The most current and complete guide to a favorite teen genre, this book maps current releases along with perennial favorites, describing and

categorizing fantasy, paranormal, and science fiction titles published since 2006. Speculative fiction continues to be of consuming interest to teens, so if you work with that age group, keeping up with the explosion of new titles in this category is critical. Likewise, understanding the many genres and subgenres into which these titles fall—wizard fantasy, alternate worlds, fantasy mystery, dystopian fiction, science fantasy, and more—is also key if you want to motivate

young readers and direct them to books they'll enjoy. Written to help you master a complex array of genres and titles, this guide includes more than 1,500 books, most published since 2006, organizing them by genre, subgenre, and theme. Subgenres growing in popularity such as "steampunk" are highlighted to keep you current with the latest trends. The guide will serve three audiences. Of course, you can turn to it as you help your teenage patrons select the books

and genres that will interest them most. Teen readers, whether devoted fans or newcomers, can use it themselves to find titles and subgenres they might like. In addition, the guide will help teachers and parents match students with the right books.

The battle of the sexes is on. Most high school sports teams have rivalries with other schools. At Hamilton High, it's a civil war: the football team versus the soccer

team. And for her part, Lissa is sick of it. Her quarterback boyfriend, Randy, is always ditching her to go pick a fight with the soccer team or to prank their locker room. And on three separate occasions Randy's car has been egged while he and Lissa were inside, making out. She is done competing with a bunch of sweaty boys for her own boyfriend's attention. Lissa decides to end the rivalry once and for all: She and the other players' girlfriends go on a hookup strike. The boys won't get

any action from them until the football and soccer teams make peace. What they don't count on is a new sort of rivalry: an impossible girls-against-boys showdown that hinges on who will cave to their libidos first. And Lissa never sees her own sexual tension with the leader of the boys, Cash Sterling, coming.

It's winter break at St Vladimir's, and a massive Strigol vampire attack has put the school on high alert. This year's trip away

from the academy has now become mandatory, but Rose's problems follow her wherever she goes. For although the winter landscape creates the illusion of safety, Rose is in more danger than she imagined.

**Frostbite** HarperCollins This companion provides a two-part introduction to best-selling author Stephen King, whose enormous popularity over the years has gained him an audience well beyond readers of horror fiction, the genre with which he is most often associated.

Part I considers the reception of King's work, the film adaptations that they gave rise to, the fictional worlds in which some of his novels are set, and the more useful approaches to King's varied corpus. Part II consists of entries for each series, novel, story, screenplay and even poem, including works never published or produced, as well as characters and settings. *World Literature Today* Penguin Group Australia Vampires, zombies, ghosts, and ghoulies:

there are more things going bump in the night than ever. So how do you wend your way through all of them to find the ones that interest a particular reader? RA expert Spratford updates her advisory to include the latest in monsters and the macabre, including Lists of recommended titles, authors, and sub-genres, all cross-referenced for quick reference Tips for effectively practicing horror RA, with interview questions for gauging a reader's interests An expanded resources

section, with an overview addressing the current state of horror lit, and suggestions of how to dig deeper. As both an introductory guide for librarians just dipping their toes into the brackish water of scary fiction, as well as a fount of new ideas for horror-aware reference staff, Spratford's book is infernally appropriate.

Sarah Bartlett was an Academy Award-nominated film star, an Emmy-nominated television actress and a Tony-nominated stage performer. She was also awarded her very own Varsity Jacket by the former director of the US Department of Music's Federal Hip Hop Administration. Appearing

in over 20 films (including Hearts of Sorrow, Hearts of Celery; Perkwit's Secret Bramboráky (the fourth installment of the Blurg movies); and Shadow of the Fish), she also starred on stage in such shows as Howling at the Moon: The Dog Musical; Billiard Balls of Death; and Dreadful About Those Shock Treatments, Eh? The woman was also an accomplished musician who performed guitar and baglama not only with her own group (Zooney's Lampshade) but also with the Hattiesburg

Symphony Orchestra and Industrial Pole Bean Outlet; with the Palm Frond and Banana Spider Symphony Orchestra; and with the '56 Elvis Quintet at the Memphis in November: From Too Cool to Too Cold Music, Art and Law Practice Festival). There were other sides to Sarah, sides that she preferred people not know much about, sides involving Queen Victoria costumes, drinking way too many sodas at one sitting, and that whole ceramic curry serving bowl (from 2400 BCE)

incident, which she knew would greatly upset anthropologists all over the world. Here, for the first time, is the entire story of Sarah Bartlett's life, including her children, her husband, her boyfriend, her shoes, her Toyota Cadberry, and her dreams (some of them involving picture frames made of cheese; some of them involving the Poky Little Puppy; some of them involving Gloria Swanson wearing a miniskirt, a pair of orange flip-flops and a T-shirt with a picture of Andy

Warhol and the phrase “Hey, look, I’m a can of soup” on it; some of them involving cats with lobster claws for legs; and some of them involving copious amounts of Ranch Dressing). The book also includes over 150 illustrations, and some of them actually make sense. If you’re looking for a book that offers the best ratio of cost per laugh, look no further. Further? Farther? Wait, let’s think this through. Uhh, farther has an a in it, and measure has an a in it, so farther relates to

distance. So, yeah, further is the right adjective to use. The Seattle Drainpipe Gazette says, “Rigatoni is to books as cat hair is to dogs.” The Farmington Inquirer calls Rigatoni “unobtrusive,” “mildly trapezoidal,” and “looks great under some flowerpots.” And the Tucson Rock Trader says, “If we crowdfund, we can raise enough money to get this author the serious help he so obviously needs. This isn’t a cry for help, this is a sustained scream through a set of Peavey Dark Matter DM

118 Powered PA Subwoofer Speakers.” *Bird Penguin* Dr. Gabriella Mondini, a strong-willed, young Venetian woman, has followed her father in the path of medicine. She possesses a singleminded passion for the art of physick, even though, in 1590, the male-dominated establishment is reluctant to accept a woman doctor. So when her father disappears on a mysterious journey, Gabriella's own status in the Venetian medical society is threatened. Her

father has left clues -- beautiful, thoughtful, sometimes torrid, and often enigmatic letters from his travels as he researches his vast encyclopedia, *The Book of Diseases*. After ten years of missing his kindness, insight, and guidance, Gabriella decides to set off on a quest to find him - a daunting journey that will take her through great university cities, centers of medicine, and remote villages across Europe. Despite setbacks, wary strangers, and the menaces of the road, the

young doctor bravely follows the clues to her lost father, all while taking notes on maladies and treating the ill to supplement her own work. Gorgeous and brilliantly written, and filled with details about science, medicine, food, and madness, *The Book of Madness and Cures* is an unforgettable debut. Named a best book of the year by NPR, Vogue, and the New York Times Book Review, the hilarious and profound new novel from National Book Award finalist Joshua Ferris is “a fine American novel about family, love, and a decent but flawed man trying to be better” (Stephen King). Someone is telling the story of the life of Charlie Barnes, and it doesn't appear to be going well.

Too often divorced, discontent with life's compromises and in a house he hates, this lifelong schemer and eternal romantic would like out of his present circumstances and into the American dream. But when the twin calamities of the Great Recession and a cancer scare come along to compound his troubles, his dreams dwindle further, and an infinite past full of forking paths quickly tapers to a black dot. Then, against all odds, something goes right for a change: Charlie

is granted a second act. With help from his storyteller son, he surveys the facts of his life and finds his true calling where he least expects it—in a sacrifice that redounds with selflessness and love—at last becoming the man his son always knew he could be. A Calling for Charlie Barnes is a profound and tender portrait of a man whose desperate need to be loved is his downfall, and a brutally funny account of how that love is ultimately earned. “A masterpiece that shines a

revealing light on both family and fiction itself.”

The Lady is Aung San Suu Kyi, the democratically elected leader of Burma who's never been allowed to hold power. The military junta that has ruled the troubled country since 1962 has limited her contact with the outside world especially after she was awarded the Nobel Peace Prize. Now, in 2002, she is given qualified release from house arrest.  
Sloan Walcott is

determined to meet her. He has something to deliver. Part-time smuggler, part-time art dealer and full-time rogue, Wolcott is a prominent resident of Bangkok's notorious expat community. The promise of quick money draws him to the Burmese capital, a city under siege from within. There he comes into possession of a camera belonging to a Japanese newspaper reporter killed in a suspicious car crash. The camera is loaded. Inside is one image of Suu Kyi

riding in an automobile with a bullet hole in the rear window as reminder of the government-organized mob that attacked her in 1996. Another shows a seductive young woman with a singular tattoo. The dead journalist's father makes Wolcott promise to deliver the first photograph to Suu Kyi personally and cautions him not to become obsessed with the figure in the other one. The pledge proves difficult to keep and the warning difficult to heed. Waiting

for the Lady is a vivid novel of political and personal intrigue that draws on today's news and the author's fabled knowledge of the region. It is full of passion and heartache, laced with an intimate understanding of Southeast Asia's human and physical geography. Its descriptions of Rangoon and of the Burmese countryside far to the north call to mind George Orwell and Graham Greene. What they did for their times, Christopher G. Moore does for ours.

In author-illustrator Nathan Hale’s Donner Dinner Party, discover the shocking and true story of the ill-fated expedition in this Hazardous Tale from the New York Times bestselling graphic novel series. “These books are, quite simply, brilliant. . . . Thrilling, bloody, action-packed stories from American history.” —New York Times In the spring of 1846, a group of families left Illinois and began the long journey toward a new life in California. To save time,

they took an ill-advised shortcut—with disastrous consequences. Their story would not take them to California but into history. Bad weather, bad choices, and just plain bad luck forced the pioneers to spend a long, cold winter in the mountains, slowly starving. What they did to stay alive and the lengths that others went to in order to rescue them make this one of the most tragic and infamous stories of the American frontier. Nathan Hale’s Hazardous Tales take young readers into

American history with graphic novels that bring the dangerous, bloody, exciting history of America to life. The Revolutionary War and the Civil War, World War I and World War II, the Donner Party, the Marquis de Lafayette, Harriet Tubman, the Alamo, and more all come to life in a way that will excite young readers of history. An exhaustive work covering the full range of topics relating to vampires, including literature, film and television, and folklore.  
Encyclopedia of the Vampire: The Living Dead in Myth, Legend, and Popular Culture is a comprehensive encyclopedia relating to all phases of vampirism—in literature, film, and television; in

folklore; and in world culture. Although previous encyclopedias have attempted to chart this terrain, no prior work contains the depth of information, the breadth of scope, and the up-to-date coverage of this volume. With contributions from many leading critics of horror and supernatural literature and media, the encyclopedia offers entries on leading authors of vampire literature (Bram Stoker, Anne Rice, Stephenie Meyer), on important individual

literary works (Dracula and Interview with the Vampire), on celebrated vampire films (the many different adaptations of Dracula, the Twilight series, Love at First Bite), and on television shows (Buffy the Vampire Slayer and Angel). It also covers other significant topics pertaining to vampires, such as vampires in world folklore, humorous vampire films, and vampire lifestyle.
