 Imagine  
 having to

stand in front  
 of Allah  
 (s.w.t.) and  
 watch the sin  
 being  
 committed in  
 front of you  
 then having to  
 explain it.  
 Allah (s.w.t.)  
 mentions in  
 surah Ali  
 Imran, verse  
 135, "And  
 those who,  
 when they  
 commit  
 immorality or  
 wrong  
 themselves  
 [by  
 transgression],  
 remember  
 Allah and seek  
 forgiveness  
 for their  
 sins..." Keep  
 the door of

repentance open between you and Allah because He is always ready to forgive you.

[A Handbook of Spiritual Medicine](#) Kube Publishing Ltd The Qur'an is the greatest miracle of God (Allah) and the Qur'an is the proof of the truthfulness of Islam. It is the standing and everlasting miracle, but very rarely, have we heard how is it a miracle? The Qur'an is the ultimate

miracle of our Prophet Muhammad (Sallahualaihi wassalam - S.A.W). It is such a miracle that all the other miracles are considered trivial and inconsequential compared to the Qur'an. This is because the Qur'an is so powerful, so bright and blinding that no matter how bright the other miracles are; when you have the sun, the stars become useless. In this book, Dr. Yasir Qadhi discussed on

the miracles of the Qur'an that we either have never acknowledge or we often overlooked. The miracles of the Qur'an are endless and the points are abundance to be mentioned. *In The Early Hours* Createspace Independent Publishing Platform This book provides a comprehensive explanation for Allah's names and attributes. Furthermore it allows for a lighter, more pleasant and rewarding experience on the journey in

reconnecting and strengthening the bond with our Creator. in mind while memorizing the Quran. It will give techniques that you can use for a successful memorization. This work is based on the advice of many scholars. 40 Hadith Qudsi Kube Publishing Ltd Life is a journey. Every one of us is gifted a set amount of time on this earth, and we all must make the best of it before that time is up. While none of us knows exactly how long we have,

what is amazing is that per unit time, we all get the exact same amount every unit. We all get different total amounts, but no one's hour is discernibly different from another person's hour. Yet, that is the only real similarity, as some people simply waste entire decades away, while others perform deeds in a few hours or even minutes that last for all of eternity! Some people live life so

unremarkably that their existence and non-existence is almost the same to others; while some literally change the course of history. This book is meant to inspire us all on this journey of life so that we make the best use of our time. Each topic is chosen to be a quick, easy read with a message that is useful to people at any stage of this journey. These topics were all chosen and selected from khutbahs and

talks that I've given over the last almost three decades of public speaking, with extensive editing for content, along with the necessary stylistic editing and footnotes that a written work deserves
