Design a succulent garden of your own, with inspiration, advice, and instructional step-by-step projects for container gardens, small-space gardens, mixed gardens, and more. You can't help but be mesmerized by the eye-catching geometric forms and jewel-toned colors of succulents. But how do you grow these beauties in your own garden? One of the only books dedicated to succulent garden design, *Striking Succulent Gardens* is a stylish, modern gardening book for beginners and enthusiasts alike. Known for his colorful approach and bold use of varied textures and shapes, garden designer Gabriel Frank offers practical ideas, simple concepts, stunning full-color photography, step-by-step instructions for a dozen different gardens, plant recommendations, basic succulent care, and an inspired approach to creating living art in your own garden. For those in colder climates, there is a list of cold-hardy succulents and advice for bringing container gardens indoors for the winter, making succulent gardens achievable no matter where you live. Tough, water-wise, wildly popular, and nearly indestructible, succulents will transform your outdoor space, providing gardens of every size with minimal maintenance and maximum impact.

"This book will help you keep your plants healthy."—*Minneapolis Star Tribune*, 7 Books to Shake Up Your Home Decor Houseplants are more popular than ever before—especially with millennials, who are setting up their homes for the first time and discovering that nothing can add energy, style, and that essential "lived-in-ness" to their spaces better than a little bit of green. Whether it's a statement-making fiddle-leaf fig or a tiny tabletop succulent, a houseplant instantly elevates the look of your home. But where to begin? In *Decorating with Plants*, Baylor Chapman walks readers through everything they need to know to bring houseplants into their home. First, there's *Plant Care 101*: from how to assess light conditions to tricks for keeping your plants alive while on vacation, Chapman gives readers the simple, foundational info they need to ensure their plants will thrive. Then she introduces us to 28 of her favorites—specimens that are tough as nails but oh-so-stylish, from the eye-catching Rubber Tree to the delicate Cape Primrose. Finally, she guides readers through the home room by room: Place an aromatic plant like jasmine or gardenia to your entry to establish your home's "signature scent." Add a proper sense of scale to your living room with a ceiling-grazing palm. Create a living centerpiece of jewel-toned succulents for a dining table arrangement that will last long after your dinner party. From air purification to pest control, there's no limit to what houseplants can do for your home—and *Decorating with Plants* is here to show you how to add them to spaces big and small with style.

In this eloquent plea for compassion and respect for all species, journalist and gardener Nancy Lawson describes why and how to welcome wildlife to our backyards. Through engaging anecdotes and inspired advice, profiles of home gardeners throughout the country, and interviews with scientists and horticulturalists, Lawson applies the broader lessons of ecology to our own outdoor spaces. Detailed chapters address planting for wildlife by choosing native species; providing habitats that shelter baby animals, as well as birds, bees, and butterflies; creating safe zones in the garden; cohabiting with creatures often regarded as pests; letting nature be your garden designer; and encouraging natural processes and evolution in the garden. *The Humane Gardener* fills a unique niche in describing simple principles for both attracting wildlife and peacefully resolving conflicts with all the creatures that share our world.
