The Invincible Penguin
THE SUNDAY TIMES BESTSELLER Grand Admiral Thrawn and Darth Vader team up against a threat to the Empire in this thrilling novel from bestselling author Timothy Zahn. "I have sensed a disturbance in the Force." Ominous words under any circumstances, but all the more so when uttered by Emperor Palpatine. On Batuu, at the edges of the Unknown Regions, a threat to the Empire is taking root—its existence little more than a glimmer, its consequences as yet unknowable. But it is troubling enough to the Imperial leader to warrant investigation by his most powerful agents: ruthless enforcer Lord Darth Vader and brilliant strategist Grand Admiral Thrawn. Fierce rivals for the emperor's favor, and outspoken adversaries on Imperial affairs—including the Death Star project—the formidable pair seem unlikely partners for such a crucial mission. But the Emperor knows it's not the first time Vader and Thrawn have joined forces. And there's more behind his royal command than either man suspects. In what seems like a lifetime ago, General Anakin Skywalker of the Galactic Republic, and Commander Mitth'raw'nuruodo, officer of the Chiss Ascendancy, crossed paths for the first time. One on a desperate personal quest, the other with motives unknown . . . and undisclosed. But facing a gauntlet of dangers on a far-flung world, they forged an uneasy alliance—neither remotely aware of what their futures held in store. Now, thrust together once more, they find themselves bound again

for the planet where they once fought side by side. There they will be doubly challenged—by a test of their allegiance to the Empire . . . and an enemy that threatens even their combined might.

2020 James Beard Award Winner The major new cookbook by the pioneer from Bread Alone, who revolutionized American artisan bread baking, with 60 recipes inspired by bakers around the world. At twenty-two, Daniel Leader stumbled across the intoxicating perfume of bread baking in the back room of a Parisian boulangerie, and he has loved and devoted himself to making quality bread ever since. He went on to create Bread Alone, the now-iconic bakery that has become one of the most beloved artisan bread companies in the country. Today, professional bakers and bread enthusiasts from all over the world flock to Bread Alone's headquarters in the Catskills to learn Dan's signature techniques and baking philosophy. But though Leader is a towering figure in bread baking, he still considers himself a student of the craft, and his curiosity is boundless. In this groundbreaking book, he offers a comprehensive picture of bread baking today for the enthusiastic home baker. With inspiration from a community of millers, farmers, bakers, and scientists, Living Bread provides a fascinating look into the way artisan bread baking has evolved and continues to change--from wheat farming practices and advances in milling, to sourdough starters and the mechanics of mixing dough. Influenced by art and science in equal measure, Leader presents exciting twists on classics such as Curry Tomato Ciabatta, Vegan Brioche, and Chocolate Sourdough Babka, as well as traditional recipes. Sprinkled with anecdotes and evocative photos from Leader's own travels and encounters with artisans who

have influenced him, *Living Bread* is a love letter, and a cutting-edge guide, to the practice of making "good bread."

Looking for a new mystery series to suck you in? Dive into the inaugural novels of the captivating Ruth Galloway mysteries with this starter pack. Archaeologist Dr. Ruth Galloway turns amateur sleuth once Detective Chief Inspector Nelson calls her for help when a child's bones are found on a desolate beach. Gone are the days of digging up artifacts and living alone with her cats—Ruth is pulled into the world of shadowy murders, resurfaced bones, historical mysteries, twisted secrets, and a dash of romance. THE CROSSING PLACES Join Dr. Ruth Galloway in her first foray into the world of forensic archaeology when a child's bones are found on a beach. Ruth is called in to help decipher whether they are the remains of Lucy Downey, a little girl who went missing a decade ago and whose abductor continues to taunt Detective Chief Inspector Nelson with bizarre letters containing references to ritual sacrifice, Shakespeare, and the Bible. Then a second girl goes missing and Nelson receives a new letter—exactly like the ones about Lucy. Is it the same killer? Or a copycat murderer, linked in some way to the site near Ruth's remote house? THE JANUS STONE It's been only a few months since archaeologist Ruth Galloway found herself entangled in a missing persons case, barely escaping with her life. But when construction workers demolishing a large old house in Norwich uncover the bones of a child beneath a doorway—minus its skull—Ruth is once again called upon to investigate. Is it a Roman-era ritual sacrifice, or is the killer closer at hand? THE HOUSE AT SEA'S END Just back from maternity leave, forensic archaeologist Ruth is finding it hard to juggle motherhood and work when she is called in to investigate

human bones that have surfaced on a remote Norfolk beach. The bones—six men with their arms bound—it turns out, date back to World War II, a desperate time on this stretch of coastland. Elly Griffiths's work has been praised by the Associated Press as "must-reads for fans of crime fiction." The e-book includes *The Crossing Places*, *The Janus Stone*, and *The House at Sea's End*.

A space cruiser, in search of its sister ship, encounters beings descended from self-replicating machines. In the grand tradition of H. G. Wells and Jules Verne, Stanisław Lem's *The Invincible* tells the story of a space cruiser sent to an obscure planet to determine the fate of a sister spaceship whose communication with Earth has abruptly ceased. Landing on the planet Regis III, navigator Rohan and his crew discover a form of life that has apparently evolved from autonomous, self-replicating machines—perhaps the survivors of a "robot war." Rohan and his men are forced to confront the classic quandary: what course of action can humanity take once it has reached the limits of its knowledge? In *The Invincible*, Lem has his characters confront the inexplicable and the bizarre: the problem that lies just beyond analytical reach.
