The magic of brands is as old as Coke and as young as Tango. But getting beneath the packaging to understand a brand's winning technique is tough. Why do Kellogg's or Barbie still remain the consumer's friend? Why should a computer name or a sporting logo win favour with consumers worldwide? The World's Greatest Brands asks such key questions of over 350 of the world's leading brands. Explanations of a brand's history, its management and exploitation will appeal to the expert and the consumer. Anecdotes and analysis are combined to explain the science and art that have contributed to great branding case

histories. Also included here is branding consultancy Interbrand's ranking of the world's 100 most powerful brands along with their assessment of brand owners' skills and winning techniques. This is a unique compilation on a subject with a fascination for all consumers. No-one who enjoys the benefits of great brands can fail to enjoy and profit from this book.

Since it was first published, French in Action: A Beginning Course in Language and Culture—The Capretz Method has been widely recognized in the field as a model for video-based foreign-language instructional materials. The third edition, revised by

Pierre Capretz and Barry Lydgate, includes new, contemporary illustrations throughout and, in the Documents section of each lesson, more-relevant information for today's students. A completely new feature is a journal by the popular character Marie-Laure, who observes and comments humorously on the political, cultural, and technological changes in the world between 1985 and today. The new edition also incorporates more content about the entire Francophone world. In use by hundreds of colleges, universities, and high schools, French in Action remains a powerful educational resource that this third edition updates for a new generation of learners. Part 2 gives students at the intermediate level the tools they need to communicate effectively in French and to understand and appreciate French and Francophone cultures.

DICTIONNAIRE DU RESTAURATEUR Michelin Travel & Lifestyle
Le recueil de récits d'enfance tire son intérêt et son originalité de son caractère collectif en rupture avec la conception classique du récit d'enfance comme entreprise individuelle et autonome. L'impact de la forme brève imposée par le recueil sur le récit d'enfance pose avec acuité la question du renouvellement (ou non) des modalités d'écriture de l'enfance: sélection des souvenirs, reconduite ou subversion des motifs liés à l'enfance. Tirant profit des théories stipulant le dynamisme du recueil, cet ouvrage prône une lecture hypertextuelle de trois collectifs rassemblant des écrivains francophones d'horizons divers qui, à partir d'un fragment d'enfance, relatent leurs rapports complexes à la grande Histoire et à la petite histoire mais aussi au pays d'origine et au pays de l'exil, à la langue maternelle et à la langue d'écriture. Au-delà de la problématique postcoloniale, la

poétique des textes transversale pratiquée cherche à tracer des liens transculturels entre des enfances issues de mondes très différents.

TRAVEL & HOLIDAY GUIDES. The volcanic island of Grenada and the smaller Grenadines, Carriacou and Petite Martinique, sit at the southern tip of the Windward Islands chain in the eastern Caribbean. In 2004, they were decimated by Hurricane Ivan. The nutmeg trees on which the economy was once reliant were destroyed, and buildings and infrastructure collapsed. But now the islands have been rebuilt, renovated and improved. They are once more open for business, and enjoying a newfound prosperity as visitor numbers increase year on year. This guide takes hikers on treks through the rainforest, and divers to The Bianca C, the largest shipwreck in the Caribbean. It shows cultural visitors the nation's diverse heritage and rich musical traditions and leads those in need of a little lie-down to unspoilt beaches and secluded coves.

What resources underpin the development of a territory? What does territorial management of resources mean? What specific characteristics and opportunities does territorial organization offer for agricultural production, regulation of sectors, and services? How are territorial public policies conceived and applied? What methods and tools can be used for territorial

development? This book presents a wide range of studies illustrating how actors, scales and scopes of intervention interact in the development of rural spaces in countries of the Global South.

Zu den Perlen der französischen Karibik gehören zweifelsohne die Inseln Guadeloupes. Wer hier einmal Palmenstrände, Regenwald, Mangrovensümpfe, Bergwelten und ein Bad im türkisfarbenen Meer genossen hat, wird immer wieder zurückkehren wollen. Im einzigen deutschsprachigen Reiseführer zu dem Archipel werden neben den beiden Hauptinseln Basse-Terre und Grande-Terre auch die kleineren Inseln Marie-Galante und La Désirade sowie die Îles des Saintes und die Îles de la Petite-Terre vorgestellt. Das französische Département ist ideal für Selbstfahrer. Besonderen Wert legen die Autoren auf die vielfältigen Landschafts-, Sport- und kulinarischen Erlebnisse: Taucher, Segler, Surfer und Kite-Surfer finden zahlreiche Anregungen, detaillierte Wandervorschläge erschließen die Inselwelt und kleine Restaurants verführen mit großartiger Küche.

Carefully researched using the Porsche factory archives, private collections, period documentation and intensive study. In an attempt to cover everything an owner, restorer, historian or enthusiast would want to know about the dawn of Porsche's turbocharged supercar, the Turbo 3.0 book includes a considerable amount of material never before published. For example: comprehensive discussions of original options, close-up photos of key details, scenes from factory production, coverage of special one-off models and period motorsports. This exhaustive

volume not only covers the privateer racing exploits of the 3.0-liter Turbo, but also the development of production-based turbocharged race cars by examining the Carrera RSR Turbo 2.14 and Turbo RSR 934/934.5. Additionally, it includes interviews with factory engineers, development drivers and racing pilots involved with the development of Porsche's original Turbo. This is the definitive book about Porsche's immortal 3.0-liter Turbo and it is essential reading for anyone who has ever owned, driven or simply lusted after the first supercar of the modern era.

In this, his first book, Patrick Leigh Fermor recounts his tales of a personal odyssey to the lands of the Traveller's Tree - a tall, straight-trunked tree whose sheath-like leaves collect copious amounts of water. He made his way through the long island chain of the West Indies by steamer, aeroplane and sailing ship, noting in his records of the voyage the minute details of daily life, of the natural surroundings and of the idiosyncratic and distinct civilisations he encountered amongst the Caribbean Islands. From the ghostly Ciboneys and the dying Caribs to the religious eccentricities like the Kingston Pocomaniacs and the Poor Whites in the Islands of the Saints, Patrick Leigh Fermor recreates a vivid world, rich and vigorous with life.

La Martinique est-elle toujours une colonie qui ne veut pas avouer son statut, ou bien devient-elle réellement un département ? Pour répondre à cette question, l'auteur fait une analyse politique, économique et sociale de l'île depuis 1960. L'auteur analyse les

politiques successives de la métropole - ambiguës et variables - mais aussi les attitudes de l'élite locale et de la population, ainsi que les corrélations qui en naissent : il en ressort un tableau sans

concessions, mais révélateur, du problème soulevé. L'ouvrage constitue également une mine de renseignements, statistiques et autres, sur la Martinique.
