As The Giving Tree turns fifty, this timeless classic is available for the first time ever in ebook format. This digital edition allows young readers and lifelong fans to continue the legacy and love of a classic that will now reach an even wider audience. "Once there was a tree...and she loved a little boy." So begins a story of unforgettable perception, beautifully written and illustrated by the gifted and versatile Shel Silverstein. This moving parable for all ages offers a touching interpretation of the gift of giving and a serene acceptance of another's capacity to love in return. Every day the boy would come to the tree to eat her apples, swing from her branches, or slide down her trunk...and the tree was happy. But as the boy grew older he began to want more from the tree, and the tree gave and gave and gave. This is a tender story, touched with sadness, aglow with consolation. Shel Silverstein's incomparable career as a bestselling children's book author and illustrator began with *Lafcadio, the Lion Who Shot Back*. He is also the creator of picture books including *A Giraffe and a Half, Who Wants a Cheap Rhinoceros?, The Missing Piece, The Missing Piece Meets the Big O*, and the perennial favorite *The Giving Tree*, and of classic poetry collections such as *Where the Sidewalk Ends, A Light in the Attic, Falling Up, Every Thing On It, Don't Bump the Glump!*, and *Runny Babbit*. And don't miss the other Shel Silverstein ebooks, *Where the Sidewalk Ends* and *A Light in the Attic!*

• A fish saves the world. • A horse flies across the sky. • A king discovers that his beloved wife is actually a frog. Hindu mythology is full of tales in which animals play important roles. Some animals are looked upon with fear and dread, while some are worshipped along with the gods. Some shape the fate of the world, others form everlasting bonds with humans. Where did the animals come from? From Vishnu's avatars or Shiva's asanas? How was a deer responsible for the events of the Ramayana? Why is Garuda the sworn enemy of the nagas? How did a mongoose teach Yudhishtira the true meaning of sacrifice? Devdutt Pattanaik answers all these questions and more in this exquisitely illustrated book, retelling numerous animal stories from ancient texts, with his trademark charm and wit.

From National Book Award Finalist Eliot Schrefer comes the compelling tale of a girl who must save a group of bonobos -- and herself -- from a violent coup. Congo is a dangerous place, even for people who are trying to do good. When Sophie has to visit her mother at her sanctuary for bonobos, she's not thrilled to be there. Then Otto, an infant bonobo, comes into her life, and for the first time she feels responsible for another creature. But peace does not last long for Sophie and Otto. When an armed revolution breaks out in the country, the sanctuary is attacked, and the two of them must escape unprepared into the jungle. Caught in the crosshairs of a lethal conflict, they must struggle to keep safe, to eat, and to live. In *ENDANGERED*, Eliot Schrefer plunges us into a heart-stopping exploration of the things we do to survive, the sacrifices we make to help others, and the tangled geography that ties us all, human and animal, together.

The bear went over the mountain, to see what he could see, hear what he could hear, smell what he could smell, touch what he could touch, and taste what he could taste; what a busy bear! In this beautifully written rendition of a classic children's song, bestselling author and illustrator Iza Trapani brings to life the

seasonal activities of this cuddly bear. The bear sets out at the beginning of spring and finds fun around every corner, such as watching bunnies hop and smelling flowers. When the bear finds something unpleasant, like a smelly skunk or a prickly porcupine, he learns that the five senses have both good and bad traits. But that is all right, because there is always something just as exciting to try next! As winter arrives, the bear goes home to his cave, tired after his adventures. *The Bear Went Over the Mountain*, in paperback for the first time, teaches children about the five senses and the four seasons, all through a timeless song. It is so much fun, kids will want to go exploring too, just like the bear! Sky Pony Press, with our Good Books, Racehorse and Arcade imprints, is proud to publish a broad range of books for young readers—picture books for small children, chapter books, books for middle grade readers, and novels for young adults. Our list includes bestsellers for children who love to play Minecraft; stories told with LEGO bricks; books that teach lessons about tolerance, patience, and the environment, and much more. While not every title we publish becomes a New York Times bestseller or a national bestseller, we are committed to books on subjects that are sometimes overlooked and to authors whose work might not otherwise find a home.
