## CARINA STEPHANY

*Adagio and Rondo* Waxmann Verlag  
 At the height of the Enlightenment, four conservatories in Naples stood at the center of European composition. Maestros taught their students to compose with unprecedented swiftness and elegance using the partimento, an instructional tool derived from the basso continuo that encouraged improvisation as the path to musical fluency. Although the practice vanished in the early nineteenth century, its legacy lived on in the music of the next generation. In *The Art of Partimento*, performer and music-historian Giorgio Sanguinetti chronicles the history of this long-forgotten Neapolitan art. Sanguinetti has painstakingly reconstructed the oral tradition that accompanied these partimento manuscripts, now scattered throughout Europe. Beginning with the origins of the partimento in the circles of Corelli, Pasquini, and Alessandro Scarlatti in Rome and tracing it through the peak of the tradition in Naples, *The Art of Partimento* gives a glimpse into the daily life and work of an eighteenth century composer. *The Art of the Partimento* is also a complete practical handbook to reviving the tradition today. Step by step, Sanguinetti guides the aspiring composer through elementary realization to more advanced exercises in diminution, imitation, and motivic coherence. Based on the teachings of the original masters, Sanguinetti challenges the reader to become a part of history, providing a variety of original partimenti in a range of genres, forms, styles, and difficulty levels along the way and allowing the student to learn the art of the partimento for themselves at their own pace. As both history and practical guide, *The Art of Partimento* presents a new and innovative way of thinking about music theory. Sanguinetti's unique approach unites musicology and music theory with performance, which allows for a richer and deeper understanding than any one method alone, and offers students and scholars of composition and music theory the opportunity not only to understand the life of this fascinating tradition, but to participate in it as well. **Lexikon Musiklehre** A-R Editions, Inc.

*The Chord Scale Theory & Jazz Harmony* Faber Music Ltd  
 Grasp the concepts needed to compose, deconstruct, and comprehend music Whether you're a student of music or a music lover, *Music Theory For Dummies* presents you with essential information on how to read, write, and understand music, as well as helpful hints on composing, arranging, and creating original melodies, harmonies, and chords. *Music Theory For Dummies* gives you a friendly, unintimidating overview of the material

covered in a typical college-level course and makes music theory easy to understand. It includes updated information on current teaching techniques; the newest music examples and genres; information on mastering major and minor scales, using intervals, and recognizing pitches and clefs; the lowdown on rhythms, tempo, dynamics, and navigation; how to transcribe the music you hear and transposing it to other keys; harmonizing and accompanying melodies; composing and arranging for voices and instruments; performing your own music; and much more. Audio CD includes musical excerpts played on a variety of instruments Makes learning music theory as enjoyable as it is useful Tracks to a typical college-level music theory course Don't get discouraged by the seemingly complicated written structure of musical theory. With *Music Theory For Dummies*, understanding music has never been easier! CD-ROM/DVD and other supplementary materials are not included as part of the e-book file, but are available for download after purchase.

**Ex Libris** Bärenreiter-Verlag  
 Der Gitarrist Seth F. Josel und der Komponist Ming Tsao geben in ihrem gemeinsam geschriebenen Buch einen umfassenden Überblick über zeitgenössische Spieltechniken der klassischen Gitarre. Prägend war hierbei eine neue Generation von Gitarren-Solisten, die durch ihre außerordentlichen technischen und virtuoson Fähigkeiten einem neuen Verständnis von instrumentaler Aufführungspraxis den Weg geebnet haben. Detaillierte Erklärungen über das, was technisch auf dem Instrument möglich ist, werden präsentiert und im Hinblick auf die traditionelle Gitarrentechnik in einen historischen Zusammenhang gestellt. Für Komponisten interessant sind die ausführlichen Analysen von zeitgenössischer Gitarrenliteratur, die viele Beispiele aus Kammer- und Ensemblesmusik mit einbeziehen. Vier Hauptkapitel beschreiben - Techniken der rechten und der linken Hand - Besondere Harmonien und perkussive Techniken - Die Hauptinstrumente der Gitarrenfamilie und ihre Möglichkeiten - Notationsmöglichkeiten für zeitgenössische Gitarrenliteratur Detaillierte Grafiken zu Multiphonics-, Bitones- und Perkussions-Techniken sowie Audio-Tracks, auf die aus dem Buch heraus verlinkt wird, ergänzen die im Buch beschriebenen Beispiele. *The Techniques of Guitar Playing* Hal Leonard Corporation  
 Discover how our big social, political and ethical ideas are formed with *The Philosophy Book*. Part of the fascinating Big Ideas series, this book tackles tricky topics and themes in a simple and easy to follow format. Learn about Philosophy in this overview guide to the subject, great for beginners looking to learn and experts wishing to refresh their knowledge alike! *The Philosophy Book* brings a fresh and vibrant take on the topic through eye-catching graphics and diagrams to immerse yourself in. This captivating book will broaden your understanding of Philosophy, with: - Key

quotes from more than 100 of the great thinkers of philosophy - Packed with facts, charts, timelines and graphs to help explain core concepts - A visual approach to big subjects with striking illustrations and graphics throughout - Easy to follow text makes topics accessible for people at any level of understanding *The Philosophy Book* is the perfect introduction to philosophy, aimed at adults with an interest in the subject and students wanting to gain more of an overview. Here you'll discover how key concepts in philosophy have shaped our world, with authoritative articles that explore big ideas. Learn about everyone who's contributed to the flow of world philosophy, from antiquity to the modern age, through superb mind maps explaining the line of thought. Your Philosophical Questions, Simply Explained If you thought it was difficult to learn philosophy and its many concepts, *The Philosophy Book* presents the key ideas in a clear layout. Find out what philosophers thought about the nature of reality, and the fundamental questions we ask ourselves; What is the meaning of life? What is the Universe made of? And work your way through the different branches of philosophy such as metaphysics and ethics, from ancient and modern thinkers. The Big Ideas Series With millions of copies sold worldwide, *The Philosophy Book* is part of the award-winning Big Ideas series from DK. The series uses striking graphics along with engaging writing, making big topics easy to understand.

*The Politics Book* Alfred Music  
 "One might say that where Religion becomes artificial, it is reserved for Art to save the spirit of religion." With these words Richard Wagner began "Religion and Art" (1880), one of his most passionate essays. That passion made Wagner himself a central icon in the growing cult of art. Wagner felt that he lived in an age of spiritual crisis. "It can but rouse our apprehension, to see the progress of the art-of-war departing from the springs of moral force, and turning more and more to the mechanical," he wrote. In response to the frightening progress of dynamite and steel, Wagner adopted the role of the Tone Poet Seer, who reveals the inexpressible in concert halls and cleanses souls in waves of symhonic revelation. "Religion and Art" is the pivot of the works collected here. Also included are his defining essays "Public and Popularity" and "The Public in Time and Space"; his papers relating to the creation of the Bayreuth School; his complaint against publishers, "On Poetry and Composition" (1879); his article on the first production of Parsifal (1882); and other works that speak his mind about strengthening the spirit through music. These works participated in the duel between Wagner and Nietzsche that ensued after the breakup of their friendship in 1878. Nietzsche publicly called Wagner an incurable romantic, emphasizing how sick he thought both Wagner and his art were. Here Wagner counterattacks with arch innuendo and sarcasm.

This edition includes the complete volume 6 of the 1897 translation of Wagner's works commissioned by the London Wagner Society. William Ashton Ellis is one of the most important translators of nineteenth-century musicology. In addition to his monumental translation of Wagner's prose works, he translated Wagner's correspondence with Franz Liszt, Mathilde Wesendonck, and Wagner's own family. Ellis died in 1919.

**Musik und Bildung** Routledge

Drei Bücher in einem: Lexikon - Lesebuch - Arbeitsmittel Konzept: "Lexikon": direkter Zugriff auf alle wichtigen Informationen zum Themenfeld "Musiklehre". Von "Akkord" bis "Zwölftonmusik" "Lesebuch": Text-Inseln zu grundsätzlichen Fragen - nach dem Sinn von "Analyse", nach Musik als "Sprache" u.v.m. "Arbeitsmittel": konkrete Kompositionsbeispiele zum Hören, Lesen, Spielen und Reflektieren von Musik, außerdem gezielte Aufgaben zum Selbststudium Zielsetzung: -Junge Leser an Musik heranführen über kurze, aber profunde Texte -Musik durch Wissen und Hinterfragen vermitteln -Musik in ihrer Struktur entdecken und erleben

Katalog Bärenreiter-Verlag

This book is a comparative history that explores the social, cultural, and political formation of the modern nation through the construction of public schooling. It asks how modern school systems arose in a variety of different republics and non-republics across four continents during the period from the late eighteenth century to the early twentieth century. The authors begin with the republican preoccupation with civic virtue – the need to overcome self-interest in order to take up the common interest – which requires a form of education that can produce individuals who are capable of self-guided rational action for the public good. They then ask how these educational preoccupations led to the emergence of modern school systems in a disparate array of national contexts, even those that were not republican. By examining historical changes in republicanism across time and space, the authors explore central epistemologies that connect the modern individual to community and citizenship through the medium of schooling. Ideas of the individual were reformulated in the nineteenth century in reaction to new ideas about justice, social order, and progress, and the organization and pedagogy of the school turned these changes into a way to transform the self into the citizen.

*In Resonanz: Pädagogische, didaktische und wissenschaftliche Reflexionen über Musik* MacMillan Publishing Company

Diese Festschrift für Hermann Ullrich enthält 13 Beiträge, die sich vielfältigen musikwissenschaftlichen, -pädagogischen und -didaktischen Themen widmen. Dabei werden historische, gesellschaftliche sowie forschungstheoretische Aspekte beleuchtet und auch miteinander in Verbindung gebracht. Einige Texte greifen Spuren zu Persönlichkeiten, zu musikalischen Werken und zu klingender Musik auf, die auch Hermann Ullrich in seiner Forschung verfolgt. Mit den Autorinnen und Autoren verbinden ihn unterschiedliche Schnittpunkte und facettenreiche Begegnungen auf seinem beruflichen Weg.

**Music as Concept and Practice in the Late Middle Ages** Penguin

Learn about human nature, behavior and how the mind works with The Psychology Book. **The Philosophy Book** Alfred Music

Behind Bars is the indispensable reference book for composers, arrangers, teachers and students of composition, editors, and music processors. In the most thorough and painstakingly researched book to be published since the 1980s, specialist music editor Elaine Gould provides a comprehensive grounding in notational principles. This full eBook version is in fixed-layout format to ensure layout and image quality is consistent with the original hardback edition. Behind Bars covers everything from basic rules, conventions and themes to complex instrumental techniques, empowering the reader to prepare music with total clarity and precision. With the advent of computer technology, it has never been more important for musicians to have ready access to principles of best practice in this dynamic field, and this book will support the endeavours of software users and devotees of hand-copying alike. The author's understanding of, and passion for, her subject has resulted in a book that is not only practical but also compellingly readable. This seminal and all-encompassing guide encourages new standards of excellence and accuracy and, at 704 pages, it is supported by 1,500 music examples of published scores from Bach to Xenakis. This is the full eBook version of the original hardback edition.

*Der grosse Brockhaus* Penguin

»Das Glück kommt selten per Posta zu Pferde«, komponiert Telemann im 18. Jahrhundert. Und es ist nicht herbeizuzwingen. Alle jagen ihm nach, »das Glück rennt hinterher« (Brecht/Weill, Dreigroschenoper). Die Sehnsucht danach durchzieht die Texte der Schlager wie die der Opern und das Unglück ist eine treue Begleiterin seit Monteverdis "Orfeo". Musik kann pauschales Versprechen und Stimulanz sein. Das Glück stellt sich im Winkel des stillvergnügten Streichquartetts ebenso ein wie im Konzerthaus oder beim Rock-Event, bei der Suche nach dem musikalisch Exquisiten oder beim Klangexperiment in einer ungenutzten Fabrikhalle. Das Glück ist flüchtig. – Manchmal aber verweilt es und die Musik hilft ihm dabei.

*The Reading Crisis* Penguin

Test, measurement, and evaluation data are not viewed as a panacea for music education, but there is little question that the use of valid and reliable data from such can provide music teachers, administrators, counselors, and therapists with both broader and stronger bases for decision making relevant to music instruction and learning. Judicious use of these data ultimately will facilitate instructional improvement, increase students' learning, and foster students' positive affective/aesthetic experiences through music.

*Gesang, seine entwicklung, und in II. aufl* Harvard University Press This entirely new volume of NOHM takes account of developments in late-medieval music scholarship, along with significant changes in the performance practice of the late-medieval repertory,

witnessed during the latter half of the 20th century.

**Neue Zeitschrift für Musik** Hollitzer Wissenschaftsverlag

How severe is the literacy gap in our schools? In *The Reading Crisis*, the renowned reading specialist Jeanne Chall and her colleagues examine the causes of this disparity and suggest some remedies.

**Measurement and Evaluation of Musical Experiences** U of Nebraska Press

A Cello solo with Piano Accompaniment composed by Carl Maria von Weber and arranged by Gregor Piatigorsky.

**Music Theory For Dummies** Oxford University Press

The Spanish composer Sebastián de Vivanco (ca. 1551–1622) was born, like his revered contemporary Tomás Luis de Victoria, in Avila. Having secured prestigious cathedral and university posts at Salamanca, Vivanco saw through the press, between 1607 and 1614, three luxury choirbooks containing 18 Magnificats, 10 masses, and 72 motets, spread over a total of more than 900 printed pages. The first of these choirbooks, all of which were printed by the Fleming Artus Taberniel and his wife Susana Muñoz, is a cycle of Magnificats providing polyphony for the odd- and even-numbered verses in all eight tones, plus one extra Magnificat in each of the much-used first and eighth tones. If Vivanco has been eclipsed for too long by his great contemporary and compatriot, it is in the complexity and ingenuity of the many canons to be found in these Magnificats that Vivanco outshines even Victoria.

*The Art of Partimento* John Wiley & Sons

Learn about how the world of government and power works in *The Politics Book*. Part of the fascinating Big Ideas series, this book tackles tricky topics and themes in a simple and easy to follow format.
