"HOW WOULD YOU LIKE TO CHANGE YOUR LIFE FROM A 9 TO 5 SALARIED PERSONAL TO STARTING YOUR OWN RELOCATION & REMOVAL BUSINESS?"  
This book is not only a tutorial and a guide for young entrepreneurs to start their own removal business but

also for those who want to know what removal business is all about. The author has written a well researched book covering topics of Relocations, International packing and moving, pet moving, customs clearance, Laws of International Trade. At the same time the author has made some bold attempts and startling revelations on the mishappenings at customs bonded warehouses,

how gangs operate at sea and airports, how pilferage happens behind the scenes inside the airports right underneath the customs' nose who turn a blind eye to it. The blend of the traditional way of doing business using modern technology culminating into one will explode your mind with vibrant new ideas of doing business. Explosive details that will surely change or accelerate

your career. A must read tutorial for all entrepreneurs . Pragmatics tips given every now and then combined with the intelligence of a genius in this trade makes this a very interesting read. This is the first book on Removals by any author in this planet." *Business Immigration Law* Bloomsbury Publishing The book is a collection of peer-reviewed best selected research papers

presented at the International Conference on Data Intelligence and Cognitive Informatics (ICDICI 2021), organized by SCAD College of Engineering and Technology, Tirunelveli, India, during July 16-17, 2021. This book discusses new cognitive informatics tools, algorithms, and methods that mimic the mechanisms of the human brain which leads to an impending

revolution in understating a large amount of data generated by various smart applications. The book includes novel work in data intelligence domain which combines with the increasing efforts of artificial intelligence, machine learning, deep learning, and cognitive science to study and develop a deeper understanding of the information processing systems.
