This book constitutes the refereed proceedings of the Second International Conference on Information Systems for Crisis Response and Management in Mediterranean Countries, ISCRAM-med 2015, held in Tunis, Tunisia, in October 2015. The objectives of the ISCRAM-med conference are to provide an outstanding opportunity and an international forum for local and international researchers, practitioners, and policy makers to address and discuss new trends and challenges with respect to information systems for crisis response and disaster management. The 14 full papers and 4 short papers presented in this volume were carefully reviewed and selected from 41 submissions. They are organized in topical sections on social computing, modeling and simulation, information and knowledge management, engineering of emergency management systems, and decision support systems and collaboration.

School counseling strategies that promote student success! So much is expected to prepare today's students for success—academic achievement, career and college readiness, emotional and social competency, to name a few.

School counselors can make an enormous positive difference in children's lives. Yet, school counseling programs are in crisis because of undefined roles, skyrocketing student-counselor ratios, and decreasing budgets. Leaders and counselors must move away from outdated roles and embrace school counseling programs that ensure readiness for ALL students.

In a succinct Q&A format, the authors provide school counselors and educational leaders with 101 solutions to common counseling issues across the K-12 spectrum on topics ranging from data-driven counseling to bullying, , collaboration, and equity Stories of school counselors and educational leaders who have successfully

implemented these solutions Numerous print and digital resources for further exploration, including online supplements Discover a wealth of affordable counseling practices that make your job easier and more effective, demonstrate the power of a school counselor, and help all students succeed. "101 Solutions for School Counselors and Leaders in Challenging Times is an invaluable resource for all professional school counselors developing a comprehensive school counseling program to ensure college and career readiness for all K-12 students." —Diane Smith, School Counselor Smithport Area School District, PA "With a focus on core standards, social justice, and evidence-based programs and services, this book is a must-have for anyone interested in a comprehensive, practical approach to school counseling strategies that promote student success." — Tamara Davis, Professor Marymount University, Arlington, VA

The Second Edition of this essential handbook provides a comprehensive, updated overview of the science that informs best practices for the implementation of response to intervention (RTI) processes within Multi-Tiered Systems of Support (MTSS) to facilitate the academic success of all

students. The volume includes insights from leading scholars and scientist-practitioners to provide a highly usable guide to the essentials of RTI assessment and identification as well as research-based interventions for improving students' reading, writing, oral, and math skills. New and revised chapters explore crucial issues, define key concepts, identify topics warranting further study, and address real-world questions regarding implementation. Key topics include: Scientific foundations of RTI Psychometric measurement within RTI RTI and social behavior skills The role of consultation in RTI Monitoring response to supplemental services Using technology to facilitate RTI RTI and transition planning Lessons learned from RTI programs around the country The Second Edition of the Handbook of Response to Intervention is an essential resource for researchers, graduate students, and professionals/scientist-practitioners in child and school psychology, special and general education, social work and counseling, and educational policy and politics.
