CAMERON ANASTASIA

Model Rules of Professional Conduct Bradford Publishing Company
 Find out how evaluators, mediators, and judges deal with the issues of relocation in divorced families In the past, the relocation of a parent or child in custody cases was rarely a problem for divorced families—there was little conflict and little need for court intervention. But with the growth of shared custody, more fathers involved in parenting after divorce, and an increase in litigation between conflicted parents, relocation has become a complex issue that's difficult for evaluators, judges, and public policymakers to resolve. *Relocation Issues in Child Custody Cases* offers a firsthand look at how evaluators investigate, predict, and make recommendations; how judges reach decisions based on those recommendations; and how individual states deal with relocation cases. *Relocation Issues in Child Custody Cases* examines how evaluators, mediators, and judges can best facilitate an environment where a child has an ongoing relationship with two parents, regardless of where each parent lives. This unique book looks at how the landscape in relocation cases has changed since the California Supreme Court's landmark 2004 ruling in the LaMusga move-away case, examining relevant topics, including individual state statutes on relocation; a survey of courts in the United States; the functions of an evaluator; how a judge analyzes data before reaching a decision; parental conflict; domestic violence; change of circumstances; primary residence; and the process of developing parenting plans. *Relocation Issues in Child Custody Cases* examines: whether negative outcomes of parental relocation after divorce were a result of pre-existing conflict and domestic violence whether the "best interests of the child" is an acceptable standard in relocation cases investigative models for evaluators "for the move" and "against the move" biases—and how to reduce them a format for analyzing evidence in relocation cases the risks and benefits of presumptions in family law matters and much more *Relocation Issues in Child Custody Cases* is an essential resource for evaluators, mediators, judges, caseworkers, child psychologists, family therapists, and child advocates.

The Lawyer's Almanac 2017 (IL) Continuing Education of the Bar-California

Confirmation Hearings on Federal Appointments Routledge

This unique new handbook explains this emerging dispute resolution model of collaborative law that is helping family lawyers bring their clients through the divorce passage with integrity and satisfaction. Collaborative Law describes how this approach engages the unique problem-solving skills of lawyers to achieve settlements that creatively and appropriately customize outcomes in the way that few courts are able to achieve. In the collaborative process, fees and costs are minimized,

high-quality legal counsel and negotiating assistance are built in, and the ability of divorcing spouses to cooperate and coparent is maximized to a dramatic extent.

Being Heard Kluwer Law International B.V.
