More Than This

HarperCollins
Unending war leads to the discovery of uneasy truths when two teens question the status quo in this riveting thriller. For as long as Tessa can remember, her country has been at war. When local golden boy Gideon

Thrall is awarded a medal for courage, it's a rare bright spot for everyone in Tessa's town—until Gideon refuses the award, claims he was a coward, and runs away. Tessa is bewildered, and she can't help but follow Gideon to find out the truth. But Tessa is in for more than she bargained for. Before she knows it, she has stowed away on a rogue airplane and is headed for enemy territory. But all

that pales when she discovers a shocking truth that rocks the foundation of everything she's ever believed—a truth that will change the world. Is Tessa strong enough to bring it into the light?

A Castle in the Clouds
Imajinn Books

The universal lament about money is that there is never enough. We spend endless hours trying to figure out ways to stretch every dollar and

kicking ourselves whenever we spend too much or save too little. For all the stress and effort we put into every choice, why are most of us unhappy about our finances? According to Laura Vanderkam, the key is to change your perspective. Instead of looking at money as a scarce resource, consider it a tool that you can use creatively to build a better life for yourself and the people you care about. Drawing on the latest happiness research as well as the stories of

dozens of real people, Vanderkam offers a contrarian approach that forces us to examine our own beliefs, goals, and values. *Dancing with Mr. Darcy* Amazon Crossing Heads will roll! Paris, France: a city of fashion, chocolate croissants, and cute boys. Colette Iselin is thrilled be there for the first time, on her spring break class trip. But a series of gruesome murders are taking place around the city, putting everyone on edge. And as she tours the sights,

Colette keeps seeing a strange vision: a pale woman in a ball gown and powdered wig, who looks like Marie Antoinette. Colette knows her status-obsessed friends won't believe her, so she seeks out the help of a charming French boy. Together, they discover that the murder victims are all descendants of people who ultimately brought about Marie Antoinette's beheading. The queen's ghost has been awakened, and now she's wreaking her bloodthirsty revenge. And

Colette may just be one of those descendants . . . which means she might not make it out of this trip alive. Acclaimed author Katie Alender brings heart-stopping suspense to this story of betrayal, glamour, mystery, history- and one killer queen.

BESTSELLER THE
ETYMOLOGICON. 'An
informative but highly
entertaining journey
through the figures of

rhetoric ... Mark Forsyth wears his considerable knowledge lightly. He also writes beautifully.' David Marsh, Guardian. Mark Forsyth presents the secret of writing unforgettable phrases, uncovering the techniques that have made immortal such lines as 'To be or not to be' and 'Bond. James Bond.' In his inimitably entertaining and witty style, he takes apart famous quotations and shows how you too can write like Shakespeare, Oscar Wilde or John Lennon. Crammed

with tricks to make the most humdrum sentiments seem poetic or wise, *The Elements of Eloquence* reveals how writers through the ages have turned humble words into literary gold - and how you can do the same.

However, he's desperately trying to save her by finding the holy water that is believed to heal any disease. Dangerous criminals are also seeking the holy water, and Ellen soon learns they will go to any lengths to get the powerful drug--including sending her back into the past to find it for them. From two-time Carnegie Medal winner Patrick Ness comes an enthralling and

provocative new novel chronicling the life — or perhaps afterlife — of a teen trapped in a crumbling, abandoned world. A boy named Seth drowns, desperate and alone in his final moments, losing his life as the pounding sea claims him. But then he wakes. He is naked, thirsty, starving. But alive. How is that possible? He remembers dying, his bones breaking, his skull dashed upon the rocks. So how is he here? And where is this place? It looks like the suburban

English town where he lived as a child, before an unthinkable tragedy happened and his family moved to America. But the neighborhood around his old house is overgrown, covered in dust, and completely abandoned. What's going on? And why is it that whenever he closes his eyes, he falls prey to vivid, agonizing memories that seem more real than the world around him? Seth begins a search for answers, hoping that he might not be alone, that this might not be the hell

he fears it to be, that there might be more than just this. . . .
