Miracles: A Very Short Introduction Oxford University Press

The Devil has fascinated writers and theologians since the time of the New Testament, and inspired many dramatic and haunting works of art. Today he remains a potent image in popular culture. *The Devil: A Very Short Introduction* presents an introduction to the Christian Devil through the history of ideas and the lives of real people.

On Hinduism OUP Oxford

Pixar animator and Academy Award-nominated director Sanjay Patel (Sanjay's Super Team) brings to life Hinduism's most important gods and goddesses—and one sacred stone—in fun,

full-color illustrations, each accompanied by a short, lively profile. *The Little Book of Hindu Deities* is chock-full of monsters, demons, noble warriors, and divine divas. Find out why Ganesha has an elephant's head (his father cut his off!); why Kali, the goddess of time, is known as the "Black One" (she's a bit goth); and what "Hare Krishna" really means. "Throw another ingredient in the American spirituality blender. Pop culture is veering into Hinduism."—USA Today

The Devil: A Very Short Introduction Oxford University Press

India has a long, rich, and diverse tradition of philosophical thought, spanning some two and a half millennia and encompassing several major religious traditions. This Very Short Introduction emphasizes the diversity of Indian thought, and is structured around six

schools which have achieved classic status. Sue Hamilton explores how the traditions have attempted to understand the nature of reality in terms of an inner or spiritual quest, and introduces distinctively Indian concepts such as karma and rebirth. She also shows how Indian thinkers have understood issues of reality and knowledge -- issues which are also an important part of the Western philosophical tradition. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

Paganism: A Very Short Introduction

ONEWorld Publications

Hinduism is practised by about 80% of India's population, and by about 30,000,000 people outside India. But how is Hinduism defined, and what basis does the religion have? This work gives concise insights into the central preoccupations of Hinduism.

The Oxford History of Hinduism Oxford University Press, USA

On Hinduism is a penetrating analysis of many of the most crucial and contested issues in Hinduism, from the Vedas to the present day. In a series of 63 connected essays, it discusses Hindu concepts of polytheism, death, gender, art, contemporary puritanism, non-violence, and much more.

Sikhism Oxford University Press

Since the end of the Cold War fundamentalism has been seen as the major threat to world peace and prosperity, a concern that was exacerbated by the events of 9/11, and the 'War against Terrorism'. But what does 'fundamentalism' really mean? Since it was coined by American Protestant evangelicals in the 1920s, the word has expanded its meaning to include radical conservatives or ideological purists in many spheres of activity, not all of them religious. Modern applications of fundamentalism include Islamist radicals in the Muslim world, the militant Israeli settlers who oppose them as well as Sikh, Hindu and even Buddhist nationalists who seek to justify their political agendas by reference to divine edicts or religious tradition. This exciting new book tackles the polemic and stereotypes surrounding this fascinating subject.

Islam: A Very Short Introduction OUP Oxford

It has been suggested that 'spirituality' has become a word that 'can define an era'. Why? Because paradoxically, alongside a decline in traditional religious affiliations, the growing interest in spirituality and the use of the word in a variety of contexts is a striking aspect of contemporary western cultures. Indeed, spirituality is sometimes contrasted attractively with religion, although this is problematic and implies that religion is essentially dogma, moralism, institutions, buildings, and hierarchies. The notion of spirituality expresses the fact that many people are driven by goals that concern more than material satisfaction. Broadly, it refers to the deepest values and sense of meaning by which people seek to live. Sometimes these values are conventionally religious. Sometimes they are associated with what is understood as 'the sacred' in a broader sense - that is, of

ultimate rather than merely instrumental importance. This Very Short Introduction, written by one of the most eminent scholars and writers on spirituality, explores the historical foundations of the thought and considers how it came to have the significance it is developing today. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable.

African Religions Oxford University Press

The Focus Of This Book Is On The Essential Beliefs Of The Hindu Religion; It Introduces The Reader To The Vedas Including Sanskrit To English Translation Of Mantras. The Book Also Focuses On Spiritual Aspects Of The Raj Yoga, Definitions Of Certain Words Like Mantra, Karma, Etc.

Fundamentalism Oxford University Press

"Since 1979 the international magazine Hinduism Today has been producing a treasury of educational features on all aspects of Sanatana Dharma. Guided by the founder, Satguru Sivaya Subramuniyaswami, the magazine's editors, who are initiated monks of Kauai's Hindu Monastery, collaborated with holy men and women and experts around the world in creating graphically rich guides to virtually every important aspect of Hinduism. The best of those works are assembled in "What Is Hinduism?" for Hindus and non-Hindus alike to discover the culture, beliefs, worship and mysticism that is India's greatest gift to humanity." -- Back cover.

Atheism: A Very Short Introduction OUP Oxford

Hinduism is practised by about 80% of India's population, and by about 30,000,000 people outside India. But how is Hinduism defined, and what basis does the religion have? This work gives concise insights into the central preoccupations of Hinduism.

Christianity Oxford University Press, USA

Introduces the texts and ideas of Hinduism, crystallized during the 4th to the 10th century BCE. This book explains their contemporary relevance and deals with the key concepts, the main gods and goddesses, and texts such as the Purusarthas. It also examines the different systems of yoga.

A Hindu Theology of Liberation OUP Oxford

This book connects traditional religions to the thriving religious activity in Africa today.

Humanism: A Very Short Introduction

Oxford University Press

This Very Short Introduction introduces the reader to the teachings of the Buddha and to the integration of Buddhism into daily life. What are the distinctive features of Buddhism? Who was the Buddha, and what are his teachings? How has Buddhist thought developed over the centuries, and how can contemporary dilemmas be faced from a Buddhist perspective? Words such as 'karma' and 'nirvana' have entered our vocabulary, but what do they mean? Damien Keown's book provides a lively, informative response to these frequently asked questions about Buddhism.

The Oxford History of Hinduism: Modern Hinduism Oxford University Press, USA

Who or what is God? In this Very Short Introduction John Bowker considers questions like these. Exploring how the major religions interpret the idea of God, and have established their own distinctive beliefs about his existence, Bowker shows how and why our understanding of God continues to evolve.

Tibetan Buddhism: A Very Short Introduction Oxford University Press, USA

'Paganism' is an evocative word that, even today, conjures up deep-seated emotions and prejudices. Until recently, it was primarily a derogatory term used by Christians to describe the non-Christian cultures confronted and vanquished by their Churches. For some it evokes images of sacrifice and barbaric behaviour, while for others it symbolises a peace-loving, nature-worshipping spiritual relationship with the earth. This Very Short Introduction explores the meaning of paganism - through a chronological overview of the attitudes towards its practices and beliefs - from the ancient world through to the present day. Owen Davies largely looks at paganism through the eyes of the Christian world, and how, over the centuries, notions and representations of its nature were shaped by religious conflict, power struggles, colonialism, and scholarship. Despite the expansion of Christianity and Islam, Pagan cultures continue to exist around the world, whilst in the West new formations of paganism constitute one of the fastest-growing religions. Focussing on paganism in Europe, but exploring the nature of paganism globally, Davies looks at how Europeans discovered new cultures through colonial expansion, missionary work, and anthropological study. Contemporary social paganism can be a liberating and social force, and the idea of a global Pagan theology is now on the religious map. ABOUT THE SERIES: The Very Short Introductions series from

Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. [Indian Philosophy: A Very Short Introduction](#) Oxford University Press, USA

Summary: Philosopher Stephen Law explains why humanism--though a rejection of religion--nevertheless provides both a moral basis and a meaning for our lives.-publisher description.

[Conscience: A Very Short Introduction](#)

Oxford University Press

What is the philosophy of religion? How can we distinguish it from theology on the one hand and the psychology/sociology of religious belief on the other? What does it mean to describe God as eternal? And should religious people want there to be good arguments for the existence of God, or is religious belief only authentic in the absence of these good arguments? In this Very Short Introduction Tim Bayne

introduces the field of philosophy of religion, and engages with some of the most burning questions that philosophers discuss. Considering how religion should be defined, and whether we even need to be able to define it in order to engage in the philosophy of religion, he goes on to discuss whether the existence of God matters. Exploring the problem of evil, Bayne also debates the connection between faith and reason, and the related question of what role reason should play in religious contexts. Shedding light on the relationship between science and religion, Bayne finishes by considering the topics of reincarnation and the afterlife. ABOUT THE SERIES: The Very Short Introductions series from Oxford University Press contains hundreds of titles in almost every subject area. These pocket-sized books are the perfect way to get ahead in a new subject quickly. Our expert authors combine facts, analysis, perspective, new ideas, and enthusiasm to make interesting and challenging topics highly readable. *What Is Hinduism?* Oxford University Press, USA

This is a short, accessible analysis of

Christianity that focuses on its social and cultural diversity as well as its historical dimensions.

Hinduism Oxford University Press, USA
Heathen, Hindoo, Hindu is a groundbreaking analysis of American representations of religion in India before the turn of the twentieth century. Before Americans wrote about "Hinduism," they wrote about "heathenism," "the religion of the Hindoos," and "Brahmanism."

Americans used the heathen, Hindoo, and Hindu as an other against which they represented themselves. The questions of American identity, classification, representation and the definition of "religion" that animated descriptions of heathens, Hindoos, and Hindus in the past still animate American debates today.

Spirituality: A Very Short Introduction

Penguin

This is an introduction to the subject of academic theology. Its basic approach is interrogative, raising key questions so as to lead into a range of selected topics such as knowledge community, salvation, God, prayer and evil.
