"Allende can spin a yarn with the grace of a poet."—Entertainment Weekly AN INSTANT NEW YORK TIMES BESTSELLER, NOW WITH A NEW DEAR READER LETTER From the New York Times bestselling author of *A Long Petal of the Sea* and *The House of the Spirits*, an enthralling and suspenseful coming-of-age story about a teenage girl who must unravel the mysteries of her past in order to save herself. Nineteen-year-old Maya Vidal grew up in a rambling old house in Berkeley with her grandmother Nini—a force of nature whose formidable strength helped her build a new life after she emigrated from Chile in 1973—and Popo, an African-American astronomer and professor

whose solid, comforting presence helps calm the turbulence of Maya's adolescence. When Popo dies of cancer, Maya comes undone and turns to drugs, alcohol, and petty crime. When she becomes lost in the dangerous underworld of Las Vegas, Maya becomes caught in the crosshairs of deadly warring forces. Her one chance for survival is Nini, who helps her escape to a remote island off the coast of Chile. Here, Maya tries to make sense of the past to discover the truth about her life and her family, and embarks on her greatest adventure: a journey of self-discovery and forgiveness.

From the winner of the first Lannan Prize for Cultural Freedom, a biting funny, kaleidoscopic vision of the first world through the eyes of the third Eduardo Galeano, author of the incomparable *Memory of Fire Trilogy*, combines a novelist's intensity, a poet's lyricism, a journalist's fearlessness, and the strong judgments of an engaged historian. Now his talents are richly displayed in *Upside Down*, an eloquent, passionate, sometimes hilarious exposé of our first-world privileges and assumptions. In a series of lesson plans and a "program of study" about our beleaguered planet, Galeano takes the reader on a wild trip through the global

looking glass. From a master class in "The Impunity of Power" to a seminar on "The Sacred Car"--with tips along the way on "How to Resist Useless Vices" and a declaration of "The Right to Rave"--he surveys a world unevenly divided between abundance and deprivation, carnival and torture, power and helplessness. We have accepted a reality we should reject, Galeano teaches us, one where machines are more precious than humans, people are hungry, poverty kills, and children toil from dark to dark. A work of fire and charm, *Upside Down* makes us see the world anew and even glimpse how it might be set right. "Galeano's outrage is tempered by intelligence, an ineradicable sense of humor, and hope." -Los Angeles Times, front page

State of Emergency HarperCollins

The greatest novel of the Mexican Revolution, in a brilliant new translation by an award-winning translator *The Underdogs* is the first great novel about the first great revolution of the twentieth century. Demetrio Macias, a poor, illiterate Indian, must join the rebels to save his family. Courageous and charismatic, he earns a generalship in Pancho Villa's army, only to become discouraged with the cause after it becomes hopelessly factionalized. At once a spare, moving depiction of the limits of political idealism, an authentic representation of Mexico's peasant life, and a timeless portrait of revolution, *The Underdogs* is an iconic novel of the Latin American experience and a powerful novel about the disillusionment of war.

"Wordsworth, Whitman, William Carlos Williams, and the Beats in their respective generations moved poetry toward a more natural language. Bukowski moved it a little farther." -Los Angeles Times Book Review
In what is widely hailed as the best of his many novels, Charles Bukowski details the long, lonely years of his own hardscrabble youth in the raw voice of alter ego Henry Chinaski. From a harrowingly cheerless childhood in Germany through acne-riddled high school years and his adolescent discoveries of alcohol, woman, and the Los Angeles Public Library's collection of D.H. Lawrence, *Ham on Rye* offers a crude, brutal, and savagely funny portrait of an outcast's coming-of-age during the desperate days of the Great Depression.

#1 Bestseller in waste management *Stop Garbage* sheds some light on the world of waste and recycling, topics often filled with questions for most readers. Do we really know why it's important to recycle and the consequences of not doing it? What environmental impact does our behavior have? What trends will prevail in waste management during the next decade? Far from being a technical book, *Stop Garbage* introduces us to the field of waste and recycling in a clear and enjoyable way. It deals with garbage or waste, whatever you want to call it, but in it you will also find a kidnapping, a destroyer, successes, food waste, the biggest dump in the world, the first incinerator, questions about money and employment or riddles: how many times can you fill the Camp Nou Stadium with one year's waste? How many trees do we save from felling if we recycle paper? What's the best waste in the world? Added to this, multimedia content, articles and videos make up a didactic book of reading which is, without a shadow of a doubt, entertaining. After years of experience in the sector, Alex Pascual (Barcelona, 1976) brings us closer to the key concepts that can help us to formulate our own opinion on the subject. Chilean writer Isabel Allende's classic novel is both a richly symbolic family saga and the riveting story of an unnamed Latin American country's turbulent history. In a triumph of magic realism, Allende constructs a spirit-ridden world and fills it with colorful and all-too-human inhabitants. The Trueba family's passions, struggles, and secrets span three generations and a century of violent social change, culminating in a crisis that brings the proud and tyrannical patriarch and his beloved granddaughter to opposite sides of the barricades. Against a backdrop of revolution and counterrevolution, Allende brings to life a family whose private bonds of love and hatred are more complex and enduring than the political allegiances that set them at odds. *The House of the Spirits* not only brings another nation's history thrillingly to life, but also makes its people's joys and anguishes wholly our own.

Drawing on a wide range of disciplines—linguistics, phenomenological analysis, cultural anthropology, media studies, and intellectual history—Walter J. Ong offers a reasoned and sophisticated view of human consciousness different in many respects from that of structuralism. The essays in *Interfaces of the Word* are grouped around the dialectically related themes of change or alienation and growth or integration. Among the subjects Ong covers are the origins of speech in mother tongues; the rise and final erosion of nonvernacular learned languages; and the fictionalizing of audiences that is enforced by writing. Other essays treat the idiom of African talking drums, the ways new media interface with the old, and the various connections between specific literary forms and shifts in media that register in the work of Shakespeare and Milton and in movements such as the New Criticism. Ong also discusses the paradoxically nonliterary character of the Bible and the concerted blurring of fiction and actuality that marked much drama and narrative toward the close of the twentieth century.
