The classic conception of human transcendental consciousness assumes its self-supporting existential status within the horizon of life-world, nature and earth. Yet this assumed absoluteness does not entail the nature of its powers, neither their constitutive force. This latter call for an existential source reaching beyond the generative life-world network. Transcendental consciousness, having lost its absolute status (its point of reference) it is the role of the logos to lay down the harmonious positioning in the cosmic sphere of the all, establishing an original foundation of phenomenology in the primogenital onto-poiesis of life.

Based on extensive new research and a bold interpretation of the man and his texts, *The Passion of Michel Foucault* is a startling look at one of this century's most influential philosophers. It chronicles every stage of Foucault's personal and professional odyssey, from his early interest in dreams to his final preoccupation with sexuality and the nature of personal identity.

Este libro presenta las aportaciones sociológicas de 78 autores protagonistas. Nos adentra en sus preguntas, investigación y respuestas sobre el carácter natural e histórico y la función de las relaciones e instituciones sociales, sobre las estructuras sociales y sus desigualdades, y sobre los cambios que se generan y que afectan a las formas de vida de las colectividades. Para ayudar a la comprensión y lectura se hace una presentación de cada bloque u orientación teórica, y unos apuntes biográficos y reseña de escritos de cada autor. Veinticinco sociólogos de España y Latinoamérica, profesores de Universidades e Institutos Superiores, colaboran en la segunda edición de este libro, editado por Josetxo Beriain y José Luis Iturrate.

A obra dramática de Roberto Vidal Bolaño é o relato da carismática procura dunha poética teatral propia. O libro traduce

en termos divulgativos unha complexa aventura artística seguindo o rastro dun creador xenial que ilumina os vinte e cinco anos finais do segundo milenio. Neste alambique destíase un insólito fenómeno cultural colectivo, metonimia da vitalidade dun ambiente social ben próximo aínda que xa admite unha visión histórica. O volume iníciase reivindicando o valor do autor e reconstruíndo a súa carreira para logo catalogar e clasificar as súas obras, avanzando unha lectura temática dos proxectos en que empeñou a vida. A proposta remata esgotando a análise dun proxecto, a primeira superproducción plenamente galega, *Agasallo de sombras*. Deste modo supérase o perfil externo e penétrase no obradoiro creativo do autor mediante a reconstrución virtual dos procesos de creación e explotación escénica e a análise dos textos desde dous focos complementarios, o dramatólxico e o teórico-crítico.

Ficcio criminal a Barcelona. 1950-1963 té com a columna vertebral l'estudi d'un conjunt de pel·lícules que, seguint el camí obert per Brigada criminal i Apartado de Correos 1001, es van produir a Barcelona durant la década dels cinquanta i principis dels seixanta dins del gènere popularment conegut com a policíac. El comentari cronològic segons la data d'estrena a Barcelona de les seixanta-cinc pel·lícules considerades permet analitzar contextualment el sorgiment, l'evolució i el final del cicle genéric més important de la cinematografia catalana. Tanmateix, l'aspecte cinematogràfic és només una part del llibre. El context dels films no es limita als condicionants sociopolítics o industrials; el gènere criminal es manifesta també en altres mitjans com ara la novel·la (llibres i col·leccions periòdiques, la ràdio i finalment la televisió). Els diferents mitjans, així com la interrelació entre ells, es tracten en capítols específics que aporten dades rellevants sobre aspectes de la cultura popular poc estudiats fins ara. A part de l'excel·lència individual d'algunes de les obres analitzades, el conjunt d'elles reflecteix les difícils condicions en què es movia l'activitat cultural en plena dictadura franquista, sota la qual les publicacions o estrenes teatrals en català tenien una dificultat afegida. Aquest rerefons històric es fa notar contínuament en el

text.

Logo do éxito de *Un nicho para Marilyn*, Frank Soutelo, detective californiano de pais galegos, volve en Luar no inferno aos ambientes cinematográficos para tentar descubrir unha trama negra na que se mesturan os magnates de Hollywood, o tráfico de mulleres na fronteira mexicana e as snuff movies, películas ilegais realizadas con violencia real. Miguel Anxo Fernández (*O Carballiño*, 1955) aborda con orixinalidade o xénero policial para recrear, con humor e ironía, o mundo das películas de detectives e a súa engaioladora e apaixonante maneira de contar historias. *Ficcio criminal a Barcelona, 1950-1963* Editorial Galaxia

A historia de Demetrio Bilbatúa forma parte da historia dos galegos da diáspora. Este é un libro no que se recollen os froitos e os testemuños de todo un traxecto vital e profesional que levou ao seu protagonista desde o Vigo da posguerra ao México do progreso e do cinema. Un relato tramado no diálogo de dúas voces paralelas: unha centrada na biografía de Demetrio Bilbatúa, nas súas reflexións, nos avatares da súa familia durante a Guerra Civil española, no seu encontro con México e, fundamentalmente, no desenvolvemento da súa carreira como camarógrafo e documentalista.; e, a outra, construída a partir dun xogo de imaxes, referencias de época, relatos e testemuños de familiares e amigos.

In this first study of voice-over including not only academic issues but also a description of the practice of voice-over, the authors write about voice-over in Film Studies and Translation Studies. The book also features models on voice-over which can be used to include this transfer mode in courses. A commented bibliography on voice-over completes this study.

**Anuario Grial de Estudos Literarios Galegos 2007** Peter Lang GmbH, Internationaler Verlag Der Wissenschaften Premio García Barros 2017. Premio San Clemente 2018 Vilagarcía, principios do século XX. O destino dos mariñeiros ingleses e alemáns crúzase coas arelas de liberdade dunha moza que intenta ceibarse das estreitezas e ataduras da Galicia daquel tempo. Moitos anos despois, no Cemiterio dos Ingleses só queda unha tumba anónima, a número un. Alí agarda o misterio final, o dese sartego e o seu descoñecido ocupante. O enigma que arrodea a vida de Delia Cores e do seu fillo Edelmiro, o xardineiro dos ingleses. Cunha prosa áxil, protagonistas de carne e óso, e unha trama que zigzaguea entre os principais acontecementos históricos europeos, Marcos Calveiro consegue a súa obra máis lograda, de lectura apaixonante e chea de sucesos inesperados. Unha novela sobre a busca de liberdade. Sobre a xustiza e a capacidade para enfrontarse ao fado da historia.

An anti-novel.' It opens with more than fifty prologues-including ones addressed 'To My Authorial Persona,' 'To the Critics,' and 'To Readers Who Will Perish If They Don't Know What the Novel Is About'-that are by turns philosophical, outrageous, ponderous, and cryptic. These pieces cover a range of topics from how the upcoming novel will be received to how to thwart 'skip-around readers' (by writing a book that's defies linearity!). The novel itself, is about a group of characters (some borrowed from other texts) who live on an estancia called 'la novella'

From the Laws of Mount Misery: There are no laws in psychiatry. Now, from the author of the riotous, moving, bestselling classic, The House of God, comes a lacerating and brilliant novel of doctors and patients in a psychiatric hospital. Mount Misery is a prestigious facility set in the rolling green hills of New England, its country club atmosphere maintained by generous corporate contributions. Dr. Roy Basch (hero of The House of God) is lucky enough to train there \*only to discover doctors caught up in the circus of competing psychiatric theories, and patients who are often there for one main reason: they've got good insurance.

From the Laws of Mount Misery: Your colleagues will hurt you more than your patients. On rounds at Mount Misery, it's not always easy for Basch to tell the patients from the doctors: Errol Cabot, the drug cowboy whose practice provides him with guinea pigs for his imaginative prescription cocktails . . . Blair Heiler, the world expert on borderlines (a diagnosis that applies to just about everybody) . . . A. K. Lowell, née Aliyah K. Lowenschteiner, whose Freudian analytic technique is so razor sharp it prohibits her from actually speaking to patients . . . And Schlomo Dove, the loony, outlandish shrink accused of having sex with a beautiful, well-to-do female patient. From the Laws of Mount Misery: Psychiatrists specialize in their defects. For Basch the practice of psychiatry soon becomes a nightmare in which psychiatrists compete with one another to find the best ways to reduce human beings to blubbering drug-addled pods, or incite them to an extreme where excessive rage is the only rational response, or tie them up in Freudian knots. And all the while, the doctors seem less interested in their patients' mental health than in a host of other things \*managed care insurance money, drug company research grants and kickbacks, and their own professional advancement. From the Laws of Mount Misery: In psychiatry, first comes treatment, then comes diagnosis. What The House of God did for doctoring the body, Mount Misery does for doctoring the mind. A practicing psychiatrist, Samuel Shem brings vivid authenticity and extraordinary storytelling gifts to this long-awaited sequel, to create a novel that is laugh-out-loud hilarious, terrifying, and provocative. Filled with biting irony and a wonderful sense of the absurd, Mount Misery tells you everything you'll never learn in therapy. And it's a hell of a lot funnier.

PREMIO RAMÓN PIÑEIRO DE ENSAIO 2019 O thriller xacobeo, a novela policial e a narcoficción son os casos singulares a partir dos que Xaquín Núñez Sabarís efectúa un percorrido pola cartografía da narrativa galega actual. Expresados a través da literatura, as artes escénicas, o cinema e a televisión, e con localización específica en Compostela, Vigo e as Rías Baixas. Tres casos e tres escenarios nos que se enfoca o método trasmedial e cartográfico adoptado, co que se facilita a análise da transformación dunha cultura. O eixo temporal, que broslaba o relato da nación, trasládase ao espacial, fragmentado o espazo

simbólico da representación en unidades máis atomizadas. A cidade actual recolle, en esencia, o legado da tradición narrativa

para redeseñar a organización xeoliteraria da Galicia contemporánea.
