 Zero-day vulnerabilities-- software vulnerabilities for which no patch or fix has been publicly released-- and their exploits are useful in cyber operations--whether by criminals, militaries, or governments--as well as in defensive and academic settings. This report provides findings from real-world zero-day vulnerability and exploit data that could augment conventional proxy examples and expert opinion, complement current efforts to create a framework for deciding whether to disclose or retain a cache of zero-day vulnerabilities and exploits, inform ongoing policy debates regarding stockpiling and vulnerability disclosure, and add extra context for

those examining the implications and resulting liability of attacks and data breaches for U.S. consumers, companies, insurers, and for the civil justice system broadly. The authors provide insights about the zero-day vulnerability research and exploit development industry; give information on what proportion of zero-day vulnerabilities are alive (undisclosed), dead (known), or somewhere in between; and establish some baseline metrics regarding the average lifespan of zero-day vulnerabilities, the likelihood of another party discovering a vulnerability within a given time period, and the time and costs involved in developing an exploit for a zero-day vulnerability"--

 Publishing for the centenary of her birth, Patricia Highsmith's diaries "offer the most complete picture ever published" of the canonical author (New York Times). Relegated to the genre of mystery during her lifetime, Patricia Highsmith is now recognized as one of "our greatest modernist writers" (Gore Vidal). Beloved by fans who were unaware of the real psychological turmoil behind her prose, the famously secretive Highsmith refused to authorize a biography, instead sequestering herself in her Switzerland home in her final years. Posthumously, her devoted editor Anna von Planta discovered her diaries and notebooks in 1995, tucked in a closet—with tantalizing instructions to be read. For years thereafter, von Planta meticulously culled from over eight thousand pages to help reveal the inscrutable figure behind the legendary pen. Beginning with her junior year at Barnard in 1941, Highsmith ritualistically kept a diary and

notebook—the former to catalog her day, the latter to brainstorm stories and hone her craft. This volume weaves diary and notebook simultaneously, exhibiting precisely how Highsmith's personal affairs seeped into her fiction—and the sheer darkness of her own imagination. Charming yet teetering on the egotistical, young "Pat" lays bare her dizzying social life in 1940s Greenwich Village, barhopping with Judy Holliday and Jane Bowles, among others. Alongside Flannery O'Connor and Chester Himes, she attended—at the recommendation of Truman Capote—the Yaddo artist colony in 1948, where she drafted *Strangers on a Train*. Published in 1950 and soon adapted by Alfred Hitchcock, this debut novel brought recognition and brief financial security, but left a heartsick Highsmith agonizing: "What is the life I choose?" Providing extraordinary insights into gender and sexuality in mid-twentieth-century America, Highsmith's diaries convey her euphoria writing *The Price of Salt* (1951). Yet her sophomore novel would have to be published

under a pseudonym, so as not to tarnish her reputation. Indeed, no one could anticipate commercial reception for a novel depicting love between two women in the McCarthy era. Seeking relief from America, Highsmith catalogs her peripatetic years in Europe, subsisting on cigarettes and growing more bigoted and satirical with age. After a stay in Positano with a new lover, she reflects in her notebooks on being an expat, and gleefully conjures the unforgettable *The Talented Mr. Ripley* (1955); it would be this sociopathic antihero who would finally solidify her true fame. At once lovable, detestable, and mesmerizing, Highsmith put her turbulent life to paper for five decades, acutely aware there must be "a few usable things in literature." A memoir as significant in our own century as Sylvia Plath's journals and Simone de Beauvoir's writings were to another time, *Patricia Highsmith: Her Diaries and Notebooks* is an historic work that chronicles a woman's rise against the conventional tide to unparalleled literary prominence. The Hindi film song has held millions spellbound for nearly eight decades. In this unputdownable 'labour of love', India's leading film song historian, Raju Bharatan, delves deep into his treasure trove to tell us how singing is all about romancing, how composing is all about feelings, how the twain, stardom and songdom, do meet to make the vintage film number a part of the nation's psyche. He reconstructs song happenings over the last sixty years or so to condense the emotion and passion going into legendary star hook-ups, showing us how with the pairing comes the vibe, with the vibe comes the tune, and with the tune unfolds cinema that is a 'Madhuballad' all the way. This volume also describes the creative inputs of music directors, lyricists and singers that go into the making of a Hindi film song. It is a compendium that no one can afford to miss! Raju Bharatan is popularly recognized as the last word on film music in India - as the only one physically there 'on the scene' through the decades. His knowledge of Hindustani cinesangeet is matched only by his

grip on Indian cricket. He now packs fifty years of musical lore into a work sure to command a niche on your bookshelf.

The English translation of a masterpiece by Sayyid Abul Aala Maududi. The book deals with not only the Islamic perspective on warfare (jihad) but also presents a comparative study of the concept of "just war" in various theologies, such as Judaism, Christianity, Hinduism and Buddhism. *Apocalyptic Dusk* Sterling Publishers Pvt. Ltd

This book is a collection of dark poems written over a span of seven years. It talks about an apocalypse which is highly personal in nature. The doom which came suddenly, without any prior notice, and flooded everything. It was the dusk when the sun set and never rose again. The poems here are subjective, surreal and prone to individual perception, ranging from passionate poetic epiphanies to cryptic imageries and references. They offer a multi-layered meaning and expose themselves depending upon how much the readers wish to probe into.

This book offers a representative selection of humorous and satirical Urdu poetry, drawn from the works of seventeen major poets, including the classics like Mohammed Rafi Sauda and Akbar Allahabadi, besides the famous practitioners of this art in the 20th century. The poems are chosen on the basis of their artistic and thematic quality. These are then translated, verse by verse, into English, and transliterated in the Roman script for the benefit of the non-Urdu-knowing reader. This is probably the first book of its kind in Urdu-English translated literature.

India is a vast country of continental size. Despite increasing literacy, English continues to be the link language for want of acceptable language within the country.

However, Hindi still remains the language of the masses, spoken by more than half the population and understood by nearly

three-fourths. Although Hindi is taught in school syllabi, its purpose is purely academic that hardly serves to promote national unity through ease in conversation. Understanding this need in filling this disjointed gap, V&S Publishers has taken the first fledging step by deciding to bring out a conversational Indian Language series, beginning with Telugu-to-Hindi module, in the name of "e;sampurna vyakaran sahit....."e;After years of research and hard work and supported by knowledgeable persons of literary taste, we have come out with this unique volume that is significantly different from all the other language learning courses out there. The major difference: this module format also provides the basics of grammar which are absent from all the other titles in the market. These basics of grammar not only provide knowledge base of the language, but also enable an individual to learn the language while speaking it. #v&spublishers

The whole purpose behind writing this book and sharing my thoughts with the world is to make life better, help people become more reasonable in their approach, remove negative vibes and solve problems in human relations that spoil the joy of life. I have touched upon various aspects of life, like its creation and purpose, common conflicts and their reasons, how to make human life less complicated and I have put great deal of emphasis on parenting. In the first part, I have mentioned about how a good entity designed and created this universe and life, and what could have been the possible reason behind it. In the second part the other side of my thought gets manifested, where it says this universe was conceptualized and brought about by a negative element, also explains the possible reason behind it. Hence the title, Dizygotic Twins,

which is basically the medical term for non-identical twins. Both of them are my brain child. Definitely all these are largely my imaginations based on life events, and on both the versions, I have tried to give some solutions at my level, which also includes discussion about Anti-Natalism. That's why I called it a Fiction Of Facts! One might find a layer of rawness in my style of writing due to the fact I am a rookie when it comes writing. This is my maiden work in writing, so kindly pardon the lack of finesse which you may witness while reading. My mind and heart were brimming with these thoughts and concepts for decades, I couldn't hold them back, and hence I just poured them all out despite being a complete naïve in literature. Hope this book makes some sense to the reader. Many Thanks

reminiscences about the eccentric, glamorous, yet angst-ridden Hindi film world of the 1940s.

Saadat Hasan Manto, one of the greatest short story writers of the Urdu language, was also a film journalist and story-writer for the Hindi film industry in Bombay. As an insider he was privy to the most private moments of the men and women who have dazzled generations of audiences. In this series of sketches, Ashok Kumar, the screen idol of yore, emerges as a shy, yet brilliant actor, forever looking to flee the eager advances of his female fans; Nargis comes across as just another young girl looking for companionship among her peers before she steps on the ladder that will forever take her away from the comforts of an ordinary middle-class life; and Shyam-the dashing, handsome hero-is portrayed as a straightforward, flirtatious young man pining for the woman he loves. Manto also describes in detail the obsessions of Sitara Devi; the unfulfilled desires of Paro Devi; and the intriguing twists and turns which transform

Neena Devi from an ordinary housewife into a pawn in the hands of film companies. He writes with relish about the bunglings of the comedian V.H. Desai and the incredible dedication of Nawab Kaashmiri to the art of acting. There are also stories about the rise of Nur Jehan as the greatest singer of her times; and the various peccadilloes of the musician, Rafiq Ghaznavi. With subjects ranging from film journalism to the sexual eccentricities of these stars, Manto brings to life a generation with his characteristic verve and honesty.
