The Kanji Learner's Course Green Book offers the most convenient way to practice the writing of all 2,300 kanji in the widely praised Kodansha Kanji Learner's Course. Even today when most learners are focused on learning to read kanji rather than to write them, handwriting practice remains essential. Integrating hand-eye coordination with the kinesthetic experience of each kanji's stroke sequence, handwriting improves your ability to recognize each kanji, grasp intuitively how it is put together, and distinguish it from lookalikes. Designed to help you use your study time most efficiently, this simple little workbook contains just the right quantity of writing spaces -- four large spaces followed by seven small spaces -- to give you enough practice for each character. It also

offers you: * Convenience: Following the Course sequence entry by entry, the Green Book makes it easy for you to structure the right amount of handwriting practice into your study routine, experience a sense of creative accomplishment, and exploit the Course's full value. * A broad overview of groups of related kanji: Displaying forty kanji per spread, it also allows you to survey the Course's graphically related groupings, consider the similarities and differences among nearby characters, and fully absorb how each kanji's unique features and composition relate to its meaning. * A good solution for mastering stroke order: Each entry contains both a guide character and tracing characters, but deliberately excludes stroke order to allow you to develop an independent mastery of kanji composition. The main Course book provides stroke order diagrams for when you need them, but this will not be very often provided you follow the Course's graphically cumulative sequence and practice writing every kanji as you go. * Guidance for mastering proper stroke forms: Both the guide characters and the practice squares are cross-hatched to help you achieve precise form. * Savings: Standard genkōshi manuscript paper typically costs around US\$7-12 online. The Green Book is priced toward the bottom of this range while offering unique convenience for users of the Kanji Learner's Course.

The second edition of the Impact Evaluation in Practice handbook is a comprehensive and accessible introduction to impact evaluation for policy makers and development practitioners. First published in 2011, it has been used widely across the development and academic communities. The book incorporates real-world examples to present practical guidelines for designing and implementing impact evaluations. Readers will gain an understanding of impact evaluations and the best ways to use them to design evidence-based policies and programs. The updated version covers the newest techniques for evaluating programs and includes state-of-the-art implementation advice, as well as an expanded set of examples and case studies that draw on recent development challenges. It also includes new material on research ethics and partnerships to conduct impact evaluation. The handbook is divided into four sections: Part One discusses what to evaluate and why; Part Two presents the main impact evaluation methods; Part Three addresses how to manage impact

evaluations; Part Four reviews impact evaluation sampling and data collection. Case studies illustrate different applications of impact evaluations. The book links to complementary instructional material available online, including an applied case as well as questions and answers. The updated second edition will be a valuable resource for the international development community, universities, and policy makers looking to build better evidence around what works in development. *Middle School Math* Pearson Prentice Hall
