's turns her passion to providing aid to Salvadoran refugees fleeing the death squads in their homeland, just as her own grandmother once fled the pogroms of Russia. As she follows her vocation of reversing the damage that torturers inflict on their victims, she must also overcome a past-life trauma that haunts her very core. A winner of the Fabri Literary Prize, *Memories from Cherry Harvest* spans seventy years and five continents, explores the physics of memory, and shows how the tenacity of good can ultimately withstand and overcome the memory of tragedy. "Like Julia Alvarez's in the Time of the Butterflies and Doris Lessing's Martha Quest novels, this story about fighting the injustices of the 20th century will engage readers of politically charged fiction." —Library Journal

Praise for *The Three-Martini Playdate* "Harried mothers who have given over their lives to their adorable little angels, beware: This book is the equivalent of a cocktail in the face . . . The book details the glories of saying no to your children, explains when you've gone too far in childproofing your home, laments our over-reliance on camcorders ('a disease') and suggests that the Tooth Fairy is getting robbed. Best of all, there's a recipe for teaching your tot how to mix a simple martini just the way you like it—with lots of alcohol." —Chicago Sun-Times
