Wolf Lake Other Press, LLC
 East Syriac Christianity spread outside the Roman Empire as a result of the missions carried out by the "Church of the East", formerly known as "Nestorian Church". This volume contains the most recent cutting edge research on this very Church in China and Central Asia. World-renowned scholars from universities and institutions in China, India, Europe and North America contributed to the study of this fascinating chapter of the history of Christianity. They come from various disciplines such as Religious and Ecclesiastical History, Philology (Sinology, Syrology), Archeology, Theology, and Central Asiatic Studies.
The Last Night at Tremore Beach Catapult
 Could a nightmare be used as a murder weapon? That's the provocative question confronting Gurney in the thrilling new installment in this series of international bestsellers. The former NYPD star homicide detective is called upon to solve a baffling puzzle: Four people who live in different parts of the country and

who seem to have little in common, report having had the same dream—a terrifying nightmare involving a bloody dagger with a carved wolf's head on the handle. All four are subsequently found with their wrists cut — apparent suicides — and the weapon used in each case was a wolf's head dagger. Police zero in quickly on Richard Hammond, a controversial psychologist who conducts hypnotherapy sessions at a spooky old Adirondack inn called Wolf Lake Lodge. It seems that each of the victims had gone there to meet with Hammond shortly before turning up dead. Troubled by odd holes in the official approach to the case, Gurney begins his own investigation — an action that puts him in the crosshairs of not only an icy murderer and the local police but the darkest corner of the federal government. As ruthless as the blizzard trapping him in the sinister eeriness of Wolf Lake, Gurney's enemies set out to keep him from the truth at any cost — including an all-out assault on the sanity of his beloved wife Madeleine. With his emotional resources strained to the breaking point, Gurney must throw himself into a deadly battle of wits with the most frightening opponent he has ever faced. *Wolf Lake* is the page-turning new work by a writer hailed by the New York Times as "masterly" — and it furthers the adventures of Dave

Gurney, a detective reviewers have compared to Sherlock Holmes.

Ghosts Trine Day

John Paul II and the dark heart of the Catholic Church... In 1984 David Yallop's *In God's Name* changed the way that the world looked at the Vatican. In *The Power and The Glory* David Yallop returns to Rome with another explosive story: the true history of the papacy of John Paul II. From the first moment of his papacy, Karol Wojtyla sought political influence and a role on the world stage. At the dawn of the twenty-first century, he was a leader to millions of Catholics at a time of tremendous change. Promising a renewed church, he was the first media Pope and travelled around the world to preach his message. It is said that he was central in the fall of Soviet Eastern Europe, in particular within his own homeland of Poland. But has the real truth of this Papacy been revealed? *The Power & the Glory* explores the continued financial scandal involving the Vatican bank, the mafia, Freemasonry, illegal money laundering and arms sales. Exposes the true extent of the Pope's failure to control the child abuse scandal. Contains explosive revelations from the CIA, the KGB, the Polish secret service and the most secretive place on earth, the Vatican itself. Tells for the first time John Paul II's real involvement in the fall of the Iron Curtain and the liberation of Poland. Uncovers the myth of the Holy Alliance between Reagan's America and the Vatican.

Más travesuras del fantasma de palacio Routledge

A former policeman, now a Major in the Spanish Republican Army, is sent to Madrid to investigate the circumstances in which the legendary anarchist was killed. In his search for the truth he interviews the key witnesses and uncovers a number of contradictory accounts. Nobody tells the same story in quite the same way, but as an experienced police officer, he knows it is not inconceivable that they are all telling the truth. But it is also possible that some of them are lying, that some are trying to hide what they know, and more sinisterly, that some may be seeking to sabotage his investigation for darker political ends. Making imaginative and ingenious use of the detective novel as a literary device, de Paz explores various hypotheses and scenarios that could at least provide us, 70 years on, with believable explanations about the chain of events leading to the death of a truly remarkable man. Also includes numerous photographs of the man, and his funeral, and a lengthy afterword by Stuart Christie, putting his life, times, and untimely death, into the context of Spanish Anarchism, the social revolution, and civil war. Quite superb, all around!

Los fantasmas del palacio de Linares Hachette UK

Syriac Christianity spread along the Silk Road together with Aramaic culture and liturgy. Because of this, the staging posts of Christian merchants along the trade routes grew into missionary centers. Thus, the mission of the Church of the East stretched from Persia to Arabia and India, and from the Oxus River to the Chinese shores. This book contains a collection of studies on the Church of the East in its historical setting. It sheds new light on this subject from various perspectives and academic disciplines, providing fresh insights into the rich heritage of Syriac Christianity. (Series: orientalia - patristica - oecumenica - Vol. 5)

Closed Circles Prometheus Books

Are ghosts real? Are there truly haunted places, only haunted people, or both? And how can we know? Taking neither a credulous nor a dismissive approach, this first-of-its-kind book solves those perplexing mysteries and more--even answering the question of why we care so very much. Putting aside purely romantic tales, this book examines the actual evidence for ghosts--from eyewitness accounts to mediumistic productions (such as diaphanous forms materializing in dim light), spirit

photographs, ghost-detection phenomena, and even CSI-type trace evidence. Offering numerous exciting case studies, this book engages in serious investigation rather than breathless mystifying. Pseudoscience, folk legends, and outright hoaxes are challenged and exposed, while the historical, cultural, and scientific aspects of ghost experiences and haunting reports are carefully explored. The author--the world's only professional paranormal investigator--brings his skills as a stage magician, private detective, folklorist, and forensic science writer to bear on a topic that demands serious study.

The Power and The Glory Andersen Press (UK)

Stephen Rabe's timely book examines President Dwight D. Eisenhower's Latin American policy and assesses the president's actions in light of recent "Eisenhower revisionism." During his first term, Eisenhower paid little attention to Latin America but his objective there was clear: to prevent communism from gaining a foothold. The Eisenhower administration was prepared to cooperate with authoritarian military regimes, but not to fund developmental aid or vigorously promote political democracy. Two events in the second administration convinced Eisenhower that he had underestimated the extent of popular unrest and thus the potential for Communist inroads: the stoning of Vice-President Richard M. Nixon in Caracas and the radicalization of the Cuban Revolution. He then began to support trade agreements, soft loans, and more strident measures that led to CIA involvement in the Bay of Pigs invasion and plots to assassinate Fidel Castro and Rafael Trujillo. In portraying Eisenhower as a virulent anti-Communist and cold warrior, Rabe challenges the Eisenhower revisionists who view the president as a model of diplomatic restraint.

AN INTRODUCTION TO GEOLOGY LIT Verlag Münster

The Cuban Missile Crisis Revisited is a comprehensive overview of the great cornucopia of new materials recently released by the Soviet Union, United States, and Cuba. The authors, some of whom were participants in the crisis, have all had a major role in bringing to light either significant reevaluations of the crisis, or in some cases, truly startling revelations of the extant wisdom surrounding much of the crisis. The collection, edited by a long-time student of the crisis, is a coherent, original, and up-to-date work that bears on a moment when the world, for good cause, held its breath in fear that the morning might bring the apocalypse.

The Science of Ghosts David R. Godine Publisher

In this timely political thriller, CIA special agent Curtis Fitzgerald, scholar Simone Casoloro, and historian Michael Asbury, must race against the clock to find trillions of dollars worth of stolen funds to prevent global economic collapse. Since the end of the Second World War, an elite organization called The Octopus has controlled the funds hidden away in six bank accounts. As the crux of the global economy, the loss of the money threatens to send the world into pure chaos unless it's retrieved. Fitzgerald, Casoloro, and Asbury find themselves down the rabbit hole of government conspiracies and secret societies in the hunt for the missing riches. Love, betrayal, murder, and deceit play prominently in this novel following in the wake of the ongoing financial crisis.

From the Oxus River to the Chinese Shores Rowman & Littlefield

The Past in the Present brings together, for the first time, contemporary ideas from both the psychoanalytic and humanistic therapy traditions, looking at how trauma and enactments affect therapeutic practice. Enactments are often experienced as a crisis in therapy and are understood as symbolic interactions between the client and therapist, where personal issues of both parties become unconsciously entwined. This is arguably especially true if the client has undergone some form of trauma.

This trauma becomes enacted in the therapy and becomes a turning point that significantly influences the course of therapy, sometimes with creative or even destructive effect. Using a wealth of clinical material throughout, the contributors show how therapists from different therapeutic orientations are thinking about and working with enactments in therapy, how trauma enactment can affect the therapeutic relationship and how both therapist and client can use it to positive effect. The Past in the Present will be invaluable to practitioners and students of analytic and humanistic psychotherapy, psychoanalysis, analytic psychology and counselling.

A Million Drops Springer

In the early Middle Ages, until as late as the thirteenth century, women were active and independent participants in many sectors of economic life. Even apart from agriculture, they were prominent in all phases of cloth making, in brewing, medicine, education, administration, and in the dispensation of religious counsel. In the late Middle Ages, clearly so by the fifteenth century, women lost that prominence as well as their economic independence. Using a great variety of original sources, both literary and statistical, David Herlihy vividly demonstrates that the subordination of women within a household economy was specifically the product of the late Middle Ages. Opera Muliebria, the medieval Latin term for "women's labors," is the first comprehensive survey of women's participation in economic activities throughout Europe from ancient times to about 1500. Herlihy illustrates how medieval women lived and worked, and how their lives were transformed as the Middle Ages ended. He traces the dramatic change in their participation in productive enterprise to the establishment of guild monopolies and reveals that the virtual confinement of women's labors to work within the home was not an ancient arrangement, but rather the heritage of the late Middle Ages. Covering the entire continent of Europe for over a millennium of its history, Herlihy's work contributes to a better understanding not only of medieval women but of the entire social world of the Middle Ages. Author note: David Herlihy is Mary Critchfield and Barnaby Keeney Professor of History at Brown University and President of the American Historical Association in 1990. He is the author of several books including Medieval Households.

The Most Dangerous Area in the World UNC Press Books

In March 1961, President John F. Kennedy announced the formation of the Alliance for Progress, a program dedicated to creating prosperous, socially just, democratic societies throughout Latin America. Over the next few years, the United States spent nearly \$20 billion in pursuit of the Alliance's goals, but Latin American economies barely grew, Latin American societies remained inequitable, and sixteen extraconstitutional changes of government rocked the region. In this close, critical analysis, Stephen Rabe explains why Kennedy's grand plan for Latin America proved such a signal policy failure. Drawing on recently declassified materials, Rabe investigates the nature of Kennedy's intense anti-Communist crusade and explores the convictions that drove him to fight the Cold War throughout the Caribbean and Latin America--a region he repeatedly referred to as "the most dangerous area in the world." As Rabe acknowledges, Kennedy remains popular in the United States and Latin America, in part for the noble purposes behind the Alliance for Progress. But an unwavering determination to wage Cold War led Kennedy to compromise, even mutilate, those grand goals.

El fantasma de palacio Simon and Schuster

With the disintegration of the Soviet Union and international socialism, Cuba now finds itself isolated as the United States continues to press for its economic and political collapse. How Fidel Castro sees Cuba's plight and what he hopes to do about it

emerge from this account of a unique conference held in Havana in 1992. The meeting brought together participants in the Cuban missile crisis from the former Soviet Union, Cuba, and the U.S. to discuss its causes and course. This account is now available for the first time in paperback, on the 40th anniversary of the Cuban Missile Crisis. This first meeting between Castro, his ex-Soviet allies, and his American foes produced startling revelations about his dealings with the Soviets, chilling details of the number and kind of Soviet nuclear arms that Cuba possessed in 1962, and an illuminating account of Castro's view of the American threat--then and now. The dramatic exchanges between Castro and such conference participants as Anatoly I. Gribkov, former head of the Warsaw Pact; former U.S. Secretary of Defense Robert McNamara; and Arthur Schlesinger, Jr., Special Assistant to John Kennedy, reveal misperceptions on all sides that led us to the brink of nuclear war. An extraordinary examination of an international crisis, Cuba on the Brink illustrates the ongoing "Cuba problem," and will help guide our actions toward other countries deemed hostile to our national interest.

Dieu □ le tapis volant □ Le Plan de Vol - le fantôme (Diable ou Satan) - La Mort - la Procréation - L'École de commerce - les Reliques UNC Press Books

It's a beautiful day for a regatta--until one of Sandhamn Island's most prestigious residents is killed aboard his sailing yacht. Oscar Juliander was a rich lawyer and deputy chairman of the prestigious Royal Swedish Yacht Club. While at first his death seems like a tragic accident, there is evidence of foul play. Police detective Thomas Andreasson teams up with local lawyer Nora Linde to investigate. As they work to uncover clues, they face resistance from an elite world where nothing but appearance matters. When the rich and powerful inhabitants of Sweden's idyllic island getaway come under scrutiny, Thomas and Nora must work closely and secretly to seek justice.

D. Cándido Necedal (1821-85) Houghton Mifflin Harcourt

There's a double robbery in two identical apartments, rented but hardly ever used by a Pittsburg drug dealer who's clean with the law. A young woman is found shot dead on the street. She can't be identified, but her murder has all the appearances of a professional hit. The mayor is near hysteria, and he smears the case all over Balzic, who not only has to solve the murder but teach his nosy new boss the not-so-plain facts of police work.

Scientific Paranormal Investigation Simon and Schuster

Everyone's favourite troublemaker, William Brown, is back in Richmal Crompton's William, a hilarious collection of stories from the classic Just William series - with a gorgeous cover illustrated by the award-winning Lauren Child and an introduction by actress Bonnie Langford. Greyhound racing was a wonderfully exciting idea. After all, William's dog, Jumble was as likely to be a greyhound as anything, and surely no one would mind the Outlaws borrowing another dog to race against him. Would they? This tousle-headed, snub-nosed, hearty, lovable imp of mischief has been harassing his unfortunate family and delighting his admirers since 1922. Enjoy more of William's adventures in William the Bad and William's Happy Days.

A Suspension of Mercy Pan Macmillan

Fortune telling, psychic detectives, astrology, ghosts, hypnosis, coincidence, dowsing, fire walking, the Loch Ness monster are some of the subjects covered in this text.

EL PALACIO FANTASMA Read and Noir

Scientific Paranormal Investigation describes how logic, critical thinking, and scientific methodologies can be applied to mysterious or "unexplained" phenomena including ghosts, crop circles, miracles, Bigfoot, etc. The author includes a half-dozen in-depth investigation case studies describing how he solved the mysteries.

The Cuban Missile Crisis Revisited Prometheus Books

Gripping and impossible to put down, *The Last Night at Tremore Beach* is an atmospheric and chilling psychological thriller sure to appeal to fans of the novels of Stephen King and S.J. Watson. An idyllic summer holiday on the Irish coast becomes a living nightmare with shattering consequences for a world-renowned composer and his loved ones in this “truly haunting page-turner” (Publishers Weekly, starred review). Recently divorced and in the middle of a creative crisis, Peter Harper decides to take shelter on the scenic and isolated Tremore Beach in Ireland. But one stormy night he is struck by lightning and, as a result, begins experiencing terrible headaches and strange dreams. As the line between his dreams and reality begin to blur, Peter realizes that his bizarre visions may be a warning of horror still to come...

Opera Muliebria Amazon Publishing

BY THE BESTSELLING AUTHOR OF *THE TALENTED MR RIPLEY*, *CAROL AND STRANGERS ON A TRAIN* 'Bears Highsmith's unique, unsurpassed mixture of unsettling psychological insights' *THE TIMES* 'The original, the best, the gloriously twisted Queen of Suspense' *MARK BILLINGHAM* 'Highsmith's novels are peerlessly disturbing . . . bad dreams that keep us thrashing for the rest of the night' *NEW YORKER* Sydney Bartleby has killed his wife. At least, he has thought about it, compulsively, repeatedly, plotting schemes, designing escapes, forging alibis. Of course he has; he's a thriller writer. He even knows how to dispose of her body. But when Alicia takes a long, unannounced holiday, Sydney descends into the treacherous world of his own fantasy. A masterpiece of noir fantasy in which Highsmith revels in eliciting the unsettling psychological forces that lurk beneath the surface of everyday life.
