 How the daily practices of life with children can shape our faith In the Midst of Chaos explores parenting as spiritual practice, building on Bonnie J. Miller-McLemore's fresh conceptions of children from her book *Let the Children Come*. She questions conventional perceptions that spiritual practices require silence, solitude, and uninterrupted prayer and that assume a life unburdened by care of others. She is both honest about the difficulties and attentive to the blessings present in everyday life and demonstrates that the life of faith encompasses children and the adults who care for them. Miller-McLemore explores how parents might use seven daily practices, such as play, reading, chores, and saying goodbye or goodnight as rich opportunities to shape both parent and child morally and spiritually. Through these experiences, she shows how the very care of children forms and reforms the faith of adults themselves, contrary to the belief that adults must form children. In the Midst of Chaos also goes beyond the typical focus on individual self-fulfillment by tackling difficult questions of social justice and mutuality in the ways families live together. Readers will find in this book an invitation to love those around them in the midst of life's craziness and to live more deeply in grace.

 Writing for Bliss is most fundamentally about reflection, truth, and freedom. With techniques and prompts for both the seasoned and novice writer, it will lead you to tap into your creativity through storytelling and poetry, examine how life-changing experiences can inspire writing, pursue self-examination and self-

discovery through the written word, and understand how published writers have been transformed by writing. Poet and memoirist Raab (Lust) credits her lifelong love of writing and its therapeutic effects with inspiring her to write this thoughtful and detailed primer that targets pretty much anyone interested in writing a memoir. Most compelling here is Raab's willingness to share her intimate stories (e.g., the loss of a relative, ongoing struggles with cancer, a difficult relationship with her mother). Her revelations are encouraging to writers who feel they need permission to take... a voyage of self-discovery. The book's seven-step plan includes plenty of guidance, including on learning to read like a writer, and on addressing readers as if seated across the table. Raab covers big topics such as the art and power of storytelling and small details such as choosing pens and notebooks that you enjoy using. She also helps readers with the important step of finding your form. --PUBLISHER'S WEEKLY  
 "Writing for Bliss is about the profound ways in which we may be transformed in and through the act of writing. I am grateful to Diana Raab for sharing it, and I trust that you will feel the same as you read on. May you savor the journey." --from the foreword by MARK FREEMAN, PhD  
 "By listening to ourselves and being aware of what we are saying and feeling, the true story of our life's past experience is revealed. Diana Raab's book gives us the insights by which we can achieve this through her life-coaching wisdom and our writing." --BERNIE SIEGEL, MD, author of *The Art of Healing*  
 "Only a talented writer who has fought hard to overcome life's many obstacles could take her readers by the hand and lead them through the writing process with such enormous compassion, amazing insight, and kindness. Diana Raab is a powerful, wise, intelligent guide well worth our following." --JAMES BROWN, author of *The Los Angeles Diaries* and *The River*  
 "Writing for Bliss is far more than a 'how-to manual'; it enlightens the creative process with wisdom and a delightful sense of adventure. Bravo to Bliss!" --LINDA GRAY SEXTON, author of *Searching for Mercy Street: My Journey Back to My Mother*, Anne Sexton  
 "Uniquely blending inspiring insights with practical advice, Diana guides you on a path to discover the story that is truly inside you and yearning to be told." --PATRICK SWEENEY, coauthor of the New York Times bestseller *Yours*

*In the Midst of Chaos* is about one woman's struggle to overcome a relentless barrage of turmoil. It began with financial troubles and progressed to total calamity. She thought she was just an insignificant woman trying to get by in life while maintaining her Christian morals. But trying to solve all her problems without God only led to more problems. The harder she fought against doing what she felt God was leading her to do to end the mayhem, the worse life became for her and her entire family. She found herself completely broken and defeated destined to spend the rest of her life useless and in agony after a car accident. One fearful and prayerful night faced with the uncertainty of major surgery the next morning, she cried out to God for help. She then got out of bed and began writing what she believed might be the last words she ever left her family. Throughout a three-year battle with God over the submission to His will of fulfilling the purpose he had for her, life all but falls apart. She learns that everyone has value and importance. God can and will use them to help others and through out this journey, her faith grows immensely.

Why did you choose to read this book description? Is it because of the cool cover? It's okay...we have all judged a book by its cover at one time or another. Or is it because the word *Chaos* completely describes your life right now? Or maybe, just maybe, you thought the author was awesome and decided this book would be a New York Times Bestseller? Probably not the last scenario. If I had to guess, I'd say it has something to do with that overwhelming stress weighing down on you. Reality is, there are many people in this world facing hard times: Anxiety, incarceration, loss, addiction, divorce, sickness, and I could go on, but I need this description to fit on the back of the book... How do we overcome these overwhelming times? Great question. I don't have all the right words, which probably isn't what you want to hear from an author. But I know Who does. His Name is Jesus. And He is the only One Who can bring unexplainable peace in the midst of your Chaos. Whether you are reading this behind prison bars, in the hospital room, at the funeral home, or on the awesome World Wide Web, I hope you choose to read this book. Chaos is inevitable. It comes like a thief in the night— stealing, killing, and destroying all we hold dear. But there is hope. Where the enemy comes to destroy, God comes to rebuild. He comes to restore. He comes to bring life and joy. This book isn't some self-help book. Nor is it an autobiography. It's a collaboration of real people experiencing real pain, learning how to overcome the overwhelming. Jesus isn't just the center of this book. He's the beginning, middle, and end. And spoiler alert: He always wins.

This past year has been troubling for many of us who have had to deal with the ravages of the COVID-19 pandemic. We have had to deal with a loss of freedom, and some of us have lost jobs and income. And most tragically, there was the loss of family and friends who were fatal victims of this virus. The result of which is that we have been forced to make many difficult transitions in our lives. Life, as we have known it, has changed. But did you know that there is great power in transitions? These transitions are here to announce that we must set aside some old ways of thinking and doing and set our eyes on a new reality. So where do we capture this new vision? Where is life taking us? How do we read the road signs? In this book, *Walking through Troubled Waters*, we will explore the process of finding peace in the midst of our chaotic world. We will do so by probing the life of an ancient biblical character--King David. What does such an ancient figure have to teach us about living through troubled times? His story may well reflect our own experience. David's story is a drama of his life-changing transitions, which he had to overcome; and through these changes, he has much to teach us. Each time he found himself facing a new transition, this great king revealed a heart for God. And with this strong belief system, he was guided through some troubling times. Through faith, he transformed some simple words into a prayer to the Almighty. His faith in God was, therefore, the foundation to overcoming many of the challenges he had to face as a king and as a man. What can faith do? It can turn a boy into a warrior. And with a warrior's spirit, he had the strength to defeat those challenges before him. With faith, he learned to hear God's voice as he was guided through those troubled waters. Through faith, God taught him patience; and with patience, David learned that everything happened in God's perfect time. David had to face many of his enemies who tried to destroy him. He had to face his own sin and the rebellion in his family; and each time he triumphed. His final challenge was facing his own death. Did he find peace? I will let you be the judge. More importantly, can you, like King David, find peace in these troubling times?

Moms: Look to the gospel for your rest, joy, sufficiency, and motivation. For far too long mothers have been beaten down by the law of "do better" and "try harder." The burden of "getting it right" threatens to crush weary souls who desire to serve their families faithfully. Christ in the Chaos brings comfort to conflicted hearts that are starved of grace and longing for the freedom in Christ the Bible promises. In this book, Kimm Crandall emphasizes the importance of the gospel and how Christ's life, death, and resurrection change every aspect of motherhood. From finding our identity in Christ and understanding God's grace to taking off the mask of acceptability and dealing with the comparison crud, this book will free you to serve your family knowing that his love for you does not change based on your performance. Christ in the Chaos is a "must read" for every mother who longs for what is seemingly impossible: peace and freedom in the midst of her chaos.

Not every human on earth had or will have a formal education. This perhaps may be owing to financial constraints, value systems or personal inclinations as regards education. The choice or consent of that person is needed. This is why people are not forced to go to school. However, there is a school in life, which requires neither the man's money nor his consent to secure his participation. This is a school established by God himself as a means of building world changers. I call it the University of Challenges. This school is a must attend for every living person, irrespective of their social status, gender, race, academic or professional qualification. The only people who are exempted from attending this school of life are those in the grave. Dead men do not go through trials. Even when you live with caution, life itself has a way of enrolling you into this school. Triumph in the Midst of Chaos, is a revelational compass to sail through the storm.
