"An eloquent testimonial to the power of love and the devastation of loss" from the National Book Award-winning author of *Becoming a Man* (Publishers Weekly). In 1974, Paul Monette met Roger Horwitz, the man with whom he would share more than a decade of his life. In 1986, Roger died of complications from AIDS. *Borrowed Time* traces this love story from start to tragic finish. At a time when the medical community was just beginning to understand this mysterious and virulent disease, Monette and others like him were coming to terms with unfathomable loss. This personal

account of the early days of the AIDS crisis tells the story of love in the face of death. A finalist for the National Book Critics Circle Award, *Borrowed Time* was one of the first memoirs to deal candidly with AIDS and is as moving and relevant now as it was more than twenty-five years ago. Written with fierce honesty and heartwarming tenderness, this book is part love story, part testimony, and part requiem. This ebook features an illustrated biography of Paul Monette including rare images and never-before-seen documents from the Paul Monette papers of the UCLA Library Special Collections.

*Tanqueray* Lantern Books

Create your own powerful battling robot from start to finish using this easy-to-follow manual. Robotics experts Pete Miles and Tom Carroll explain the science and technology behind robots, and show you what materials you need to build and program a robot for home, school, and competition.

Pamela Gillilan was born in London in 1918, married in 1948 and moved to Cornwall in 1951. When

she sat down to write her poem *Come Away* after the death of her husband David, she had written no poems for a quarter of a century. Then came a sequence of incredibly moving elegies. Other poems followed, and two years after starting to write again, she won the Cheltenham Festival poetry competition. Her first collection *That Winter* (Bloodaxe, 1986) was shortlisted for the Commonwealth Poetry Prize.

"Deeply felt... [Kramer's] book is a polemic against a society that accepts depression as a fact of life." —O, The Oprah Magazine A profound look at depression by the author of *The New York Times* Bestseller, *Listening to Prozac*. In his landmark bestseller *Listening to Prozac*, Peter Kramer revolutionized the way we think about antidepressants and the culture in which they are so widely used. Now Kramer offers a frank and unflinching look at the condition those medications treat: depression. Definitively refuting our notions of "heroic melancholy," he walks readers through groundbreaking new research—studies that confirm depression's status as a devastating disease and suggest pathways toward resilience. Thought-provoking and enlightening, *Against Depression*

provides a bold revision of our understanding of mood disorder and promises hope to the millions who suffer from it.

*Cosmopolitanisms and the Jews* Crown

A highly-entertaining account of two young professors attempt to improve themselves through the techniques of the burgeoning self-optimization movement, including drugs, surgical implants, the administering of electric shocks and stripping naked in public.

This book analyses the language practices of young adults in Mongolia and Bangladesh in online and offline environments. Focusing on the diverse linguistic and cultural resources these young people draw on in their interactions, the authors draw attention to the creative and innovative nature of their transglossic practices. Situated on the Asian periphery, these young adults roam widely in their use of popular culture, media voices and linguistic resources. This innovative and topical book will appeal to students and scholars of sociolinguistics, applied linguistics, cultural studies and linguistic anthropology.

So every day we learn a few things from our best musicians and musicians that left our world but they left their experience and essence of life. Because of that, here are 4 quotes from famous guitarists and musicians that can inspire you.1 "Music doesn't lie. If there is something to be changed in this world, then it can only happen through music."2 "Music is a necessity. After food, air, water and warmth, music is the next necessity of life."3 "There should be laughter after pain, there should be sunlight after rain, these things have always been the same, so why worry now? "4 If you want to be a rock star or just be famous, then run down the street naked, you'll make the news or something. But if you want music to be your livelihood, then play, play, play and play! And eventually you'll get to where you want to be."

A boy and a dragon team up to keep the Pegasus from extinction in this "not-to-be-missed" sequel to the #1 New York Times–bestselling *Dragon Rider* (School Library Journal). The last Pegasus in the world has been discovered and when Ben learns the legendary horse has three unhatched eggs that need to be protected, he vows to help. But the only way the eggs will ever hatch—and continue the survival of this incredible magical species—is if they are placed under a griffin's feather. But griffins are the most dangerous creatures in the world, and their mortal enemies are dragons . . . Ben vows not to tell his beloved dragon Firedrake about his quest, if only to protect him. But as Ben sets off for a remote island where the terrible griffins are rumored to live, he may just need the help of his best friend and dragon . . . "A richly imagined, adeptly illustrated adventure with a strong message of respect for all species of creatures." —Kirkus Reviews

Raymond Gunt likes to think of himself as a pretty decent guy—he believes in karma, and helping his fellow man, and all that other good stuff. Sure, he can be foulmouthed, occasionally misogynistic, and can just generally rub people the wrong way—through no fault of his own! So with all the positive energy he's creating, it's a little perplexing to consider the recent downward spiral his life has taken...Could the universe be trying to tell him something? A B-unit cameraman with no immediate employment prospects, Gunt decides to accept his ex-wife Fiona's offer to shoot a Survivor-style reality show on an obscure island in the Pacific. With his upwardly failing sidekick, Neal, in tow, Gunt somehow suffers multiple comas and unjust imprisonment, is forced to reenact the "Angry Dance" from the movie *Billy Elliot*, and finds himself at the center of a nuclear war—among other tribulations and humiliations. A razor-sharp portrait of a morally bankrupt, gleefully wicked modern man, *Worst. Person. Ever.* is a side-splittingly funny and gloriously filthy new novel from acclaimed author Douglas Coupland. A deeply unworthy book about a dreadful human being with absolutely no redeeming social value, it's guaranteed to brighten up your day.

Phil Factor is a legend in his own runtime. Scurrilous, absurd, confessional and scathing by turns, *Confessions of an IT Manager* targets the idiocy, incompetence and overreach of the IT management industry from vantage point all the way up and down the greasy pole. Phil Factor (real name withheld to protest the guilty) has over 20 years experience in the IT industry, specializing in database-intensive applications. For withering insight into the human weaknesses and farcical levels of ineptitude that bring IT projects to their knees, plus occasional escapes into burnished pastiche and cock-a-leg doggerel there is no funnier, more illuminating commentary on the IT crowd.
