After seventeen years as a practitioner and teacher of Reiki, Sister Eileen has been astonished by the sheer number of people who have continued to stream through the door. People of all ages and traditions have come seeking their healing and finding it as Eileen did when she first embarked on this foreign road that soon became home to her. Eileen has come to recognize through her many years of practice that there is an inherent healing power within each of us and that the gift of Reiki is able to activate it. In her training manual, Eileen brings with her a core community of Reiki practitioners from different traditions and backgrounds that journey alongside her and recognize, as she does, the simplicity, wonder and beauty of God's universal gift for our time. The healing stories are too numerous to count but she does include specific testimonials within her training manual that speak for the thousands of others who have been healed through the doorway of Reiki. In this way, Eileen's Level I and II training manual, becomes a living testimony as she thoroughly covers all the information required to be a successful and competent Reiki practitioner. Written with inspiration and clarity, Eileen takes the reader on an amazing journey into the dynamic world of the inner self. Like a fresh current of air, she presents her material in an appealing and easily digestible manner. The uniqueness of Eileen's Reiki training manual lies in her ability to weave the Christ conscious healing dimension into it just as an alchemist would when producing gold. In this way, Eileen shows how the revered eastern practice of Reiki discovered by Dr. Mikao Usui, a Japanese Buddhist, in the early 20th century can blend perfectly with a Christian heritage of healing where the one enhances the other. At the same time, she shows how this simple, profound method of healing transcends cultural and religious boundaries in a way that makes this universal gift of Life Force Energy accessible to anyone. Often people who encounter Reiki for the first time experience an inner bliss and harmony which leads

them to explore the gift more fully. Others go away from the treatment or training feeling restored, refreshed and renewed. Reiki, the universal Life Force Energy of God, is not a new invention or modern day fad. Its roots are planted deep in ancient history. In the Old Testament, Life Force Energy was spoken about eloquently and has been pulsating through the whole of creation from the beginning of time. Even science and the world of medicine are looking at this complementary form of healing called "Reiki" with fresh new eyes. Its worldwide impact can no longer go unnoticed. About the Author Eileen Curteis, a Sister of Saint Ann, is a Reiki Master teacher and practitioner, who has taught and treated thousands of people over the last seventeen years at Queenswood, a former retreat and spirituality centre in Victoria, British Columbia. Preceding this, Eileen was a teacher, principal and educator for twenty-seven years. Her greatest passion lies in the literary arts. She has authored ten books to date and through the years has become an accomplished poet, artist, writer, as well as being a producer of six CDs and three films.

The Element in the Room is a book of poems inspired by energy - renewable energy in particular - and a book of pictures inspired by poems about renewable energy. Some poems were prompted by reflections on the elements, some from talking with people working in the field, others from renewable technologies themselves - the look of them, their potential, people's responses to them. Some are playful, cheeky, pithy, others more lyrical and solemn, some are just plain daft. Among them there's a sonnet, a country and western song and a prose poem called The Not-for-Prophit. You get the picture. None is intended as a 'last word', they are offered for your pleasure and interest and to provoke discussion. The illustrations are by a range of talented artists, to be specific: Heidi Ball, Laura Cochón, Tori Dee, Chloë Uden, Josie Ashe, Naomi Ziewe Palmer and More than Minutes. This book was produced in conjunction with Regen SW (A centre for expertise in sustainable energy) and The Centre for Business and Climate Solutions (The University of Exeter) Regen SW is a centre for expertise in sustainable energy supporting community energy groups across the UK to develop their own energy projects and

Do You Need Healing And Awareness In Order to Get Rid Of Stress? Do You Want to Live the Life You've Always Wanted? Reiki is a Japanese technique of energy healing where it seeks the integral balance of the human being through a philosophy of life and simple techniques, thereby helping to recover health and internal energy. The oriental thought on which Reiki is based, considers the disease as a product of an imbalance of the vital energy of the body, ki, as a result of certain acquired habits, which far from being healthy, produce a disharmony translated into known ailments. Recognized by WHO as a complementary therapy to traditional medicine, there are several organizations that include Reiki as a therapy with allopathic medicine. In hospitals in several countries they already obtain benefits with their admission to the public system, where Reiki is taught to health personnel as a tool of use in their daily work, as it is in the case of the USA, England, Germany or Switzerland, and in the latter, medical insurers reimburse the cost of treatments. La storia di Lucilla, Andrea e Sauro, che si trovano, si feriscono e si ritrovano, sullo sfondo di un grande ospedale all'avanguardia, dove la speranza e il dolore siedono ogni giorno allo stesso tavolo. «Con uno stile lieve ma mai scontato, Luini intreccia storie d'amore. E ogni personaggio riesce, a modo suo, a metterci di fronte alle più terribili paure.» La Gazzetta del Mezzogiorno «La scrittura di Maria Giovanna Luini resta essenzialmente un'emozione fondamentale, un'insuperabile e coinvolgente malinconia.» Il Mangialibri «Stile e grazia sono la cifra stilistica di una scrittura capace di sceneggiare situazioni, potenzialmente pericolose per l'equilibrio del racconto, e di risolverle con brillantezza e garbo.» Bresciaoggi «Maria Giovanna Luini racconta con delicatezza e realismo.» La Voce Nel grande ospedale all'avanguardia è arrivato un nuovo direttore generale, Andrea Fucini: un uomo duro, disincantato, colpito di recente dalla morte della moglie. Proprio il primo giorno incontra Lucilla Natoli, donna e medico speciale, adorata dalle sue pazienti, guardata con sospetto dai colleghi, a eccezione di Sauro de Santis, vero amico e grande alleato nella lotta quotidiana contro il dolore. Lucilla è razionale e al tempo stesso intuitiva, attenta ai messaggi che arrivano dalla dimensione dell'energia; Andrea ha messo a tacere le emozioni e usa solo la testa e si trova al centro di un inevitabile scontro di potere; Sauro, tra i due, guarda lontano e ragiona sempre con il cuore. Tra loro si sviluppa uno strano rapporto in cui l'amicizia si mescola all'amore, un rapporto fatto di lunghe conversazioni, di improvvise fughe dall'ambiente teso dei reparti, di furibonde gelosie e di un'ombra scura che a poco a poco

prende corpo... La sofferenza, fisica e psicologica, talvolta è un fossato che bisogna riattraversare per aprirsi a una nuova stagione della vita. Per tornare a vedere la luce che brilla sui tetti. Given the phenomenal change in attitudes about life after death, public interest in the Other Side is ever-increasing. Born Knowing will show you that even after the loss of a loved one, you're never truly alone. Born Knowing is John Holland's first book. In an open and candid way, he explains how he dealt with his conflict of coming to terms, and finally accepting, his rare ability as a spirit messenger who helps people connect with those who have passed on. Born in the tough suburbs of Boston, John coped with a difficult childhood, where he was ridiculed by his family and society, leaving him feeling isolated because of his psychic abilities. He refused to acknowledge his gift until a near-fatal automobile accident amplified his abilities to the point where he had to learn how to control what was once pushed away. Drawn by the history and knowledge of spiritualism in England, John takes you on his two-year journey throughout Britain. He tells the story of his training to be a top medium in the British spiritualist organizations, which he humorously refers to as A Spirit Boot Camp, and how he gained acceptance and respect within this tightly knit, often-conservative spiritual community. Born Knowing

takes out the "psychic babble" by validating and dispelling some of the mystery and myths regarding mediumship. Throughout the book, John presents real-life case studies, where he discusses his readings with clients, the effect on their lives, and the sense of closure people feel, knowing that their loved ones who have passed on are still with them. The book will also help you develop your own psychic and intuitive abilities, recognize signals from the Other Side, and make spiritual connections for yourself.

The world's preeminent authority on Chinese science explores the philosophy, social structure, arts, crafts, and even military strategies that form our understanding of Chinese science, making instructive comparisons along the way to similar elements of Indian, Hellenistic, and Arabic cultures. A major portion of the book concentrates on Taoist alchemy that led not only to the invention of gunpowder and firearms, but also, through the search for macrobiotic life-elixirs, to the rise of modern medical chemistry.

A groundbreaking, "thoughtful and provocative" (Los Angeles Times) study of narcissism that will relieve hidden anxieties and heal the tension between mind, body, and feelings. Are you a narcissist? Do you interact with someone who is? Contrary to popular belief, narcissists do not love themselves or anyone else. They cannot accept their true selves, constructing instead fixed masks that hide emotional numbness. Influenced by forces in culture and predisposed by factors in the human personality, narcissists tend to be: • More concerned with how they appear than what they feel • Seductive and manipulative, striving for power and control • Egotists, focused on their own interests but lacking the true values of the self -- self-expression, self-possession, dignity, and integrity • Without a solid sense of self, which leads them to experience life as empty and meaningless In this groundbreaking study, Dr. Alexander Lowen uses his extensive clinical experience to demonstrate how narcissists can recover their suppressed feelings and regain their lost humanity. By the use of Bioenergetic Analysis, the psychotherapy created by Dr. Lowen, a new possibility of a fulfilling and authentic life is presented for people with narcissistic characteristics and for those who interact with them.

The Aquarian Gospel of Jesus the Christ is a book by Levi H. Dowling who claimed that he had transcribed the text of the book from the kashic records, a purported compendium of mystical knowledge supposedly encoded in a non-physical plane of existence. In the later 20th century, it was adopted by New Age spiritual groups. The title is derived from the practice in astrology of naming time periods in terms of constellations and their dominant positions in the sky, according to the earth's axial precession. In that system, the Age of Aquarius is approaching.
