*The Civil Rights Movement* Simon and Schuster

A new civil rights reader that integrates the primary source approach with the latest historiographical trends Designed for use in a wide range of curricula, *The Civil Rights Movement: A Documentary Reader* presents an in-depth exploration of the multiple facets and layers of the movement, providing a wide range of primary sources, commentary, and perspectives. Focusing on documents, this volume offers students concise yet comprehensive analysis of the civil rights movement by covering both well-known and relatively unfamiliar texts. Through these, students will develop a sophisticated, nuanced understanding of the origins of the movement, its pivotal years during the 1950s and 1960s, and its legacy that extends to the present day. Part of the *Uncovering the Past* series on American history, this documentary reader enables students to critically engage with primary sources that highlight the important themes, issues, and figures of the movement. The text offers a unique dual approach to the subject, addressing the opinions and actions of the federal government and national civil rights organizations, as well as the views and struggles of civil rights activists at the local level. An engaging and thought-provoking introduction to the subject, this volume: Explores the civil rights movement and the African American experience within their wider political, economic, legal, social, and cultural contexts Renews and expands the primary source approach to the civil rights movement Incorporates the latest historiographical trends including the "long" civil rights movement and intersectional issues Offers authoritative commentary which places the material in appropriate context Presents clear, accessible writing and a coherent chronological framework Written by one of the leading experts in the field, *The Civil Rights Movement: A Documentary Reader* is an ideal resource for courses on the subject, as well as classes on race and ethnicity, the 1960s, African American history, the Black Power and economic justice movements, and many other related areas of study.

*The Civil Rights Movement* Teacher Created Materials

The movement for civil rights in America peaked in the 1950s and 1960s; however, a closely related struggle, this time over the movement's legacy, has been heatedly engaged over the past two decades. How the civil rights movement is currently being remembered in American politics and culture--and why it matters--is the common theme of the thirteen essays in this unprecedented collection. Memories of the movement are being created and maintained--in ways and for purposes we sometimes only vaguely perceive--through memorials, art exhibits, community celebrations, and even street names. At least fifteen civil rights movement museums have opened since 1990; *Mississippi Burning*, *Four Little Girls*, and *The Long Walk Home* only begin to suggest the range of film and television dramatizations of pivotal events; corporations increasingly employ movement images to sell fast food, telephones, and more; and groups from Christian conservatives to gay rights activists have claimed the civil rights mantle. Contests over the movement's meaning are a

crucial part of the continuing fight against racism and inequality. These writings look at how civil rights memories become established as fact through museum exhibits, street naming, and courtroom decisions; how our visual culture transmits the memory of the movement; how certain aspects of the movement have come to be ignored in its "official" narrative; and how other political struggles have appropriated the memory of the movement. Here is a book for anyone interested in how we collectively recall, claim, understand, and represent the past.

*The Civil Rights Movement* Greenhaven Press, Incorporated

Get ready to blast back to the past and learn all about the Civil Rights Movement! When people think about the Civil Rights Movement, things like segregation and Dr. Martin Luther King Jr.'s "I Have a Dream" speech may come to mind. But what was the movement all about, and what social changes did it bring? This engaging nonfiction book, complete with black-and-white interior illustrations, will make readers feel like they've traveled back in time. It covers everything from Jim Crow laws and protests to major milestones like *Brown v. Board of Education* and the Civil Rights Act, and more. Find out interesting, little-known facts such as how Rosa Parks was not the first person of color to refuse to give up her seat on a bus and how most of Dr. Martin Luther King Jr.'s "I Have a Dream" speech was actually improvised. The unique details along with the clever and humorous interior illustrations make this series stand out from the competition.

*The Civil Rights Movement* ABDO

Contains over twenty essays by a variety of authors in which they analyze the historical progression, underlying causes, and competing strategies of the civil rights movement of the 1950s and 1960s.

**Class, Race, and the Civil Rights Movement** Univ. Press of Mississippi

In pre-publication, the author was listed as Lucia Raatma.

*The Civil Rights Act of 1964* Infobase Publishing

A unique sociohistorical analysis of the civil rights movement, analyzing the interaction between the economy and political systems in the South, which led to racial stratification.

**The U.S. Civil Rights Movement: The Fight for Equality** Referencepoint Press

As its name suggests, the civil rights movement is an ongoing process, and the scholars contributing to this volume offer new geographical and temporal perspectives on this crucial American experience. As Clayborne Carson notes in the introduction, the movement involved much more than civil rights reform--it transformed African-American political and social consciousness. In this timely volume John Dittmer provides a new assessment of the effects of grass-roots activists of the movement in Mississippi from 1965 to 1968, to show what happened after the famous Freedom Summer of 1964. George C. Wright shows how African Americans in Kentucky from 1900 to 1970 faced the same racial restrictions and violence as blacks in Mississippi, Georgia, and Alabama. W. Marvin Dulaney traces the rise and fall of the movement in Dallas from the 1930s through the 1970s while the nation's attention was focused elsewhere.

[The Civil Rights Movement](#) Bloomsbury Publishing

The 22-book American Milestone series is featured as "Retailers Recommended Fabulous Products"

in the August 2012 edition of Educational Dealer magazine. This book points out that "...All are created equal." Thomas Jefferson wrote these words in our nation's Declaration of Independence. Yet for many years, these words did not apply to "all men" or all women. Many Americans were not treated with the same civil rights as others. The Civil Rights movement had roots with the abolitionists who worked to end slavery and the "Conductors" of the Underground Railroad. But many were working for civil rights even before the Emancipation Proclamation and the Thirteenth Amendment. The Civil Rights Movement changed America during the twentieth century. It brought an end to segregation, unfair voting practices, and other unfair treatments of minorities in the United States. Rosa Parks and Martin Luther King, Jr. led many Americans to realize that the country needed a Civil Rights Movement so that all men and women could really be equal! How did Rosa Parks and Martin Luther King, Jr. contribute to the Civil Rights Movement? How did the Civil Rights Movement change the United States? When did the Civil Rights Movement end? Is it still going on? Look inside to learn more about the Civil Rights Movement means for American today! This 32-page book is reproducible and educational. A partial list of the Table of Contents include: A Timeline of Events The Fight for Equality: The U.S. Civil Rights Movement Revolutionary Rights! The Underground Railroad Lincoln Against Slavery Women Fight for Equal Rights Indian Citizenship Act Tuskegee Airman Freedom Rights March on Washington Civil Rights Leaders Additional Resources Glossary And More! This fun-fill activity book includes: Build a Paper Airplane Make an Origami Peace Dove! Fact or Opinion Fill in the Blank Chronological Order Answer the Questions And Much More!

#### **The Civil Rights Movement** Gallopade International

The U.S. civil rights movement rose to prominence in the 1950s, with protests finally compelling civil rights legislation in the mid-1960s. But activists still contended with institutional racism embedded in America's economic, political, and cultural systems. This important, wide-ranging volume tells the story of the early movement and the figures who fought for equality, such as Martin Luther King, Rosa Parks, and Malcolm X. It also includes discussion of the ramifications of the movement and the actions of its leaders today. Historical photographs, primary sources, and powerful quotes from eyewitnesses of events will resonate with readers.

#### *The American Civil Rights Movement 1945-1968* ABDO

Now in its second edition, *The Civil Rights Movement: The Black Freedom Struggle in America* recounts the extraordinary story of how tens of thousands of African Americans overcame segregation, exercised their right to vote, and improved their economic standing, and how millions more black people, along with those of different races, continue to fight for racial justice in the wake of continuing police killings of unarmed black men and women. In a concise, chronological fashion, Bruce Dierenfield shows how concerted pressure in a variety of forms has helped realize a more just society for many blacks, though racism is far from being extinguished. The new edition has been fully revised to include an entire chapter on the emergence of the Black Lives Matter movement. In addition, the black experience in the slave and Jim Crow periods has been expanded, and greater emphasis has been placed throughout on black agency. The book also features revised maps, new primary documents, and an updated further reading section that reflects recent scholarship. This book will provide students of American history with a compelling and comprehensive introduction to the Civil Rights Movement.

#### **The ABC-CLIO Companion to the Civil Rights Movement** Routledge

In the face of injustice, people band together to work for change, and through their influence, what was once unthinkable becomes common. This title traces the history of the civil rights movement in the United States, including the key players, watershed moments, and legislative battles that have driven social change. Iconic images and informative sidebars accompany compelling text that follows the movement from the Reconstruction era through the movement's great successes in the 1960s and up to the challenges that still face the country today. Features include a glossary, selected bibliography, Web sites, source notes, and an index, plus a timeline and essential facts. Aligned to Common Core Standards and correlated to state standards. Essential Library is an imprint of ABDO Publishing Company.

#### The Civil Rights Movement Greenhaven Press, Incorporated

An encyclopedic reference for general readers, tracing the civil rights struggle in the US from the Civil War to the present. Concise alphabetical entries cover the movement's major issues, landmark court decisions, organizations, and key concepts, terms, and events. Also included are biographical sketches of people who played prominent roles in the movement. Many entries are complemented by illustrations or photographs. Annotation copyright by Book News, Inc., Portland, OR

#### *The Civil Rights Movement* Texas A&M University Press

Offers a brief history of the African American struggle for freedom, equality, and civil rights.

#### **The Fight for Equality: The U.S. Civil Rights Movement (Hardcover)** University of Georgia Press

Summary: Portrays in words and images the remarkable courage and conviction of the participants - organizers and ordinary people alike -- embroiled in the struggle for justice, freedom, and equality for all America's citizens.

#### The Civil Rights Movement John Wiley & Sons

Modern History textbook

#### *American Civil Rights Movement* Praeger

Overview of the civil rights movement in the United States with opposing views on the various issues, such as treatment of African Americans as second class citizens, the roles of federal, state and local governments, and integration as the primary solution.

#### **Civil Rights Movement** Taylor & Francis

Through many uprisings, protests, and demonstrations, segregation was finally abolished and civil rights were established for people of varying colors, races, and gender. This inspiring title allows readers to learn about the Civil Rights Movement and its fight for equality. Highlighted topics such as slavery, the Dred Scott decision, NAACP, Martin Luther King, Jr.'s March on Washington, and sit-ins are discussed and shown through supportive text, intriguing facts, and fascinating images. Readers are encouraged to better understand the content and navigate their way through the book easily with a helpful glossary, index, and table of contents.

#### **The Civil Rights Movement** Indiana University Press

This title examines an important historic event - the civil rights movement. Easy-to-read, compelling text explores the history of racism and civil rights in the United States from slavery to segregation, the roles the Montgomery bus boycott, the integration at Little Rock Central High School, and the

Birmingham campaign played in the movement, key African-American activists such as Martin Luther King Jr. and Rosa Parks, and the effects of this event on society. Features include a table of contents, a timeline, facts, additional resources, Web sites, a glossary, a bibliography, and an index. Essential Events is a series in Essential Library, an imprint of ABDO Publishing Company.

Civil Rights Movement Gareth Stevens Publishing LLLP

The American Civil Rights Movement of the 1950s and 1960s marked a shift in how African Americans were treated in the United States. This volume highlights the important events and figures that made this movement successful. The book introduces readers to important activists who fought for civil rights by raising their voices and refusing to accept unfair laws. Photographs and primary sources provide readers with a firsthand look at the history of the movement. Finally, readers will learn what can still be done to further equality for African Americans in the United States and how they can be a part of the movement.

*CIVIL RIGHTS MOVEMENT*. McGraw-Hill/Dushkin

With essays and commentaries by David Levering Lewis, Clayborne Carson, Steven F. Lawson,

Nancy J. Weiss, David J. Garrow, John Dittmer, Neil R. McMillen, Charles V. Hamilton, Mark V. Tushnet, William H. Chafe, and J. Mills Thornton III The Civil Rights Movement warrants continuing and extensive examination. The six papers in this collection, each supplemented by a follow-up assessment, contribute to a clearer perception of what caused and motivated the movement, of how it functioned, of the changes that occurred within it, and of its accomplishments and shortcomings. Its profound effect upon modern America has so greatly changed relations between the races that C. Vann Woodward has called it the "second revolution." In a limited space, the eleven scholars range with a definitive view over a large subject. Their papers analyze and emphasize the Civil Rights Movement's important aspects: its origins and causes, its strategies and tactics for accomplishing black freedom, the creative tensions in its leadership, the politics of the movement in the key state of Mississippi, and the role of federal law and federal courts. In this collection a scholarly balance is achieved for each paper by a follow-up commentary from a significant authority. By deepening the understanding of the Civil Rights Movement, these essays underscore what has been gained through struggle, as well as acknowledging the goals that are yet to be attained.
