Semantic change — how the meanings of words change over time — has preoccupied scholars since well before modern linguistics emerged in the late 19th and early 20th century, ushering in a new methodological turn in the study of language change. Compared to changes in sound and grammar, semantic change is the least understood. Ever since, the study of semantic change has progressed steadily, accumulating a vast store of knowledge for over a century, encompassing many languages

and language families. Historical linguists also early on realized the potential of computers as research tools, with papers at the very first international conferences in computational linguistics in the 1960s. Such computational studies still tended to be small-scale, method-oriented, and qualitative. However, recent years have witnessed a sea-change in this regard. Big-data empirical quantitative investigations are now coming to the forefront, enabled by enormous advances in storage capability and processing power. Diachronic corpora have grown beyond imagination, defying exploration by traditional manual qualitative methods, and language technology has become increasingly data-driven and semantics-oriented. These developments present a golden opportunity for the empirical study of semantic change

over both long and short time spans. A major challenge presently is to integrate the hard-earned knowledge and expertise of traditional historical linguistics with cutting-edge methodology explored primarily in computational linguistics. The idea for the present volume came out of a concrete response to this challenge. The 1st International Workshop on Computational Approaches to Historical Language Change (LChange'19), at ACL 2019, brought together scholars from both fields. This volume offers a survey of this exciting new direction in the study of semantic change, a discussion of the many remaining challenges that we face in pursuing it, and considerably updated and extended versions of a selection of the contributions to the LChange'19 workshop, addressing both more theoretical problems — e.g., discovery of "laws of semantic change" — and practical applications, such as information retrieval in longitudinal text archives.

She hired him to take her virginity...but now she wants even more. Lori might be a popular romance writer, but she's never been anything but a flop with sex and love in her personal life. Still a virgin at twenty-six and increasingly frustrated by her inexperience, she decides to take matters into her own hands. She hires a talented, sexy male escort to take care of her inconvenient virginity. She assumes one time with Ander will be enough, but she never dreams how much pleasure he can make her feel. Once isn't nearly enough. Twice isn't enough either. Soon, she becomes one of his regular clients. Lori knows that nothing would be as foolish as falling in love with her paid escort, but she's never been wise with her heart. And, despite his

professionalism, Ander doesn't seem entirely immune either. The Mystic Series: Books 1-3 Stanford University Press  
Born into a family of witches, Orenda has the misfortune of being the sole member of her family born without magic. The smallest bit of magic that she can claim for herself is the ability to sense out magical talismans. She is drawn to them and makes it her task to keep the most powerful of them out of the reach of her family. Yet, when she comes across an ancient talisman in an antique shop, she is swept away by its magic into the fae world, but not unchanged. Shrunken and stranded alone in the depths of the troll kingdom, Orenda must rely on the help of a hive of male pixies. Although they say that she is their queen, and lure her with every touch, they promise to help her return home. They are nothing like she's ever imagined a pixie to be and give her a taste of a life that she couldn't have imagined. In a world of magic, she—a magicless witch—strangely finds her place until events provide an opportunity to return to the human world. It leaves Orenda with a choice: to go back home or remain by their side? Among pixies, although long-lived, they only have a opening of a handful of years to find their mates before the elders determine that the hives be broken and the males stripped of their breeding and mating abilities to serve as protectors for young unmated queens. Shavish is determined that his hive, though well beyond the suitable age of mating, do not come to a similar fate. His hive brothers Orel and Gwin may have resigned themselves to being guardians and Dazi retreating to his scholarly works, but he is not willing to give up yet. Although being mated to a small wingless queen wasn't quite what any of them imagined, they resolve to not give her up. They will court

their queen and win her for their own. The Pixie Queen is a m/m/f/m/m romance and does contain m/m. Please be aware that The Pixie's Queen is an expanded version of the novella Love Blooms for the Pixie Queen that appeared in the Love Blooms Anthology.

Filled with magic, thrilling adventure, and sweet romance, Elementals is the first in a new series that fans of mythology will love! When Nicole Cassidy moves from sunny Georgia to gloomy New England, the last thing she expects is to learn that her homeroom is a cover for a secret coven of witches. Even more surprisingly ... she's apparently a witch herself. Despite doubts about her newfound abilities, Nicole is welcomed into this ancient circle of witches and is bedazzled by their powers--and, to her dismay, by Blake--the school's notorious bad-boy. Girls who get close to Blake wind up hurt. His girlfriend Danielle will do anything to keep them away, even if she must resort to using dark magic. But the chemistry between Blake and Nicole is undeniable, and despite wanting to protect Nicole from Danielle's wrath, he finds it impossible to keep his distance. When the Olympian Comet shoots through the sky for the first time in three thousand years, Nicole, Blake, Danielle, and two others in their homeroom are gifted with mysterious powers over the elements. But the comet has another effect--it opens the portal to the

prison world that has contained the Titans for centuries. After an ancient monster escapes and attacks Nicole and Blake, it's up to them and the others to follow the clues from a cryptic prophecy so that they can save their town ... and possibly the world.

"Elementals is full of wonderful magic and myths!" -5 Girls Book Reviews "Five glittery stars for being such a compelling read!" - Andrea Heltsley, Goodreads Reviewer

**Destruction** Bandit Publishing Company

The revolutionary achievement of Dr. Peter Mark Roget's first edition in 1852 was the development of a brand-new principle: the arrangement of words and phrases according to their meanings. Dr. Roget's system brings together in one place all the terms associated with a single thought or concept; it allows a wide-ranging survey of language within a book of relatively modest size, without the space-consuming repetitions that so severely limit the scope of thesauruses arranged in a dictionary format with A-to-Z entries. This brilliant organization makes Roget's International Thesaurus® both the most efficient word finder and a cutting-edge aid in stimulating thought, organizing ideas, and writing and speaking more clearly and effectively. This revised and updated sixth edition features thousands of new words and phrases, including the newest slang words and expressions that color and inform everyday language. It retains all of the hallmarks that have made Roget's International

Thesaurus® an enduring classic: More than 330,000 words and phrases organized into 1,075 categories. A pinpoint reference system that directs the user quickly from a comprehensive index to the numbered category of the right word. Thousands of cross-references throughout lead to other helpful categories. Hundreds of supplemental word lists that supply the names of things which have no synonyms (measurements, wines, weapons, animals, state mottoes, and more) as well as hundreds of quotations that amplify the meanings of selected words. Generations of students, writers, editors, and speakers have made Roget's the most popular word reference book next to the dictionary. Continuing a legacy that dates back more than 150 years, Roget's International Thesaurus® is an indispensable work for everyone who wants to use the English language with clarity and precision.

I lusted after the hot alpha male, loved the strong heroine, bit my nails during the battles of good vs. evil, and blushed and swooned over the steamy romance in The Mystic Series.

Everyone needs this series in their life! —Jillian Dodd, USA Today and Amazon Top 10 Bestselling Author After three years caring for her dying mother, Layla Callaway learns she was adopted under unusual circumstances. Following a cryptic message to seek her birth family in Oregon, Layla uproots her life to find out the truth about her family's past. And her own magical powers.

The Screenwriter's Workbook Bandit Publishing Company

Finding out you're the most powerful witch in the world should make things easy, right? Wrong! Join Layla as she abandons her lonely existence in Oklahoma and embraces a life full of magic,

love, heartbreak and danger...The Angel After three years caring for her dying mother, Layla Callaway learns she was adopted under unusual circumstances. Following a cryptic message to seek her birth family in Oregon, Layla uproots her lonely life, quickly finding she descends from witches and wizards. Magic is in her blood, and a handsome family friend is eager to prove it. Through a ring imprinted with her birth parents' memories, Layla's enigmatic past comes to light, presenting possibilities and trials more chimerical than her wildest dreams. The Guardian's natural charisma yields plenty of witches, but he longs for the lost witch--the mysterious Layla. He's dreamed about her his entire life, envisioning the day he would lay eyes on her face and aura. When that day arrives, not only is he breathless, he's confronted with the challenge of a lifetime--an innate need to keep her safe and forever by his side. The Hunter Employing fiendish manipulation and manpower, Agro uses the arcane force of others to elevate his supremacy and wealth. Nothing pleases him more than latching on to a mystical vein, and never has there been a more enticing source. The divine witch will be his. Stretching from coast to coast and teeming with loathed villains and beloved heroes, Descension is rich with emotion, magic and intrigue. Whether the reader is laughing, crying or falling in love, they'll find themselves invested in Layla's fate through the rich dialogue and emotionally driven characters that weave the web of this fiery tale.

The last thing Lautner ever wanted was a mate. After a chance encounter, the clock is ticking. He has seventy-two hours to claim his mate or lose her forever. Danika: At nineteen, I had spent my life hidden in the shadows, controlled by the hands of my domineering father and pack Alpha. Now, he expects me to marry the pack Beta, an arrangement made long before I was born. Seeking a night of freedom, I head to the one place forbidden by my father, The Warehouse, ran by the notorious vampire Motorcycle Club, The Sun Sinners. Its reputation for violence and an array of unruly supernatural clientele is probably not the safest place for a shifter who has yet to turn, especially considering the number of enemies my father has. What I didn't

expect was to find the man who would finally entice my wolf to the surface. Too bad he looks like he would rather kill me than f\*ck me. I always believed that fated mates never existed, but could he be the one to save me? Lautner: As pack enforcer, and undefeated illegal cage fighter, violence is a part of my life. My father taught me that from an early age. He also taught me that mates are nothing more than a problem that I didn't need...until I met her. Her scent catches me off guard, almost costing me my life, and yet as much as I don't want her, my wolf has other ideas. I want nothing more than to hide out until the bond is over, but when a shifter turns up mutilated on the outskirts of Stone Valley, it looks like the rumors about the hunters are true. The Shifter Council has ordered neighboring Packs to work together and bring them down. Given the animosity between the packs and my wolf going mate crazy, the last thing I expected was her to turn up at my door...with her fiancé in tow. Lautner is Book One in The Stone Valley Pack Series but can also be read as a standalone. It is a full 70,000 word novel with a HEAFN. Please look out for Seth's story in Book Two coming soon. This book is recommended for readers 18+ due to strong language and steamy sex scenes. Warning this book contains scenes of abuse/assault that some readers may find triggering.
