Washington was rarely isolated from the world during his eventful life. His diary for 1751-52 relates a voyage to Barbados when he was nineteen. The next two accounts concern the early phases of the French and Indian War, in which Washington commanded a Virginia regiment. By the 1760s when Washington's diaries resume, he considered himself retired from public life, but George III was on the British throne and in the American colonies the process of unrest was beginning that would ultimately place Washington in command of a revolutionary army. Even as he traveled to Philadelphia in 1787 to chair the Constitutional Convention, however, and later as president, Washington's first love remained his plantation, Mount Vernon. In his diary, he religiously recorded the changing methods of farming he employed there and the pleasures of riding and hunting. Rich in material from this private sphere, *The Diaries of George Washington* offer historians and anyone

interested in Washington a closer view of the first president in this bicentennial year of his death.

The Americans Yale University Press
If you lived at the time of the American Revolution -
-What started the American Revolution? --
Did everyone take sides? -
-Would you have seen a battle? Before 1775, thirteen colonies in America belonged to England. This book tells about the fight to be free and independent.

The Men Who Lost America Scholastic Inc.
A study of key themes in the history of the British Empire by one of the senior figures in the field.
Colonial Voices: Hear Them Speak Houghton Mifflin Harcourt
Cutnell and Johnson has been the #1 text in the algebra-based physics market for almost 20 years. The 10th edition brings on new co-authors: David Young and Shane Stadler (both out of LSU). The Cutnell offering now includes enhanced features and functionality. The authors have been extensively involved in the creation and adaptation of valuable resources for the text. This edition includes chapters 1-17.

Valcour Capstone
In the autumn of 1777, near Saratoga, New York, an inexperienced and improvised American army led by General Horatio Gates faced off against the highly trained British and German forces led by General John Burgoyne. The British strategy in confronting the Americans in upstate New York was to separate rebellious New England from the other colonies. Despite inferior organization and training, the Americans exploited access to fresh reinforcements of men and materiel, and ultimately handed the British a stunning defeat. The American victory, for the first time in the war, confirmed that independence from Great Britain was all but inevitable. Assimilating the archaeological remains from the battlefield along with the many letters, journals, and memoirs of the men and women in both camps, Dean Snow's 1777 provides a richly detailed narrative of the two battles fought at Saratoga over the course of thirty-three tense and bloody days. While the contrasting personalities of Gates and Burgoyne are well known, they are

but two of the many actors who make up the larger drama of Saratoga. Snow highlights famous and obscure participants alike, from the brave but now notorious turncoat Benedict Arnold to Frederika von Riedesel, the wife of a British major general who later wrote an important eyewitness account of the battles. Snow, an archaeologist who excavated on the Saratoga battlefield, combines a vivid sense of time and place with details on weather, terrain, and technology and a keen understanding of the adversaries' motivations, challenges, and heroism into a suspenseful, novel-like account. A must-read for anyone with an interest in American history, *1777* is an intimate retelling of the campaign that tipped the balance in the American War of Independence.

Bestselling author Lauren Tarshis tackles the

American Revolution in this latest installment of the groundbreaking, New York Times bestselling *I Survived* series. British soldiers were everywhere. There was no escape. Nathaniel Fox never imagined he'd find himself in the middle of a blood-soaked battlefield, fighting for his life. He was only eleven years old! He'd barely paid attention to the troubles between America and England. How could he, while being worked to the bone by his cruel uncle, Uriah Storch? But when his uncle's rage forces him to flee the only home he knows, Nate is suddenly propelled toward a thrilling and dangerous journey into the heart of the Revolutionary War. He finds himself in New York City on the brink of what will be the biggest battle yet.

Based on a true incident that happened to one of the author's ancestors, *Katie's Trunk* gives an unusual and arresting glimpse of the beginnings of the American Revolution. Katie could feel it in the air—something was wrong. Neighbors didn't

speak to each other anymore, and someone even hissed "Tory!" at her. All around Katie, men were arming themselves for war. Then one day it happened—the rebels came! Katie's father told the family to hide in the woods. At first Katie obeyed, but as she crouched in the underbrush she got mad and ran back to defend her home. It wasn't right for people to treat one another this way. But what could one little girl do about it?

The Secret of Sarah

Revere New Haven : Yale University Press
Standing by her husband's side as he fought in George Washington's army, Molly learned a great deal about the way the soldiers fought, thus when her husband was injured and no one was able to man the cannon, Molly jumped into action and took on the job.

Common Sense

HarperCollins
The daughter of Paul Revere tells of her father's secret—and her own: "A lively, exciting picture of Boston going to war...excellent."—VOYA
Thirteen-year-old Sarah Revere knows her father is a Patriot hero, a champion of the Colonies

against the British. But she also knows that Paul Revere guards a secret about the start of the Revolutionary War that he will tell no one—not his new wife, not his best friend, not even his trusted daughter. It seems everyone in her family has secrets. Sarah’s even got one of her own—and it’s tearing her apart.... This is a “beautifully crafted” novel of a young girl growing up—and a country’s battle for independence (School Library Journal). “As usual, Rinaldi has done her homework; the book is solidly researched and extremely well written. Readers will not soon forget these characters...Vivid in the best sense of the word.”—Kirkus Reviews A New York Public Library “Book for the Teen Age” Includes a reader’s guide The Winter of Red Snow Scholastic

This book presents a translation of the diary written by Hessian mercenary Captain Johann Ewald during his service in the American Revolutionary war. Written with humanity, sensitivity, and humor, Ewald’s diary discloses many previously unknown facts. His opinions of the British generals and his

discussions of their operations, tactics and mistakes are both revealing and entertaining.

King’s Three Faces: The Rise and Fall of Royal America, 1688-1776

The One-Straw Revolution Scholastic Inc.

Known as the “Black” Regiment, the Story of the First Continental Army Unit Composed of African American and Native American Enlisted Men In December 1777, the Continental army was encamped at Valley Forge and faced weeks of cold and hunger, as well as the prospect of many troops leaving as their terms expired in the coming months. If the winter were especially cruel, large numbers of soldiers would face death or contemplate desertion. Plans were made to enlist more men, but as the states struggled to fill quotas for enlistment, Rhode Island general James Mitchell Varnum proposed the historic plan that a regiment of slaves might be recruited from his own state, the smallest in the union, but holding the largest population of slaves in New England. The commander-in-chief’s

approval of the plan would set in motion the forming of the 1st Rhode Island Regiment. The "black regiment," as it came to be known, was composed of indentured servants, Narragansett Indians, and former slaves. This was not without controversy. While some in the Rhode Island Assembly and in other states railed that enlisting slaves would give the enemy the impression that not enough white men could be raised to fight the British, owners of large estates gladly offered their slaves and servants, both black and white, in lieu of a son or family member enlisting. The regiment fought with distinction at the battle of Rhode Island, and once joined with the 2nd Rhode Island before the siege of Yorktown in 1781, it became the first integrated battalion in the nation's history. In *From Slaves to Soldiers: The 1st Rhode Island Regiment in the American Revolution*, historian Robert A. Geake tells the important story of the "black regiment" from the causes that led to its formation, its acts of heroism and misfortune, as well as the legacy left by those men who enlisted to earn their

freedom. Edexcel GCE History Unit 1 D3 Russia in Revolution, 1881-1924 University of North Carolina Press Eleven-year-old Abigail presents a diary account of life in Valley Forge from December 1777 to July 1778 as General Washington prepares his troops to fight the British. *Understanding the British Empire* John Wiley & Sons Follow an errand boy through colonial Boston as he spreads word of rebellion. It's December 16, 1773, and Boston is about to explode! King George has decided to tax the colonists' tea. The Patriots have had enough. Ethan, the printer's errand boy, is running through town to deliver a message about an important meeting. As he stops along his route at the bakery, the schoolhouse, the tavern, and more readers learn about the occupations of colonial workers and their differing opinions about living under Britain's rule. This fascinating book is like a field trip to a living history village. * "Winter's strong, moving text is supported by a thoughtful design that incorporates the look of historical papers, and rich paintings capture the individuals and their circumstances as well as

what's at stake."—Booklist, starred review
George Vs. George Heinemann Educational Publishers
 The wild and suspenseful story of one of the most crucial and least known campaigns of the Revolutionary War "Vividly written... In novelistic prose, Kelly conveys the starkness of close-quarter naval warfare." —The Wall Street Journal "Few know of the valor and courage of Benedict Arnold... With such a dramatic main character, the story of the Battle of Valcour is finally seen as one of the most exciting and important of the American Revolution." —Tom Clavin author of *Dodge City* During the summer of 1776, a British incursion from Canada loomed. In response, citizen soldiers of the newly independent nation mounted a heroic defense. Patriots constructed a small fleet of gunboats on Lake Champlain in northern New York and confronted the Royal Navy in a desperate three-day battle near Valcour Island. Their effort surprised the arrogant British and forced the enemy to call off their invasion. Jack Kelly's Valcour is a story

of people. The northern campaign of 1776 was led by the underrated general Philip Schuyler (Hamilton's father-in-law), the ambitious former British officer Horatio Gates, and the notorious Benedict Arnold. An experienced sea captain, Arnold devised a brilliant strategy that confounded his slow-witted opponents. America's independence hung in the balance during 1776. Patriots endured one defeat after another. But two events turned the tide: Washington's bold attack on Trenton and the equally audacious fight at Valcour Island. Together, they stunned the enemy and helped preserve the cause of liberty.

Engagement Masters
Education is a battle for

attention. Whether you are a teacher trying to reach a classroom full of students or a parent trying to prepare your child for the world to come, getting our audience to just listen can be a real challenge. When students have access to personalized entertainment sitting in their pockets, anything that doesn't jump out and grab their attention right away is easily drowned out. But there is a place where even today all those modern distractions melt away--Disneyland. When you're there, you're not only in a different world, you're in Walt Disney's world. Whether you are Peter Pan flying over London in Fantasyland or a rebel fighter struggling against the First Order in Galaxy's Edge, you are 100% engaged. Sights, sounds and even smells ensure

that your brain is locked into the experience. If we can bring those techniques into our teaching, we can create engaging experiences for our students, grab their attention, and boost their learning. You'll improve your teaching and create a place students want to visit. In this book we'll learn from the world's greatest engagement masters--the Disney Imagineers. Through narrative visits to attractions throughout Disneyland and Disney California Adventure, you'll experience a visit to the park as we share memories and see how the Imagineers make it all work. We'll be guided by Imagineering icon Marty Sklar's Mickey's 10 Commandments of Theme Park Design as we turn our classrooms into the most engaging places on Earth!
