## MIDDLETON BOOTH

**Memoirs of Sir Isaac Newton's Life** Legas / Gaetano Cipolla

Arrigo è una particolarissima guida al Medioevo romano, fatta di libri e di parole, di quartieri e di mestieri e di qualsiasi altra cosa potesse comporre l'universo di un cittadino romano di quel tempo. È la storia sociale e linguistica di un'epoca in cui il punto di vista del narratore si alterna allo sguardo, ai pensieri, alle parole di un personaggio fittizio che ci appare tuttavia insolitamente reale, quasi un amico di cui veniamo via via a conoscere vita pubblica e vita privata, sogni e ambizioni, affetti e comportamenti. Ma Arrigo è anche una vicenda in cui si intrecciano omicidi misteriosi ed efferati, legati tra loro da enigmi e indovinelli che il lettore è spinto a sciogliere diventando in qualche modo lui stesso, indotto com'è a calarsi nella mentalità del luogo e del periodo, un abitante della Roma medievale. Massimo Arcangeli ha scritto un libro del tutto particolare, che ci immerge in un contesto temporalmente alieno avvicinandoci «dall'interno», grazie a una storia ricca di suggestioni ma al contempo solidamente documentata per mezzo di un doppio sistema di note. Al lettore il compito di decidere il tipo di percorso da intraprendere: se leggere il «romanzo» del mercante di libri Arrigo degli Ardinghi, di sua moglie Angela (raffinata lettrice, che sorprendiamo anche a riflettere sulla condizione femminile) e dei figli Massimello e Tuttabona, con le loro inclinazioni e aspirazioni, e fermarsi lì; oppure se approfondire i vari argomenti e le varie vicende attingendo al poderoso apparato di commento e di approfondimento bibliografico per ulteriori stimoli e percorsi (sollecitati dall'indice finale, dei luoghi di Roma e del Lazio). Arrigo, insomma, è un libro unico. L'esempio di un modo del tutto originale di fare storia, di una forma di «divulgazione» profonda e multidisciplinare, colta e insieme accessibile, che ci fa comprendere in presa diretta un momento importante del nostro passato.

*The Year's Afternoon* Ravenio Books

This collection opens with a wry elegy for three fellow Scots poets, it remembers other teachers and precursors and revisits scenes of Dunn's earliest poems. Dunn focuses on conundrums of solitude, and the solidarity of the dreaming man in a wider world.

*LCM Journal. Vol 7, No 2 (2020). A doppio filo: la moda fra italiano e lingue straniere* goWare e Accademia della Crusca

This book first published in 1973 offers a broad survey of the study of symbolic ideas and behaviour. The study of symbolism is popular nowadays and anthropologists have made substantial contributions to it. Raymond Firth has long been internationally known for his field research in the Solomons and Malaysia, and for his theoretical work on kinship, economics and religion. Here from a new angle, he has produced a broad survey of the study of symbolic ideas and behaviour. Professor Firth examines definitions of symbol. He traces the history of scientific inquiry into the symbolism of religious cults, mythology and dreams back into the eighteenth century. He compares some modern approaches to symbolism in art, literature and philosophy with those in social anthropology. He then cites examples in anthropological treatment of symbolic material from cultures of varying sophistication. Finally he offers dispassionate analyses of symbols used in contemporary Western situations - from hair-styles to the use and abuse of national flags; from cults of Black Jesus to the Eucharistic rite. In all this Professor Firth combines social and political topicality with a scholarly and provocative theoretical inquiry.

*The Invisible Enemy* Cambridge Scholars Publishing

Piove, governo ladro è una frase passata alla storia. Divenne un modo di dire. Ma chi la disse, e perché? Oggi, Piove, governo ladro, potrebbe essere scambiata per una tipica espressione o modo di dire del "grillismo", invece viene dritto dritto dall'Ottocento. In pochi mesi - dalle elezioni politiche del 4 marzo 2018 in poi - siamo entrati a pieno titolo nella Terza Repubblica. Prima, però, è esistita

la Seconda e, ovviamente, la Prima. Come parlava, e come parla, il Potere se facciamo una rapida cavalcata tra le tre Repubbliche? Urge mettere in fila tutte le parole, le espressioni, le frasi idiomatiche della politica, raccontare quando, come e perché nacquero, in quale contesto e cosa, invece, significano oggi. La storia, naturalmente, come la Politica, si evolve, cambia freneticamente, ma alcuni tecnicismi resistono. Infatti, esistono alcuni oggetti misteriosi che indicano, nella tecnica elettorale e parlamentare, pratiche ben specifiche. Tante domande a cui questo libro cerca di fornire alcune risposte il più possibile precise e documentate, non senza un tocco di leggera ironia. Viviamo, infatti, in un'epoca in cui "anche il cretino si è specializzato", diceva Ennio Flaiano, grazie ai social e all'onnipresenza della tv e dei talk show. Infine, ci sono le parole dello sport entrate nel lessico della Politica, facendola diventare un gergo, prima elitario, poi comune. Come è stato possibile? Tante domande alle quali questo libro cerca di fornire risposte il più possibile precise e documentate, non senza un tocco di leggera ironia. Ettore Maria Colombo, classe 1968, è molisano. Vanta una laurea, all'Università Cattolica del Sacro Cuore, in Scienze Politiche, e un corso di specializzazione in Giornalismo. Ha lavorato da Milano (Liberazione, Diario della Settimana, Vita) e poi da Roma (Europa, il Riformista, il Messaggero, Panorama), sempre come cronista politico-parlamentare. Dal 2015 scrive per QN, dal 2019 per il sito Tiscali.it e cura anche un blog personale di politica, "L'Uovo di Colombo".

*L'italiano e il libro: il mondo fra le righe* Text Publishing

In *Voice of the Leopard: African Secret Societies and Cuba*, Ivor L. Miller shows how African migrants and their political fraternities played a formative role in the history of Cuba. During the eighteenth and nineteenth centuries, no large kingdoms controlled Nigeria and Cameroon's multilingual Cross River basin. Instead, each settlement had its own lodge of the initiation society called Ékpè, or "leopard," which was the highest indigenous authority. Ékpè lodges ruled local communities while also managing regional and long-distance trade. Cross River Africans, enslaved and forcibly brought to colonial Cuba, reorganized their Ékpè clubs covertly in Havana and Matanzas into a mutual-aid society called Abakuá, which became foundational to Cuba's urban life and music. Miller's extensive fieldwork in Cuba and West Africa documents ritual languages and practices that survived the Middle Passage and evolved into a unifying charter for transplanted slaves and their successors. To gain deeper understanding of the material, Miller underwent Ékpè initiation rites in Nigeria after ten years' collaboration with Abakuá initiates in Cuba and the United States. He argues that Cuban music, art, and even politics rely on complexities of these African-inspired codes of conduct and leadership. *Voice of the Leopard* is an unprecedented tracing of an African title-society to its Caribbean incarnation, which has deeply influenced Cuba's creative energy and popular consciousness.

*The Book of the It* Univ. Press of Mississippi

A man is shot dead as he runs to catch the bus in the piazza of a small Sicilian town. Captain Bellodi, the detective on the case, is new to his job and determined to prove himself. Bellodi suspects the Mafia, and his suspicions grow when he finds himself up against an apparently unbreachable wall of silence. A surprise turn puts him on the track of a series of nasty crimes. But all the while Bellodi's investigation is being carefully monitored by a host of observers, near and far. They share a single concern: to keep the truth from coming out. This short, beautifully paced novel is a mesmerizing description of the Mafia at work.

*Voices. Towards Other Institutions. Ediz. Illustrata* New York Review of Books

When ten-year-old Enaiatollah Akbari's small village in Afghanistan falls prey to Taliban rule in early 2000, his mother shepherds the boy across the border into Pakistan but has to leave him there all alone to fend for himself. Thus begins Enaiat's remarkable and often punishing five-year ordeal, which takes him through Iran, Turkey, and Greece before he seeks political asylum in Italy at the age of fifteen. Along the way, Enaiat endures the crippling physical and emotional agony of dangerous

border crossings, trekking across bitterly cold mountain pathways for days on end or being stuffed into the false bottom of a truck. But not everyone is as resourceful, resilient, or lucky as Enaiat, and there are many heart-wrenching casualties along the way. Based on Enaiat's close collaboration with Italian novelist Fabio Geda and expertly rendered in English by an award-winning translator, this novel reconstructs the young boy's memories, perfectly preserving the childlike perspective and rhythms of an intimate oral history. Told with humor and humanity, *In the Sea There Are Crocodiles* brilliantly captures Enaiat's moving and engaging voice and lends urgency to an epic story of hope and survival.

**Arrigo All Around srl**

To celebrate the centenary of the publication of *Ulysses*, the most important literary work of the twentieth century, eighteen artists, writers and thinkers respond to an episode each of the great modernist text. Each essayist is an expert in one of the subjects treated in the novel, but what brings them together is a common love of *Ulysses*. Joseph O'Connor considers the music-saturated Sirens episode and David McWilliams writes about the bigotry and violence of nationalism on display in *Cyclops*. Irish obstetrician Rhona Mahony responds to *Oxen and the Sun*, set in a maternity hospital, journalist Lara Marlowe examines the Aeolus episode, which takes place in a newspaper office, and Irish philosopher Richard Kearney reflects on the erudite musings of Stephen Dedalus as he walks along Sandymount strand. The *Book About Everything* counters the perception of *Ulysses* as the sole preserve of academics and instead showcases readers' responses to the book. It is a vivid, even eccentric collection, filled with life and Joycean spirit.

**Symbols Springer**

Thousands of depressed little towns, villages and hamlets dot the vast plain where Cristiano Zena lives with his hard-drinking father Rino. Unfocused urban sprawl with no centre to look to and nothing to look forward to. Rito Zena and his cronies Danilo and Qattro Formaggi are planning a ram raid on an ATM using a converted tractor. The wary, adoring Cristiano sits in on their meetings, watching their half-baked plans unravel, and thinks about the unattainable Fabiana Ponticelli. He has no idea that something very, very bad is about to happen. Or that it will change his life forever. Niccolò Ammaniti, author of the loved and acclaimed *I'm Not Scared*, brings an extraordinary blend of tenderness, buffoonery and violent tragedy to this gritty, compelling novel from Italy's industrial wastelands.

**Statistical Ecology Cambridge Scholars Publishing**

"Giovanni Verga is one of the masters of European literature, and his novel *The House by the Medlar Tree* is a great work. I am very happy to see it reprinted and I hope that many people will read it."--Irving Howe

**Oroonoko, the Rover and Other Works Il Saggiatore**

In this technically versatile tome, photographer Uli Weber shows his prowess behind the lens, mixing fine portraiture and reportage with animal and sport images in a wide spectrum of fine photographic craftsmanship. The majority of these stunning images were shot over the past six years at various manors and estates around Great Britain, as well as at the yearly Smithfield Horse Fair in Dublin. In a unique examination of the close relationship between humans and horses, *The Allure of Horses* takes readers on a journey across equine communities from the steeplechase to the thrill of the polo field to sidesaddle riding through the countryside on a warm summer's eve.

**Metamorphosis Transylvanicae Bloomsbury Publishing**

Georg Walther Groddeck was born in Germany in 1866. Although he spent his early years as a writer—he produced a novel, poetry, and a volume of art criticism—he became a doctor in middle life and, from that point on, thought of himself as healer rather than artist. He spent the remainder of his life as director of a clinic at Baden-Baden, and continued to write, but his plan for reviewing every aspect of knowledge in terms of the hypothesis presented in *The Book of the It* was cut short by his death in 1934. His other books, *The World of Man*, *The Unknown Self*, and *Exploring the Unconscious*, are collections of Groddeck's writings on science, cosmology, and art.

**The Crossroads Edward Elgar Publishing**

The multifaceted and heterogeneous category of common ground is central to theories of pragmatics, sociolinguistics, discourse and context. This book addresses current approaches to common ground from the novel perspective of lexical markers. The edited volume falls in two parts. The first part addresses the relationship between mechanisms of grounding and reference to common ground. The second part examines different types of common ground. It is shown that the investigation of lexical markers provides a novel perspective for investigating the relationship between grounding, common ground and common grounds. Contributions are by Sherri L. Condon and Claude G. Cech, Anita Fetzer, Kerstin Fischer, Francois Nemo, Thanh Nyan, Moeko Okada, Carlos Rodriguez Penagos, Karin Pittner and Thora Tenbrink. It reviews current approaches to common ground from the perspective of lexical markers. It is organized into two parts that discuss the relationship between mechanisms of grounding. It is a reference to common ground and the different types of common ground. It reflects current trends in the field that cross methodological boundaries and integrate cognition, context, genre, negotiation of meaning, and dialogue.

**A History of Colors Bollati Boringhieri**

Publicato in maniera indipendente - cioè autopubblicato, senza un editore - nell'agosto del 2023, il mondo al contrario, l'ormai celebre libro del generale Roberto Vannacci, è diventato un vero e proprio caso mediatico dopo aver scalato le classifiche dei libri più venduti in Italia ed essere rimasto in vetta a quella di Amazon per molte settimane. Il libro è stato protagonista sui social italiani per lungo tempo, spesso sventolato come una bandiera da una platea numericamente tutt'altro che esigua, che fosse stato letto o meno. In breve, è diventato un simbolo. A cosa si deve tanto rumore? Che tipo di simbolo sarebbe questo strano testo, frutto delle privatissime opinioni di un generale delle Forze Armate prima di oggi praticamente ignoto? Per capirlo, per avere un'idea precisa della pericolosità intrinseca del Vannacci-pensiero, serve un'analisi puntuale del testo, come quella che qui offre Massimo Arcangeli, che sia in grado anche di rintracciare le radici profonde delle idee del generale, contrapponendo loro i dati fattuali e le controargomentazioni necessarie. Perché dietro a ogni argomento affrontato da Vannacci nel suo libro - che si parli di omosessualità, di razza, di

ecologia o di famiglia - c'è una lunga storia, una storia che non vorremmo ripetere, perché non ha portato nulla di buono. In un momento storico come quello che stiamo vivendo, nel quale si riabilitano in maniera strisciante stereotipi e modi di pensare dal sapore antico e inquietante, desta preoccupazione l'eco provocata da un semplice libro, che evidentemente ha toccato un nervo scoperto, o forse un nervo lasciato colpevolmente scoperto da una società civile non troppo attenta.

**Ferruccio Busoni Bollati Boringhieri**

*Lingue Culture Mediazioni / Languages Cultures Mediation (LCM Journal)*, pubblicata a cura del Dipartimento di Scienze della Mediazione Linguistica e di Studi Interculturali dell'Università degli Studi di Milano, è una rivista soggetta a peer-review che si propone di indagare i fenomeni linguistici e culturali propri del mondo contemporaneo nel contesto delle fitte reti di fattori storici, geografici, sociali e giuridici ad essi sottostanti. Sommario del fascicolo 2/2020: Riannodando le fila del discorso, Giuseppe Sergio - Francese e italiano, lingue della moda: scambi linguistici e viaggi di parole nel XX secolo, Maria Teresa Zanola - "Che scicco!": i forestierismi di moda in un vocabolario dialettale degli anni Venti, Michela Dota - La sopravvivenza delle sostituzioni dei forestierismi proposte nel Commentario-Dizionario italiano della moda di Cesare Meano (1936): tre casi, Elisa Altissimi - Moda, forestierismi e traduzioni: un confronto interlinguistico, Stefano Ondelli - Migratismi di moda, Jacopo Ferrari - La fascinazione esotica nei colori della moda, Massimo Arcangeli - Hyphenated Phrasal Expressions in Fashion Journalism: A Diachronic Corpus-assisted Study of Vogue Magazine, Belinda Crawford Camiciottoli - Composti italiani "di moda", Maria Catricalà.

**The Poems of Catullus Anchor**

"Memoirs of Sir Isaac Newton's life" from William Stukeley. Antiquary, ed at Cambridge (1687-1765).

**A Handbook of Present-day English OUP Oxford**

*Ulysses* is in many ways an occult text, in that it deliberately hides meanings and significances from sight, and compels the reader to unveil its secrets by reading it backwards, from deceiving surfaces to underlying truths. To discuss the occult in Joyce is to analyse "the hidden" in the text. *Ulysses* is a "human" book. Its most profound meanings are encrypted beneath the surface of its "body." To discover what's concealed behind it implies an effort of anthropological archaeology. Accordingly, readers become really interpreters of the occult. Only by following the traces and signs left on the textual surface will they eventually dig out what lies dormant beneath. Joyce was extremely well-read in the occult. The variety of texts on the subject he possessed shows that his position was very eclectic, as if the occult were a kind of amalgam of different traditions, all marked by the signature of secrecy. In his own view, theosophy, mysticism, magic, spiritism, and the so-called occult science blend together to form a cluster of obscure erudition where he finds provocative ideas, helpful in building up his own cryptic system. To read *Ulysses* hermetically is also a way to show that the act of reading itself is always an experiment. The good thing about readings is that they are always provisional. Reading as a creative process implies the awareness that one will always be quite uncertain as to what lies hidden behind those concatenations of syllables and words we call texts. Interpretation is in fact a mark of our freedom, and all original readings are always subversive and provocative. Criticism to some extent implies often some kind of a subversive attitude, and the game of literature is a useful working ground for attempting to change its possible worlds. To see through surface inanity, in *Ulysses*, helps us understand that to read is often an act of revolt and resistance to past authoritative interpretations. Excavating the occult in Joyce's masterpiece is a way to face more canonical readings that preferred not to acknowledge fully the author's fondness for, and deep knowledge of, the subject. "This is a book which has the gift of explanation rather than simplification - and it will help to move Joyce Studies into new and exciting areas of investigation." Prof. Declan Kiberd, UCD Dublin School of English and Drama "Dr. Terrinoni's work is a very well researched and penetrating study of the occult and hidden in 'Ulysses' finding connections and meanings ignored or misunderstood by other scholars. It is a real contribution to Joyce Studies." Prof. Clive Bloom, Middlesex University

**The Allure of Horses LED Edizioni Universitarie**

"Il conto delle minne dev'essere pari: due seni, e due dolci, per ogni fanciulla" non si stanca di ripetere nonna Agata alla nipote Agatina mentre impastano le cassatelle a forma di seno, le minne appunto, per la festa della santa di cui entrambe portano il nome..

**Cantalèsia Createspace Independent Publishing Platform**

"Busoni's radical ideas about music was, is, and could be drew fire from his more conservative contemporaries. His thoughts on musical notation, opera, and the division of the scale were well ahead of his time, but, in many cases, are common currency today. Busoni went into voluntary exile in Switzerland during World War I, unwilling to take sides, and only recently has the veil been gradually lifted from his work and theories. Ferruccio Busoni: "A Musical Ishmael" shines a revealing light on Busoni's life, concepts, and profound influence on contemporary musical aesthetics and practice."--BOOK JACKET.

**Monopoly Power and Competition Routledge**

Aspects of Linguistic Impoliteness aims to bring together a wide range of theoretical and methodological approaches exploring the notion of "impoliteness" and the usage of impoliteness phenomena in language and discourse per se, instead of simply considering impoliteness as "politeness that has gone wrong". Impoliteness draws mainly on linguistics, but also its sub-disciplines, as well as related disciplines such as psychology, philosophy, sociology, anthropology and communication. Various researchers have been selected to contribute to *Aspects of Linguistic Impoliteness*, and the diversity of sub-disciplinary approaches is reflected in the multi-dimensional organisation of the five sections of the book. The book is divided into five thematic parts, with 16 chapters in all, as follows. The first part aims to study the links between impoliteness and rudeness, by providing a general framework to these notions. The second part deals with occurrences of impoliteness in television series and drama, when the third part mainly focuses on the discursive creations of impoliteness found in literary works. The fourth part concentrates on impoliteness and the philosophy of language, and the fifth and final part offers some case-studies of impoliteness in modern communication.
