## BREWER LOGAN

*Sekret Machines: Man* Nicolas-Hays, Inc.

Ratline is the documented history about the mechanisms by which thousands of other Nazi war criminals fled to the remotest parts of the globe—including quite possibly Adolf Hitler. It is a story involving Soviet spies, Nazi priests, and a network of Catholic monasteries and safe houses known as the ratline. The name of one priest in particular, Monsignor Draganovic, was discovered by the author in a diary found in Indonesia. Why would this name turn up in a document written in a spidery German hand in a remote island in Indonesia? As famed author Peter Levenda began his research, more information came to light: In December of 2009, it was revealed that the skull the Russians claimed was Hitler's—salvaged from the bunker in 1945—was not that of Hitler! In 2010, files from the Office of Special Investigations of the Justice Department were declassified, revealing a history of American intelligence providing cover for Nazi war criminals. The mystery deepened, and the author returned to his own roots hunting Nazis in North America, South America and Europe. He revisited old contacts, made some new ones, and gradually the explosive story was revealed: there is no forensic evidence to prove that Adolf Hitler died in the bunker in April 1945!

**Hitler's Priestess** To The Stars

"Peter Levenda's extensive investigative work--begun in 1979 and published as Unholy Alliance, and continued through his recent ground-breaking revelations in Ratline of an Indonesian route in the Nazi escape of war criminals and their network is in-depth researched in The Hitler Legacy of the impact and influence of the Nazi underground on terrorism and global security past and present!"--

**Ratline** Nicolas-Hays, Inc.

The Tantric Alchemist is a work on alchemy as decoded by Tantra and a work on Tantra as understood by alchemists. It uncovers works by Thomas Vaughan and suggests how he and his wife—a 17th-century Welsh couple unique in the history of western alchemy—met their fate when dealing with forces they knew only too well, but which were stronger than their ability to control them. Using the works of Vaughan as his text, Levenda applies the "twilight language" of Tantra to the surreal prose of the alchemist and in the process lays bare the lineaments of the arcane tradition that gave rise to the legend of Christian Rosenkreutz, the reputed founder of Rosicrucianism who learned his art in the East; and to the 19th- and 20th-century occult movements lead by such luminaries as P.B. Randolph, Theodore Reuss, Helena Blavatsky, and Aleister Crowley who also sought (and discovered) this technology in the religions and cultures of Asia. Readers will find that the many disparate threads of an authentic spiritual tradition are woven together here in a startling tapestry that reveals—without pretense or euphemism—the psycho-sexual technique that is at the root of both Tantra and alchemy: that is to say, of both Asian and European forms of esoteric praxis.

**Most Dangerous Book in the World** Nicolas-Hays, Inc.

An exceptional examination from award-winning author and producer Tom DeLonge with renowned research author Peter Levenda, Sekret Machines: GODS will take you on an eye-opening journey that transcends speculation and is based on unprecedented access to officials at the highest levels of government, military and industrial agencies who have provided insights and assistance never before experienced by any researchers in this controversial field. GODS takes us beyond speculation to certain knowledge of what exactly lies at the heart of the most important Phenomenon ever to confront human understanding. This first volume introduces the reader to some of the critical issues that are foundational to an intelligent and enlightened grasp of the revelations that will follow in the next two volumes. There is another Force in the universe of our Reality, another context for comprehending what has been going on for millennia and especially in the last seventy years. Sekret Machines is the result of input from scientists, engineers, intelligence officers, and military officials --

a group we call the Advisors -- and transcends the speculation of journalists, historians and others whose conclusions are often either misinformed or only tease around the edges of the Sekret Machines. The reader will not discover wild theories or unfounded claims, but instead will confront a solid -- if often unsettling -- reality, one that demands the collaboration of all of us in every field of human endeavor if we are to understand it and manage its effects. If nothing else, readers will come to the conclusion that the Phenomenon is not what they think it is. It is, in fact, much more serious and potentially much more threatening than they can imagine. Sekret Machines: GODS is volume one of the companion investigation series to the bestselling thriller Sekret Machines: Chasing Shadows by DeLonge and NYTimes bestselling author AJ Hartley. The whole is truly greater than the sum of its parts. Read together, the thriller series and the investigation series show what cannot be revealed with one approach alone.

*Frabato the Magician* TrineDay

From Paris to Stalingrad, the Nazis systematically plundered all manner of art and antiquities. But the first and most valuable treasure they looted were the Crown Jewels of the Holy Roman Empire. This is the true-life Indiana Jones story of a college professor turned Army sleuth who foils a Nazi plot to preserve these cherished symbols of Hitler's Thousand Year Reich. Author Sidney Kirkpatrick draws on recently discovered and previously unpublished documents, including interrogation and intelligence reports, diaries and correspondence, as well as on interviews with all remaining living participants involved with the case, to re-create this thrilling true-life story.

**The Nazi Occult War** NYU Press

This is a unique history of Masonry written from the perspective of an educated outsider. The author is sympathetic to Masonic goals, a historian of secret societies and political conspiracies, and an exhaustive researcher. He looks back to the earliest roots of the Craft, and then traces its influence into modern times. From the Bible's Temple of Solomon through the Knights Templars, to the Rosicrucians and Illuminati, we learn of Masonry's roots and early history. Enlightenment philosophy and the revolutionary currents of eighteenth-century Europe opened an opportunity for the American experiment. Sacred geometry and architecture combined to create Washington, DC, and the rest, as they say, is history. This second revised and enlarged edition includes a new chapter on Freemasonry in South America—from the revolution of Simón Bolívar to the capture and execution of Che Guevara.

**The Tantric Alchemist** Sinister Forces: A Grimoire of

For those who know... that something is going on... The witnesses are legion, scattered across the world and dotted through history, people who looked up and saw something impossible lighting up the night sky. What those objects were, where they came from, and who—or what—might be inside them is the subject of fierce debate and equally fierce mockery, so that most who glimpsed them came to wish they hadn't. Most, but not everyone. Among those who know what they've seen, and—like the toll of a bell that can't be unring—are forever changed by it, are a pilot, an heirress, a journalist, and a prisoner of war. From the waning days of the 20th century's final great war to the fraught fields of Afghanistan to the otherworldly secrets hidden amid Nevada's dusty neverlands—the truth that is out there will propel each of them into a labyrinth of otherworldly technology and the competing aims of those who might seek to prevent—or harness—these beings of unfathomable power. Because, as it turns out, we are not the only ones who can invent and build...and destroy. Featuring actual events and other truths drawn from sources within the military and intelligence community, Tom DeLonge and A.J. Hartley offer a tale at once terrifying, fantastical, and perhaps all too real. Though it is, of course, a work of... fiction?

**The Nine** To The Stars

The idea of heavenly ascent, while popularized in Jewish mysticism, is neither a unique nor recent one. Expertly tracing its origins back to the ancient Middle East, Levenda unearths ascent literature

in Africa, India, and China, discerns a common connection in the heavens themselves, and determines that this connection has been sorely neglected in contemporary scholarship. Because scholars treat the "heavens" as metaphorical, it is necessary to recreate the physical context of the culture under discussion in order to better understand it. For the benefit of the reader, Levenda offers two useful concepts for his investigative journey: a "map," whereby he means the cosmological system to better understand the mystical technologies of each culture investigated, and a "vehicle," the method by which the individual equipped with special knowledge is able to navigate the culture's particular cosmology. With these two tools, Levenda travels from the worlds of ancient Egypt and Babylon to the Hebrew Bible, to Jewish and Christian kabbalists, to Daoists in ancient China, to Hindu Tantra and Haitian Vodoun, and, finally, to nineteenth and twentieth century European occult societies.

*The Secret Temple* Nicolas-Hays, Inc.

In this shocking exposé, investigative researcher and author S. K. Bain reveals the truth behind the mass-murdering psychopaths responsible for the events of September 11, 2001, and reconstructs the occult-driven script for this Global Luciferian MegaRitual. As Bain uncovers, the framework for the entire event was a psychological warfare campaign built upon a deadly foundation of black magick and high technology. The book details the sinister nature of the defining event of the 21st century and explains the vast scope of the machinery of oppression that has been constructed around us.

*Stellar Theology and Masonic Astronomy To The Stars*

Public interest in Adolf Hitler and all aspects of the Third Reich continues to grow as new generations ponder the moral questions surrounding Nazi Germany and its historical legacy. One aspect of Nazism that has not received sufficient attention from historians of the Third Reich is the doctrine's origins in the Thule Society and its covert activities. A Munich occult group with a political agenda, the Thule Society was led by Rudolf von Sebottendorff, a German commoner who had been adopted by nobility during a sojourn in the Ottoman Empire. After returning to Europe, Sebottendorff embraced a form of theosophy that stressed the racial superiority of Aryans. The Thule Society attempted to establish an anti-Semitic, working-class front for disseminating its esoteric ideas and founded the German Workers' Party, which Hitler would later transform into the National Socialist German Workers' (Nazi) Party. Several of the society's members eventually assumed prestigious posts in the Third Reich. David Lührssen has written the first comprehensive study of the society's activities, its cultural roots, and its postwar ramifications in a historical-critical context. Both general readers and academics concerned with European cultural and intellectual history will find that *Hammer of the Gods* opens new perspectives on nineteenth- and twentieth-century Europe.

*The Dark Lord* Nicolas-Hays, Inc.

The real story behind the Tavistock Institute and its network, from an intriguing best-selling author The Tavistock Institute, in Sussex, England, describes itself as a nonprofit charity that applies social science to contemporary issues and problems. But this book posits that it is the world's center for mass brainwashing and social engineering activities. It grew from a somewhat crude beginning at Wellington House into a sophisticated organization that was to shape the destiny of the entire planet, and in the process, change the paradigm of modern society. In this eye-opening work, both the Tavistock network and the methods of brainwashing and psychological warfare are uncovered. With connections to U.S. research institutes, think tanks, and the drug industry, the Tavistock has a large reach, and Tavistock Institute attempts to show that the conspiracy is real, who is behind it, what its final long term objectives are, and how we the people can stop them.

*Hammer of the Gods* Potomac Books, Inc.

The roots of coincidence and conspiracy in American politics, crime, and culture are examined in this book, exposing new connections between religion, political conspiracy, and occultism. Readers are taken from ancient American civilization and the mysterious mound builder culture to the Salem witch trials, the birth of Mormonism during a ritual of ceremonial magic by Joseph Smith, Jr., and Operations Paperclip and Bluebird. Not a work of speculative history, this exposé is founded on primary source material and historical documents. Fascinating details are revealed, including the bizarre world of "wandering bishops" who appear throughout the Kennedy assassinations; a CIA mind control program run amok in the United States and Canada; a famous American spiritual leader who had ties to Lee Harvey Oswald in the weeks and months leading up to the assassination of President Kennedy; and the "Manson secret."

*Black Sun* NYU Press

The Unpredictable Constitution brings together a distinguished group of U.S. Supreme Court Justices and U.S. Court of Appeals Judges, who are some of our most prominent legal scholars, to discuss an array of topics on civil liberties. In thoughtful and incisive essays, the authors draw on decades of experience to examine such wide-ranging issues as how legal error should be handled, the death penalty, reasonable doubt, racism in American and South African courts, women and the constitution, and government benefits. Contributors: Richard S. Arnold, Martha Craig Daughtry, Harry T. Edwards, Ruth Bader Ginsburg, Betty B. Fletcher, A. Leon Higginbotham, Jr., Lord Irvine of Lairg, Jon O. Newman, Sandra Day O'Connor, Richard A. Posner, Stephen Reinhardt, and Patricia M. Wald.

*Sekret Machines Book 1: Chasing Shadows* New Leaf Distribution

An exceptional examination that "plays the role of an intellectual Indiana Jones, expertly guiding readers through crumbling, vine-laden Mayan temples; the stunning iconography of ancient Egypt and the esoteric creation myths of antediluvian India, Africa and China." Written by Open Mind's 2017 UFO Researcher of the Year and critically acclaimed producer Tom DeLonge, with renowned researcher Peter Levenda. *Sekret Machines: GODS* will take you on an eye-opening journey that transcends speculation and is based on unprecedented access to officials at the highest levels of government, military and industrial agencies who have provided insights and assistance never before experienced by any researchers in this controversial field. *GODS* takes us beyond speculation to certain knowledge of what exactly lies at the heart of the most important Phenomenon ever to confront human understanding. Now in trade paperback, the first volume in *Gods, Man & War*, *GODS* introduces the reader to some of the critical issues that are foundational to an intelligent and enlightened grasp of the revelations that will follow in the next two volumes. There is another Force in the universe of our Reality, another context for comprehending what has been going on for millennia and especially in the last seventy years. *Sekret Machines* is the result of input from scientists, engineers, intelligence officers, and military officials -- a group we call the Advisors -- and transcends the speculation of journalists, historians and others whose conclusions are often either

misinformed or only tease around the edges of the *Sekret Machines*. The reader will not discover wild theories or unfounded claims, but instead will confront a solid -- if often unsettling -- reality, one that demands the collaboration of all of us in every field of human endeavor if we are to understand it and manage its effects. If nothing else, readers will come to the conclusion that the Phenomenon is not what they think it is. It is, in fact, much more serious and potentially much more threatening than they can imagine. *Sekret Machines: GODS* is volume one of the companion investigation series to the bestselling fiction thriller *Sekret Machines: Chasing Shadows* by DeLonge and NYTimes bestselling author AJ Hartley. The whole is truly greater than the sum of its parts. Read together, the thriller series and the investigation series show what cannot be revealed with one approach alone.

*Sekret Machines: Gods* Book Tree

This timely book takes an original transnational approach to the theme of Nazism and neo-Nazism in film, media, and popular culture, with examples drawn from mainland Europe, the UK, North and Latin America, Asia, and beyond. This approach fits with the established dominance of global multimedia formats, and will be useful for students, scholars, and researchers in all forms of film and media. Along with the essential need to examine current trends in Nazism and neo-Nazism in contemporary media globally, what makes this book even more necessary is that it engages with debates that go to the very heart of our understanding of knowledge: history, memory, meaning, and truth.

*Unholy Alliance* Yale University Press

The Nazi Occult War is a gripping account of the supernatural and magical thinking that dominated Nazi beliefs leading up to and including the Second World War. This book explores the Nazi obsession with the occult and symbols of arcane power shedding new light on the most hated political movement in history, and revealing how occultism not only helped the Nazi's but also hindered them, as opposition movements utilised its techniques. Includes: • The Vril Society • The New Teutonic Knights • Black Camelot • The Nazi 'Occult Bureau' • Atlantis • Aryan science. Illustrated throughout with informative photographs, and featuring a wealth of new facts and conclusions, *The Nazi Occult War* is a proud addition to any history lover's bookshelf.

*The Nazis and the Occult* Nicolas-Hays, Inc.

In *A Science for the Soul*, historian Corinna Treitel explores the appeal and significance of German occultism in all its varieties between the 1870s and the 1940s, locating its dynamism in the nation's struggle with modernization and the public's dissatisfaction with scientific materialism. Occultism, Treitel notes, served as a bridge between traditional religious beliefs and the values of an increasingly scientific, secular, and liberal society. Drawing on a wealth of archival materials, Treitel describes the individuals and groups who participated in the occult movement, reconstructs their organizational history, and examines the economic and social factors responsible for their success. Building on this foundation, Treitel turns to the question of how Germans used the occult in three realms of practice: Theosophy, where occult studies were used to achieve spiritual enlightenment the arts, where occult states of consciousness fueled the creative process of avant-garde painters, writers, and dancers and the applied sciences, where professionals in psychology, law enforcement, engineering, and medicine employed occult techniques to solve characteristic problems of modernity. In conclusion, Treitel considers the conflicting meanings occultism held for contemporaries by focusing on the anti-spiritualist campaigns mounted by the national press, the Protestant and Catholic Churches, local and national governments, and the Nazi regime, which after years of alternating between affinity and antipathy for occultism, finally crushed the movement by 1945.

*The Cosmic Conspiracy* Arcturus Publishing

"A history of tantra in Java and its origin and practice and how it has influenced and interacted with Tibetan Tantra, Hindu mysticism and Sufi Islam and Western sexual magical practices. Illustrated with full color photos of old and newly excavated and uncovered temples, along with statues and iconography dedicated to practices in shrines, cemeteries and secret schools."--Publisher's description.

*Sekret Machines: Gods* Trine Day

The roots of coincidence and conspiracy in American politics, crime, and culture are investigated in this analysis that exposes new connections between religion, political conspiracy, terrorism, and occultism. Readers are provided with strange parallels between supernatural forces such as shamanism, ritual magic, and cult practices, and contemporary interrogation techniques such as those used by the CIA under the general rubric of MK-ULTRA. Not a work of speculative history, this exposé is founded on primary source material and historical documents. Fascinating details on Nixon and the "Dark Tower," the Assassin cult and more recent Islamic terrorism, and the bizarre themes that run through American history from its discovery by Columbus to the political assassinations of the 1960s are revealed.

*Access Denied* Nicolas-Hays, Inc.

In June of 1979, Peter Levenda flew to Chile--then under martial law--to investigate claims that a mysterious colony and torture center in the Andes Mountains held a key to the relationship between Nazi ideology and its post-war survival on the one hand, and occult ideas and practices on the other. He was detained there briefly and released with a warning: "You are not welcome in this country." The people who warned him were not Chileans but Germans, not government officials but agents of the assassination network Operation Condor. They were also Nazis, providing a sanctuary for men like Josef Mengele, Hans-Ulrich Rudel, and Otto Skorzeny. In other words: ODESSA. Published in 1995, *Unholy Alliance* was the first book in English on the subject of Nazi occultism to be based on the captured Nazi archives themselves, as well as on the author's personal investigations and interviews, often conducted under dangerous conditions. The book attracted the attention of historians and journalists the world over and has been translated into six languages. A later edition boasts the famous foreword by Norman Mailer. How did occultism come to play such an important role in the development of Nazi political ideology? What influence did such German and Austrian occult leaders as Lanz von Liebenfels and Guido von List have over the fledgling Nazi party? What was the Thule Gesellschaft, and who was its creator, Baron von Sebottendorf? Did the Nazi high command really believe in occultism? In astrology? In magic and reincarnation? This is a new and expanded edition of the original text, with much additional information on the rise of extremist groups in Europe, Latin America, Asia, and the United States and the esoteric beliefs that are at their foundations. It is the first book in a trilogy that includes *Ratline* and *The Hitler Legacy*. This is where it all began.
