Economic Conditions in France Lloyd's Register

This is a comprehensive companion to the long coastline which ranges from Spain and the edge of the Pyrenees to the Alpes Maritimes and Italy. It covers the flat country of Languedoc-Roussillon, the coast of the Golfe du Lion, the Rhône delta and the Camargue, the industrial Golfe de Fos, the Côte d'Azur and the French Riviera and Monaco. The island of Corsica and the waterways that run behind the coast linking the Canal du Midi and the étangs to the Rhône are covered in separate chapters. The authors spent the summer and autumn of 2016 cruising in Corsica and then across to the Golfe du Fos where they left Skylax for the winter. During their travels they visited a large number of harbours and anchorages, collecting the latest information and taking new photographs. There are new aerial photos for many places and in particular for ports and harbours in Languedoc - Roussillon. This major 2017 edition contains substantial change to the content. 'A new Mediterranean France pilot from Rod and Lu Heikell is now available from Imray and, needless to say, if you have not got one and plan to cruise this coast and inevitably Corsica, then rush out and buy it!' Royal Cruising Club.

First published in 1971, these Guides provide invaluable information on thousands of commercial ports and terminals across the globe. They are compiled and published annually by LR OneOcean, whose years of global maritime experience allows them to provide expert and innovative solutions that enhance efficiency, sustainability, and overall industry success. The Guides cover a significant geographical breadth, and the most recent volume includes information on over 12,500 ports, harbours and terminals worldwide. These are fully indexed and contain detailed port plans and mooring diagrams.

A fantastical propaganda play depicting an armed revolt financed the purchase of the yacht Abril and its conversion to an "illegal" immigrant passenger ship renamed the Ben Hecht. The plan was to evade the British naval blockade and bring Holocaust survivor refugees to Palestine. Henry Mandel volunteered aboard the Ben Hecht, a converted yacht that challenged the British blockade of Jewish immigrants to pre-state Israel. Captured and detained in Acre Prison, Mandel aided the efforts of prisoners planning an escape. After release, Mandel helped set up a secret bazooka shell plant in New York, which he helped to reassemble in Israel during the 1948 Arab-Israeli War. Mandel was an Orthodox Jew whose reminiscences provide a uniquely illuminating perspective on the creation of the Jewish state. Mandel's story is explicated in

a running commentary that includes the personal narratives of other members of the Ben Hecht crew as well as historical background.
