### DEACON DIAMOND

**The Land Divided** Octagon Press, Limited

A comprehensive guide to turtles and tortoises including habitat, dimensions, biology and behavior. Illustrated throughout in color.

Ireland in Writing Running Press Adult

Rock Music in American Popular Culture III: More Rock 'n' Roll Resources explores the fascinating world of rock music and examines how this medium functions as an expression of cultural and social identity. This nostalgic guide explores the meanings and messages behind some of the most popular rock 'n' roll songs that captured the American spirit, mirrored society, and reflected events in our history. Arranged by themes, Rock Music in American Popular Culture III examines a variety of social and cultural topics with related songs, such as: sex and censorship--"Only the Good Die Young" by Billy Joel and "Night Moves" by Bob Seger and The Silver Bullet Band holiday songs--

"Rockin'Around the Christmas Tree" by Brenda Lee and "The Christmas Song" by Nat King Cole death--"Leader of the Pack" by The Shangri-Las and "The Unknown Soldier" by The Doors foolish behavior--"When a Man Loves a Woman" by Percy Sledge and "What Kind of Fool" by Barbra Streisand and Barry Gibb jobs and the workplace--"Don't Stand So Close to Me" by The Police and "Dirty Laundry" by Don Henley military involvements--"Boogie Woogie Bugle Boy" by the Andrews Sisters and "War" by Edwin Starr novelty recordings--"The Purple People Eater" by Sheb Wooley and "Eat It" by Weird Al Yankovic letters and postal images--"P. S. I Love You" by The Beatles and "Return to Sender" by Elvis Presely In addition, a discography and a bibliography after each section give further examples of the themes and resources being discussed, as do extensive lists of print references at the end of the text.

*On the Trail of Sea Turtles* JHU Press

The field of Irish Studies has undergone a period of great fruitfulness over the last decade.

Concurrent with the economic revolution and subsequent financial crash, an immense interest in the island of Ireland and her cultural practices has been apparent from parts of the globe, and

academic debate on Irish culture and society has been intense and prosperous. This volume contains a number of essays which approach a variety of issues raised within the framework of post-"Celtic Tiger" Ireland, with contributions from scholars working in Europe. The book is divided into four sections: on Trauma Studies, on the relationship between Ireland with Europe and the rest of the world, on Audiovisual Studies and on Ireland and the Celtic Tiger. The essays reflect a variety of issues which are of great relevance to an understanding of the world of Irish Studies at the end of the first decade of the twenty-first century.

*Rock Music in American Popular Culture III* University of Georgia Press

For every Skinny Bitch, there's a kick-ass man just as eager to take control of his weight and health. The New York Times bestselling authors now share their tips for turning Dad bods into Skinny Bastards. What's good for the bitch is good for the bastard. Hundreds of thousands of women have been inspired to "use their head" and get real about the food they eat after reading the best-selling manifesto Skinny Bitch. But it turns out some men have been reading over their girlfriends' shoulders. Professional athletes such as Milwaukee Brewers' Prince Fielder and the

Dallas Mavericks' Jerry Stackhouse have adopted a whole new eating plan because of the book. Now authors Rory Freedman and Kim Barnouin think it's time for the guys to have a book of their own. In *Skinny Bastard*, they'll explain why the macho "meat and potatoes" diet is total crap, why having a gut is un-cool (and a turn-off), and how to get buff on the right foods. Eating well shouldn't be a "girlie" thing-and the Bitches will whip any man into shape with their straight-talk, sound guidance, and locker room language.

*Skinny Bitch Try Me Vegan Weekend* A G Printing & Publishing

As the twentieth century draws to a close, Ireland in Writing: Interviews with Writers and Academics focuses on the textual mapping of the country over the century through the creative energies and intellectual reflections of a selection of writers and educators at the tertiary level. The volume is a collection of eleven interviews held by three university teachers and a research assistant, all resident in Spain. The interviews with both male and female writers and academics, who hail from Northern Ireland and the Republic, have been conducted over the 1990s. The writers were quizzed about their own writing: how it came into being, who or what they have looked to as inspirational and how their novels, short stories, poetry and plays relate to Ireland past and present. The academics express views on their critical theories and practices, on particular areas of interest, on English and Irish in Ireland, on contemporary writing and cultural dynamics: from Friel to Telefís Éireann, passing through Field Day, the Abbey and the question of a hybrid Irish identity.

*The Body Restoration Plan* Running Press Adult

Written by two of the Southeast's foremost authorities on sea turtle conservation, this is an accessible, fully illustrated guide to the species that frequent the Atlantic and Gulf Coasts of the United States. No one who encounters a sea turtle soon forgets it. The leatherback, for instance, can grow to huge proportions, commonly approaching eight feet in length and more than half a ton in weight. Powerful swimmers, they are also among the deepest divers of all air-breathing sea creatures. Despite these assets, the survival of the leatherback, like that of all sea turtle species, is under constant threat from commercial fishing operations, overdevelopment of nesting grounds, pollution, and predation by introduced species. The guide opens with comprehensive coverage of the sea turtle's evolution, juvenile and adult life cycles, nesting, diet and feeding, disease and parasites, predators, and conservation issues. Each subsequent chapter is dedicated to a particular turtle species: loggerhead, leatherback, Kemp's ridley, green sea turtle, hawksbill, and olive ridley. The account of each species describes distribution, habitats, general appearance, life history and behavior, and conservation. For each species, photographs of hatchlings and adults and a map showing distribution and migration provide further information. Sea turtles have been swimming the seas for one hundred million years. Yet all of the species in this book—indeed, all sea turtles worldwide—are on U.S. and international endangered lists. Biologists Carol Ruckdeschel and C. Robert Shoop have dedicated their careers to learning about sea turtles—and to ensuring that we understand that we are stakeholders in the fate of these ancient creatures. With this guide in hand, readers will be better equipped to understand sea turtle biology and support sea turtle conservation efforts.

**Let's Rock!** Running Press

Rory Freedman and Kim Barnouin's New York Times Bestselling tart-tongued odes to healthy eating and veganism - *Skinny Bitch* and *Skinny Bitch in the Kitch* - are now available together for the first time in hardcover, exclusively packaged in a deluxe slipcased box set.

**Skinny Bitch Book of Vegan Swaps** Hachette UK

*Skinny Bitch* created a movement when it exposed the horrors of the food industry, while inspiring people across the world to stop eating "crap." Now the "Bitches" are back -- this time with a book geared to pregnant women. And just because their audience is in a "delicate condition" doesn't mean they'll deliver a gentle message. As they did with *Skinny Bitch*, Rory Freedman and Kim Barnouin expose the truth about the food we eat -- with its hormones, chemicals, and other funky stuff. But even though they are "Skinny," they want women to chow down on the right foods and gain their fair share of weight through their pregnancies. They also won't mince words on these

topics: the best foods for a healthy baby and mommy the dangers of common lotions, creams, and beauty products that women slather on their bodies (many contain carcinogens) why every mother should "suck it up" and breastfeed the lowdown on what really happens "post-push" (after birth) how the companies we trust don't care about children (choosing baby food and other products carefully) With the same sassy tone that made *Skinny Bitch* laugh-out-loud funny, *Skinny Bitch: Bun in the Oven* will give expectant moms the information they need to "use their head" and have a healthy pregnancy and a healthy baby.

*Skinny Bitch in the Kitch* Penguin

Rock & roll was one of the most important cultural developments in post-World War II America, yet its origins are shrouded in myth and legend. Let's Rock! reclaims the lost history of rock & roll. Based on years of research, as well as interviews with Bo Diddley, Pat Boone, and other rock & roll pioneers, the book offers new information and fresh perspectives about Elvis, the rise of rock & roll, and 1950s America. Rock & roll is intertwined with the rise of a post-World War II youth culture, the emergence of African Americans in society, the growth of consumer culture, technological change, the expansion of mass media, and the rise of a Cold War culture that endorsed traditional values to guard against communism. Richard Aquila's book demonstrates that early rock & roll was not as rebellious as common wisdom has it. The new sound reflected the conservatism and conformity of the 1950s as much as it did the era's conflict. Rock & roll supported centrist politics, traditional values, and mainstream attitudes toward race, gender, class, and ethnicity. The musical evidence proves that most teenagers of the 1950s were not that different from their parents and grandparents when it came to basic beliefs, interests, and pastimes. Young and old alike were preoccupied by the same concerns, tensions, and insecurities. Rock & roll continues to permeate the fabric of modern life, and understanding the music's origins reminds us of the common history we all share. Music lovers who grew up during rock & roll's early years as well as those who have come to it more recently will find Let's Rock an exciting historical and musical adventure.

**1994 IUCN Red List of Threatened Animals** Routledge

Whether you're a UFO skeptic, believer, or merely a rock music fan, *Alien Rock* takes you on a fascinating and irreverent journey exploring the extraterrestrial stories of your favorite rock icons. From Elvis to the Beatles and from Michael Jackson to Marilyn Manson, countless rock stars have claimed to have seen, communed with, been inspired by, and sometimes even descended from extraterrestrials. Now you can discover these stories for yourself in this illuminating, all-access pass to rock's unearthly encounters—some friendly, some frightening, and some frankly bizarre. From John Lennon spying a UFO from his penthouse in 1974 to Jimi Hendrix's claim that he was a messenger from "another place," there is no extraterrestrial tale neglected. With witty prose and in-depth research, *Alien Rock* provides a fascinating new perspective on the long, strange trip that is rock history, and suggests that, wherever the road takes us, we may not be traveling alone.

**Flaca y espléndida** Simon and Schuster

Are you sick and tired of your unfulfilling, uninspiring, uneventful existence? Good! Getting honest and clear with yourself is step one in creating the life you've always wanted! The Bitches are back and they're here to guide you on your journey from ordinary to extraordinary with inspirational quotes, inventive homework assignments, and their signature tough-love approach. -Quit crying in a corner 'cause your boyfriend dumped you; you know he was a lame lay, anyway. Bask in the glory of being single for a while! (That doesn't mean sluttin' it up with every guy you meet.) - Whatever you've been dying to do or try but have been too scared—today is the day! Carpe diem, bitches! Carpe diem! This ain't no dress rehearsal! -You spend eight hours a day, five days a week at your job...and you hate it? Quit, bitch! Life is short and time is precious! Don't you know that the Universe wants you to have everything you've ever dreamed of? Rory and Kim learned this sacred truth and how to harness its power, and they want the same for you. So get off your ass and get your groove on! You're gonna rock your own world!

*Turtles of the World* IUCN

Veganism has quickly gone from the domain of zealous health nuts to the favorite lifestyle of

fashion mavens. But with so much conflicting information out there, it's not always easy to know how to get started. Now #1 New York Times bestselling *Skinny Bitch* coauthor Kim Barnouin presents a plan for those who would like to give the vegan diet a try for a couple of days—including all the information you need on what to buy, what to make, and what to eat for an easy-to-produce weekend of healthy and delicious food. In this eSelect *Skinny Bitch Try Me Vegan Weekend*, Kim Barnouin takes the mystery out of trying the vegan diet. It's a comprehensive, user-friendly guide that includes food plans and recipes of tasty dishes like Blueberry Pancakes and Cajun Seitan Gumbo. And you won't go hungry—she also includes a list of tasty vegan snacks. A long-time cook and baker, Barnouin shares all her knowledge with her trademark sassy voice and sparkling humor.

*Exiles* Harper Collins

In this new novel based on the #1 bestselling *Skinny Bitch* books, a twenty-something chef loses her dream job--only to find happiness after she launches a vegan cooking school and falls for a sexy carnivore.

*The Peasant War in Germany* Routledge

Stephen, an elbow rested on the jagged granite, leaned his palm against his brow and gazed at the fraying edge of his shiny black coat-sleeve. Pain, that was not yet the pain of love, fretted his heart. Silently, in a dream she had come to him after her death, her wasted body within its loose brown graveclothes giving off an odour of wax and rosewood, her breath, that had bent upon him, mute, reproachful, a faint odour of wetted ashes. Across the threadbare cuffedge he saw the sea hailed as a great sweet mother by the wellfed voice beside him. The ring of bay and skyline held a dull green mass of liquid. A bowl of white china had stood beside her deathbed holding the green sluggish bile which she had torn up from her rotting liver by fits of loud groaning vomiting. Buck Mulligan wiped again his razorblade. —Ah, poor dogsbody! he said in a kind voice. I must give you a shirt and a few noserags. How are the secondhand breeks? —They fit well enough, Stephen answered. Buck Mulligan attacked the hollow beneath his underlip. —The mockery of it, he said contentedly. Secondleg they should be. God knows what poxy bowsy left them off. I have a lovely pair with a hair stripe, grey. You'll look spiffing in them. I'm not joking, Kinch. You look damn well when you're dressed. —Thanks, Stephen said. I can't wear them if they are grey ...

*Conscious Eating* Harper Collins

Offers a collection of vegan recipes that focus on fresh, seasonal ingredients rather than processed meat substitutes, along with complete nutritional breakdowns and a variety of variations.

*Cádiz to Cathay* Barron's Educational Series

This book raised a storm of controversy upon its original publication in 1980. Now authors Mason and Singer have updated their animal rights classic for the 1990s. More than 50 black-and-white photographs.

*Alien Rock* New Directions Publishing

A playful and entirely original novel masquerading as a mini-encyclopedia of nonexistent Nazi literature, Bolano's work is a tour de force of black humor.

*Tortoises and Turtles* Simon and Schuster

This sequel to the fabulously successful "Skinny Bitch" will inspire *Skinny Bitches* to don an apron over their skinny frames and get cooking.

**One-Dimensional Man** Pickle Partners Publishing

Toxic chemicals damage the metabolic and appetite-regulating mechanisms of the body's natural Slimming System, a vast network of important body functions that maintain and control proper weight. In this groundbreaking book, Dr. Paula Baillie-Hamilton shows how to identify, avoid, and manage the negative effects of what she calls Chemical Calories with: \* detailed food guides enumerating the levels of Chemical Calories in common foods;\* helpful tips on how to rid the home of dangerous toxins;\* detoxifying menu plans and recipes; and\* natural supplement programs to restore and energize the body's Slimming System.
