BRODERICK PARKER

Crossword Puzzle Dictionary

Langenscheidt Publishers
In 1973, nearly a decade before the height of the Moral Majority, a group of progressive activists assembled in a Chicago YMCA to strategize about how to move the nation in a more evangelical direction through political action. When they emerged, the Washington Post predicted that the new evangelical left could "shake both political and religious life in America." The following decades proved the Post both right and wrong—evangelical participation in the political sphere was intensifying, but in the end it was the religious right, not the left, that built a viable movement and mobilized electorally. How did the evangelical right gain a moral monopoly and why were evangelical progressives, who had shown such promise, left behind? In *Moral Minority*, the first comprehensive history of the evangelical left, David R. Swartz sets out to answer these questions, charting the rise, decline, and political legacy of this

forgotten movement. Though vibrant in the late nineteenth century, progressive evangelicals were in eclipse following religious controversies of the early twentieth century, only to reemerge in the 1960s and 1970s. They stood for antiwar, civil rights, and anticonsumer principles, even as they stressed doctrinal and sexual fidelity. Politically progressive and theologically conservative, the evangelical left was also remarkably diverse, encompassing groups such as Sojourners, InterVarsity Christian Fellowship, Evangelicals for Social Action, and the Association for Public Justice. Swartz chronicles the efforts of evangelical progressives who expanded the concept of morality from the personal to the social and showed the way—organizationally and through political activism—to what would become the much larger and more influential evangelical right. By the 1980s, although they had witnessed the election of Jimmy Carter, the nation's first born-again president, progressive evangelicals found themselves in the political wilderness, riven

by identity politics and alienated by a skeptical Democratic Party and a hostile religious right. In the twenty-first century, evangelicals of nearly all political and denominational persuasions view social engagement as a fundamental responsibility of the faithful. This most dramatic of transformations is an important legacy of the evangelical left.

Routledge

The result of 15 years of exhaustive research, this work is the definitive statistical and factual reference for everything related to college football in the past 50 years.

America, History and Life Oxford University Press, USA

First published in 2001. The standard work on its subject, this resource includes every traceable British entertainment film from the inception of the "silent cinema" to the present day. Now, this new edition includes a wholly original second volume devoted to non-fiction and documentary film--an area in which the British film industry has particularly excelled. All entries throughout this

third edition have been revised, and coverage has been extended through 1994. Together, these two volumes provide a unique, authoritative source of information for historians, archivists, librarians, and film scholars.

Moral Minority Simon and Schuster

A title, subject, author, and first line index to poetry in collections for children and young people, with a list of books and a directory of publishers.

The behind-the-scenes story of the making of the classic television series offers insight into how the influential show reflected changing American perspectives and was a first situation comedy to employ numerous women as writers and producers. *Energy, Environment, Productivity* Routledge
Until the late 1940s, most Americans relied heavily upon radio, the only means of mass communication they knew, for information and entertainment. But with the 1950s came television sets and prosperity enabled more people to afford them. Radio began a decline. This work examines what could be called the final decade of AM network radio and the many factors that contributed to its decline. The first chapter is an overview of AM radio in the 1950s. The second chapter covers 1950

through 1953, when radio was still a popular medium but faced a need to make changes in its programming. Bill Paley and David Sarnoff strongly promoted radio in those years and the networks attempted to increase the ratings of their programs. Chapter three covers 1954 through 1956, three years in which radio experienced losses of its primary audience and some of its most popular shows (because of the pullout of advertisers), and an effort was made by the networks to keep their programs going and to convince audiences the medium was not on its way out. Chapter four, 1957 through 1960, chronicles the "end" of AM radio in homes, the cancellation of almost all remaining programs, network affiliates' going independent, and the rise in popularity of "drive time" radio. Chapter five covers 1961 to the present and summarizes the major changes that have taken place. Sea Dream Gale Cengage
Langenscheidt Pockets are the best value in the business. Value priced, durable, and easily portable, Pockets come in a full range of languages. Select from our best-

selling line of bilingual dictionaries, plus a growing assortment of English language reference titles and foreign language grammar guides. Don't trust the tip of your tongue for providing you with the right word. That's what our Pockets are for. Portable and perdurable, our Pocket series is an ideal quick, convenient reference for writers, students, businesspeople... anyone who just needs the right word at the right period... moment... uh, time. Poetry, prose, or a nine-letter pizza topping... when you're looking for a word, pull it out of one of our Pockets.

This critically acclaimed reference provides biographical and career

details on notable African Americans, including leaders from sports, the arts, business, religion, and more.

Merriam-Webster's Crossword Puzzle Dictionary H. W. Wilson Provides historical coverage of the United States and Canada from prehistory to the present. Includes information abstracted from over 2,000 journals published worldwide.

Billboard Wipf and Stock Publishers
An analysis of black opinions about the sources of their inequality in American society and the appropriate means for redressing this.

Transcript of the Enrollment Books McFarland
American nationalism -- is it synonymous with evangelical Protestantism? Do Christians carry a cross in one hand and wave a flag with the other? The following chapters by young Christian scholars respond to this all-too-frequent identification of evangelicalism with the interests, values, and policies of Americanism. Some of today's most sensitive issues are discussed -- militarism, disarmament, revolution, war, the Israel-Arab

tinder-box, ecology, poverty, racism, the radical right, the radical left, and Women's Liberation. Committed to a high view of Scripture, these critical lovers and loving critics of evangelicalism attempt to be Biblical -- socially, economically and politically as well as theologically. They have no hesitancy in attacking a number of sacred cows; they have no hesitancy, either, in advocating positions which their fellow-believers call leftist. Their approach, however, while occasionally sharp and necessarily negative, is objective, dispassionate and peaceful. We are reminded in this courageous book that the political problems inevitably become moral problems, and on moral problems the Bible speaks in a loud voice. The writers plead for some serious thinking and rethinking instead of a closed-minded patriotism which proudly renders to Caesar the things which are God's. -- Vernon Grounds
