"[The Doloriad] just might be what your rotten little heart deserves." —J. Robert Lennon, The New York Times Book Review Named a Most Anticipated Book of 2022 by i-D, Cosmopolitan, Thrillist, Lit Reactor, and Lit Hub, and one of Nylon's March 2022 Books to Add to Your Reading List Macabre, provocative, depraved, and unforgettable, The Doloriad marks the debut of Missouri Williams, a terrifyingly original new voice In the wake of a mysterious environmental cataclysm that has wiped out the rest of humankind, the Matriarch, her brother, and the family descended from their incest cling to existence on the edges of a deserted city. The Matriarch, ruling with fear and force, dreams of starting humanity over again, though her children are not so certain. Together the family scavenges supplies and attempts to cultivate the poisoned earth. For entertainment, they watch old VHS tapes of a TV show in which a problem-solving medieval saint faces down a sequence of logical and ethical dilemmas. But one day the Matriarch dreams of another group of survivors and sends away one of her daughters, the legless Dolores, as a marriage offering. When Dolores returns the next day, her reappearance triggers the breakdown of the Matriarch's fragile order, and the control she wields over their sprawling family begins to weaken. Told in extraordinary, intricate prose that moves with a life of its own, and at times striking with the power of physical force, Missouri Williams's debut novel is a

blazingly original document of depravity and salvation. Gothic and strange, moving and disquieting, and often hilarious, The Doloriad stares down, with narrowed eyes, humanity's unbreakable commitment to life.

Though it's primarily Punjabi food that's become known as Indian food in the United States, India is as much an

immigrant nation as America, and it has the vast range of cuisines to prove it. In *Eating India*, award-winning food writer and Bengali food expert Chitrita Banerji takes readers on a marvelous odyssey through a national cuisine formed by generations of arrivals, assimilations, and conquests. With each wave of newcomers-ancient Aryan tribes, Persians, Middle Eastern Jews, Mongols, Arabs, Europeans-have come new innovations in cooking, and new ways to apply India's rich native spices, poppy seeds, saffron, and mustard to the vegetables, milks, grains, legumes, and fishes that are staples of the Indian kitchen. In this book, Calcutta native and longtime U.S. resident Banerji describes, in lush and mouthwatering prose, her travels through a land blessed with marvelous culinary variety and particularity.

A dip-into book for the bedside table, the beach or the morning train. A collection of travel and expat living experiences, observations of diverse characters, many of them unusual, many of them stubborn or eccentric and yet lovable. A book of alternative definitions and hilarious jots - eg. 'You have no idea how much it cost to keep the old man in poverty' - Mountbatten talking about Gandhi, or, 'Two skeletons copulating on a tin roof in a thunderstorm' Thomas Beecham commenting on the harpsichord. Much more seriously, a book describing the unnecessary hardship and oppression suffered by the ordinary people of Iraq during the 'era' of Saddam Hussein, and the murderous acts of an army captain on the last day of Iraqi occupation in Kuwait.

An understanding of contemporary North

Korea's literature is virtually impossible without an investigation of its formative period, 1945–1960, which saw a gradual transformation from the initial "Soviet era" to a Korean version of "national Stalinism." This turbulent epoch established a long-lasting framework for North Korean literature and set up an elaborate system of political control over literary matters, as well as over the people who served in this field. In 1946 Democratic People's Republic of Korea (DPRK) leader Kim Il Sung described the country's writers as "soldiers on the cultural front," thus clearly defining what the nascent Communist regime expected from its intellectuals. As a result, many literary nonentities were rewarded with fame and success (often only to be relegated once again to obscurity within a few years) while many outstanding luminaries of the past were erased from the pages of official publications or even lost their lives. The Soviet cultural impact brought new tropes, artistic images, and rhetoric, which were quickly absorbed into the North Korean discourse. However, the cultural politics of the DPRK and the USSR revealed profound and irreconcilable disparities that were rooted in the different political conditions and traditions of each country. *Soldiers on the Cultural Front* presents the first consistent research on the early history of North Korea's literature and literary policy in Western scholarship. It traces the introduction and development of Soviet-organized conventions in North Korean literary propaganda and investigates why the "romance with Moscow" was destined to be short lived. It reconstructs the biographies and worldviews of major personalities who shaped North Korean literature and teases these historical figures out of

popular scholarly myth and misconception. The book also investigates the specific forms of control over intellectuals and literary matters in North Korea. Considering the unique phenomenon of North Korean literary critique, the author analyzes the political campaigns and purges of 1947–1960 and investigates the role of North Korean critics as "political executioners" in these events. She draws on an impressive variety and number of sources—ranging from interviews with Korean and Soviet participants, public and family archives, and memoirs to original literary and critical texts—to present a balanced and eye-opening work that will benefit those interested in not only understanding North Korean literature and society, but also rethinking forms of socialist modernity elsewhere in the world.

Who will win the race to write the best book in the world, and to what unimaginable lengths will they go to get there first? A hilarious tale of authorly competition. Titus Jensen is middle-aged, has a fondness for alcohol, and makes ends meet by giving public readings from obscure books at festivals across Sweden. He can't help thinking there has to be more to life for an author of his quality. Eddie X is hip, a hit with the ladies, and loves being the center of attention. A radical poet and regular on the festival circuit, he can't help thinking there has to be more to life for a talented, good-looking man like himself. One night, after a successful event—Titus reads from *The Diseases of Swedish Monarchs* and Eddie X waxes lyrical to the thrashing tones of metal band *The Tourettes*—the unlikely pair get horribly drunk together and hatch a

plan to achieve worldwide recognition. The answer is to write the best book in the world—a book so amazing that it will end up on all the bestseller lists in every category imaginable: thriller, self-help, cooking, business, dieting—a book that combines everything in one! But there can only be one such book, and as the alcohol-induced haze clears both men realize they are not willing to share the limelight. Hilariously quirky and witty, this novel will take readers on a meandering race to the finish line, throwing plenty of satirical punches along the way.
