Ahn's First [-fourth] German Book[s] Hudson Hills

Statistically the most performed and listened to contemporary composer in the world, Arvo Pärt is a musical and cultural phenomenon. This book is an essential resource for anyone interested in his extraordinarily innovative and uniquely appealing music. Andrew Shenton surveys the full scope of Pärt's oeuvre, providing context and chronological continuity while concentrating in particular on his text-based music, analysing and describing individual pieces and techniques such as tintinnabulation. The book also explores the spiritual and theological contexts of Pärt's creativity, and the challenges of performing his work. This volume is the definitive guide for readers looking to engage with the form, content, and context of Pärt's compositions, as Shenton situates Pärt in the narrative of metamodernism and suggests new ways of understanding this unique and beautiful music.

This book brings together studies on the most common designations for God in the New Testament, considering their use in ancient Jewish tradition as well as in Greek religion and Roman imperial cult. The introducing chapter on "the Father" is followed by studies on "the Lord" and different designations expressing sovereignty (pantokrator, basileus, despotes, dynastes etc.), on "the Creator", "the living God" and "the life giving God" as well as on the genuine Christian designation "God, who has risen Jesus from the dead". The two final chapters are on "the one and only God" and on "the highest God". This compendium is not only a reference work full of interesting philological and religio-historical material, but also lays the foundation for future studies on the way in which the different New Testament- and other early Christian texts express their views on God. Conclusions at the end of each chapter facilitate the reading of the book, which aims to sharpen the view on the long neglected importance of God in the scriptures of the New Testament. \*\*\* „Die Namen des Vaters“

geben einen Überblick über die häufigsten neutestamentlichen Gottesbezeichnungen unter Berücksichtigung ihrer frühjüdischen Tradition, aber auch der zeitgenössischen paganen Sprachkonvention in der griechischen Religion und im römischen Herrscherkult. Nach der Behandlung der „Vater“-Bezeichnung folgen die Analyse der Bezeichnungen Gottes als „Herr“ und „Herrscher“ (Allherrscher, König, Despotes, Dynastes etc.), als „Schöpfer“, als „lebendiger“ und „lebendigmachender“ sowie Gott als dem, „der Jesus von den Toten auferweckt hat“ als genuin christlicher Redeweise. Den Abschluss bilden Studien zu „Der einzige Gott“ und „Der höchste Gott“. Dieser grundlegende Überblick eignet sich nicht nur als materialreiches Nachschlagewerk, sondern bildet zugleich einen hilfreichen Ausgangspunkt für alle weiteren Untersuchungen zu den Gottes-Vorstellungen einzelner Autoren der neutestamentlichen und weiterer frühchristlicher Schriften. Zahlreiche Zusammenfassungen erleichtern die Lektüre dieses Werks, das den Blick für die – lange vernachlässigte – Bedeutung Gottes in den neutestamentlichen Texten schärfen möchte.

This study explores the reception history of the Lord's Prayer in the Ghanaian context. After presenting the current state of research in the Lord's Prayer from an exegetical perspective, this book discusses a wide field of hermeneutical approaches, such as inculturation biblical hermeneutics, mother-tongue biblical hermeneutics, African feminist biblical hermeneutics, liberation biblical hermeneutics and post-colonial biblical hermeneutics. Taking the discussions of these approaches together, it was

realised that the general hermeneutical setting in Ghana (and Africa as whole) is reader-centred, i.e. the readers play an active role in the hermeneutical process and the results of the hermeneutical process are aimed at the readers' contexts and the transformation of those contexts.

Martin Luther's relationship to music has been largely downplayed, yet music played a vital role in Luther's life -- and he in turn had a deep and lasting effect on Christian hymnody. In *Luther's Liturgical Music* Robin Leaver comprehensively explores these connections. Replete with tables, figures, and musical examples, this volume is the most extensive study on Luther and music ever published. Leaver's work makes a formidable contribution to Reformation studies, but worship leaders, musicians, and others will also find it an invaluable, very readable resource.

One of the most remarkable tales of recent resurrections in the field of early keyboard music concerns the music of Heinrich Scheidemann (c. 1595-1663). Long considered a minor master overshadowed by such figures as his teacher Jan Pieterszoon Sweelinck or his fellow student Samuel Scheidt, a number of major source discoveries made in the second half of the twentieth century - the most important one being the discovery of the Zellerfeld tablatures - have gradually raised his stature towards what it should now be, namely that of the paramount figure in North German organ music of the first half of the seventeenth century, equalled only by Buxtehude in the second half. Pieter Dirksen, one of the leading scholars on early German keyboard music, shows how Scheidemann was a central personality in the rich musical life of Hamburg and stood on friendly terms with colleagues such as Jacob and Johannes Praetorius, Ulrich Cernitz, Thomas Selle, Johann Schop and Johann Rist. The sources for Scheidemann are for the most part contemporary and stem from all periods of his career, and beyond that until one or two decades after his death. His keyboard music was never published in his lifetime but circulated widely within professional circles. Dirksen considers the transmission of Scheidemann's music as a whole in Part One, where each source is analyzed individually, and the

repertoire itself is examined in Part Two. A number of specialized studies, including a detailed investigation into the background of one of the sources as well as addressing questions of organology (an account of the famous Catharinen organ as it was during Scheidemann's era) and performance practice (a study of the fingering indications and observations on registration practice) form Part Three. A wealth of appendices also detail a relative chronology of the music; a geographic overview of the transmission and two hitherto unpublished, fragmentarily transmitted Scheidemann pieces. The book will therefore a *Neudrucke Deutscher Literaturwerke Des 16. und 17.*

For centuries, the relation between lay piety and academic theology has determined the faith of lay people as well as developments in theology, and influenced daily life as well as scholarly discussions. In this book an international and multidisciplinary panel of specialists, covering the fields of church history, history of literature, music history, book history, and art history reflects on a broad range of research topics, providing a fascinating and refreshing view on what this relation has been throughout the centuries. Christoph Burger has given a major impulse to the research into the history of theology, notably the issue of adapting academic theology for lay people. The contributions to this Festschrift reflect this broad spectrum of correlations between learned theology and lay piety from the Early Church period until modern times. The book contains contributions to the research on lay piety as well as academic theology in the Middle Ages, Reformation, and the modern period, as well as their representations in such media as printed books and woodcuts. The result is a truly epoch-transcending and interdisciplinary volume.

Originally published in 1967, in this book the author delves deeply into the fascinating field of Bach's music and the reasons for his 'borrowing', and adaptation within his oeuvre. This book, scrupulously uncontroversial in its manner, contains evidence which upends many established judgements. Whether concerned with Bach's artistic personality or with details of his performance, this voluminous record, with commentary, of his adaptations, recompositions or transcriptions is an essential work of reference. English summary: Eduard Lohse was awarded the Leopold Lucas Prize in 2007. The Prize was given to him in appreciation of his scholarly achievements in the entire field of New Testament exegesis and theology and in particular of his contribution to making Jewish sources accessible and including them in the understanding of early Christianity, of his pioneering efforts to establish a new relationship between Israel and Christendom after the Shoah as well of his commitment to the entire Protestant church in Germany, as a member of the church governing body, and to the dialogue between Christians and Jews. In this lecture, he deals intentionally with the question of the remaining common legacy in the relationship between Jews and Christians. An exact comparison of the Lord's Prayer with its Jewish origins shows considerable similarities, but also the particular style of the Lord's Prayer. This book contains the German and the English version of his talk. German description: Mit dem Leopold-Lucas-Preis des Jahres 2007 wurde Eduard Lohse ausgezeichnet. Der Preis wurde ihm verliehen in Würdigung seiner wissenschaftlichen Leistungen im gesamten Bereich der neutestamentlichen Exegese und Theologie und insbesondere seines Beitrags zur Erschließung und Einbeziehung jüdischer Quellen in das Verstehen des frühen Christentums, seiner wegweisenden Impulse für eine neue Verhältnisbestimmung zwischen Israel und der Christenheit nach der Schoah sowie seines kirchenleitenden Engagements für die gesamte Evangelische Kirche in Deutschland, für die Ökumene sowie für das Gespräch zwischen Christen und Juden. Sein Vortrag stellt bewusst nicht die Frage nach dem Trennenden im Verhältnis zwischen Juden und Christen in den Vordergrund, sondern das bleibende gemeinsame Erbe. Der genaue Vergleich des

Vaterunsers mit seinen jüdischen Voraussetzungen belegt viele beachtliche Ähnlichkeiten, aber auch den besonderen Duktus des Vaterunsers. Das Vaterunser gewinnt seine Leuchtkraft im Licht seiner jüdischen Voraussetzungen. Und: Das Vaterunser ist eine konzentriert formulierte Zusammenfassung der Predigt Jesu. Das Buch enthält sowohl die deutsche als auch die englische Fassung des Vortrags.

In eighteenth-century Germany the universal harmony of God's creation and the perfection of its proportions still held philosophical, moral and devotional significance. Reproducing proportions close to the unity (1:1) across compositions could render them beautiful, perfect and even eternal. Using the principles of her groundbreaking theory of proportional parallelism and the latest source study research, Ruth Tatlow reveals how Bach used the number of bars to create numerical perfection across his published collections, and explains why he did so. The first part of the book illustrates the wide-ranging application of belief in the unity, showing how planning a well-proportioned structure was a normal compositional procedure in Bach's time. In the second part Tatlow presents practical demonstrations of this in Bach's works, illustrating the layers of proportion that appear within a movement, a work, between two works in a collection, across a collection and between collections.

Having devoted the past ten years of his life to research for this major new work, John Nolland gives us a commentary on the Gospel of Matthew that engages with a notable range of Matthean

scholarship and offers fresh interpretations of the dominant Gospel in the history of the church. Without neglecting the Gospel's sources or historical background, Nolland places his central focus on the content and method of Matthew's story. His work explores Matthew's narrative technique and the inner logic of the unfolding text, giving full weight to the Jewish character of the book and its differences from Mark's presentation of parallel material. While finding it unlikely that the apostle Matthew himself composed the book, Nolland does argue that Matthew's Gospel reflects the historical ministry of Jesus with considerable accuracy, and he brings to the table new evidence for an early date of composition. Including accurate translations based on the latest Greek text, detailed verse-by-verse comments, thorough bibliographies for each section, and an array of insightful critical approaches, Nolland's Gospel of Matthew will stimulate students, preachers, and scholars seeking to understand more fully Matthew's presentation of the gospel narrative.

Der vorliegende Band faßt Aufsätze des Bochumer Neutestamentlers zusammen, die sich mit Jesus, seiner Botschaft und seinem Weg, aber auch mit der in der Überlieferung der Evangelien sich ausdrückenden Christologie befassen. Eine erste

Gruppe von Beiträgen behandelt die Gottesverkündigung Jesu und das auf ihn zurückgehende "Gebet des Herrn". Es folgen Abhandlungen über Jesu Ruf in die "Nachfolge" und seine ethischen Weisungen (Liebesgebot, Verbot der Ehescheidung).

Die Leidengeschichte Jesu ist Gegenstand weiterer Untersuchungen. Dabei steht sowohl die historische Rückfrage als auch die Theologie der Passiongeschichte im Zentrum des Fragens. Die vier letzten Studien befassen sich mit explizit christologischen Themen: Davidsohn-Frage, Präexistenz-Christologie, und Neuschöpfung in Christus. Insgesamt liegt somit ein Werk vor, das aktuelle Aspekte der Jesus-Forschung erörtert und zugleich die Anfänge der Christologie ins Blickfeld rückt.

The essential edition of one of modern poetry's most distinctive voices: all Stevie Smith's flabbergasting poems, now in paperback Stevie Smith is among the most popular British poets of the twentieth century. Her poem "Not Waving but Drowning" has been widely anthologized, and her life was celebrated in the classic movie *Stevie*. This new and updated edition includes hundreds of works from her thirty-five-year career. In addition to the poems and illustrations from all her published volumes, the Smith scholar Will May discovered never-before-published verses and provides fascinating details about their provenance. Satirical, mischievous, teasing, disarming, Stevie Smith's poems take readers from comedy to tragedy and back again, while her line drawings are by turns unsettling and beguiling.
