The Spirit of
the Sixties
explains how
and why the
personal
became*

political when
Sixties
activists
confronted the
institutions of
American
postwar
culture. The
Spirit of the

Sixties uses political personalism to explain how and why the personal became political when Sixties activists confronted the institutions of American postwar culture. After establishing its origins in the Catholic Worker movement, the Beat generation, the civil rights movement, and Ban-the-Bomb protests, James Farrell demonstrates the impact of personalism on Sixties

radicalism. Students, antiwar activists and counterculturalists all used personalist perspectives in the "here and now revolution" of the decade. These perspectives also persisted in American politics after the Sixties. Exploring the Sixties not just as history but as current affairs, Farrell revisits the perennial questions of human purpose and cultural practice contested in the decade.

 Thomas Duke

immigrated to James County Virginia in 1651. He married Mary Barham, and their children included Henry Duke, who was involved in the formation of the University named William and Mary and served in the House of Burgesses. His descendant, Henry Andrew Duke married Margaret Carver in Alabama in 1842. After Henry's death, Margaret moved to Louisiana and married Richard Winn,

the widower of Rebecca Walker. Elijah Clark, the son of Jonathan and Aletke was born in New York in 1784. He later settled in Louisiana and married Sophia Fleming. Their son Elijah married Eliza Jane Holt. Other localities include South Carolina and North Carolina. The family described in this book is the Clark family. *Congressional Record* In its 114th

Follow the
fascinating
true stories of
one family
through the
Mormon
pioneer
era—stories
that follow
four
generations
and several of
the author’s
family lines as
they and their
fellow
pioneers help
shape the
early history

of the Mormon Church, the American West, and even Mexico. This memorable journey is the culmination of fifteen years of painstaking research as the author carefully reconstructs the pioneer struggles from before 1830 to 1918 using information from family journals, memoirs, histories and letters. Volume II (Pioneering the West/Defending Zion, 1847-1880) continues the

history by recounting the family's involvement in the opening and colonization of the Great Basin. It recounts in detail the dangerous crossing of the plains in covered wagons, with handcarts, and on foot. It tells of explorations, of planting tiny settlements in remote regions, eating roots and rawhide to survive, and fighting insect hordes and hostile Indians.

Volume II also tells how the Mormons faced off the U.S. Army, and how they helped build the railroad across the plains. My Own Pioneers is an important work illuminating the legacy of the Mormon pioneers. It is a compilation of true chronological accounts through which their lives, their sacrifices, and their considerable accomplishments, despite terrible hardship, may

be honored. With its extensive index, this book provides an excellent research tool for academics as well as history enthusiasts; and it uplifts every reader by showcasing the enduring strength and mighty faith of these pioneers.

Current Law Index

Vol. 31, no. 2 (p. [273]-329) includes, as

supple., Minutes of the Inter-Fraternity Conference for 1911.
