MUHAMMAD EWING

The Boys Who Challenged Hitler Enigma Books

In a small Southern town in 1944, two girls secretly help a seriously ill army deserter, a decision that changes their perceptions of right and wrong. Issues of moral ambiguity and accepting consequences for actions are thoughtfully considered in this deftly crafted story.

[Goodbye, Mr Hitler](#) HarperCollins

/DIVEExtra, Extra! Three Trained Pachyderms for Sale! When Dorothy and her brother Henry learn that three beloved local circus elephants will soon be retiring, they are shocked and dismayed—but also inspired! The owner has agreed to sell the elephants to the children of Boston if they can raise the \$6,000. They have two months. They'll have to contribute every penny they have, but they're determined to do it. Soon, more and more children are joining in, donating everything they have to the cause. Fourteen cents from Roger from washing windows. Five cents from Jimmy from the tooth fairy. Even the local cinema makes a contribution—after the children decide to stop spending their money on movies. Eventually, kids from up and down the whole east coast are chipping in! In the end, it's the elephants themselves—Mollie, Waddy, and Tony—who are most grateful for the children's resolute and generous spirit. DIVFollowing the immense critical success of *One Thousand Tracings*, Lita Judge has written and illustrated an inspiring and heartwarming picture book, based on a true story of compassion and believing.

With Hitler to the End Scholastic Inc.

Madman, tyrant, animal—history has given Adolf Hitler many names. In *Mein Kampf* (My Struggle), often called the Nazi bible, Hitler describes his life, frustrations, ideals, and dreams. Born to an impoverished couple in a small town in Austria, the young Adolf grew up with the fervent desire to become a painter. The death of his parents and outright rejection from art schools in Vienna forced him into underpaid work as a laborer. During the First World War, Hitler served in the infantry and was decorated for bravery. After the war, he became actively involved with socialist political groups and quickly rose to power, establishing himself as Chairman of the National Socialist German Worker's party. In 1924, Hitler led a coalition of nationalist groups in a bid to overthrow the Bavarian government in Munich. The infamous Munich "Beer-hall putsch" was unsuccessful, and Hitler was arrested. During the nine months he was in prison, an embittered and frustrated Hitler dictated a personal manifesto to his loyal follower Rudolph Hess. He vented his sentiments against communism and the Jewish people in this document, which was to become *Mein Kampf*, the controversial book that is seen as the blue-print for Hitler's political and military campaign. In *Mein Kampf*, Hitler describes his strategy for rebuilding Germany and conquering Europe. It is a glimpse into the mind of a man who destabilized world peace and pursued the genocide now known as the Holocaust.

How do we explain the persistent preoccupation with American Indians in Germany and the staggering numbers of Germans one encounters as visitors to Indian country? As H. Glenn Penny demonstrates, that preoccupation is rooted in an affinity for American Indians that has permeated German cultures for two centuries. This affinity stems directly from German polycentrism, notions of tribalism, a devotion to resistance, a longing for freedom, and a melancholy sense of shared fate. Locating the origins of the fascination for Indian life in the transatlantic world of German cultures in the nineteenth century, Penny explores German settler colonialism in the American Midwest, the rise and fall of German America, and the transnational worlds of American Indian performers. As he traces this phenomenon through the twentieth century, Penny engages debates about race, masculinity, comparative genocides, and American Indians' reactions to Germans' interests in them. He also assesses what persists of the affinity across the political ruptures of modern German history

and challenges readers to rethink how cultural history is made.

In the Garden of Beasts Penguin

A bestseller in Germany, Michael Wieck's account of his childhood in Königsberg recalls a German city obliterated by fire-bombing during the Second World War. As the child of a Jewish mother and Gentile father, Wieck was persecuted first as a "certified Jew" by the Nazis, then as a German by the Russian occupiers, including horrific internment in the Rothenstein concentration camp. His emigration to the West in 1948 marked the end of the 408-year history of the Jewish community in Königsberg. From the earliest delights of a childhood filled with music, family, and the smell of pines and the sea, Wieck retraces his life. He tells of his school days and their sudden end, the shock of Kristallnacht, his Aunt Fanny being sent by train to a destination unknown, the chemical factory where Jewish workers gradually disappeared, the bombs falling on Königsberg. The Russian occupation was anything but the expected delivery from the horrors of the war. In the midst of privation, savagery, and death, there were moments of absurdity, and Wieck powerfully depicts them in this unforgettable memoir.

Ha'penny Crown

'HISTORICAL FICTION AT ITS BEST' -- Bookseller & Publisher It's 1939, and for Georg, son of an English academic living in Germany, life is full of cream cakes and loving parents. It is also a time when his teacher measures the pupils' heads to see which of them have the most 'Aryan'- shaped heads. But when a university graduation ceremony turns into a pro-Nazi demonstration, Georg is smuggled out of Germany to war-torn London and then across enemy seas to Australia where he must forget his past and who he is in order to survive. Hatred is contagious, but Georg finds that kindness can be, too. A companion piece to the best-selling *Hitler's Daughter*, this is a story of war-torn Europe during WWII, as seen through the eyes of a young German boy Georg, who loses his family and must forget his past and who he is in order to survive. MORE PRAISE FOR PENNIES FOR HITLER 'Jackie French's research and subsequent feeling for the era is superb the descriptions of wartime Australia alone are fascinating. This is historical fiction at its best and thoroughly recommended for upper primary children and beyond.' -- Bookseller & Publisher, 5 Star Review 'From its dramatic opening sequence to its one word conclusion 300 pages later, this is an absorbing story rich with details of everyday life' -- Canberra Times 'This striking fiction for school age readers gives an unflinching view of war and a close-up human perspective on asylum seekers.' -- Saturday Age

Stepping on the Cracks Penguin UK

As the bushfire swallowed up the world they knew, a wombat shared her burrow with other animals. As the flames of the bushfire approach, one small wombat is bravely followed by other animals to the safety of her underground burrow. From best-selling author and Australian Children's Laureate, Jackie French, and award-winning illustrator, Danny Snell, comes a story of survival, courage and friendship.

Nazi Billionaires Focal Point Publications

In 1949, eight years after the "Peace with Honor" was negotiated between Great Britain and Nazi Germany by the Farthing Set, England has completed its slide into fascist dictatorship. Then a bomb explodes in a London suburb. The brilliant but politically compromised Inspector Carmichael of Scotland Yard is assigned the case. What he finds leads him to a conspiracy of peers and communists, of staunch King-and- Country patriots and hardened IRA gunmen, to murder Britain's Prime Minister and his new ally, Adolf Hitler. Against a background of increasing domestic espionage and the suppression of Jews and homosexuals, an ad-hoc band of idealists and conservatives blackmail the one person they need to complete their plot, an actress who lives for her art and holds the key to the Führer's death. From the ha'penny seats in the theatre to the ha'pennies that cover dead men's eyes, the conspiracy and the investigation swirl around one another, spinning beyond

anyone's control. In this brilliant companion to *Farthing*, Welsh-born World Fantasy Award winner Jo Walton continues her alternate history of an England that could have been, with a novel that is both an homage of the classic detective novels of the thirties and forties, and an allegory of the world we live in today. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

The Schoolmaster's Daughter Harper Collins

'Captivating, emphatic and deeply inspiring, *Sexual Revolution* lifted me greatly by envisioning the possibilities of our moment' V (formerly Eve Ensler) 'Brilliant; vital; revolutionary' Kate Manne

_____ This is a story about how modern masculinity is killing the world, and how feminism can save it. It's a story about sex and power and trauma and resistance and persistence. Sex and gender are changing, and the world is changing with them. In this time of crisis, we are also witnessing a productive transformation: a revolutionary change in how we define gender, sex, consent and whose bodies matter. This sexual revolution is a threat to the social and economic order. It undermines the existing power structures and weakens the authority of institutions from the waged workplace to the nuclear family. No wonder the far right is fighting back so hard. Told with Laurie Penny's trademark urgency and candour, *Sexual Revolution* is a hand-grenade of a book: both a manifesto for social change and a story of how feminism can save us.

Why Britain is at War UNC Press Books

Map on lining papers. "'Hitler's War' was originally published by The Viking Press in 1977; 'The War path' was published by The Viking Press and Michael Joseph Ltd. in 1979"--T.p. verso. Includes bibliographical references (p. 840-943) and index

Half A Crown Knopf Books for Young Readers

In 1941 the European war ended in the Farthing Peace, a rapprochement between Britain and Nazi Germany. The balls and banquets of Britain's upper class never faltered, while British ships ferried "undesirables" across the Channel to board the cattle cars headed east. Peter Carmichael is commander of the Watch, Britain's distinctly British secret police. It's his job to warn the Prime Minister of treason, to arrest plotters, and to discover Jews. The midnight knock of a Watchman is the most dreaded sound in the realm. Now, in 1960, a global peace conference is convening in London, where Britain, Germany, and Japan will oversee the final partition of the world. Hitler is once again on British soil. So is the long exiled Duke of Windsor - and the rising gangs of "British Power" streetfighters, who consider the Government "soft," may be the former king's bid to stage a coup d'état. Amidst all this, two of the most unlikely persons in the realm will join forces to oppose the fascists: a debutante whose greatest worry until now has been where to find the right string of pearls, and the Watch Commander himself.

Max HarperCollins

The exposure of England's global misdeeds.

The Original Bambi Macmillan

December 1940 - Nick Penny comes home after four months as a POW to act as interpreter to the provincial governor. He finds his father dead, his mother crippled and his friend Roy involved in a resistance movement. When Matty returns to run his father's estate, the three friends are reunited in a common purpose.

The Man in the High Castle Houghton Mifflin Harcourt

◆If we in Great Britain are resolute and wise there will emerge from this catastrophe something which may well give hope to the world◆ First published in 1939 as a Penguin Special, this is the original best-selling account of why Britain went to war with Germany. In simple terms it describes the stages of Adolf Hitler's ruthless pursuit for power, identifies his methods of deception and false diplomacy, and details his terrifying use of force that rendered peaceful negotiation increasingly difficult, and finally impossible. Shining a light on Hitler's early life and character, Harold Nicolson reveals the dictator's political theories in *Mein Kampf*, and explains the strategies he adopted in seizing the Rhineland, Austria, Czechoslovakia and later Poland. Written with clarity and insight, and read widely by soldiers during World War II, the final message of hope and peace is as relevant today as it was in 1939. This facsimile edition includes a new introduction by Andrew Roberts, best-selling author of *The Storm of War*; *Masters and Commanders* and *Hitler and Churchill: Secrets of Leadership*.

Conspiracy (The Plot to Kill Hitler #1) Macmillan + ORM

The suspenseful tale of two courageous kids and one inquisitive scientist who teamed up to stop an epidemic. "A delightful combination of race-against-the-clock medical mystery and outwit-the-bad-guys adventure." —Publishers Weekly, Starred Eel has troubles of his own: As an orphan and a "mudlark," he spends his days in the filthy River Thames, searching for bits of things to sell. He's being hunted by Fisheye Bill Tyler, and a nastier man never walked the streets of London. And he's got a secret that costs him four precious shillings a week to keep safe. But even for Eel, things aren't so bad until that fateful August day in 1854—the day the deadly cholera epidemic ("blue death") comes to Broad Street. Everyone believes that cholera is spread through poisonous air. But one man, Dr. John Snow, has a different theory. As the epidemic surges, it's up to Eel and his best friend, Florrie, to gather evidence to prove Dr. Snow's theory—before the entire neighborhood is wiped out. "Hopkinson illuminates a pivotal chapter in the history of public health. . . . Accessible . . . and entertaining." —School Library Journal, Starred "For [readers] who love suspense, drama, and

mystery." —TIME for Kids

Pennies for Elephants HarperCollins Australia

Erik Larson, New York Times bestselling author of *Devil in the White City*, delivers a remarkable story set during Hitler's rise to power. The time is 1933, the place, Berlin, when William E. Dodd becomes America's first ambassador to Hitler's Nazi Germany in a year that proved to be a turning point in history. A mild-mannered professor from Chicago, Dodd brings along his wife, son, and flamboyant daughter, Martha. At first Martha is entranced by the parties and pomp, and the handsome young men of the Third Reich with their infectious enthusiasm for restoring Germany to a position of world prominence. Enamored of the "New Germany," she has one affair after another, including with the suprisingly honorable first chief of the Gestapo, Rudolf Diels. But as evidence of Jewish persecution mounts, confirmed by chilling first-person testimony, her father telegraphs his concerns to a largely indifferent State Department back home. Dodd watches with alarm as Jews are attacked, the press is censored, and drafts of frightening new laws begin to circulate. As that first year unfolds and the shadows deepen, the Dodds experience days full of excitement, intrigue, romance—and ultimately, horror, when a climactic spasm of violence and murder reveals Hitler's true character and ruthless ambition. Suffused with the tense atmosphere of the period, and with unforgettable portraits of the bizarre Göring and the expectedly charming--yet wholly sinister--Goebbels, *In the Garden of Beasts* lends a stunning, eyewitness perspective on events as they unfold in real time, revealing an era of surprising nuance and complexity. The result is a dazzling, addictively readable work that speaks volumes about why the world did not recognize the grave threat posed by Hitler until Berlin, and Europe, were awash in blood and terror.

Sophie's World HarperCollins

Marsha Forchuk Skrypuch (author of *Making Bombs for Hitler* and *Stolen Girl*) delivers a gripping story about the bonds of friendship forged in the perils of war. In the grip of World War II, Maria has realized that her Nazi-occupied Ukrainian town is no longer safe. Though she and her family might survive, her friend Nathan, who is Jewish, is in grave danger. So Maria and Nathan flee -- into the heart of Hitler's Reich in Austria. There, they hope to hide in plain sight by blending in with other foreign workers. But their plans are disrupted when they are separated, sent to work in different towns. With no way to communicate with Nathan, how can Maria keep him safe? And will they be able to escape Hitler's web of destruction?

No Hearts of Gold Simon and Schuster

'A compelling tale... a narrative that makes such a brave effort to see history as it evolves and not as it becomes.' SPECTATOR Suffused with the tense atmosphere of the times, and with brilliant portraits of Hitler, Goebbels, Goering and Himmler amongst others, Erik Larson's new book sheds unique light on events as they unfold, resulting in an unforgettable, addictively readable work of narrative history. Berlin, 1933. William E. Dodd, a mild-mannered academic from Chicago, has to his own and everyone else's surprise, become America's first ambassador to Hitler's Germany, in a year that proves to be a turning point in history. Dodd and his family, notably his vivacious daughter, Martha, observe at first-hand the many changes - some subtle, some disturbing, and some horrifically violent - that signal Hitler's consolidation of power. Dodd has little choice but to associate with key figures in the Nazi party, his increasingly concerned cables make little impact on an indifferent U.S. State Department, while Martha is drawn to the Nazis and their vision of a 'New Germany' and has a succession of affairs with senior party players, including first chief of the Gestapo, Rudolf Diels. But as the year darkens, Dodd and his daughter find their lives transformed and any last illusion they might have about Hitler are shattered by the violence of the 'Night of the Long Knives' in the summer of 1934 that established him as supreme dictator . . .

Farthing HarperCollins

Provides information about Hitler on a variety of subjects with a chronology included.

Sexual Revolution Houghton Mifflin Harcourt

"Meticulously researched ...compels us to confront the current-day legacy of these Nazi ties." —Wall Street Journal A groundbreaking investigation of how the Nazis helped German tycoons make billions off the horrors of the Third Reich and World War II—and how America allowed them to get away with it. In 1946, Günther Quandt—patriarch of Germany's most iconic industrial empire, a dynasty that today controls BMW—was arrested for suspected Nazi collaboration. Quandt claimed that he had been forced to join the party by his archrival, propaganda minister Joseph Goebbels, and the courts acquitted him. But Quandt lied. And his heirs, and those of other Nazi billionaires, have only grown wealthier in the generations since, while their reckoning with this dark past remains incomplete at best. Many of them continue to control swaths of the world economy, owning iconic brands whose products blanket the globe. The brutal legacy of the dynasties that dominated Daimler-Benz, cofounded Allianz, and still control Porsche, Volkswagen, and BMW has remained hidden in plain sight—until now. In this landmark work of investigative journalism, David de Jong reveals the true story of how Germany's wealthiest business dynasties amassed untold money and power by abetting the atrocities of the Third Reich. Using a wealth of previously untapped sources, de Jong shows how these tycoons seized Jewish businesses, procured slave laborers, and ramped up weapons production to equip Hitler's army as Europe burned around them. Most shocking of all, de Jong exposes how America's political expediency enabled these billionaires to get away with their crimes, covering up a bloodstain that defiles the German and global economy to this day.
