In *New Scandinavian design*, design journalist Katherine E. Nelson pairs with designer Raul Cabra to produce a comprehensive survey of cutting-edge Scandinavian design, delving deep and taking a critical look at the exciting contemporary work from the northern countries. Central to the endeavour was the question posed to hundreds of designers, curators, policy makers and entrepreneurs: is there still such a thing as Scandinavian design? Featuring examples of contemporary furniture, housewares, textiles, consumer electronics and lighting.

Comic books have increasingly become a vehicle for serious social commentary and, specifically, for innovative religious thought. Practitioners of both traditional religions and new religious movements have begun to employ comics as a missionary tool, while humanists and religious progressives use

comics' unique fusion of text and image to criticize traditional theologies and to offer alternatives. Addressing the increasing fervor with which the public has come to view comics as an art form and Americans' fraught but passionate relationship with religion, *Graven Images* explores with real insight the roles of religion in comic books and graphic novels. In essays by scholars and comics creators, *Graven Images* observes the frequency with which religious material—in devout, educational, satirical, or critical contexts—occurs in both independent and mainstream comics. Contributors identify the unique advantages of the comics medium for religious messages; analyze how comics communicate such messages; place the religious messages contained in comic books in appropriate cultural, social, and historical frameworks; and articulate the significance of the innovative theologies being developed in comics.

Meee-ow! The word "catty" in the dictionary just got a new picture . . . and it's none other than the Queen of Attitude herself, Maude. Maude—for anyone who may have been preoccupied with hairballs and such—is the fabulously popular kitty with her very own line of greeting cards. We're not talking a mouse-sized 10 or 20 slicks here, but a full line of 60-plus cards displaying this furry diva and her bon mots. *Life According to Maude* captures our feline diva in full "cattitude." Each page shares the world according to Maude and pictures her resplendent in all her well-whiskered glory. Consider towel-wrapped Maude perched in her favorite salon chair saying, "When life gets stressful, nothing soothes the soul like the great indoors." Or Maude sporting her favorite pearl necklace (what self-respecting cat would have just one?), reflecting, "Relationships are a two-way street. My way and the wrong way!" Photographer John Lund captures this catchy cat at her all-time best, and then works with a wacky creative team to craft the unforgettably funny scenes and sayings that go with them. The resulting "catmosphere" makes for one of the freshest and zaniest gift books in years.
