Pray, Pray and Pray some more! God loves it and the Devil hates it. E. M. Bounds offered perhaps a more profound understanding of prayer than any other contemporary Christian thinker. His classic books on the personal communication with God explore how prayer must come from the whole being and strengthens faith in Christian lives. It is through prayer that we share our thoughts and desires our father God. Doing good works, communion, church activities and the like, do not and should not replace prayer. Prayer must be a priority in our lives. "Prayer should be the breath of

our breathing, the thought of our thinking, the soul of our feeling, and the life of our living, the sound of our hearing, the growth of our growing. Prayer in its magnitude is length without end, width without bounds, height without top, and depth without bottom. Illimitable in its breadth, exhaustless in height, fathomless in depths and infinite in extension." In *The Possibilities of Prayer* E. M. Bounds addresses; *The Ministry of Prayer*, *Prayer and the Promises*, *Its Possibilities*, *Answered Prayer*, *Divine Providence* and much more. Edward McKendree Bounds was a clergyman of the Methodist Episcopal Church South and author of eleven books, nine of which focused on the subject of prayer. Bounds was a practicing lawyer at age nineteen and after three years, began preaching for the Methodist Episcopal Church, South. At the time of his pastorate in Brunswick, Missouri, war was declared. Bounds became a prisoner of war after refusing to take the oath of allegiance to the Federal Government. Upon release he served as chaplain of the Fifth Missouri regiment until the close of the war.

The faith journey can be hard, but it doesn't have to be. Abraham, Joseph, David, Paul, and even Jesus himself—all heroes of the faith who experienced both the soaring grace of answered prayers and crushing sorrow when God seemed unwilling to respond or too far away to hear. And yet, even in the darkest times, God was working, writing an unseen story of redemption that would save the world. When we pray, how do we see beyond the immediate and into the eternal? How do we know when to keep praying and when to give up; when to consider something a promise from God and when to recognize that it was from our own imagination? Why does silence from God rarely mean no and almost always mean come closer? The One Year Praying in Faith Devotional answers these questions and many more, taking you through a 365-day journey that will help you experience a prayerful relationship with God like never before.

GROUP PARTICIPANT WORKBOOK - Imagine waking up every single day convinced that the twenty-four hours ahead of you are a precious gift to be used wisely. Now imagine that you know exactly how to spend them to be a force for God's good. All too often we wander through life without appreciating the gift of every moment we've been given. The result? An unsatisfying life, missed opportunities to experience the joy of being in sync with God, and days marked with apathy instead of passion. Our time on earth is measured. We should want to make every moment count—not only because we aren't guaranteed the next one, but also because this is exactly how our Savior spent His time here. How, then, do we walk out unwavering joy-filled faith every day, determined to let go of the things that keep us from experiencing abundant life and fulfilling the plans God has for us? The answers are found in following the footsteps of the One who lived fully, because He was determined that we might do the same. In this six-week study of Luke, we will follow the life and ministry of Jesus as we consider the choices He made on His way to the cross. We'll intimately connect with a Savior who remained laser-focused on His mission to love the world. In return, we'll receive a model for intentional living that we can replicate to ensure we are living each day to the fullest and making a difference for God's kingdom. And together we'll determine to embrace the abundant life we are promised in Jesus. It's time to stop wandering and start living!

How does science enhance faith? Is God relevant in an age of science? Science and Faith: Student Questions Explored investigates the relationship between science and Christianity in a series of thoughtful and accessible articles written by experts. Chosen from InterVarsity's Emerging Scholars Network blog, each chapter addresses common faith- and science-related questions. In part one, Science and Faith delves into why Christians should pursue scientific discovery, as well as the Bible's viewpoint on scientific method and inquiry. Part two begins the conversation on the direct relevance of science to faith and how Christian scientists can talk to their colleagues about their faith, while part three discusses how conversations about science can take place between Christians. Finally, part four explores the history of science and the church and the question "How can the history of science encourage the church?" While ideal for graduate students who are exploring their faith and their chosen scientific fields, this book can also be used in church settings or as a personal resource. The book provides questions to launch small group conversation about faith/science, whether you're a science PhD, a ministry leader, or an interested layperson. Since each reading is based on questions from real students, it may also be a resource for Christian faculty teaching the sciences. Contributors include Ruth Banciewicz, Gerald Rau, Greg Cootsona, Andy Walsh, and more.

Imagine what our personal lives, families, communities, and politics would look like if we rejected the frantic striving of our day, and instead embraced the life without lack offered to us in Jesus Christ.
