[Your Complete Guide to Living beyond the Grid with Renewable Energy Technologies and Sustainable Living](#) Hardie Grant

"A 1980s cultural assessment of the fantastical future of online behavior continues the story that began in the internationally best-selling futuristic novel, Ready Player One, that inspired a blockbuster Steven Spielberg film"--

[The Book of Strange New Things](#) Abrams

A deluxe large-scale book celebrating the life and design of The Abby Aldrich Rockefeller Sculpture Garden, an oasis at the heart of The Museum of Modern Art. The Abby Aldrich Rockefeller Sculpture Garden at The Museum of Modern Art is beloved by all, whether artists or ordinary museum goers, New Yorkers or visitors from around the world. It is a respite from the crowds and skyscrapers that surround it, as well as a place to commune with major works of modern and contemporary art. Through essays and archival images, this lavishly illustrated volume pays tribute

to the Garden's beauty and remarkable history, while offering a behind-the-scenes look at the many exhibitions, programmes and events that have taken place there over the past eighty years. The Abby Aldrich Rockefeller Sculpture Garden at The Museum of Modern Art features the sculptures that have become synonymous with the Garden, along with the many architects, artists and curators who have worked on and in this remarkable space. This unique publication also debuts a portfolio of images of the Garden by some of the world's most renowned contemporary photographers, demonstrating that while the outdoor gallery is constantly changing with the seasons, new programming, and rotations of the art on display, it continues to be an inspiration to artists and the broader public alike.

Featuring 101 beautiful designs to color in and keep Whether you're trapped in a crowded train carriage, waiting room or schoolyard, the lush living forests of My Magical Oasis -- teeming with butterflies and birds, tendrils and petals -- are never out of reach . . . In this beguiling printed world, you'll find nothing but dreamy flora and fauna, blooming across the page in shades of black and white. Can you color between the lines to bring this beautiful rainbow world to life? Unlike any self-help book you'll read, My Magical Oasis -- a coloring book to suit would-be artists of every

age -- is designed to help you channel your creativity in inspiring new ways. Alongside intricate zentangle designs -- enticingly easy to embellish with crayon or felt-tip pen -- you'll discover more sketchy shapes and bright white spaces for you to fill with dreamy doodles of your own. Within My Magical Oasis, there are no rules, simply the pleasure of creating beautiful pictures that you'll want to keep forever.

Tanks, Cisterns, Aquifers and Ponds BRILL

The rise of Oasis in the mid-1990s was nothing short of stratospheric. Yet what made Oasis truly special was that they were the people's band. This is their story, told by the people that lived through it and how our lives were changed forever. Across the country and all around the world, millions of people felt a connection to these five working class lads from Manchester. With anthemic songs crafted by possibly the greatest songwriter of their generation, delivered with intensity and swagger by definitely the greatest frontman of their generation (also his brother), they set out with an insane level of arrogance, outrageously proclaiming themselves to be the best band in the world. And yet for a shining moment in the mid-1990s they were--a level of success not seen by a British band since a certain Liverpool quartet in the 1960s. Beyond that, the ushering in of a new cultural zeitgeist: Britpop, Cool Britannia, New Labour. And at the centre of it all, the soap

opera antics of the warring Gallagher brothers and their band of merry men. But the story didn't end there. Throughout the late 1990s and 2000s they continued to inspire generations of fans with their subsequent albums and tours, while controversy was never far away. New members joined, bringing a different dimension to the sound and ethos...and then one eventful day in Paris in 2009 the whole thing came to a screeching halt. With exclusive in-depth interviews extracted from the annals of The Oasis Podcast, including contributions from those involved (Alan McGee, Tony McCarroll), journalists with first hand coverage (Paulo Hewitt, Colin Paterson) and celebrity fans (Ricky Hatton) amongst many others, this is the ultimate story of Oasis.

Rashda: The Birth and Growth of an Egyptian Oasis Village Penguin

"Describes how to store water for home, farm, and small communities."--P. ii.

Growing Food in the Southwest Mountains (3rd Edition) Cassell Illustrated

Are you an open-minded person? Of course you are! It's other people who are the problem, right? Sometimes trying to communicate with them is frustrating, drains your energy, and feels nearly impossible. But guess what? Those people think they are open-minded too, and they probably think you're the problem. What if you could turn the desert of miscommunication that exists into an oasis where you can have refreshing conversations that will lead to empathy, insight and reach mutually beneficial agreements? In OASIS Conversations, Ann Van Eron draws on scientific brain research and her years of coaching experience to teach readers a process to achieving mind-opening connections with others. Find out why global organizations, Fortune 500 corporations, and even families are benefitting from the OASIS Conversation(R) process. Learn how to minimize misunderstandings and reap amazing results. A better way awaits you in these pages. You will learn how to lead with an open mindset to ensure unparalleled results. You will learn how to be emotionally and socially intelligent and a practical pathway to positive and productive relationships.

My Magical Oasis One World

Inspired by one of Malibu's most beautiful and innovative farms, One Gun Ranch, this book will help empower readers to grow their own food, think differently about what they eat, and rejuvenate their minds and bodies. This book will change your life forever. With easy, approachable steps, One Gun Ranch will have you eating better, exercising with more pleasure, and feeling healthier in just weeks. Inspired by the beautiful setting and seasons of Malibu, this is a diet that will give you actionable steps for choosing the healthiest foods for you—and the planet—growing your own vegetables (even if you live in an apartment), establishing a fun, energizing exercise routine, and embracing a holistic approach to improving your mind and body. Authors Alice Bamford and Ann Eysenring, have perfected the biodynamic lifestyle at their farm One Gun Ranch, a paradise of verdant green vegetables, running dogs and horses, perched high above the Pacific Ocean. With thoughtful, careful growing, they have created a dreamland of delicious, healthy food with an approach that goes beyond just organic, to grow, plant, and harvest one's food based on the cycles of the moon and the natural elements, resulting in the healthiest and tastiest food possible. For many generations leading farmers around the world have been practicing these same principles, but they have never quite reached the mainstream. Now, thanks to the easy-to-use and approachable style of this book, anyone will be able to take these same ideas and apply it to their own garden and diet. They will also learn about how to exercise, meditate, and shape their diet along the principles of a biodynamic life. This book will bring the biodynamic lifestyle into the mainstream.

Facing Water Scarcity Clarkson Potter

A new dystopian/post-apocalyptic series from a New York Times bestselling author My name is Theo, and I'm a resident of Oasis, the last habitable area on Earth. It's meant to be a paradise, a place where we are all content. Vulgarity, violence, insanity, and other ills are but a distant memory, and even death no longer plagues us. I was once content too, but now I'm different. Now I hear a voice in my head, and she tells me things no imaginary friend should know. Her name is Phoe, and she is my delusion. Or is she? Note: This book contains some strong language. We felt it was important for the censorship theme of the novel. If such words offend you, you might not enjoy this book.

How a Day of Rest Can Save Your Life Ballantine Books

Plant Therapy showcases the theory behind the recent surge in the 'self-care' approach to living with plants, no matter what your environment. We all know that being in or surrounded by nature is good for our health, but few of us take the time to understand why. As urbanization swallows up

ecosystems, and humans move away from the environments they've adapted to, it has never been more important to understand the relationship between plants and people. Broken down into five chapters: The Human-Nature Relationship, Plants and Health, Plants and People, Living with Plants and an informative Plant Directory, the book first explains how we have come to exist in an environment that is at odds with our mental, emotional and physical needs, then explores how we can readjust this balance, before showcasing plants that help us to breathe, restore balance, and boost our wellbeing. A stylish yet practical book, Plant Therapy brings together two major trends – house plants and wellbeing – and enhances the value of both through making clear their connection with one another. When research has shown that the presence of plants can decrease blood pressure, increase productivity, and calm anxiety, both at home and at work, why wouldn't you pick up this book and create your own calming oasis?

Oasis in the City HarperCollins

- Richly illustrated with full color photographs of inspiring outdoor spaces and private havens-

Includes a selection of designer spaces from some of the largest and densest cities- Ranges from breathtaking rooftops to bijou courtyards, patios and terraces- Shows that anyone can create their own private space, even in the biggest cities, with a little ingenuityHaving personal, private, outdoor space is becoming ever-more elusive as urban areas become more crowded due to population growth and development. Urban Oasis: Tranquil Outdoor Spaces at Home features projects from Sydney to Singapore and London to New York that showcase inspirational and aspirational rooftops, gardens and courtyards that offer private pockets of paradise. Amid the hustle and bustle of their urban environments, these outdoor spaces provide relaxing, sociable and plant-filled settings for their owners to savor peace and calm, and the company of family and friends, surrounded by nature and in the fresh, open air.

Oasis (The Last Humans Book 1) Ballantine Books

Plant Society is your 101 guide on how to love and keep indoor plants. Even if you've killed every house plant in the past, plant-cultivator and stylist Jason Chongue will show you that it's really not that difficult. Covering everything from basic plant care and re-potting, to plants suited to pets and propagating, this book will help remove your fear of gardening and inspire you to create your own indoor oasis. It includes profiles of 25 ideal tropical indoor plants, organised from the most low-maintenance species through to the more exotic and labor-intensive plants. On top of this, the book offers styling advice including how to decorate different rooms in your home with plants, as well as suggestions on pots and planters to give your plants more personality. Throughout the book, you'll also find interviews with 'Plant People' from around the world, who provide an insight into their unique relationships with house plants. Indoor gardening really is this simple and fun!

Oasis: Knebworth New Society Publishers

In a future world of shortages and environmental decay, two young people set off through unknown dangers toward a better life in Idaho.

How to Make a House a Home Lifeweaver

This twentieth-anniversary edition of the world's best-selling greywater book features a dozen more pages, complete information on the "laundry to landscape" system, new color plates, extensive revisions to every page, and dozens of new photos and figures. Topics include complete instructions for simple to more complex installations, how to deal with freezing, flooding, drought, failing septic tanks, low perk soil, and conditions in non-industrialized regions; coordinating a team of professionals to get optimum results on high-end projects, and "radical plumbing" that uses 90% fewer resources.

Create an Oasis with Greywater Hogarth

For decades now we have wasted and mismanaged the world's water supplies. Today, 27 countries are short of water, a quarter of the world's population has no safe water, 46 per cent have no proper sanitation and each year four million children die of water-borne diseases. As most of the world's major river systems cross several national boundaries, the scope disputes and the threat to international security is becoming more and more real. In *The Last Oasis*, Sandra Postel examines the economic, ecological and political factors affecting fresh water supply. She confronts the issues of mismanagement and profligacy and analyses and dangers of confrontation, both between nations and between rural and urban users. She also emphasises that the technology and know-how for effective water husbandry does exist. With methods already in use, farmers could cut their demand for water by 40-90 per cent, and cities by one-third, without sacrificing economic output or quality of life. Investing in water efficiency, recycling and conservation help meet rising demands and stave off disaster. But the priority is a common recognition of the gravity of the

position, and with that a widespread push for institutions to manage sustainable use of water.

Reliable, Economical, Sanitary Distribution of Household Greywater to Downhill Plants Without Filtration Or Pumping Dean Street Press

A special 25th anniversary edition of the extraordinary international bestseller, including a new Foreword by Paulo Coelho. Combining magic, mysticism, wisdom and wonder into an inspiring tale of self-discovery, *The Alchemist* has become a modern classic, selling millions of copies around the world and transforming the lives of countless readers across generations. Paulo Coelho's masterpiece tells the mystical story of Santiago, an Andalusian shepherd boy who yearns to travel in search of a worldly treasure. His quest will lead him to riches far different—and far more satisfying—than he ever imagined. Santiago's journey teaches us about the essential wisdom of listening to our hearts, of recognizing opportunity and learning to read the omens strewn along life's path, and, most importantly, to follow our dreams.

A Novel Imprint

Welcome to the desert. Welcome home. This visually stunning tour of the world's most amazing desert homes will inspire you to create an oasis with "desert vibes" wherever you are. Creatives are drawn in by the extreme landscapes and limited resources of the desert; in fact, they're inspired by them, and the homes they've built here prove the power of an oasis. From renovated Airstreams to sprawling, modern stucco, desert has become the new beachfront. In *Oasis*, artist iO Tillett Wright captures the best of this specific culture that emphasizes living simply, beautifully, and in connection with the earth. He highlights the homes that define this desert mindset, featuring the classics like Georgia O'Keefe's in Abiquiu, New Mexico, alongside more modern homes such as Michael Barnard's Solar House in Marfa, Texas. With Casey Dunn's stunning photography, *Oasis* will transport you to these relaxing refuges, where you'll learn what elements create the balance of intentionality, ease, style, and function that these homes exude.

How to Create a Learning Oasis in the Desert Smaller Living Huge Life

More than just a stylish design book: The founder of Parachute Home teaches you how to design a home that's not only beautiful but mindful, functional, and uniquely you. A house is a structure that provides shelter. A home tells the story of who you are. *How to Make a House a Home* guides your discovery of what is most important to you in achieving warmth and comfort as well as a functional space. Explore the possibilities of creating an environment that is uniquely yours—one that welcomes, nurtures, and inspires. Parachute founder Ariel Kaye meets you wherever you are, with actionable tips and advice on how to match purpose with style. Here is everything you need to bring mindful choices into your home to make it completely you, from color palettes to organization, house plants to furniture. Whether you want to update your bedding, redo your living room, or take on the whole house, enjoy the remarkable journey of making your house your home. *Fanfare*

When his childhood friend, Alexander, is killed on a Swiss mountainside, Armand is certain that foul play is involved, and he calls for Alexander's American-born daughter, Kate Maser, to help him solve the puzzle. *Original.*

Create an Indoor Oasis for your Urban Space Hardie Grant Publishing

This edition is out of print. However, a new and greatly expanded 4th edition is available. Whether you are a weekend gardener who has never heard of permaculture, or an avid gardener already familiar with the permaculture approach, this book will help you grow food under the most challenging of circumstances. *Growing Food in the Southwest Mountains* will teach you how to deal with dry weather, high winds, intense sunlight, cold nights, summer heat, insect pests, weeds and other challenges of the high-elevation Southwest.

OASIS Conversations Mozaika LLC

*** 'A wonderful document of the last great gathering of the pre-internet age. No camera phones, no social media, just a band and its fans as one' -NOEL GALLAGHER On 10th and 11th August 1996, Oasis played the concerts that would define them, a band at the height of their powers playing to over 250,000 people. Twenty-five years on, this is the inside story of those nights, told through the breathtaking photographs of Jill Furmanovsky, granted unprecedented access to Oasis throughout that summer. Also includes newly obtained first-hand accounts from the people who were there - including Noel Gallagher and Alan McGee - in text by award-winning author Daniel Rachel. From relaxed rehearsals and warm-up concerts to Knebworth itself - backstage, onstage, flying high above the site - many of the stunning photographs in this book have never been seen anywhere before. This the definitive account of two nights that a generation will never forget.
