KARLEE MIYA

Popular Mechanics Penguin Random House New Zealand Limited

In 1950, as many families were establishing lives in suburbia, Mary and Frank Littell decided to uproot their young family from the comfort of their home in the United States and move to France for a year. Now, decades later, their son John S. Littell, who was four years old at the time of their French exploration, brings his mother's journals to life and tells the story of living in the working-class town of Montpellier from her perspective. *French Impressions: The Adventures of an American Family* chronicles one family's adventures abroad, as Mary struggles to maintain a home in a new culture and to cook the local cuisine, while Frank traverses to various bars and nightly reads *Great Expectations* to his toddlers. These often comedic and heartening familial struggles will at once seem familiar and lost to the times gone by.

Composition & Photography Rocky Nook, Inc.

This collection presents 39 lively French and American tunes for piano accordion, with companion audio providing backup only for 27 of the songs. Recommended for the intermediate player. Because this book is a reprint of a French edition, the Solfege system is used for indicating left hand buttons (Do, Re, Mi instead of C, D, E, etc.), but chord symbols are also given in the standard letter-name format. Other musical markings are also in French. Lyrics are not included. Includes access to online audio *Catalog of Copyright Entries, Third Series* Cherry Lane Music Accordion Music

[John Denver's Greatest Hits](#) Lulu.com

Ranging from ragtime to bebop and from Bennie Moten to Charlie Parker, this work aims to capture the golden age of Kansas City jazz. It showcases the lives of the great musicians who made Kansas City swing, with profiles of jazz figures such as Mary Lou Williams, Big Joe Turner, and others.

Popular Mechanics Knopf Books for Young Readers This companion to *The Ethnomusicologists' Cookbook* combines scholarship with a unique approach to the study of the world's foods, musics, and cultures. Covering over four dozen regions, the entries in these collection each include a regional food-related proverb, a recipe for a complete meal, a list of companion readings and listening pieces, and a short essay that highlights the significant links between music and food in the area. *The Ethnomusicologists' Cookbook, Volume 2* will appeal to ethnomusicologists, anthropologists, and sociologists, but should also find a welcome place on the bookshelf of anyone who enjoys

eating and learning about foods from around the world.

The Rough Guide to Panama (Travel Guide eBook) Penguin

G. A. Henty's 'Times of War & Peril - The Historical Novels Series (Illustrated Edition)' is a collection of gripping historical fiction that transports readers to various tumultuous periods in history. Henty's vivid descriptions and attention to historical accuracy immerse readers in the sights and sounds of scenes ranging from ancient battles to medieval sieges. The book's literary style is characterized by its detailed storytelling and ability to make complex historical events accessible to readers of all ages. Each story is a testament to Henty's skill in combining adventure with education, making it a valuable resource for history enthusiasts and literary connoisseurs alike. This illustrated edition enhances the reading experience by bringing the stories to life with visual interpretations of key events and characters. G. A. Henty, known for his sweeping historical adventures, draws inspiration from his own experiences as a war correspondent and keen observer of global events. His firsthand knowledge and passion for history shine through in 'Times of War & Peril', as he weaves together gripping narratives that captivate readers and offer insights into the challenges faced by historical figures. Henty's dedication to historical accuracy and commitment to storytelling make him a respected figure in the world of historical fiction. I highly recommend 'Times of War & Peril - The Historical Novels Series (Illustrated Edition)' to readers who enjoy immersive historical fiction that educates as it entertains. G. A. Henty's masterful storytelling and attention to detail create a truly unforgettable reading experience that will appeal to anyone with a love for history and adventure.

Popular Mechanics inspires, instructs and influences readers to help them master the modern world. Whether it's practical DIY home-improvement tips, gadgets and digital technology, information on the newest cars or the latest breakthroughs in science -- PM is the ultimate guide to our high-tech lifestyle.

To an Evening Swan [music] : for Free Bass Accordion Penguin Artists of all levels of ability will enjoy playing the songs of Christmas in this nicely arranged collection. Since most Christmas carols can be difficult to play, harmonically, for the early student, these selections are offered as simplified solos, advanced solos, and even as ensembles. Instructional and performance notes are included.

TIMES OF WAR & PERIL - The Historical Novels Series (Illustrated

Edition) Good Press

No other instrument has witnessed such a dramatic rise to popularity--and precipitous decline--as the accordion. *Squeeze This!* is the first history of the piano accordion and the first book-length study of the accordion as a uniquely American musical and cultural phenomenon. Ethnomusicologist and accordion enthusiast Marion Jacobson traces the changing idea of the accordion in the United States and its cultural significance over the course of the twentieth century. From the introduction of elaborately decorated European models imported onto the American vaudeville stage and the instrument's celebration by ethnic musical communities and mainstream audiences alike, to the accordion-infused pop parodies by "Weird Al" Yankovic, Jacobson considers the accordion's contradictory status as both an "outsider" instrument and as a major force in popular music in the twentieth century. Drawing on interviews and archival investigations with instrument builders and retailers, artists and audiences, professionals and amateurs, *Squeeze This!* explores the piano accordion's role as an instrument of community identity and its varied musical and cultural environments. Jacobson concentrates on six key moments of transition: the Americanization of the piano accordion, originally produced and marketed by sales-savvy Italian immigrants; the transformation of the accordion in the 1920s from an exotic, expensive vaudeville instrument to a mass-marketable product; the emergence of the accordion craze in the 1930s and 1940s, when a highly organized "accordion industrial complex" cultivated a white, middle-class market; the peak of its popularity in the 1950s, exemplified by Lawrence Welk and Dick Contino; the instrument's marginalization in the 1960s and a brief, ill-fated effort to promote the accordion to teen rock 'n' roll musicians; and the revival beginning in the 1980s of the accordion as a "world music instrument" and a key component for cabaret and burlesque revivals and pop groups such as alternative experimenters *They Might Be Giants* and polka rockers *Brave Combo*. Loaded with dozens of images of gorgeous instruments and enthusiastic performers and fans, *Squeeze This!* A Cultural History of the Accordion in America represents the accordion in a wide range of popular and traditional musical styles, revealing the richness and diversity of accordion culture in America.

Make the most of your holiday with *The Rough Guide to Paris*.

The Saturday Evening Post Rough Guides UK

A lively, inspiring account of a New Zealand woman's decision to create a new life in the south of France. Amanda Taylor-Ace's philosophy is 'joie de vivre unlimited' - living life with unlimited joy. So when her 14-year-old son fell in with a bad crowd and her life in Auckland needed a shake-up, she packed their bags and took him to France for a year. *My French Affair* is the story of how and why she decided to stay. Not content with simply living in France, she decided to renovate two eighteenth-century houses and convert them into guest accommodation. In *My French Affair*, Amanda describes the trials and tribulations of working with French tradesmen (both good and bad), getting to know the local villagers, hosting guests from around the world, teaching guests to cook in Maison de Maitresse's kitchen, and her joy in new and old friendships and the daily delights of life in France. With over 30 mouth-watering French recipes to try, *My French Affair* is a treat for the tastebuds as well as for the soul.

Music Trades Hal Leonard Publishing Corporation

Music in the USA: A Documentary Companion charts a path through American music and musical life using as guides the words of composers, performers, writers and the rest of us ordinary folks who sing, dance, and listen. The anthology of primary sources contains about 160 selections from 1540 to 2000. Sometimes the sources are classics in the literature around American music, for example, the Preface to the Bay Psalm Book, excerpts from *Slave Songs of the United States*, and Charles Ives extolling Emerson. But many other selections offer uncommon

sources, including a satirical story about a Yankee music teacher; various columns from 19th-century German American newspapers; the memoirs of a 19th-century diva; Lottie Joplin remembering her husband Scott; a little-known reflection of Copland about Stravinsky; an interview with Muddy Waters from the *Chicago Defender*; a letter from Woody Guthrie on the "spunkfire" attitude of a folk song; a press release from the Country Music Association; and the Congressional testimony around "Napster." "Sidebar" entries occasionally bring a topic or an idea into the present, acknowledging the extent to which revivals of many kinds of music play a role in American contemporary culture. This book focuses on the connections between theory and practice to enrich our understanding of the diversity of American musical experiences. Designed especially to accompany college courses which survey American music as a whole, the book is also relevant to courses in American history and American Studies.

Easy Pop Songs for Accordion Oxford University Press, USA

Own composition, use composition, and make composition your own in your photographs!

Of all the magical elixirs that make up a successful photograph, composition is perhaps the most fundamental, and at the same time the most elusive. What makes a composition "good"? It's hard to define exactly, but we instinctively recognize good composition when we see it. There is an undeniable emotional response when a composition resonates with and complements the subject matter of an image.

But traditional attempts to define "good composition" and to pass on rules for good compositional construction are often doomed to failure. The truth is, there are no hard and fast rules. Rules eliminate experimentation and spontaneity, which are crucial for creating compelling, dynamic, and exciting compositions. The best compositions contain an element of the unexpected. "Expect the unexpected!" is perhaps the only viable "rule" of composition. To create exciting compositions, you must have a willingness to embrace serendipity and change as part of your artistic practice. After all, composition is a process, not a result.

In *Composition & Photography*, photographer and bestselling author Harold Davis teaches you how to perceive patterns and abstractions and incorporate them into your image-making process. If one of the goals of photography is to show viewers things that are new, or things they haven't seen before, or things they have seen many times but need to see anew, then it's with the thoughtful and considered use of composition that you do that.

In this book, you'll learn how to reduce your subject matter to the fundamentals, and to show familiar subjects in unfamiliar, novel ways. Harold covers topics and themes such as:

- Lines and circles
- Rectangles

- Combinations

- Repetition

- Symmetry and asymmetry

- Abstraction

- Entering and exiting

- Vanishing points and perspective

- Emphasis

- Designing within a frame

- Creating order from chaos

Composition & Photography will help you find the tools and visual vocabulary to creatively design your photographs. Regardless of the genre and kind of photography you practice, you'll learn to create powerful compositions that incorporate structure and form into your work in ways that best support your images. Along the way, Harold shows and discusses his own work relating to each compositional element or theme he's exploring. And featured throughout the book are exercises about flexibility and process, designed to spur your creativity and help you begin an internal creative discussion.

"My goal as a photography teacher and writer about photography is to inspire and to help you become the best and most creative photographer and image-maker that you can be."

—Harold Davis

"Harold Davis is a force of nature—a man of astonishing eclectic skills and accomplishments."

—RangeFinder Magazine
