Inspired by the searing  
story of Margaret

Garner, the escaped  
slave who in 1856 slit  
her daughter's throat  
rather than have her  
forced back into  
slavery, the essays in  
this collection focus on  
historical and  
contemporary  
examples of slavery

and women's resistance to oppression from the nineteenth century to the twenty-first. Each chapter uses Garner's example--the real-life narrative behind Toni Morrison's *Beloved* and the opera *Margaret Garner*--as a thematic foundation for an interdisciplinary conversation about gendered resistance in locations including Brazil, Yemen, India, and the United States. Contributors are Nailah Randall Bellinger, Olivia Cousins, Mary E. Frederickson, Cheryl Janifer LaRoche, Carolyn Mazloomi, Cathy McDaniels-Wilson, Catherine Roma, Huda Seif, S. Pearl Sharp, Raquel Luciana de Souza, Jolene Smith, Veta Tucker, Delores M. Walters, Diana

'A fascinating, superbly researched and revelatory book - told with tremendous pace and excitement'

William Boyd 'Rick Stroud writes brilliantly about war ... an astonishing book ... a wonderful story' Ben Macintyre 'Enthralling, edge-of-smart exciting and also heart-

breaking...Stroud's book is a reminder and fitting testimony to their immense bravery' James Holland On 18 June 1940 General de Gaulle broadcast from London to his countrymen in France about the catastrophe that had overtaken their nation - the victory of the invading Germans. He declared: 'The flame of French Resistance must not and will not be extinguished.' The Resistance began almost immediately. At first it was made up of small, disorganised groups working in isolation. But by the time of the liberation in 1944 around 400,000 French citizens, nearly 2 per cent of the population, were involved. The Special Operations Executive (SOE) set up by

Winston Churchill in 1941 saw its role in France as helping the Resistance by recruiting and organising guerrilla fighters; supplying and training them; and then disrupting the invaders by any means necessary. The aim of this work was to prepare for the invasion of Europe by Allied forces and the eventual liberation of France. It was soon decided that women would play a vital role. There were 39 female agents recruited from all walks of life, ranging from a London shop assistant to a Polish aristocrat. They all knew France well, were fluent in French and were prepared to sacrifice everything. The women trained alongside the men, learning how to

disappear into the background, how to operate a radio transmitter and how to kill a man with their bare hands. Once trained, they were infiltrated behind the lines; some went on to lead thousands of Resistance fighters, while others were arrested, brutally interrogated and sent to concentration camps. *Lonely Courage* tells their remarkable story and sheds new light on what life was really like for these brave women.

During times of injustice, some individuals or groups courageously resist maltreatment of all people, regardless of backgrounds. Using various case studies, this book introduces

readers to the broad spectrum of courageous resistance and provides a framework for analyzing the factors that motivate and sustain opposition to human rights violations.

For the first time, a bourgeois Catholic family tells their extraordinary story of working for the French Resistance in Nazi-occupied Paris during WW2. “. . . a mix of history, biography and memoir which reads like a nerve-racking thriller.” —Guardian In the autumn of 1943, André Boulloche became de Gaulle’s

military delegate in Paris, coordinating all the Resistance movements in the 9 northern regions of France—only to be betrayed by one of his associates, arrested, wounded by the Gestapo, and taken prisoner. His sisters carried on the fight without him until the end of the war. André survived 3 concentration camps and later became a prominent French politician who devoted the rest of his life to reconciliation of France and Germany. His parents and oldest brother were arrested and shipped off on the last train from Paris to Germany before the liberation, and died in the camps. Since then, silence has been the Bouloches's answer to dealing with the

unbearable. This is the first time the family has cooperated with an author to recount their extraordinary ordeal. *Counternarratives from Women of Color Academics* Springer  
 Courageous Woman, Live Your Inner Power describes eight foundational practices of inner transformation called the Inner Power Wheel. These Inner Power practices allow those who are distressed by inner conflict or feel unfilled by their present life quality to develop a strong inner connection to their internal guidance system that can lead to positive change. By implementing the Inner Power practices in one's life, a medicine wheel is activated that creates profound growth and personal

healing. Activating the Inner Power wheel translates to developing inner conditioning that brings about clear connection to inner power and creativity. Each of us embodies inner guidance that holds our deepest wisdom, but we may not be aware of this asset. This lifetime guidance is uncovered by consistently applying the eight actions of the Inner Power Wheel. The practices described are: listen to your wake up call, practice acceptance, choose consciously, release the past, transform grief, create healthy boundaries, live through the heart and return inward. Courageous Woman, Live Your Inner Power includes

descriptions and guidance on each of the eight Inner Power practices that make up the Inner Power Wheel. Along with each description are Journal Inventory exercises, Inner Power Practices and Guided Relaxation exercises that allow the reader to be instructed through practical techniques to journey inward, reflect, and begin to gain insight and understanding that can lead to positive action. The author shares a personal story to demonstrate how she put the Inner Power Wheel into action and transform her own life. Through consistently engaging the Inner Power Wheel, one can move through and beyond inner distress and become able to consciously

guide life in the direction most deeply desired. *Courageous Woman, Live Your Inner Power* guides the reader to work with limiting beliefs, unprocessed emotional energy and cultural conditioning, the main stressors that block connecting with and acting on personal truth and intuition. *Veiled Courage* Other Press, LLC Women in poorer countries face daunting health injustices--and they are fighting back. *Guts and Grace* Simon and Schuster Ciudad Juárez has recently become infamous for its murder rate, which topped 3,000 in 2010 as competing drug cartels grew increasingly violent and the military responded with violence as well.

Despite the atmosphere of intimidation by troops, police, and organized criminals, women have led the way in civil society activism, spurring the Juárez Resistance and forging powerful alliances with anti-militarization activists. An in-depth examination of *la Resistencia Juareense, Courage, Resistance, and Women in Ciudad Juárez* draws on ethnographic research to analyze the resistance's focus on violence against women, as well as its clash with the war against drugs championed by Mexican President Felipe Calderón with the support of the United States. Through grounded insights, the authors trace the transformation of

hidden discourses into public discourses that openly challenge the militarized border regimes. The authors also explore the advocacy carried on by social media, faith-based organizations, and peace-and-justice activist Javier Sicilia while Calderón faced U.S. political schisms over the role of border trade in this global manufacturing site. Bringing to light on-the-ground strategies as well as current theories from the fields of sociology, political anthropology, and human rights, this illuminating study is particularly significant because of its emphasis on the role of women in local and transnational attempts to extinguish a hot zone. As they overcome intimidation

to become game-changing activists, the figures featured in *Courage, Resistance, and Women in Ciudad Juárez* offer the possibility of peace and justice in the wake of seemingly irreconcilable conflict.

Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is "beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo." (Concepción de León, *New York Times*) Alvarez's new novel,

The Cemetery of Untold Stories, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—the Butterflies. In this extraordinary novel, the voices of all four sisters--Minerva, Patria, María Teresa, and the survivor, Dedé--speak

across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. "Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas."—Francisco Cantú, *The New York Times Book Review* "This Julia Alvarez

classic is a must-read for anyone of Latinx descent."

—Popsugar.com "A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion." —People "Shimmering . . . Valuable and necessary." —Los Angeles Times "A magnificent treasure for all cultures and all time." —St. Petersburg Times "Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed."—Cosmopolitan.com

When it comes to disagreement, we are in perpetual fight-or-

flight mode. Rather than respond with a posture of compassion and connection, we are encouraged to "resist" others personally and politically. Either we engage in fruitless arguments with people who refuse to see things our way or we retreat to our echo chambers where everyone agrees with us. But the real resistance, the kind that helps us grow, is learning to love others--especially those who disagree with us. If you're tired of seeing your real-life and online communities in turmoil and you long to be an agent of peace, understanding, and reconciliation, it's time to join a new kind of resistance movement--one that pushes us toward personal transformation.

Grounded in Scripture and illustrated with compelling true stories, this new book from Ashley Abercrombie will help you gain the confidence to communicate and connect with others, stop avoiding necessary tension, and resolve your internal and external conflicts. When we make love our habitual reaction to the conflicts and divisions in our lives, we'll find that we can stay true to our convictions without sacrificing our relationships.

Eileen was not the only agent in her family; her sister Jacqueline was a courier for the French resistance. While Jacqueline narrowly avoided arrest, Eileen was tortured by the Nazis, then sent to the infamous Ravensbröck women's concentration camp. Astonishingly, this resourceful young woman eventually escaped her captors and found her way to

the advancing American army. In this amazing true story of triumph and tragedy, Susan Ottaway unveils the secret lives of two sisters who sacrificed themselves to defend their country.

Now an eight-part docuseries on Apple TV+ Hillary Rodham Clinton and her daughter, Chelsea, share the stories of the gutsy women who have inspired them—women with the courage to stand up to the status quo, ask hard questions, and get the job done. She couldn't have been more than seven or eight years old. "Go ahead, ask your question," her father urged, nudging her forward. She smiled shyly and said, "You're my hero. Who's yours?" Many people—especially girls—have asked us that same question over the years. It's one

of our favorite topics. HILLARY: Growing up, I knew hardly any women who worked outside the home. So I looked to my mother, my teachers, and the pages of Life magazine for inspiration. After learning that Amelia Earhart kept a scrapbook with newspaper articles about successful women in male-dominated jobs, I started a scrapbook of my own. Long after I stopped clipping articles, I continued to seek out stories of women who seemed to be redefining what was possible. CHELSEA: This book is the continuation of a conversation the two of us have been having since I was little. For me, too, my mom was a hero; so were my grandmothers. My

early teachers were also women. But I grew up in a world very different from theirs. My pediatrician was a woman, and so was the first mayor of Little Rock who I remember from my childhood. Most of my close friends' moms worked outside the home as nurses, doctors, teachers, professors, and in business. And women were going into space and breaking records here on Earth. Ensuring the rights and opportunities of women and girls remains a big piece of the unfinished business of the twenty-first century. While there's a lot of work to do, we know that throughout history and around the globe women have overcome the toughest resistance imaginable to win victories that

have made progress possible for all of us. That is the achievement of each of the women in this book. So how did they do it? The answers are as unique as the women themselves. Civil rights activist Dorothy Height, LGBTQ trailblazer Edie Windsor, and swimmer Diana Nyad kept pushing forward, no matter what. Writers like Rachel Carson and Chimamanda Ngozi Adichie named something no one had dared talk about before. Historian Mary Beard used wit to open doors that were once closed, and Wangari Maathai, who sparked a movement to plant trees, understood the power of role modeling. Harriet Tubman and Malala Yousafzai looked fear

in the face and persevered. Nearly every single one of these women was fiercely optimistic—they had faith that their actions could make a difference. And they were right. To us, they are all gutsy women—leaders with the courage to stand up to the status quo, ask hard questions, and get the job done. So in the moments when the long haul seems awfully long, we hope you will draw strength from these stories. We do. Because if history shows one thing, it's that the world needs gutsy women. Lonely Courage Crown Praised as an “unforgettable love story” by Heather Morris, New York Times bestselling author of

The Tattooist of Auschwitz, this is the real-life, unlikely romance between a resistance fighter and prisoner of war set in World War II Europe. In this true love story that defies all odds, Josefina Lobnik, a Yugoslav partisan heroine, and Bruce Murray, a New Zealand soldier, discover love in the midst of a brutal war. In the heart of Nazi-occupied Europe, two people meet fleetingly in a chance encounter. One an underground resistance fighter, a bold young woman determined to vanquish the enemy occupiers; the other a prisoner of war, a man longing to escape the confines of the camp so he can battle again. A crumpled note passes between these two strangers, slipped

through the wire of the compound, and sets them on a course that will change their lives forever. Woven through their tales of great bravery, daring escapes, betrayal, torture, and retaliation is their remarkable love story that survived against all odds. This is an extraordinary account of two ordinary people who found love during the unimaginable hardships of Hitler's barbaric regime as told by their son-in-law Doug Gold, who decided to tell their story from the moment he heard about their remarkable tale of bravery, resilience, and resistance.

A moving and extraordinary book about courage and survival, friendship and endurance - a portrait of ordinary women who faced the horror of the holocaust together. On an icy morning in Paris in January 1943, a group of 230 French women resisters were rounded up from the Gestapo detention camps and sent on a train to Auschwitz - the only train, in the four years of German occupation, to take women of the resistance to a death camp. Of the group, only 49 survivors would return to France. Here is the story of these women - told for the
