Nihilism seems to be per definition linked to violence. Indeed, if the nihilist is a person who acknowledges no moral or religious authority, then what does stop

him from committing any kind of crime? Dostoevsky precisely called attention to this danger: if there is no God and no immortality of the soul, then everything is permitted, even anthropophagy. Nietzsche, too, emphasised, although in different terms, the consequences deriving from the death of God and the collapse of Judeo-Christian morality. This context shaped the way in which philosophers, writers and artists thought about violence,

in its different manifestations, during the 20th century. The goal of this interdisciplinary volume is to explore the various modern and contemporary configurations of the link between violence and nihilism as understood by philosophers and artists (in both literature and film).

Blood Rain Rick Steves

During the wars against Napoleon, Britain occupied Sicily continuously from 1806 to

1815. By tracing the history of the British occupation and British relations with the court at Palermo, this account reveals why the promise held out by Sicily as a useful base for offensive operations was never realized.

The Edinburgh Review Random House SOON TO BE A NETFLIX SERIES • “A majestic, melancholy, and beautiful novel” (The New Yorker), *THE LEOPARD* is one of the best-selling Italian novels of the twentieth century and an acclaimed masterpiece of world literature. This beautiful hardcover edition, translated by Archibald Colquhoun, also includes two short stories and a brief memoir of the author’s childhood. Set in Sicily in the 1860s, during the tumult of Italian unification, *THE LEOPARD* tells the spellbinding story of a decadent, fading aristocracy threatened by the approaching forces of revolution and democracy. Its author, Giuseppe Tomasi di Lampedusa, who was the last in a line of Sicilian princes, wrote the novel in the 1950s, inspired by the decline of his own family. Don Fabrizio Corbera, Prince of Salina, remains skeptical and stoic as he finds himself beset by civil war, social change,

and his family’s loss of wealth and status. While his beloved nephew, Tancredi, more practical and flexible than he, joins the nationalist rebels and marries the ambitious daughter of a newly rich upstart, Don Fabrizio takes refuge in his love of astronomy, gazing at the unchanging stars while the world as he has known it crumbles around him. The dramatic sweep and richness of Lampedusa’s observation, his seamless intertwining of public and private worlds, and his sure grasp of human frailty imbue *THE LEOPARD* with its melancholy beauty and power. “No novel in Italian literature has aroused so much passion or caused so much argument... The book is more than the memorable invocation of a certain place in a certain epoch. It is a work of art that will survive, long after the last sad palaces of Palermo have gone, because it deals with the central problems of the human experience.” —from the Introduction by David Gilmour “The genius of its author and the thrill it gives the reader are probably for all time.”—The New York Times Book Review “A masterwork . . . A superb novel in the great tradition and the grand

manner.”—Newsweek Everyman's Library pursues the highest production standards, printing on acid-free cream-colored paper, with full-cloth cases with two-color foil stamping, decorative endpapers, silk ribbon markers, European-style half-round spines, and a full-color illustrated jacket. Contemporary Classics include an introduction, a select bibliography, and a chronology of the author's life and times. **Sicily and the Mediterranean in the Middle Ages** Everyman's Library Aurelio Zen—cynical and tough, yet worn down from years of law enforcement—has just been given the worst assignment he could imagine. He has been sent to the heart of hostile territory: Sicily, the ancient, beautiful island where blood has been known to flow like wine, and the distinction between the police and the criminals is a fine one. Even worse, he has been sent to spy on the elite anti-Mafia squad. The only thing that makes the job palatable—and takes his mind off routine details like the rotting body found in a remote train car—is that Zen's adopted daughter, Carla, is also in town. But life becomes precarious for Carla when she stumbles upon some information she'd be

better off not knowing and befriends a local magistrate on the Mafia's most wanted list. What ensues is a breakneck plot of amazing complexity that culminates in a stunning finale. *Blood Rain*, emotionally gripping and defiantly original, is surely one of Dibdin's finest works.

Walter de Gruyter GmbH & Co KG
Dino Buzzati's classic tale chronicles the terrible winter that sent the starving bears down into the valley in search of food, as well as their struggles with an army of wild boars, a wily professor who may or may not be a magician, snarling Marmoset the Cat, and, worse still, treachery within their own ranks. Over all this, the bears triumph with bravery, ingenuity, humility, and high spirits.

Sicily & England Taylor & Francis

The Normans have long been recognised as one of the most dynamic forces within medieval western Europe. With a reputation for aggression and conquest, they rapidly expanded their powerbase from Normandy, and by the end of the twelfth century had established themselves in positions of strength from

England to Sicily, Antioch to Dublin. Yet, despite this success recent scholarship has begun to question the 'Norman Achievement' and look again at the degree to which a single Norman cultural identity existed across so diverse a territory. To explore this idea further, all the essays in this volume look at questions of Norman traditions in some of the peripheral Norman dominions. In response to recent developments in cultural studies the volume uses the concepts of 'tradition' and 'heritage' to question the notion of a stable pan-European Norman culture or identity, and instead reveals the degrees to which Normans adopted and adapted to local conditions, customs and requirements in order to form their own localised cultural heritage. Divided into two sections, the volume begins with eight chapters focusing on Norman Sicily. These essays demonstrate both the degree of cultural intermingling that made this kingdom an extraordinary paradigm in this regard, and how the Normans began to develop their own distinct origin myths that diverged from those of Norman France and England. The second section of the volume provides four essays that

explore Norman ethnicity and identity more broadly, including two looking at Norman communities on the opposite side of Europe to the Kingdom of Sicily: Ireland and the Scandinavian settlements in the Kievan Rus. Taken as a whole the volume provides a fascinating assessment of the construction and malleability of Norman identities in transcultural settings. By exploring these issues through the tradition and heritage of the Norman's 'peripheral' dominions, a much more sophisticated understanding can be gained, not only of th

Swim in the sparkling Mediterranean, marvel at the peak of Mount Etna, and get to know this region's timeless charm: with Rick Steves on your side, Sicily can be yours! Inside Rick Steves Sicily you'll find: Comprehensive coverage for spending a week or more exploring Sicily Rick's strategic advice on how to get the most out of your time and money, with rankings of his must-see favorites Top sights and hidden gems, from Mount Etna and the Byzantine mosaics of Monreale to the Ballarò street market and Siracusa's

puppet museum How to connect with culture: Savor seafood-centric cuisine made from ancient recipes, catch an opera performance at the Teatro Massimo, or sample authentic Marsala wine Beat the crowds, skip the lines, and avoid tourist traps with Rick's candid, humorous insight The best places to eat, sleep, and relax with a glass of local Nero d'Avola Self-guided walking tours of lively neighborhoods and incredible museums Detailed maps for exploring on the go Useful resources including a packing list, a historical overview, and useful Italian phrases Over 350 bible-thin pages include everything worth seeing without weighing you down Complete, up-to-date information on Palermo, Cefalù, Trapani and the West Coast, Agrigento and the Valley of the Temples, Ragusa and the Southeast, Catania, Taormina, and more Make the most of every day and every dollar with Rick Steves Sicily. *The Leopard* Manchester University Press Critically acclaimed author John Julius Norwich weaves the turbulent story of Sicily into a spellbinding narrative that places the island at the crossroads of world history. "Sicily," said Goethe, "is the

key to everything." It is the largest island in the Mediterranean, the stepping-stone between Europe and Africa, the link between the Latin West and the Greek East. Sicily's strategic location has tempted Roman emperors, French princes, and Spanish kings. The subsequent struggles to conquer and keep it have played crucial roles in the rise and fall of the world's most powerful dynasties. Yet Sicily has often been little more than a footnote in books about other empires. John Julius Norwich's engrossing narrative is the first to knit together all of the colorful strands of Sicilian history into a single comprehensive study. Here is a vivid, erudite, page-turning chronicle of an island and the remarkable kings, queens, and tyrants who fought to rule it. From its beginnings as a Greek city-state to its emergence as a multicultural trading hub during the Crusades, from the rebellion against Italian unification to the rise of the Mafia, the story of Sicily is rich with extraordinary moments and dramatic characters. Writing with his customary deftness and humor, Norwich outlines the surprising influence Sicily has had on world history—the Romans' fascination

with Greek civilization dates back to their sack of Sicily—and tells the story of one of the world's most kaleidoscopic cultures in a galvanizing, contemporary way. This volume has been a long time coming—Norwich began to explore Sicily's colorful history during his first visit to the island in the early 1960s. The dean of popular historians leads his readers through the millennia with the steady narrative hand of a master teacher or the world's most learned tour guide. Like the island itself, Sicily is a book brimming with bold flavors that begs to be revisited again and again. Praise for Sicily "Suavely readable . . . The very model of a popular historian, [Norwich] writes to give pleasure to the common reader. And what pleasure it is."—The Wall Street Journal "Entertaining on every page . . . There is something ancient and sorrowful in Sicily, 'some dark, brooding quality,' just as captivating as its spellbinding history or its beautiful and varied landscapes, from beaches to lemon groves, pine forests to volcanoes. . . . The most amiable and freewheeling of guides, Norwich will always find time for the amusing anecdote."—The Sunday Times "Utterly

engrossing . . . written with passion about the art and architecture of this magical island, filled with gossipy tidbits and sweeping historical theories.”—The Daily Beast “Dazzling . . . Norwich is an elegantly graceful and entertaining storyteller.”—Richmond Times-Dispatch “Charming . . . richly nuanced history relayed with enormous fondness.”—Kirkus Reviews “A brisk and always-lively tour.”—Open Letters Monthly “Norwich is deeply in love with Sicily. [His] boundless affection has inspired a determined effort to understand its painful past. The result is impressionistic, as love often is.”—The Times “Norwich sketches personalities vividly. . . . He does the island and the reader a generous service in providing such an amiable introduction.”—The Sunday Telegraph “Norwich tells [Sicily’s] long, sad but fascinating story with sympathy and brio.”—Literary Review

With their usual authority and wit, Facaros and Pauls reveal the complexities of Sicilian culture and history as well as describing its many sights. They give the latest details on hotels, restaurants,

festivals, travel, sports, and entertainment. Detailed maps will help you find your way around.

Norman Tradition and Transcultural Heritage Globe Pequot Press

From the 12th century onwards merchants from the north Italian and southern French towns were able to take advantage of Christian conquests in southern Italy, Sicily and the Levant to penetrate and dominate the markets of these regions and of North Africa. The articles collected in this volume examine the economic, social and religious impact of this combination of trade and conquest . They include studies of the survival of Jews and Muslims in Sicily, of the debate about the 'under-development' of medieval southern Italy, Sicily and Sardinia, of relations between the rulers of those regions and the merchants, and of mercantile penetration into the kingdom of Jerusalem, Cyprus and Tunis in the wake of Crusaders and Sicilian kings. A partir du 12e siècle, les marchands venant des villes du Nord de l'Italie et du Sud de la France étaient devenus à même de tirer avantage des conquêtes chrétiennes en Italie du Sud, en Sicile et dans le Levant et de pénétrer,

ainsi que de dominer les marchés de ces différentes régions et de l’Afrique du Nord. Les articles rassemblés dans ce volume examinent l’impact économique, social et religieux de cette association entre la conquête et le commerce. Le recueil comprend des études sur la survie des Juifs et des Musulmans en Sicile, sur le débat à propos du ‘sous-développement’ de l’Italie méridionale, de la Sicile et de la Sardaigne au Moyen Age, sur les rapports entre les dirigeants de ces régions et les marchands, ainsi que sur la pénétration mercantile du royaume de Jérusalem, de Chypre et de Tunis, dans le sillon des Croisés et des rois de Sicile.

The Royal military chronicle; or, The British officer's monthly register, chronicle, and military mentor. Vol. 1-7 [2 issues of vol. 1, one without the engr. title-page dated 1811 and wanting all after p. 72 of the suppl. to vol. 1]; new ser. vol. 1-5 Magnus

A moving account of friendship and discovery on the island of Sicily from the acclaimed travel writer and bestselling author of The Alexandria Quartet. Despite decades spent writing poetic evocations of the timeless pleasures of life in the

Mediterranean, Lawrence Durrell had never set foot on the sea's largest island: mysterious, impenetrable Sicily. For years his friend Martine begged him to visit her on this sun-kissed paradise, and though he always intended to, life inevitably interfered. It took Martine's sudden death to finally bring him to the island's shores. With Martine's letters in his pocket, Durrell signs up for a tour group, hoping to learn the travel habits of those who aren't obsessively devoted to island life. As he treks from sight to sight, dizzy with history and culture, Durrell finds echoes of his past lives in Rhodes, Cyprus, and Corfu.

First Latin Lessons BRILL

This student-friendly volume brings together English translations of the main narrative sources, and a small number of other relevant documents, for the reign of Roger II, the founder of the kingdom of Sicily. The kingdom created by King Roger was the most centralised and administratively advanced of the time, but its genesis was fraught with difficulty as the king sought to extend his power from the island of Sicily and Calabria into other parts of the south Italian mainland. This struggle, that lasted from 1127 until 1140,

is graphically revealed by the two main texts in this book. A number of other texts illuminate key aspects of the reign: the relationship with the papacy, the German invasion of 1137 that came close to toppling the king's rule, the expansion of Sicilian power into the Abruzzi in 1140, and the law and administration of the kingdom, often seen as a model for the growth of effective government in the twelfth century. Despite the great intrinsic interest of the reign of King Roger, these texts have never appeared in English translation before. This will be an invaluable resource for students and scholars of medieval Europe.

Greek History for Young Readers Open Road Media

The administration of the Norman Kingdom of Sicily has long been held up to be the most advanced government in twelfth-century Europe. However, until now there has been considerable confusion about how this bureaucracy actually functioned, whether it developed in the 12th century or retained the form given it by Roger II; whether it had regional variations, what the identity of different departments of government was,

who did what within the structures of government, and what the relationship between the Greek, Arabic and Latin elements within the administration was. This work goes a long way to sorting out these problems. The author's meticulous work with chronicles and charters enable him to clear up many problems and mysteries in the administration of finance and justice and to identify such uncertainties as remain. This fundamental work forms a basic reference point for future studies of Norman Sicily and of government in the high Middle Ages.

Sicily, Phoenician, Greek, & Roman by Edward A[ugustus] Freeman, ... Prof. of Modern Hist., Oxford ... Fairleigh Dickinson Univ Press

A study of the economic development in twelfth-century Italy of Sicily and the maritime ports.

Sicily New York Review of Books

This book is a collection of milestone articles of a leading scholar in the study of the Norman Kingdom of Sicily, a crossroads of Latin-Christian, Greek-Byzantine, and Arab-Islamic cultures and one of the most fascinating but also one of the most neglected kingdoms in the

medieval world. Some of his articles were published in influential journals such as *English Historical Review*, *Viator*, *Mediterranean Historical Review*, and *Papers of the British School at Rome*, while others appeared in hard-to-obtain *festschriften*, proceedings of international conferences, and so on. The articles included here, based on analysis of Latin, Greek, and Arabic documents as well as multi-lingual parchments, explore subjects of interest in medieval Mediterranean world such as Norman administrations, multi-cultural courts, Christian-Muslim diplomacy, conquests and migrations, religious tolerance and conflicts, cross-cultural contacts, and so forth. Some of them dig deep into curious specific topics, while others settle disputes among scholars and correct our antiquated interpretations. His attention to the

administrative structure of the kingdom of Sicily, whose bureaucracy was staffed by Greeks, Muslims and Latins, has been a particularly important part of his work, where he has engaged in major debates with other scholars in the field.

Calendar of State Papers and Manuscripts, Relating to English Affairs, Existing in the Archives and Collections of Venice and in the Other Libraries of Northern Italy

Routledge

Sicily is famous for the spectacular mosaics found in its magnificent palaces, chapels and cathedrals. Commissioned during the twelfth century by Sicily's Norman rulers and largely the work of Greek-speaking mosaicists brought to Sicily from Constantinople, these mosaics are among the most beautiful examples of Byzantine art in existence. A brief historical introduction about Byzantine, Arab and Norman domination and the

spread of Byzantine art in Sicily is followed by three chapters dedicated to the greatest examples of Byzantine influence in Palermo, Cefalù and Monreale. With more than 175 color photographs, this extensively illustrated book provides a fascinating look at these mosaics. There are many close-ups, along with breathtaking views of interior spaces. Text in English and Italian.
